CHARLES E. JENNEY,
JAMES McKAY,
DANIEL O'CONNELL,
ALEXANDER SCHWAB,
WILLIAM W. SCOTT,
ANDREW L. SHERMAN.

FIRE DEPARTMENT:

| | |
|---|---|
| BENJAMIN RAFTER, , . . . . . | Chief Engineer. |
| WILLIAM HOLTHAM, } JOHN C. McDOUGALD, } . . . . . | Assistant Engineers. |

# SELECTMEN'S REPORT.

Citizens of Hyde Park:

The Selectmen herewith present their annual report for the year ending January 31, 1898.

The past year has been one of unusual interest, owing to the construction of the Metropolitan and local sewers, the agitation of the subject of a new Town Hall, the Public Library, and the widening of Hyde Park Avenue from the Boston line to Arlington Street.

The work on the Metropolitan sewer has been finished, and a release given the contractors as to their liability for damages on the streets where these sewers are located. The Hyde Park Sewer Commissioners' report will give a full account of the work on sewers, and we call your attention to it.

### HYDE PARK AVENUE.

The decree issued in 1897 by the County Commissioners for the widening of Hyde Park Avenue from the Boston line has not been acted upon by your Board, owing to the large demand for funds which the citizens will be called upon to furnish during the next few years, more particularly on account of sewers, parks and the abolishment of grade crossings.

We consider the decree unjust, uncalled for, and not in the meaning or intention of the petitioners, to so locate Hyde Park Avenue.

The original petition to the County Commissioners to locate anew Hyde Park Avenue was signed by the Board of Selectmen of 1894, and some of our heaviest tax payers. This petition was to locate anew, from the intersection of Hyde Park Avenue with Milton Avenue, when it really

should have read Milton Street. At that time the notices had been posted and published, and date of hearing set.

Subsequently the Town's solicitor amended the petition by asking for the substitution of the word "Street" for that of "Avenue." The petition prays the Commissioners to locate anew from Milton Street, in a northerly direction to Boston line. The object of the petition, and it is so stated, was to have the decree which was made some years ago rescinded, whereby there would be a serious injury to property interests on Hyde Park Avenue, opposite Pine Street.

The last decree of the Commissioners is broader than was contemplated by the petitioners. They did not ask for the widening of the avenue from the Boston line to Metropolitan Avenue 80 feet, and from that point to Arlington Street 60 feet in width.

We estimate the cost to the Town for the widening of Hyde Park Avenue, according to the last decree, at twelve thousand (12,000) dollars, including land damages.

### STREETS AND STREET WATERING.

Your Board, at the annual March meeting for the purpose of making appropriations, asked for the sum of fifteen thousand (15,000) dollars, thinking this amount would be ample to keep the streets and sidewalks in good condition; but the building of the sewers and the unusual number of heavy storms, compelled a larger expenditure than was anticipated, and we were obliged, much to our regret, to ask for a further appropriation of five thousand (5000) dollars.

No new streets were built entirely with stone, but many were relaid with gravel and stone, and rolled. Your Board, seeing the error of building new streets without paved gutters, which has been the rule heretofore, have kept pavers at work during the summer and fall putting in paved gutters where it was found the old gutters were washed out. We

would advise the continuance of this policy until all the streets have paved gutters.

Drain pipes which were laid many years ago, were found to be too small to carry off the water, and these, when found in such condition, have been taken out and replaced with larger ones.

We found the same trouble with many of the catch basins in the town, most of them being too small, and we had larger ones built and heavy gratings placed over them.

The greatest trouble your Board have had to contend with was the securing of suitable material for streets. We have as good a stone crushing plant as any of the surrounding towns, but good binding gravel is as essential as the broken stone, for making our roads, and there is none to be had nearer than Dedham or Milton, which makes the expense of repairing very much greater than if this material could be found in the several sections of the town.

We would suggest to the incoming Board that in order to provide suitable material for dressing the streets, the crusher be changed so that a larger proportion of fine stone be made, and this material be used instead of gravel.

The streets in which the sewers have been placed were left in bad condition by leaving the surface in an irregular shape and covered with sand and dirt. These streets will have to be "picked up" with the roller, redressed with gravel or fine stone, and rolled, to place them again in good condition.

At the special meeting of the town, held Sept. 20, 1897, it was voted to accept the following streets, and money was voted to build the same :—Garfield, Easton, Huntington and Greenwood avenues ; Westminster street and Franklin Terrace. Estimates for the building of these streets were called for and contracts made. Owing to the lateness of the season, the above streets could not be finished and accepted this year.

A large number of cross walks have been put in and the usual repairs of streets attended to.

We wish to express our thanks to Mr. Henry M. Phipps, Superintendent of Streets, for the able manner in which he has done his work. His method of caring for the town's property and system of keeping his accounts, has demonstrated to the Board of Selectmen that they made no mistake in appointing him to the important position.

### STREET WATERING.

The law in relation to watering of streets has been adopted by the town for two years, and it has been found to be of great benefit to the citizens as well as preserving the streets.

Your Board, seeing the necessity of having this work done properly, purchased two watering carts and six horses, built a suitable stable to keep them in, and also purchased two four-wheel dump carts to be used when the watering carts were not required on the streets, for carting material for highways and sidewalks.

We think the town will secure better results from the change than if the sprinkling carts were hired, as formerly, to be paid for whether they were used or not.

The town now owns three sprinkling carts, and we think it would be poor economy to discontinue this department of the street work.

### STREET LIGHTS.

A contract was made with the Hyde Park Electric Light Co., December 21, to furnish the town with street lights for the term of ten years, and by doing this the Electric Light Co. made concessions from the old price. Under the former contract the price was about sixty-eight dollars and seventy-five cents ($68.75) per arc lamp per year. The new contract provides for 128 arc lamps (counting six incandescent amps as one arc) the price to be sixty-six and two-thirds

dollars ($66.66) per year, the lamps to be kept burning until 12.30 a. m. and to be of 2000-candle power. Price paid on old contract for 119 arc and 57 incandescent lights, $8,798; price paid on new contract for 128 arc lamps, $8532, a difference of $266 per year in the town's favor, or about $2.10 per lamp.

Taking the report of the Gas Commissioners as authority, the average price paid by the several towns and cities in this State for lighting by electricity until 12.30 a m. for 1200-candle power lamps, is $77.57, and for incandescent lamps, $17.94. If burned all night, arc lamps $105.81, incandescent $25.55. Average price if burned all night, for 2000-candle power arc lamps $136.81, incandescent $30; if burned until 12.30 a. m. arc lamps $76.34. incandescent $17.50.

When the original contract was made the electric plant was owned by non-residents, but at the present time it is owned by citizens of the town, and all taxes paid by this company will be received by the town by direct taxation.

### FIRE DEPARTMENT.

The affairs of this department have been managed most creditably by the Engineers the past year. The improvements in the engine house, the placing of horses where they can be had at a moment's notice, and a permanent force of drivers, all tend to make this department second to none in the County.

The fire alarm system is kept in good condition by one of the permanent men. Previous to the changes and new order of things at the Central Station, when an alarm was given horses were taken from the neighboring stables, which necessarily caused delay in getting the department to the fire. But since the horses have been placed in the house, and the permanent drivers are near at hand at all times, the town certainly enjoys much better security from a serious fire than ever before.

ACTIONS AT LAW.

Lomelia A. Bickford, admx. of the estate of Levi B. Bickford, late of Hyde Park, vs. Town of Hyde Park. Writ dated December 27, 1894, entered in Norfolk Superior Court, in February, 1895; action of contract to recover $204.47 for taxes paid by deceased on real estate on East River street and Providence street, Hyde Park, not owned by deceased, more fully described in the last annual report, is still pending on questions of law.

Lomelia Ann Bickford, vs. Town of Hyde Park. Petition, returnable Norfolk Superior Court, November, 1897, that she be awarded damages for injuries done to her premises and the well thereon, near the corner of East River and Lincoln streets, by reason of the construction of the town sewer. This petition is now pending.

Directors of New England Railroad Company, petitioners and Directors of New York, New Haven and Hartford Railroad Company, petitioners. Two separate petitions relating to the abolishment of grade crossings and the construction of a Union Station at Readville, and for a new highway crossing the New York, New Haven and Hartford Railroad, between Readville and Hyde Park stations, at a point near Winter street pending at the time of the last annual report and described therein. After further hearings, the commissioners filed their reports in the office of the Clerk of the Superior Court for this county, last spring, and the same were accepted, and decrees entered thereon, pursuant to Chapter 257, of the Acts of the Legislature of 1896.

Inhabitants of Hyde Park vs Commonwealth of Massachusetts. For the taking by the Metropolitan Park Commission of about 10 acres of land within the Stony Brook Reservation, more fully described in the last annual report. Petition still pending. The property has been examined and plans have been prepared for use at trial. Interviews have been had between the Park Commissioners and other representatives of the Commonwealth and the town counsel

in regard to an adjustment, and negotiations are still going on, with the understanding that the case is to be continued until the May sitting of the Superior Court, with the expectation that a settlement will be reached before that time.

Mary A. White vs. Town of Hyde Park, described in the last annual report. Action of contract to recover about $800. This case was prepared for trial and reached in its regular order at the September sitting of the Superior Court, without a jury. When the case was reached, the plaintiff desired a trial by jury. Rather than have her case heard by the court, she submitted to a nonsuit on September 8, 1897. On the same date, she brought a new suit on the same claim, alleging her damages in $1000, and asking to recover the same amount as in her former action. It is on the trial list for the present January sitting, though it may not be reached until next May.

Daniel A. Murray vs. Town of Hyde Park.
Susan M. Harlow vs. Town of Hyde Park.
William H. Tooher vs. Town of Hyde Park.
Draxanna Fairbairn vs. Town of Hyde Park.

Four land damage petitions, described in the last annual report; all growing out of a decree of the County Commissioners in the matter of taking of land for lay-out of Hyde Park avenue, August 6, 1895. Still pending.

Patrick Hayes vs. Hyde Park. Writ dated September 28, 1897. Action of tort, returnable to the Superior Court Norfolk County, November, 1897, claiming damages in $2000. It is still pending. The plaintiff claims that he sustained personal injuries on Walnut street by reason of a fence on the line of that street being out of repair and falling upon him.

Emma C. Geldert vs. Inhabitants of Hyde Park. Writ dated January 16, 1897. Action of tort, returnable to the Norfolk Superior Court, March, 1897, claiming damages in

$300 for the loss of a horse alleged to have fallen into a hole upon West River street. By the payment of plaintiff's taxable costs, amounting to $37.50, judgment was entered for the town, November, 1897.

Ellen F. Murphy, pro ami, vs. Town of Hyde Park. Action of tort, for $3,000, more fully described in the last annual report. Judgment was entered for the town June 25, 1897, by agreement of counsel.

November 12, 1896, betterment petitions were filed in Norfolk Superior Court by the following named persons, all being appeals for assessments in the matter of building of Warren avenue and Highland street, more fully described in the last annual report.

| | |
|---|---|
| George S. Lee, Trustee | Antonnette N. Higgins |
| Warren S. Hill | Fannie M. Frost |
| Bessie L. Alden | Fred A. Foster |
| Stuart F. Weld, et al. | Edward P. Church |
| | Warren avenue. |
| Alfred Foster | Carrie L. V. White |
| Helen Bryant | Frank E. Bowie |
| Lydia M. Hatch | Highland Street. |

The proposed construction of the highway across the New York, New Haven and Hartford Railroad, under Chapter 257 of the Acts of the Legislature of 1896, and the improvement in relation to the abolishment of grade crossings, necessitated the taking of land from the following named persons:

| | |
|---|---|
| James Nolan | George Whitcomb |
| James Collins | John P. Dunn |
| Patrick Gilmartin | Susan Mullen |
| Rebecca B. Slafter | Timothy Burns |
| Dennis Burns | |

A petition was brought in the Superior Court in the name of the town against each of the aforesaid petitioners, in October, 1897. They are now pending for the purpose of de-

termining the amount of the damage to which each respondent is entitled. Under the provisions of the statute, the town will be obliged to meet only a very small portion of the expense of these suits and the improvements to which they relate.

### POLICE.

This department is still under the management of James McKay as chief, and we are pleased to say that his work has given entire satisfaction, to the citizens of the town, especially his management of the cases, taken before the courts at Dedham.

The patrolmen are reliable and prompt in their duties, but it is impossible to give the attention and cover the territory that should be patroled, owing to the small number of men on the force.

Your Board would recommend that the appropriation for this department be increased, and that an officer be appointed by the Chief for the express purpose of suppressing all liquor traffic in the town.

At the station house there is a large room which is kept in readiness at all times, to be used as a hospital, in case of an accident on the railroad or elsewhere in the town, being furnished with beds, bedding and all necessary articles that would be needed. Chief McKay's annual report will be found elsewhere in this Annual Report.

### TOWN PROPERTY.

A schedule of the Town's Property will be found elsewhere in this Annual Report.

Selectmen of Hyde Park.

# SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows in a condensed form the action of the town on the various articles which have been before it for consideration the past year.

---

MARCH 24, 1897, a Town Meeting was held in Waverly Hall, when the following Articles were acted upon, viz :—

ART. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen.

ART. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.

The list was amended and accepted.

ART. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

ART. 4. To see what disposition the town will make of the money received from dog licenses for the year 1896.

To the Public Library for the purchase of new books.

ART. 5. To see what compensation the town will vote to pay for collecting its taxes the current year.

Same as last year, 1 per cent.

ART. 6. "To determine what compensation shall be paid the members of the Board of Sewer Commissioners for the

Town of Hyde Park, for services rendered between the date of their election and March 1, 1897."

Indefinitely postponed.

Art. 7. "To determine what compensation shall be allowed the Board of Sewer Commissioners for the Town of Hyde Park, and the clerk of said board, for the ensuing year."

Sewer Commissioners, $100 each; Clerk of Board, $1200.

Art. 8. To fix the salaries of the town officers for the current municipal year.

Same as last year.

Art. 9. To fix the compensation of the engineers and the several members of the fire department, for their services the current municipal year.

Same as last year.

Art. 10. To see if the town will appropriate the sum of $2650, for the purchase of four horses, for the use of the Fire Department, and for their maintenance for the current year; for the pay of two men; and for the remodeling of the Central Fire Station.

$2650 was appropriated for this purpose.

Art. 11. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1897; and what interest the town will vote to charge on taxes for the current year, when the same shall be overdue.

No discount allowed; Interest at the rate of six per cent. per annum to be charged on overdue taxes.

Art. 12. To see if the town will appropriate one hundred and fifty dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

Art. 13. "To see what sum the town will appropriate for the celebration of the 'Fourth of July,' 1897."

$150 appropriated for this purpose, the same to be expended by a committee under the direction of the Selectmen.

Art. 14. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 15. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 16. To see if the town will authorize its Selectmen to contract for four or less arc lights, for the balance of the term of our present street lighting contract.

Authorized to contract for four Arc lights to be located as follows: one at crossing of Fairmount avenue, over N. E. R. R. tracks; one in Holmfield; and two in Rugby.

Art. 17. "To see if the town will require the School Committee to appoint a Superintendent of Schools."

A motion to require the School Committee to appoint a Superintendent of Schools was put to the meeting and was declared "not carried," Yes 133; No 218.

Art. 18. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of one hundred thirty thousand, two hundred and seventy-five dollars ($130,275) and to appropriate the same as follows: –

Support of Schools:

| | | |
|---|---|---|
| For Salaries, Janitors and Fuel, | $35,500 00 | |
| " Incidentals, | 3,750 00 | |
| " Text Books and Supplies, | 3,600 00 | |
| " Evening Schools, | 700 00 | |
| " Industrial Schools, | 150 00 | |
| | | $43,700 00 |
| For Bonds and Notes maturing, | | $ 7,600 00 |
| " Interest, | | 6,000 00 |
| " Highways, | | 15,000 00 |
| " Street Watering, | | 2,500 00 |
| " Incidentals, | | 8,500 00 |
| " Police, | | 7,500 00 |
| " Fire Department, | | 6,600 00 |
| " Support of Poor, | | 5,500 00 |
| " Street Lighting, | | 8,850 00 |
| " Public Library, | | 1,850 00 |
| " Salaries, | | 3,725 00 |
| " Cemetery, | | 500 00 |
| " Board of Health, | | 3,500 00 |
| " G. A. R. Post 121, | | 150 00 |
| " Celebration of "July 4th," | | 150 00 |
| " Horses and alterations at Engine House, | | 2,650 00 |
| Voted in 1896, and payable in 1897, | | 6,000 00 |
| | | $130,275 00 |

Art. 19. "To see what action the town will take upon the following portion of Section Six (6), of Chapter 287, of the Acts of the Legislature of Massachusetts for the year 1896, (The town of Hyde Park shall by vote determine what proportion of the cost of said system or systems of sewerage and sewage disposal said town shall pay, provided that it shall not pay less than one third, nor more than one half of the whole cost. The remaining cost of said systems shall be borne by the owners of estates situated within the territory embraced by it and benefited thereby, but no estate shall be deemed to be benefited unless or until a sewer

s constructed into which it can be drained:) and to see what disposal shall be made of the receipts from the assessments paid by owners of said estates."

Voted that the town pay one half of the cost, and "that the receipts from assessments paid by owners of estates, shall be applied to the payment for the further extension of the said system or systems of sewerage and sewage disposal."

Art. 20. To see if the town will appoint a committee to prepare a new code of By-Laws to be submitted to this town for consideration at a future meeting.

Messrs Wilbur H. Powers, Charles F. Jenney, Stephen B. Balkam, James E. Cotter and Amos H. Brainard were appointed a committee under this Article, and were "instructed as a part of their duty to report by-laws relating to the construction of buildings in this town."

Art. 21. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a collector may use.

So authorized.

Art. 22. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

A sum not exceeding $80,000 authorized.

Art. 23. To see if the town will authorize its Treasurer with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Adjourned.

---

September 29, 1897. A town meeting was held in Waverly Hall, when the following Articles were acted upon, viz:—

Art. 1. To choose a moderator to preside at said meeting.

Charles F. Light, Esq., chosen by ballot.

Art. 2. To see if the town will vote to accept the provisions of Chapter 455, of the Acts and Resolves of the General Court of the year 1894, the same being "An Act relative to the Licensing of Plumbers and the Supervision of the Business of Plumbing."

Accepted.

Art. 3. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light and Power Co., for the balance of the term of our Street Lighting contract, for Arc lights to be placed as follows: One at a point near corner of Metropolitan avenue and East River street; one on Metropolitan avenue, between East River street and Central square; one near corner of Davison and West streets; and one incandescent light on Williams avenue, or either of said locations.

So authorized.

Art. 4. To see if the town will authorize and empower its Selectmen to contract in its behalf, with the Hyde Park Water Company, (the term of such contract to end at the expiration of the term of the town's present contract with said Company), for fire hydrants, one to be placed near corner of Stoughton and Stark avenues, and one on Charles street between Roxanna and Church streets, or either of said locations.

So authorized.

Art. 5. To see if the town will make an additional appropriation of $5000 for highways.

$5000 Appropriated, to be raised by taxation next year, and Treasurer authorized to borrow said amount.

Art. 6. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as fines in criminal cases, for the expenses of the Police Department.

So appropriated.

Art. 7. "To see what action the town will take regarding the taking, by purchase or otherwise, of a suitable place

for the erection of a Town Hall, and the building of a Town Hall thereon."

Voted that it is the sense of the citizens of Hyde Park, in town meeting here assembled, that a suitable site or location should be acquired and a suitable building or buildings erected thereon, for municipal purposes at an early date. And, to this end, and in order that all the requirements of the town may be carefully considered and its interests safely protected, that a committee of seven, of whom the moderator of this meeting shall be one, shall be appointed by the chair, to consider and investigate the subject. That this committee be empowered and instructed to secure, by advertisement or otherwise, proposals for proper and convenient sites for a building or buildings for municipal purposes, and shall duly consider such other proper and convenient sites, if any, as it might be necessary for the town to take under the statutes, for town purposes. That the committee shall also obtain plans with estimates of cost (in so far as they can be obtained without expense to the town) of a suitable building or buildings, taking into consideration present requirements and prospective future growth. This committee shall report its findings and recommendations at a town meeting to be specially called for the purpose within sixty days from this date.

The moderator appointed this committee: Messrs Francis W. Darling, Randolph P. Moseley, William H. Alles, Frank B. Rich, David C. Marr, Charles G. Chick, and Charles F. Light.

Art. 8. To see if the town will make an additional appropriation of five hundred dollars for the use of the Board of Health, and how the same shall be raised.

$500 Appropriated, to be raised by taxation next year, and Treasurer authorized to borrow said sum.

Art. 9. To hear the reports of the Selectmen laying out Easton avenue; Garfield avenue; Franklin Terrace; Greenwood avenue; Huntington avenue; Westminster street, between Providence street and Hyde Park avenue; Westmin-

ster street, between Hyde Park avenue and Central avenue; and Westminster street, between Metropolitan avenue and Huntington avenue, as public town ways, and to see if the town will accept and allow any or all of said layings out, with the several boundaries and admeasurements of said ways as shown by reports, plans and profiles now on file in the town clerk's office, and appropriate money to construct the same.

Reports presented by Selectmen and all accepted and allowed. The sum of $8,100 was appropriated to build said ways, and apportioned as follows: —

| | |
|---|---|
| For Easton avenue, . . . . | $ 600 00 |
| " Garfield avenue, . . . . | 1,100 00 |
| " Franklin Terrace, . . . . | 300 00 |
| " Greenwood avenue, . . . . | 1,000 00 |
| " Huntington avenue, . . . | 1,900 00 |

This money to be raised by taxation next year, and Treasurer authorized to borrow said sum.

Art. 10. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as street watering assessments and all money which shall be received by him hereafter on account of such assessments, for the purpose of watering the streets.

So appropriated.

Adjourned.

---

Dec. 15, 1897. At a town meeting held in Waverly Hall, the following Articles were acted upon;—

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen by ballot.

Art. 2. To hear and act upon the report of the committee appointed by the town September 29th, 1897, to consider the question of sites and buildings for municipal purposes.

The committee presented a report in writing which was received. The thanks of the meeting were extended to the committee for their services.

Art. 3. To see what action the town will take with reference to the purchase, or the taking by right of eminent domain, of either of the following parcels of land, as a site for a town hall building :—

Site "A." The land bounded by East River street, Winthrop street and Central avenue, in said town, being about 32,573 square feet.

Site "B." The land bounded by Harvard avenue, Everett street, Central avenue, and Winthrop street, excepting therefrom the land of the Trustees of the Methodist Episcopal Church in said town, being about 50,070 square feet.

Indefinitely postponed.

Art. 4. To see what action the town will take with reference to the erection of a town hall building.

Indefinitely postponed.

Art. 5. To see what action the town will take with reference to the purchase of a site for a public library building and the erection of a library building thereon.

The Trustees of the Public Library were requested to purchase the "Hoogs" lot, corner Harvard avenue and Winthrop street (about 10 000 sq. ft.) and to proceed at once to erect a library building thereon. $25,000 was appropriated therefor, to be raised by a loan, payable $2,000 each year for the next five years, and $1,000 each year for the following fifteen years, – (a twenty-year loan) – interest not to exceed 4 per cent. per annum.

Art. 6. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light and Power Co., for the remainder of the term of our Street Lighting contract, for lights to be placed as follows : One arc light near corner of Stark and Stoughton avenues ; one arc light on Warren avenue between Highland and Summit streets ; two incandescent lights on Dana avenue between Water and Loring streets ; one arc light on Hilton street ; one arc light

at junction of River street, Gordon avenue and Business street; one incandescent light at the corner of Grove and Davison streets; and one incandescent light at the corner of Summer street and Parrott place, or at either of said locations.

So authorized.

Art. 7. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light and Power Co., for lighting the streets of this town with electricity for a term of years beginning at the expiration of the town's present contract with said company (January 6, 1898); or take any action with reference to lighting our streets.

The Selectmen presented for ratification a contract with said Company for 10 years, agreeing to furnish 119 arc 2,000 candle power lights, and 57 incandescent 26 candle power lights, to burn every dark hour of every night in the year from a half hour after sunset to 12.30 o'clock, for the sum of $8,532 per year. The contract was referred back to the Selectmen for the insertion of a clause stating the "voltage" of the current to be furnished, and they were authorized to contract as above stated.

Art. 8. To see what action the town will take with reference to abolishing the Fairmount avenue grade crossing, so-called.

Messrs James E. Cotter, Randolph P. Moseley and Francis W. Darling were appointed a committee to confer with the Railroad Company in this matter and report to the town at a future meeting.

Art. 9. To hear the report of the committee on By-Laws, appointed by the town March 24, 1897; and to see if the town will adopt any or all of the by-laws which may be recommended in said report, with such additions and amendments thereto, as it may deem proper.

The report of this committee was presented to the meeting, and the by-laws therein recommended were adopted without amendment. The thanks of the meeting were extended to the committee for their services.

Adjourned.

# FIFTH ANNUAL REPORT OF THE PARK COMMISSIONERS.

As no appropriation was asked for or made for Park purposes in 1897 and the amount, now available, is too small for the purchase of additional land none has been taken since our last report.

While the reason, given by us, for not asking for any appropriation last year, i. e., the prospective large expenditures by the Town for sewers seemed then a good one, it is evident that a considerable part of the burden on our people will be distributed over a period of years and that this ought not to prevent all local park improvements, or of our doing all we can to make our Town an attractive place of residence, we think a small appropriation should be made each year until a sufficient sum has accumulated to purchase small areas, remote from the land taken by the Metropolitan Commission.

As mentioned in our Fourth Annual Report we voted to set up at Camp Meigs four guns, given to the Memorial Association by the United States Government. A contract was made with J. H. Leavitt for the excavations and masonry and placing the guns, and with D. W. Mahoney for the grading, and the work was completed and the guns dedicated on Memorial Day.

The approved plans for the elimination of the grade crossings at Readville provide for Milton street being made 60 feet wide and to pass over the New York, New Haven & Hartford R. R., and under the New England R. R., which will make a safe and reasonably wide way between the Stony Brook and Blue Hill Reservations.

The Metropolitan Board has contracted for a drive way

from the Boston line to the western limit of the Stony Brook Reservation and have made examinations looking to a Park Way at some point between the Bridge street and Milton street crossings of the New England Railroad and down the Neponset River to Milton street, and making a more direct way between the two Reservations.

An Act was passed by the Legislature and approved May 25th, 1897, as follows :—

CHAP. 428, ACTS OF 1897.

SECT. 1. Tree wardens or park commissioners, when chosen in towns, shall have full care and control of all public shade trees in the town, have charge of the expenditure of all public funds appropriated or granted for setting out shade trees, and perform such other duties as are prescribed in chapter one hundred and ninety of the Acts of the year eighteen hundred and ninety-six, entitled "An Act to provide for the preservation of public shade trees and to authorize towns to elect tree wardens."

Approved May 25, 1897.

The Act of 1896 referred to reads as follows :

Chapter 190. An Act to provide for the preservation of public shade trees, and to authorize towns to elect tree wardens.

*Tree Wardens.* SECT. 1. Any town may at its annual election of town officers elect a tree warden, to serve for one year.

*Powers and duties.* SECT. 2. The tree warden shall have full care and control of all public shade trees in the town. He shall have charge of the expenditure of all public funds appropriated or granted for setting out shade trees, and may order the removal of such shade trees, or parts

thereof, as he may determine to be for the best interests of the public, after hearing partties interested.

*Not to remove, etc., certain trees without public notice.*

SECT. 3. No tree warden or other person shall cut down, remove or injure any live public shade tree until the warden has given public notice of the intention so to do by posting a notice on the tree and in at least seven public places in the town. Said notice shall also appoint a suitable time and place for hearing all parties interested. At the time and place appointed the tree warden shall attend and hear all persons appearing relative to the matter, and shall then determine as to the necessity or expediency of such removal, and his decision shall be final.

SECT. 4. Tree wardens shall enter and prosecute complaints for malicious injury to, or unlawful acts concerning, public shade trees.

SECT. 5. Tree wardens shall receive reasonable compensation for their services from the town treasury.

SECT. 6. All Acts or parts of Acts inconsistent herewith are hereby repealed.

SECT. 7, This Act shall take effect upon its passage.

Approved March 25, 1896.

Applications have been made for the removal of two shade trees at the corner of Milton street and Hyde Park avenue and two at the corner of We t and Austin streets, and one on Hyde Park avenue near West River street. On each the proper notices were posted, hearing had and liberty given to remove all but one on the corner of West and Aus tin streets.

Complaint was also made that the Electric Light wires were burning a shade tree on Maple street. The opinion of the Counsel for the Town was that as the authority to locate the wires was in the Selectmen, the Park Commissioners had no jurisdiction in the matter.

In this connection we would suggest that no trimming for the placing or clearing of wires should be made which shall mar the beauty of our shade trees, and that the insulation of all electrically charged wires be such that no burning will occur.

All of which is respectfully submitted.

L. B. BIDWELL, Chairman,
WILBUR H. POWERS, Secretary,
JOHN J. ENNEKING.

# REPORT OF THE BOARD OF HEALTH.

To the Citizens of Hyde Park:

We present this report to you, feeling that much has been gained the past year in the way of improvements, in this department and thank the citizens for the manner in which we have been sustained in changes made, and the liberal and hearty response when we have asked for additional appropriations to carry on our work. We are always pleased to receive suggestions which will help in making this one of the most healthy towns in the state. We would make some suggestions for the coming year which we hope will meet with your approval.

## SANITARY.

Some of the citizens are now enjoying the benefits of our sewer system and we hope that every one who can possibly do so will make connections with it at once. It will be some time before many of our citizens can avail themselves of this opportunity. It will be necessary to continue the vault and cesspool work for some years to come; we believe to carry this work on in the best way, that the town should own the teams for doing it and that it could be done by the Board at a price which would be much less than in any other way. We have been unable as yet to make any arrangement with the sewer board for places to be used as dumps for this work in town, but hope to do so in the near future.

## DUMPS.

The question of dumps for ashes and rubbish has been a source of trouble to those living in certain sections of the

town and there has seemed to be no way to remedy the evil. The attention of the Board has been called to the method of disposing of this material by an arrangement invented by Mr. C. A. Wentworth of this town, which we think is the best of anything we have seen, and is doing the work to the entire satisfaction of the Board. It destroys all objectionable matter and what remains is all right for filling purposes. Persons having rubbish to dispose of, can do so at small expense and benefit the town by doing away with unsightly dumps.

### COLLECTING OFFAL.

The Board thought best this year to try the experiment of putting on town teams in a portion of the town for collecting offal, and at first one team with a man and helper were put on, but we found that the work could not be done as it should be in this way, and later two teams and two men were employed which cover Readville, Sunnyside, Clarendon Hills and a portion of the center of the town; as we have had no complaints for some time, we take it for granted the work is satisfactory, and is certainly costing no more than it was before. The offal is a source of revenue to the town and citizens can help us in seeing that our men get it all. The cost of teams and tank for keeping the offal until disposed of has amounted to considerable for this year, but would not have to be repeated another year unless it was thought best to put the whole town under the same system. Mrs. Hukin has done the work on the route covered by her teams for so many years, and we have had very little trouble from it.

### HEALTH OFFICER.

In our last report it was suggested that the work could be done much better with a Health Officer to look after it and report to the Board all cases that needed attention. We

have tried this method and find that it has been a success. Mr. C. T. Lovell was appointed by the Board at the commencement of the year to fill this position and he has given satisfaction to the Board. His report which will be found in connection with this report will show the amount of work attended to.

### INSPECTOR OF PLUMBING.

The position of Inspector of Plumbing was also given to Mr. Lovell, the Board believing that this combined with the Health Officer would give the town better service for less money than in two separate offices, the report of this work will be found with that of Health Officer.

### CONTAGIOUS DISEASE.

To much care cannot be taken in cases of contagious disease, both in notifying promptly in the first stages of the case, and communicating with the Board when the trouble is over. The Board have procured a Formaldehyde gas machine which is the best method known for disinfecting and in all cases when notified, will see that the house is properly fumigated, which is better than having each person look out for their own.

---

## REGULATIONS OF THE BOARD OF HEALTH OF THE TOWN OF HYDE PARK.

---

PUBLIC STATUTES: CHAPTER 80, SECTION 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provision of law, this Board makes the following regulations, which will be strictly enforced.

REGULATION 1. *Privy, Vaults and Drains.* Section I.

Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk under ground, which shall be of sufficient size to contain at least eighty cubic feet, and when not water-tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleansed at least once in each year, and oftener if necessary for the public health, the expense to be borne by the owner of the property.

Regulation 2. Section 1. The Board, when satisfied upon due examination that a cellar, room, tenement, or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the premises to be vacated and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any

other place where the Board of Heatlh may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth, or offensive matter.

Regulation 3. *Swill and Offal.* Section I. No person shall remove or carry in or through any of the streets, lanes, or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault, or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

Regulation 4. *Diseased Meat and Provisions.* Section I. No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

Regulation 5. *Swine.* Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

Regulation 6. *Contagious Diseases.* Section I. Any person sick with the small pox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with small pox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall at their discretion have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of small pox, scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, or any of the family or attendants of the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

Regulation 7. Section I. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

Regulation 8. Section I. No person, firm or corporation not now engaged in or working at the business of plumbing shall hereafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the Board of Health and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such application shall be referred,

be examined as to his qualifications for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license to such applicant authorizing him to engage in or work at the business of plumbing. The fees for a license for a master or employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work, and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to, or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in town by-laws.

Fully believing that a large proportion of contagious diseases originate from unsanitary conditions, we trust that we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws, and the sanitary rules of our large towns.

For burial permits apply to F. C. Graham, 10 Harvard avenue.

W. S. EVERETT,
E. C. FARWELL,
WM. W. SCOTT,
Board of Health.

*To W. S. Everett, Chairman Board of Health, Hyde Park, Mass.*

The following statement is a report of my labor as your Agent, commencing May 1, 1897.

Upon assuming the duties of the position which was somewhat undefined at first, I endeavored to inform myself as to the manner in which the work was done in other places, and soon formed plans and system of doing the work which I have since pursued to your satisfaction I trust, I have directly and indirectly received one hundred and eighty complaints which I have investigated and in a majority of cases on notice to owners or occupants the nuisances have been abated. There are a few cases where it would have been a hardship to have used stringent measures when complaint was made or nuisance was found. These it is my intention to have abated as soon as the frost is out of the ground.

There are many cesspools and vaults in the thickly settled portion of the town, the use of which should be discontinued where it is possible for premises to be connected with the sewer, and I should recommend that such necessarys step should be taken to bring about a more general use of the sewer.

There are many places in the town where drainage is poor or there is none at all, especially along the Providence R. R. tracks. I have taken steps to fill and drain these places as fast as possible. The Railroad Company has furnished such filling as was requested of them and have also put in larger drains at West Street Bridge to carry waste water into Stony Brook, and have made proper ditch to drain beside tracks north of West River Street Bridge.

The section lying between Lyons & Chesterfield's in Readville District needs immediate attention on account of changes in grades of streets etc., and I have already taken steps to procure relief in that locality. This place has for a

long time been a source of danger to the public health and no efforts should be spared to improve it.

There have arisen many questions and causes for complaint which I have been unable to settle, for want of by-laws in regard to such cases, but in most of these cases we shall find remedies in the laws lately adopted by the town.

In the handling of contagious diseases improvement has been made in the prevention of contagion to a great extent, the use of Formalin as a disinfectant having been adopted and fumigation being done in a more thorough and effective manner by this method than by the parties themselves, in the old and obsolete method of burning sulpher.

As an additional prevention, and with the co-operation of the School Committee I have disinfected the books in use in several of the schools in town and propose to treat the remainder in the same manner as soon as they are ready. This treatment should be repeated during each vacation and more often if the conditions should require it, and in order to perfect the quarantine in such cases I have notified the School Committee and also the Librarian of the Public Library of all cases as soon as reported.

The following is the report of cases for the year:

| | |
|---|---|
| Diphtheria . . . . . | 69 cases |
| Scarlet Fever . . . . . | 47 cases |
| Measles . . . . . | 27 cases |
| Typhoid Fever . . . . . | 16 cases |
| Membranous Croup . . . . . | 1 case |

In the final disposition of garbage or house andstoredirt, etc., there has been great difficulty, many complaints having been received on account of the indiscriminate manner in which it has been dumped in various parts of the town.

The plant established by Mr. Wentworth for the destruction of garbage would be of great benefit to the town if some plan of collecting the waste matter was adopted.

Some such method will have to be adopted before many years if the growth of the town continues.

The collection of swill has been done more satisfactorily under the direct management of the Board than by the old contract system, collections being made with greater regularity and more frequently than before, at practically the same cost. I would suggest that the citizens of the town be requested to keep swill in proper receptacles, and during cold weather. place it where it will not freeze, also that they refrain from putting cans, bottles, etc., in the same, for by so doing they will facilitate this work and waste matter can be more frequently collected.

All these improvements are the results of investigation and careful observance of the methods in other towns or cities and the proper application of the same to the conditions arising here and continued, will place our town in the best of sanitary condition.

The duties of the Inspector of Plumbing, have increased very much over that of former years, owing to introduction of sewers and the large number of new buildings erected in the town. The regulations in force were found to be in some instances incomplete and also useless to enforce and in by-laws lately adopted by the town they have been changed to conform to new conditions and requirements, making them more equitable to both owner and plumber.

Permits granted, 169 since May 1, 1897.

Tests and inspections made, 458 since May 1, 1897.

There have been violations of the laws, the greater part being of a minor nature, these defects have been remedied without recourse to the courts, and with very little trouble to the Inspector, and I desire to extend to the plumbers of the town for their efforts to do good work, my sincerest thanks.

C. T. LOVELL.

Agent of Board of Health

# CEMETERY COMMISSIONERS' REPORT.

The Cemetery Commissioners submit their sixth annual report for the financial year ending Jan. 31, 1898.

The receipts for the past year have been $5,849.34, as follows:

| | | |
|---|---|---|
| Sale of lots, | $2,410 00 | |
| Sale of single graves, | 405 00 | |
| Interment and receiving tomb charges, | 488 00 | |
| Foundations for monuments, grass and dynamite, | 172 07 | |
| Balance from last year, | 2,374 27 | |
| Total, | $5,849 34 | |
| Appropriation, | 500 00 | |
| | | $6,349 34 |
| Expenses, labor, etc , | | 2,283 70 |
| Balance on hand, | | $4,065 64 |

A detailed statement of receipts and expenditures accompanies this report.

The Commissioners have extended Fairview drive, from Elm avenue to Linden, about 500 feet; finished Linden avenue from White Oak avenue to Violet path, and extended Elm and other avenues.

Water pipes have been extended so that all parts of the cemetery occupied by lots can be reached.

About forty additional lots have been laid out and graded, and the setting of flowering and ornamental shrubbery has been continued.

STATISTICS.

CHARLES F. JENNEY,
Commissioners.

# REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

The past year has been one of the most important in the entire history of the Library. For many years past the Trustees have in their annual reports urged upon the town the necessity of suitable Library accommodations, and moreover have spent a great deal of time and thought in endeavoring to secure a suitable location for a Library building. In December last the town by practically unanimous vote recognized the needs of the Library, and directed the Trustees to purchase the Hoogs lot corner of Harvard Avenue and Winthrop Street, for a building site, and appropriated $25,000, for the purchase of the land and construction of the building.

The Trustees at once commenced to perform the duties imposed upon them under the vote of the town, and without delay purchased the land in question.

There has been issued to architects a circular letter of requirements, embracing an invitation to take part in an open competition, and the Trustees have already received assurance that many well known competent architects will join in the contest. Plans are to be submitted on or before February 21, 1898, and as soon as a plan has been selected the Trustees will at once proceed to advertise for proposals to construct the building.

The new building will give an opportunity to make the very much needed re-classification of books and also a suitable card catalogue so that all books may become readily accessible. The want of such catalogue has been a serious hinderance to the use of the Library hitherto and such catalogue and adequate accommodations will no doubt increase greatly the use of the Library, and Reading Room.

Since the last report the accession catalogue of the Library has been brought down to date, the bulletins giving the recent additions to the Library have been published and can be had upon application. The re-classification and cataloguing of the Library will be a work of great labor and will undoubtedly render it necessary to close the Library while it is being done.

The following details from the annual report of the Librarian are of interest :—

| | | |
|---|---|---|
| Number of books returned . . . . . | 34,020 | |
| Number of books borrowed . . . . . | 34,010 | |
| Amount received in fines . . . . . | | $46.74 |
| Number of cards issued . . . . . | 400 | |
| Number of magazines used in the reading room | 1,328 | |
| Number of books used in the reading room . | 726 | |

The number of books borrowed was 2,077 in excess of 1896-97.

The number of cards issued exceeded the number issued in 1896-97 by 41.

74.16 per cent. of the borrowed books were fiction; 7.08 per cent. history; 5.8 per cent. biography; 4.8 per cent. travels; 8.7 per cent. miscellaneous.

367 books were added to the Library, including 85 bound volumes of magazines, and a few books donated.

133 books were replaced in addition to the above 637.

A classified author list of books added to the Library previous to those covered by the card catalogue is now being made. This will facilitate the work of classification and re-cataloguing.

The following is a list of the additions to the Library by gift :

| | | |
|---|---|---|
| United States Government, | 48 volumes, | 7 pamphlets |
| Commonwealth of Massachusetts, | 30 volumes, | 2 pamphlets |
| C. L. Wood . . . . . | | 2 volumes |
| Frank R. Parsons . . . . . | | 1 volume |
| Walter A. Davis . . . . . | | 1 volume |
| Joseph Armstrong . . . . . | | 3 volumes |
| Brookline Public Library . . . . . | | 1 pamphlet |
| Stuart F. Weld . . . . . | | 1 pamphlet |
| Lorin A. Thurston . . . . . | | 1 pamphlet |
| Winthrop Public Library . . . . . | | catalogue |

Respectfully submitted, For the Trustees,

CHARLES F. JENNEY, Chairman.

# POLICE REPORT.

To the Honorable Board of Selectmen:

Gentlemen—The report of this department for the financial year ending Jan. 31, 1898, is respectfully submitted herewith:

| | | |
|---|---|---|
| Whole number persons arrested, | | 207 |
| Males, | 197 | |
| Females, | 10 | |

CAUSES FOR ARREST.

| | | |
|---|---|---|
| Assault and battery, | 13 | |
| Assault on an officer, | 2 | |
| Assault with intent to kill, | 1 | |
| Bastardy, | 2 | |
| Breaking and entering, | 5 | |
| Disturbing the peace, | 8 | |
| Drunkenness (simple), | 104 | |
| Drunkenness (common), | 3 | |
| Idle and disorderly, | 2 | |
| Indecent exposure, | 1 | |
| Insane, | 2 | |
| Larceny, | 5 | |
| Larceny from a building, | 5 | |
| Liquor nuisance, | 10 | |
| Liquors, illegal keeping, | 2 | |
| Embezzlement, | 2 | |
| Non-support, | 3 | |
| Pilferer, | 1 | |
| Riding bicycle on sidewalk, | 10 | |
| Runaway boy, | 1 | |
| Running boiler without a license, | 2 | |
| Stealing fruit, | 1 | |
| Stealing a ride, | 1 | |
| Suspicious person, | 3 | |
| Threats, | 1 | |
| Trespass, | 1 | |
| Truancy, | 3 | |
| Unlicensed dog (keeping), | 2 | |
| Vagrancy, | 7 | |
| Violation town by-laws, | 1 | |
| Violation Metropolitan park laws, | 3 | |
| | —— | 207 |

MISCELLANEOUS.

| | | |
|---|---|---|
| Travellers lodged in station house over night, | | 2,091 |
| Cases investigated without arrest, | | 296 |
| Cases investigated for other officers, | | 13 |
| Stores found open and made secure, | | 18 |
| Lost children restored to parents, | | 12 |
| Dead bodies found, | | 1 |
| Defects in streets reported, | | 38 |
| Search warrants served for stolen goods, | | 4 |
| Search warrants served for liquors, | | 18 |
| Value of stolen property recovered, | $907 | |
| Amount of fines imposed by Court, | $1,289 | |
| Number of persons fined, | | 135 |
| Imprisonment imposed by Court, | 12 years and 1 month | |

FINAL DISPOSITION OF CASES.

| | | |
|---|---|---|
| Committed to House of Correction, | 54 | |
| Committed to Lyman School for Boys, | 1 | |
| Committed to Sherborn Reformatory Prison. | 1 | |
| Committed to care State Board of Lunacy and Charity, | 1 | |
| Committed to Insane Hospital, | 2 | |
| Turned over to other officers, | 6 | |
| Turned over to parents, | 1 | |
| Let off on payment of fine, | 93 | |
| Let off on probation, | 8 | |
| Cases placed on file, | 21 | |
| Discharged, | 16 | |
| Bound over to keep the peace, | 1 | |
| Awaiting trial, | 2 | |
| | —— | 207 |

On the morning of May 17, 1897, Officer Alexander Schwab, while on duty at the corner of Perkins avenue and Childs street, was feloniously assaulted and dangerously wounded by a revolver bullet fired by a midnight marauder without provocation, necessitating the officer's absence from duty for several months. Never having fully recovered from the wound, he was again admitted to the Mass. General Hospital, Jan. 18, of the current year, and a surgical operation, for the removal of the ball, was performed Saturday, Jan. 22. I am pleased to say the operation was successful, and the officer is rapidly recovering.

Officer Elmer P. Runnells was assigned to the route covered by Officer Schwab in the Readville district, and is still on duty in that section of the town. The extensive operations now being carried on in the Readville district will bring a floating population into the town of 2,000 men from different sections of the country, most of whom will remain in the town nights, in quarters provided for them by the railroad companies and the contractors. An additional officer at that point nights may be forced upon us, as the attention of the department has already been called to the necessity by citizens in that section. Owing to the limited number of men at our disposal, the question is one for serious consideration, and I would respectfully call your attention to it.

Proportionate with the increase in population are the complaints which we are called upon to investigate, and one officers' time is largely taken up with this work.

The tramp nuisance has been materially reduced the past year. We find that a large part of those who apply for lodgings would rather do anything than work. The Overseers of the Poor established a rule a few months ago giving odgings to only the capacity of the bunks, and this rule is now well known to the "fraternity" throughout the Eastern states. If the people of the town would refer all parties asking aid to the police, the tramp nuisance would be reduced to a minimum. The number housed for the past five years is as follows: 1893, 4731; 1894, 3411; 1895, 2980; 1896, 3022; 1897, 2091.

I would respectfully recommend that the money received by the town from fines in criminal cases be placed to the credit of the department, for the maintenance of the police station and for criminal expenses. I also renew my recommendations of last year. I desire to publicly express to the officers my appreciation of their services during the past year, and especially for the cheerful and efficient manner in

which they have performed the extra duty they have been called upon so many times to do, and for the harmony which prevails among them. To the Board of Selectmen for their uniform courtesy upon all occasions, we are truly grateful, and extend to them our most sincere thanks. To our efficient town clerk, Henry B. Terry, Esq., for advice upon questions of law, we are deeply indebted.

JAMES McKAY,
Chief of Police and Keeper of Lock-up.

# REPORT OF THE BOARD OF ENGINEERS.

To the Honorable Board of Selectmen:

Gentlemen—The past year has witnessed a decided improvement in the fire department. It has been our aim to make the most of our appropriation, so we have studied economy from the start.

We have adopted a new system for running the department, and in our report can mention but a few of the most important changes. The addition of the horses has been of great benefit to us. In the past we have had no little trouble with balky and excited horses, oftentimes so exhausting the men that they had no strength for duty after reaching the fire, besides causing much delay in starting. Under present conditions we are usually at the scene of the fire on or before the last round of the alarm. Our horses are well trained and respond to the 7 and 5 o'clock blow each day.

Our special appropriation for remodeling the central fire station has been well expended; we have built no additions, but made the most of the room we have. Two permanent drivers have been added.

In order to have as many firemen as possible lodge at the fire station, seven beds have been purchased for that purpose, and we find it works well.

We wish to call attention to the fact that we have been more successful in fighting fires the past year than ever before, and with the exception of Ryan's stable, the losses have been small. Promptness in answering an alarm is the first necessity.

The apparatus is manned by five companies, including hose 3 at Readville. Hose 1, the chemical and the hook &

ladder respond to all alarms, and hose 3 responds to all alarms in the Readville district. Hose 2 and 3 are held in reserve and respond to second alarms. This is done to save the expense of extra horse hire. Many of the men on Hose 2 are detailed to work on other apparatus on first alarms.

The fire alarm system has been changed and enlarged somewhat, four new boxes having been added.

During the past year we have responded to 39 alarms, 13 of which were still alarms. Total loss, $15,550.17; insurance on same, $119,710.

Although the expense of running the department is small compared with neighboring towns of our size, we have endeavored to perform our duty satisfactorily.

BENJAMIN RAFTER,
J. C. McDOUGALD,
WM. HOLTHAM.

## BIRTHS.

| | |
|---|---|
| Number of births registered in Hyde Park in 1897 | 357 |
| Males | 208 |
| Females | 149 |

The parentage of the children is as follows:

| | |
|---|---|
| Both parents American | 134 |
| Irish | 43 |
| Scotch | 7 |
| English | 5 |
| Swedes | 4 |
| Russian | 6 |
| Germans | 4 |
| Italian | 5 |
| of British Provinces | 37 |
| Mixed, one parent American | 82 |
| Both parents of other nationalities | 30 |

Born in January, 31; February, 26; March, 32; April, 26; May, 26; June, 26; July, 40; August, 41; September, 21; October, 39; November, 22; December, 27.

## MARRIAGES.

| | |
|---|---|
| Number of intentions of marriages issued in 1897 | 130 |
| " marriages registered in 1897 | 130 |
| Oldest groom | 57 |
| Oldest bride | 57 |
| Youngest groom | 20 |
| Youngest bride | 16 |
| Both parties born in United States | 48 |
| Ireland | 13 |
| England | 1 |
| Scotland | 4 |
| Sweden | 3 |
| Russia | 1 |
| British Provinces | 15 |
| other foreign countries | 7 |
| Foreign and American | 38 |

Married in January, 11; February, 9; March, 8; April, 7; May, 9; June, 16; July, 6; August, 9; September, 10; October, 21; November, 17; December, 7.

The following are the names and residences of the parties whose marriages were solemnized in 1897, certificates of which have been filed in this office:—

Jan. 12. William C. Miles of Boston and Elizabeth M. Strachan of Hyde Park.
14. William H. Wilmarth and Grace N. Aldrich, both of No. Attleboro.
14. Henry L. Maxwell and Mary C. Dray, both of Hyde Park.

3. Thomas Manning of Boston and Rose S. Gidney of Hyde Park.
6. Eldon G. Joubert and Adelaide L. Maxim, both of Hyde Park.
6. John F. Estes and Jennie S. Parker, both of Hyde Park.
11. John Shoren and Emma Anderson, both of Hyde Park.
25. Morris Seery and Ann Crowley, both of Hyde Park.
3. Joseph M. Kiggen and Frances E. Metcalfe, both of Hyde Park.
24. Thomas Curran and Mary Harie, both of Hyde Park.
23. John F. Fennessey and Elizabeth S. Mulligan, both of Hyde Park.

Dec. 18. Charles T. McAskell of Hyde Park and Agnes M. Woodworth of Boston.
1. John Willsey and Sarah E. Whittemore, both of Manchester, N. H.
23. George Smiton of Hyde Park and Annie McClintock of Boston.

Dec. 25. Arthur L. Billings and Elizabeth S. Bowie, both of Hyde Park.

29. John J. Connell and Mary E. Marion, both of Hyde Park.

15. Edmund W. Lombard, Jr., and Elizabeth J. Small, both of Hyde Park.

16. Lucius H. Stewart of West Haven, Conn., and Ethel H. Smith of Danvers.

## DEATHS.

| | |
|---|---|
| Number of deaths in Hyde Park, and of residents of this town who died elsewhere in this Commonwealth in 1897: | 217 |
| Males | 108 |
| Females | 110 |
| Born in the United States, | 157 |
| " Ireland | 27 |
| " British Provinces | 16 |
| " Scotland | 3 |
| " England | 6 |
| " Germany | 3 |
| " Italy | 1 |
| " Sweden | 1 |
| " Denmark | 1 |
| " Austria | 1 |
| Birthplace unknown | 3 |

## AGES.

| | |
|---|---|
| Stillborn | 14 |
| Under one year | 40 |
| Between 1 and 5 years | 22 |
| " 5 " 10 | 5 |
| " 10 " 20 | 8 |
| " 20 " 30 | 22 |
| " 30 " 40 | 17 |
| " 40 " 50 | 15 |
| " 50 " 60 | 2 |
| " 60 " 70 | 16 |
| " 70 " 80 | 24 |
| " 80 " 90 | 10 |
| " 90 " 100 | 3 |

The number of deaths from some of the well-known causes is as follows:

| | | | |
|---|---|---|---|
| Accident | 3 | Heart disease | 11 |
| Consumption | 18 | Paralysis and apoplexy | 14 |
| Pneumonia | 17 | Stillborn | 14 |
| Cholera infantum | 11 | Old age | 6 |
| Diphtheria | 8 | Brights disease | 0 |
| Cancer and tumor | 7 | Typhoid fever | 2 |

The following are the names of those who died in Hyde Park, and of residents of Hyde Park who died elsewhere, during the year 1897.

| DATE. | | NAMES. | AGES. Y. | M. | D. | CAUSE OF DEATH. |
|---|---|---|---|---|---|---|
| Jan. | 1 | Mary A. Donovan | 1 | 6 | — | Diphtheria. |
| | 2 | Hannah D. Sawyer | 85 | 9 | 10 | Pneumonia. |
| | 3 | Amelia Stone | 69 | 2 | — | Dysentery. |
| | 5 | ——— | — | — | — | Stillborn. |
| | 8 | Mamie Shay | 6 | 1 | 23 | Diphtheria. |
| | 10 | Ida H. Lange | 2 | 3 | 19 | Pneumonia, etc. |
| | 14 | Caroline E. Mowry | 61 | 10 | — | Enlargement of heart. |
| | 15 | ——— | — | — | — | Stillborn. |
| | 17 | Edwin W. Bentham | — | 4 | 25 | Strangulation. |
| | 18 | Mary A. Outlaw | 1 | 10 | 11 | Diphtheria |
| | 19 | Susan A. Dutton | 36 | 3 | 21 | ——— |
| | 19 | William W. Carrington | 29 | 9 | 5 | Pul. tuberculosis. |
| | 21 | Joseph T McGlynn | 26 | 10 | 18 | Cardiac paralysis. |
| | 22 | Margaret S. McGee | 3 | 3 | 21 | Diphtheria. |
| | 24 | John Hodgkinson | 11 | 4 | — | " |
| | 25 | Julia Cullen | 30 | — | — | Pneumonia, etc. |
| | 29 | Thomas E. Burke | — | 1 | 7 | Acute laryngitis. |
| | 29 | Thomas P. Cullen | 52 | — | — | " phthisis. |
| | 29 | Lois D. Balcome | 80 | — | — | Paralysis. |
| | 31 | Mary K. Duggan | 2 | 11 | 25 | Membranous croup. |
| Feb. | 1 | George . White | — | 4 | — | Broncho pneumonia. |
| | 3 | Rachel Wilson | 86 | 8 | 15 | Atheroma. |
| | 5 | Charles E. Higgins | 5 | 7 | 27 | Meningitis. |
| | 11 | Hannah M. Curley | 59 | 9 | 10 | Apoplexy. |
| | 14 | Cornelius J. Lucy | 34 | — | — | Pneumonia. |
| | 14 | Albert F. Hawes | 75 | 9 | 25 | Apoplexy. |
| | 14 | Lucy S. Greenwood | 51 | — | 3 | Hemorrhage of stomach. |
| | 15 | Clara Howard | 47 | 2 | 11 | Apoplexy. |
| | 17 | Samuel A. Foster | 50 | 1 | 12 | Tabes dorsalis. |
| | 17 | Mary A. Stanley | 44 | 9 | 5 | Heart disease. |
| | 17 | Charles H. Shute | 71 | 4 | 28 | Pneumonia. |
| | 17 | Mary Galvin | 2 | 7 | — | Croup. |
| | 18 | Marion F. Holway | — | 9 | 1 | Pneumonia. |
| | 20 | Mary W. Teed | 70 | 11 | 14 | Measles. |
| | 21 | Dennis Mahoney | 78 | — | — | Cerebral softening. |
| | 22 | Rebecca Estabrook | 80 | 6 | 20 | Chronic heart disease, etc. |
| | 25 | John Cameron | 66 | — | — | Pneumonia. |
| | 23 | Hattie M. Elliott | 19 | 1 | 5 | La grippe, etc. |
| | 24 | Sarah Ma omber | 82 | 7 | 28 | Paralysis, etc. |
| | 28 | William H. Lawlor | 33 | — | — | Phthisis pulmonalis. |
| Mar. | 1 | Abram F. Chandler | 50 | 10 | 20 | Pneumonia. |
| | 2 | Lillie M. Shanks | — | 1 | 2 | Marasmus. |
| | 3 | Charles F. Warren | 48 | 8 | 3 | Typhoid fever. |
| | 3 | Mary Shea | 98 | — | — | Old age. |
| | 4 | Frances Munroe | — | 1 | 2 | Pertussis. |
| | 5 | Helen M. Lovejoy | — | 7 | 10 | Whooping cough. |
| | 8 | Sarah E. J. Thomp on | 25 | 8 | 25 | Phthisis pulmonalis. |
| | 9 | William F. Robinson | 46 | 10 | 6 | Railroad accident. |
| | 13 | Corrianna H. Hav en | 76 | 1 | 17 | Acute bronchitis. |
| | 14 | Allen McDonald | 77 | — | — | Cerebral hemorrhage. |
| | 18 | Neill Muness | 58 | 9 | 18 | Peritnitis. |
| | 18 | Charlotte M. E S. Le Cain | 80 | 4 | — | Gastritis, etc. |
| | 19 | Harriet Nor is | 68 | 2 | — | Bronchitis. |
| | 19 | Mary Mulcahy | 91 | — | — | Old age. |
| | 22 | Moses Jonah | 66 | 10 | 22 | Pneumonia. |
| | 23 | Gertrude L. Teed | 2 | 2 | 22 | Pneumonia, etc. |
| | 24 | Arthur Shaw | — | — | 17 | La grippe. |
| | 24 | James Julian | 44 | 6 | 23 | Chronic diarrhœa. |
| | 24 | Livonia C. Snow | 55 | — | 7 | Apoplexy. |

## Deaths.—(*Continued.*)

The Town Clerk requests information of any omission or errors in the above tables, in order that the registration may be as complete as possible.

Respectfully submitted,

HENRY B. TERRY,

*Town Clerk.*

# REPORT OF THE OVERSEERS OF THE POOR.

By comparing the report herewith submitted with those of previous years, it will be noted that the expenditures of this department during the past year shows a marked increase. This is mainly due to the large number of calls for aid occasioned by sickness requiring hospital treatment.

The calls for occasional relief have been rather more numerous, owing in part to the unusual lack of work for men during the past winter. A large proportion of the laborers in the town depend solely upon the town for employment, and, receiving work once in two or three weeks, are unwilling to make any effort for other and more constant occupation. With the wages they receive in this way they live through the spring and summer; but, when winter comes and the amount of work to be done is so much reduced that each man can have his turn only once in four or five weeks or not at all, there is immediately a call for help, either from public or private charity, and an impression at once prevails that there is great poverty and suffering in the town. This, however, does not seem to be really the case, and the relief asked for is generally only for a short time. Many of those applying for help are recent comers to the town and have no settlement, and application for repayment must be made either to the State or to some other city or town.

With the co-operation of the police department, the tramp nuisance has been abated in a marked degree. The number lodged was nearly one thousand less than last year.

In compliance with the by-laws of the town the undersigned have examined the accounts of the Selectmen, School Committee, Collector of Taxes, Town Treasurer, Trustees of the Public Library, Overseers of the Poor, Cemetery Commissioners, Sewer Commissioners, and Board of Health, and hereby certify that the same are correct, and all payments accompanied by proper vouchers.

ASA J. ADAMS,
FRED L. JOHNSON,
J. J. HOUSTON,
Auditors.

# BY-LAWS

OF THE

# TOWN OF HYDE PARK, MASSACHUSETTS.

---

### NOTIFICATION OF TOWN MEETINGS.

Every town meeting shall be notified by posting copies of the warrant calling the same, in not less than ten public places in the town, seven days, at least, before the day appointed for said meeting.

### ANNUAL TOWN MEETINGS.

The annual town meeting for the election of town officers shall be held on the first Monday of March of each year. The meeting shall be opened as early as seven o'clock A. M., and the polls shall be kept open until sunset.

### RULES FOR THE GOVERNMENT OF TOWN MEETINGS.

1.—All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.

2—No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced, but it may be in order to extend the period without such reconsideration.

3.—When a question is under debate, motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.

4.—The powers and duties of a presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

5.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting.

6.—No motion to dissolve a town meeting shall be in order until every article in the warrant therefor has been duly considered and acted upon, unless by vote of at least two-thirds of those present and voting; but this shall not preclude an adjournment of a meeting for a time not exceeding two weeks.

7.—No person shall speak more than once on the same question to the prevention of any other person who has not spoken and desires to speak.

8.—Motions shall be submitted to the meeting in writing when so required by the moderator.

FINANCIAL YEAR.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuos place at their official rooms, a notice of the times of their respective meetings.

COLLECTION OF TAXES.

1.—Not approved by the Court.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All taxes shall be due and payable on or before the first day of November next following the assessment of said taxes.

3.—On the first secular day of each month, the collector shall pay over to the town treasurer all the taxes collected by him, and he shall, on or before the first day of February, in each year, make up his account and render the same to the auditors.

DUTIES OF TOWN CLERK.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable after any election has been beld by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committe was chosen to perform.

CONTRACTS MADE IN BEHALF OF THE TOWN.

Every contract exceeding one thousand dollars shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond.

ACTIONS AT LAW

The Selectmen shall have full authority, as agents of the town, to employ counsel to institute and prosecute suits in the name of the

town, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

LIST OF TAX.PAYERS.

The names of all persons paying a tax on real or personal property shall be published annually in the town reports, together with the amount of tax assessed upon each, and whether the same is paid or unpaid, and in the town report for the year ending January 31, 1898, and in the town report of each fifth year thereafter, there shall be published a concise description of each parcel of real estate in the town, together with the Aseessors' valuation of the same, for purposes of taxation on the first day of May next preceding such publication and the name of the person or persons to whom such parcel is assessed.

CONVEYANCING.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case.

PUBLICATION OF BY-LAWS.

The selectmen shall publish these By laws as often as once in five years, also, annually, an abstract of the records of all town meetings held during the preceding year, in connection with the town report.

No penalty shall attach to the violation of the foregoing By-laws.

BY-LAWS RELATING TO HIGHWAYS, POLICE AND HEALTH.

1.—Not approved by the Court.

2.—Not approved by the Court.

3.—Not approved by the Court.

4.- No person except the selectmen, the surveyors of highways, and sewer commissioners in the lawful performance of their duties, or those acting under their orders, except such other persons as are or may be authorized by statute, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the selectmen; and all persons acting under such permit shall put up and maintain a suitable railing or fence aronnd the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travellers, and he or they shall keep one or more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night so long as such street or way shall be or remain unsafe or inconvenient for travellers.

5.—No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

6.—No person shall, without the written consent of the selectmen, play at any game in which a ball of any kind is used, or fly a kite, or throw or shoot stones, arrows, balls, snow balls, or other missiles, or discharge any gun, cannon or firearm, or make any bonfire or other fires in any street or way where the public have a right to pass.

7.—No person shall propel, drive, wheel, or draw any cart or vehicle of any kind whatsoever except a child's carriage drawn by hand, nor use roller skates upon or over any sidewalk in this town, nor permit nor suffer any horse, cattle, swine or sheep, belonging to him or under his care or keeping, to go upon or over the same, nor suffer any horse to remain hitched across or upon any such sidewalk.

8.—No person shall in a public street willfully obstruct the free passage of foot travellers, nor shall any person in a public street saunter or loiter for more than five minutes after being directed by a police officer or constable to move on.

9.—No person shall pasture any cattle, goat or other animal upon any street or public way in said town either with or without a keeper, except within the limits of such way adjoining his own premises.

10.—No person shall hitch or fasten any horse to any ornamental tree standing or growing on or near any sidewalk, or to the boxing or guard about said tree, without the consent of the owner thereof.

11.—No person shall without a written license from the Selectmen place or caused to be placed, or suffer to remain within the limits of a street or upon any sidewalk, so as in any manner to obstruct the travel thereon, any vehicle, wood, coal, manure, dirt, gravel, stones, building material, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

12.—No person shall make a loud cry of wares or merchandise, or halloo, hoot or make loud and unseemly noise on the streets or squares of the town, to the annoyance of the citizens.

13.—No person shall be or remain in any doorway, or upon any stairs, doorstep, portico or other projection from any house or building, or upon any wall or fence on or near any street or public place after having been requested by the owner or any occupant of the premises or by any constable or police officer to remove therefrom.

14.—No person shall make any indecent figures, or write, print, paint, or cut any obscene word or words upon, or deface, break or injure in any manner, any fence, post, pole, sign, street lantern, building or structure; or commit a nuisance upon any sidewalk or other place resorted to by the public, or against any tree, building or structure adjoining a sidewalk.

15.—No person shall extinguish any street light, or extinguish or remove any light placed to donate an obstruction or a defect in any street or way, without proper authority.

16.—No person shall swim or bathe in any of the waters within the limits of the town, so as to be exposed in a nude state, to the view of any person passing or being upon any railroad or street or in any dwelling house in this town.

17.—No person shall intermeddle with any hydrant, gate, gate-box or water pipe placed or located within the limits of any public way in this town, without permission from the Selectmen, Engineers of the Fire Department, or the Hyde Park Water Company.

18. No person shall put or place, or cause to be put or placed, in or upon any street, lane, alley or other public place in this town, any ashes, glass, crockery, scrap-iron, nails, tacks or any other articles which would be liable to injure the feet of horses or injure or damage the wheels or tires of bicycles or of any other vehicles which have wheels with rubber or pneumatic tires.

19.—No person shall erect any canopy, awning, shade, shade frame, or shade curtain in any public street at a less height than seven and a half feet from the sidewalk, and then only by permission of the selectmen.

20.—No person shall allow any gate or door belonging to premises under his legal control and adjoining any public way to swing on, over or into said public way.

21.—All house offal, shall be placed in suitable covered vessels, and no ashes or other refuse shall be mingled therewith, and the same shall be kept in some convenient place, to be taken away by the teams of the Board of Health.

22.—No person shall carry in a public street, house-offal, grease, or bones, or the contents of cesspools or vaults, unless he has been expressly licensed therefor by the Board of Health, upon such terms and conditions as said board may deem that the health and interests of the town require.

23.—No person, shall throw into or leave in or upon any street, court, square, lane, alley, public square, public enclosure, or any pond or body of water within the limits of the town, any dead animal, rubbish, or filth of any kind, or any refuse fish.

24.—No person shall keep cattle exceeding two, or any swine within the limits of the Town of Hyde Park, except in accordance with a permit from the Board of Health.

25.—Not approved by the Court.

26.—No person shall keep any fowl in any part of a dwelling house, or in any place in the town where the Board of Health may deem such keeping detrimental to the health or comfort of the residents of the neighborhood, and after due notice by said Board to the owner or person in charge, he shall forthwith remove the same or cause the same to be removed, from any place at which the keeping thereof shall be prohibited by said Board.

27.—Owners and occupants of livery and other stables within the town, shall not wash or clean their carriages or horses, or cause them to be washed or cleaned in the streets or public ways. They shall keep their stables and yards clean, and not allow large quantities of manure to accumulate in or near the same at any one time between the first day of May and the first day of November, and no manure shall be allowed to accumulate or remain uncovered outside of a stable.

BY-LAWS RELATING TO THE PREVENTION OF FIRES AND THE PRESERVATION OF LIFE

1.—The selectmen shall annually in April appoint an inspector of buildings for the term of one year from the first day of May following or until another is appointed in his stead, and shall then fix his salary or compensation. The selectmen may remove said inspector for cause, after due notice and hearing, upon charges previously filed with them. Whenever said inspector of buildings is temporarily unable to perform the duties of said office by reason of absence from town, from illness or any other cause, the selectmen may appoint an inspector of buildings *pro tempore*, who shall act as such inspector while such inability continues. He shall keep a record of the business of said department, submit to the selectmen a yearly report of such business; ascertain all facts and make all returns which shall be required by law relative to steam boilers or other matters connected with this department. He shall grant permits for the erection or alteration of buildings but no such permit shall be issued until the inspector has carefully examined the plans andspecifications of the proposed building or alteration and ascertained that the building has sufficient strength and that the means of ingress and egress are sufficient. A copy of the plans and specifications of every public building shall be deposited with the inspector.

2.—Every person intending to build or make any alteration in the external or party walls of any building shall, before commencing the same, file an application for a building permit with the inspector of buildings giving a description of the intended building or alterations. No permit issued by such inspector shall be in force for a longer time than one year.

3.—All chimneys in wooden buildings shall be built of good hard brick, stone, or other fire-proof non-conducting material. All brick flues shall have the mortar joints smoothly "jointed" inside from top to bottom or lined with earthern pipe, and shall be plastered *outside below the roofing* No soft brick shall be used in the construction of a chimney. Whenever the inspector so requires, the shells of flues for boilers, ovens, ranges, furnaces and heaters shall be of brick work eight inches thick, or its equivalent, to the top of the second story floor or to a height of fifteen feet above such ovens, ranges, furnaces or heaters, and the inspector shall determine what constitutes such equivalent.

4.—In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end, or be more than four inches out of centre of gravity unless the same be attached to a brick wall.

5.—All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection unless covered by a cap of metal or stone properly secured.

6.—Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, not less than eight inches thick or upon bars of iron supporting eight inches of brickwork.

7.—Jambs of fireplaces and grates shall not be less than eight inches thick and when arched over shall be securely tied to brick-work of chimney.

8.—No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

9.—No wood-work shall be placed at a less distance than one-half inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

10.—No smoke pipe in any wooden or frame building shall hereafter enter any flue unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke pipes pass through stud or wooden partitions of any kind whether the same be plastered or not, they shall be guarded by either a double collar of metal, with at least four inches of air space and holes for ventilation or by a soap stone or plaster of paris ring, not less than three inches in thickness and extending through the partition.

11.—All frames shall be built with posts, plates and girts, properly mortised, tenoned, braced and pinned and supported by suitable studding, the posts and girts to be not less than four inches by six inches or equivalent thereto, provided however that ledger boards may be used in place of girts if the spaces back of the same, between the studding be filled with joist in such manner as to prevent draft in case of fire.

12.—The Inspector of Buildings shall examine all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever in his opinion the same may be dangerous to the security of the town from fires; and direct the owner, tenant or occupant of said shops, or other places, to remove the same; and in case such owner, tenant or occupant refuses or neglects so to do, shall cause the same to be removed at the expense of such owner, tenant or occupant.

13.—It shall also be the duty of said inspector to take cognizance of all buildings in the town in which any steam engine shall be used, and to examine all buildings in town in process of erection or alteration and all buildings under application to raise, enlarge, alter, or build upon and for that purpose shall have the right of entry thereto, and to make a record of the same and of all violations of these building laws, and of such buildings as in his judgment may from any cause be dangerous, and report any dangerous building to the selectmen forthwith, together with the location of the building where such violations are found and the name of the owner, lessee, occupants, architect and master mechanic and all other matters relating thereto. These records shall at all times be open to the inspection of the engineers of the fire department or selectmen of the town.

14.—Any alterations or additions to any building already erected or hereafter to be built, except necessary repairs not affecting the construction of the external or party walls, chimneys or stairways, shall to the extent of such work, be subject to the regulations of these By-Laws. No building already erected or hereafter built shall be raised or built up in such manner that were such building wholly built or constructed after the passage of these by-laws it would be in violation of any provision thereof.

15.—No building the exterior walls of which are in part or wholly of wood, shall be erected upon or within one hundred feet of Everett Square so-called; Fairmount avenue from River street to the Neponset river; River street from the location of the Boston and Providence railroad to Winthrop street; Hyde Park avenue from land bordering on the

southerly side of Oak street, and including all lands adjoining Oak street, to Everett street; Harvard avenue from River street to Winthrop street; Maple street from River street to a point one hundred and eighty feet southerly therefrom; Central avenue from River street to Winthrop street; Davison street from Fairmount avenue to a point three hundred feet northeasterly therefrom; Grove street; Pierce street from Fairmount avenue to a point three hundred feet northeasterly therefrom; Nott street from Fairmount avenue to a point three hundred feet easterly therefrom; Railroad avenue from Fairmount avenue to a point three hundred feet northeasterly therefrom; Station street from the Neponset river to a point three hundred feet northeasterly from Fairmount avenue; Walnut street from Fairmount avenue to a point three hundred feet southwesterly therefrom; Maple street from Fairmount avenue to a point one hundred and twenty five feet westerly therefrom.

No person shall move, or cause to be moved, any wooden building from without said limits into the same.

No person shall move or, cause to be moved, any wooden building from one place to another within said limits, nor shall any person repair or rebuild any building within said limits, which has been partially destroyed by fire or otherwise, without the written permit of the Board of Selectmen.

No addition which shall exceed fifteen feet in height from the ground to the highest part thereof, or which shall exceed five hundred superficial feet in area, shall be made to any wooden building within said limits, without permission from the selectmen after a hearing of which public notice shall be given; *provided, however*, that the owner, or other person interested, may make any necessary repairs upon any wooden or frame building already built, if the height of said building be not thereby increased; and a flat roof, covered with metal or other non-combustible material, may be substituted for a pitch roof.

16.—Every building or structure, hereafter built in the town, of brick, stone, iron, or other hard and incombustible materials, shall have foundations resting upon solid ground, not less than four feet below the surface exposed to frost, or upon concrete, piles or other durable sub-structure.

17.—Every wall constructed of brick, stone, or similar substance shall be properly bonded and solidly built with one half-cement mortar.

18.—For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall be not less than thirty inches thick at the bottom, and twenty inches thick at

the top, and shall be laid in one-half-cement mortar, and be built of stone large enough to extend through the wall; if built of block stone, in horizontal courses, the foundation walls shall be not less than sixteen inches thick the entire height, and shall rest upon a footing course not less than twelve inches high and twenty-four inches wide, and shall be laid in one-half-cement mortar; and exterior and party walls, of brick, shall be not less than twelve inches thick the entire height.

19.—For brick buildings with walls exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall be not less than thirty six inches thick at the bottom, and twenty-four inches thick at the top and shall be laid in one-half-cement mortar, and be built of stones large enough to properly bond the wall; if built of block stone, in horizontal courses, the foundation walls shall be not less than eighteen inches thick the entire height, and shall rest on a footing-course not less than twelve inches high and thirty inches wide, and shall be laid in one-half-cement mortar; and exterior and party walls, of brick, shall be not less than sixteen inches thick to the top of the first floor, and not less than twelve inches thick the remaining height.

20.—Party and partition walls shall be built upon a footing course of stone not less than twelve inches high and twenty-four inches wide.

21.—If each of adjoining owners shall erect a wall on his own land, instead of a party wall, such wall shall be not less than twelve inches thick the entire height, and such walls and all party walls shall extend two feet above the roof of the highest building of which they are a part, and be coped with stone or iron, securely fastened; and wherever there is a projecting cornice on front or rear of a building, it shall be corbelled to the outer edge of all projections. Party walls shall be built solid the entire height, except when chimneys are inserted in them; in which case they shall be not less than six inches thick back of the chimneys, to the party line.

22.—Every brick building erected hereafter in the town, more than thirty feet in width,—except halls, churches, theatres railroad stations, or other public buildings,—shall have one or more brick partition walls, not less than eight inches thick, running from front to rear of building, and carried up to the top of the second-story floor joist. These walls shall be so located that the space between any two of the floor-bearing walls of the building shall be not over twenty-five feet in width. Iron or wooden girders supported upon iron or wooden columns, or brick piers may be substituted for partition walls, and

shall be of sufficient strength to bear safely the weights which they are intended to support. The piers or columns shall rest upon levellers one foot thick, thirty inches square.

23.—In every brick wall, every ninth course of brick shall be a heading-course; except in bonded walls, in which at least every ninth course is a heading course, and except when walls are faced with face brick in which case every ninth course shall be bonded with Flemish headers, or by cutting the course of the face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

24.—All piers shall be built of good, hard, well-burned brick, laid in strong cement and sand mortar.

25.—All brick walls shall be secured to each floor and the roof at intervals of not more than ten feet, with wrought-iron anchors not less than one half inch thick, one and one-half inches wide, and not less than three feet long, well turned up into centre of brick wall and down into floor timbers; and where floor and roof timbers are in two lengths and rest on partition walls or girders, they shall be strapped together with wrought iron straps or tie-irons, at the same distance apart, and in the same beams as the wall-anchors, and shall be well-fastened, so as to form continuous ties across the building.

26.—All roof or floor timbers entering the same party wall from opposite sides shall have at least four inches of solid brick-work between the ends of said timbers.

27.—The butts or ends of all floor beams or rafters entering a brick wall shall be cut on a splay of three inches in their width, and have bearings on the walls of four inches.

28.—Upon application of any person in interest, the inspector shall, upon the completion of the erection or alteration of any building, pursuant to the provisions of these building laws, give a certificate so stating.

29.—It shall be the the duty of said inspector to enforce compliance with these By-Laws relating to the prevention of fires and the preservation of life and to prosecute all persons violating the same.

---

## By-Laws Relating to Plumbing and Waste Water.

### TEST.

1—Every plumbing job which consists of the putting in of waste or soil pipe shall be tested in the presence of the Plumbing Inspector, by water or other test acceptable to the Board of Health. If water test is used, each soil, waste and ventilating pipe shall be

filled with water to a point above the roof and above the highest opening in the building; and no work shall be considered ready for test unless the soil, waste and vent pipe and traps are in position, except in case of provisional opening for fixtures to be put in in the future. The same to be furnished with cast iron plug or brass cleanout, thoroughly caulked with lead. Notice that work is ready for test shall be made in writing, and shall be inspected within two working days after notice is given.

2.—Within twenty-four hours after the plumbing work is ready for final inspection the Plumbing Inspector shall be notified in writing to inspect the same, and work shall not be covered in until accepted by him. The water must be turned on to all fixtures at the time of inspection. A written notice will be given the plumber by the Plumbing Inspector after the acceptance of the work.

SOIL PIPE.

3.—All soil pipe shall be not less than four (4) inches in diameter, and shall be carried their full size from a point ten (10) feet outside the wall of house up to and through the roof at least two (2) feet above the roof and the highest opening in the building. All branches of soil pipe four (4) or more inches in diameter, and twelve (12) feet or more in length, shall be continued out full size through the roof and above the highest point in the building, or taken into the soil pipe above the highest fixtures in the building.

4.—All branch lines of waste pipe less than four (4) inches in diameter, and fifteen (15) feet in length, must be carried up through the roof at full size, and at least two (2) feet above the highest opening in the building or to be taken into the soil pipe above the fixtures.

CLEANOUTS.

5.—For inspection purposes cleanouts corresponding in size to the main drain, with covers of hand holes made gas and water tight and of a pattern approved of by the Board of Health, shall be provided at intervals of not more than twenty (20) feet, and one such opening shall be required on each horizontal branch of fifteen (15) feet. For four (4) inch soil pipe or less, at the house side of the cellar wall provide a four (4) inch extra heavy cast iron Y with heavy brass cleanouts and not less than four (4) inches, inside measurement, connected in the straight end of Y. On branch of Y fix a four (4) inch running trap with brass cleanout. Where larger than four (4) inch soil pipe is used the Y cleanout and trap must be the same size as the pipe.

6.—Where there are four (4) or more closets on the line of the soil pipe, said pipe shall be five (5) inches in size, and increase in size as increase in fixtures and usages of the building require.

7.—Rain water leaders where they enter the sewer or drain, shall be trapped with cleanout to trap, and where they run inside the building shall be of cast iron, not less than three (3) inches in diameter; these branches to join into the main line if not less than four (4) inches in diameter, which line shall be trapped with cleanouts to trap and connected with the main soil pipe on the sewer side of the running trap.

8.—No rain water leader shall be used for a soil, waste or vent pipe, and no soil, waste or vent pipe shall be used for a water leader.

9.—Drain, waste, soil and ventilating pipes, traps, etc., in old buildings may be used in new buildings, alterations or improvements of old property only when found by the Plumbing Inspector to conform to the rules governing new material.

10.—Soil pipes will not be allowed under the ground unless the location of the fixtures and the future requirements demand it.

11.—All cast iron pipe must be sound and free from holes and other defects, of uniform thickness and what is termed extra heavy cast iron soil pipe with fittings all corresponding, said pipe and fittings to be stamped as such and marked to be in plain sight for inspection, and shall have an average weight not less than below specified, viz:—

| | |
|---|---|
| 2 inch pipe | 5 1-2 lb. per ft. |
| 3 " " | 9 1 2 " " " |
| 4 " " | 13 " " " |
| 5 " " | 17 " " " |
| 6 " " | 20 " " " |

12.—All soil or waste pipes must be securely fastened to the wall, laid in trenches of a uniform size, or suspended from the floor timbers with strong iron hangers. Change in direction of the soil pipe shall be made with Y's and 1-8 or slow curve bends. Connections with horizontal and vertical soil pipe shall be made with Y branch, no saddle branches will be allowed for any connection unless it is impossible to connect otherwise. If change of direction is made with a Y, a brass cleanout must be put in the straight end of the Y. If made with bends, a Barrett or other cleanout equally as good must be placed in a straight line to pipe between such bends. For waste pipes from all fixtures where the pipes run horizontally it shall not be less than two (2) inches in diameter; for waterclosets nothing less than four (4) inches.

13.—No brick, earthenware or sheet metal pipes or chimney flues shall be used for waste, sewer or ventilation pipes. No waste pipe from any fixture shall be less than one and one-quarter inches in diameter.

14.—All waste pipes from sinks, basins, bath tubs, set bowls and urinals less than two (2) inches in diameter shall be of lead (except that brass tubing may be used of the same internal diameter as would be required if lead were used.); all two (2) inches and larger shall be of cast iron pipe.

TRAPS.

15.—In every hotel, restaurant, boarding house or public boarding establishment there shall be a suitable grease trap connected with the sink in a place easy of access for inspection and cleaning. Each fixture in new, and alterations in old buildings shall be properly trapped with not less than a four (4) inch bottle or other trap with not less than three and one half inch cleanout, placed in all cases where it is easy of access for inspection and cleaning.

Except that one five (5) inch trap may be used for a bath tub and a bowl, or for a sink and set of wash trays provided the length of waste pipe from the fixtures does not exceed three (3) feet. Measurements of the same shall be taken on centres between the perpendiculars, and waste from trap shall not be less than one and one half inches in diameter.

16.—No trap vents shall be connected with earthenware.

17.—All traps must be properly vented except in old buildings where no provision can be made. The size of the ventilation pipe from each trap to be not less than the size of the waste pipe from the fixtures, and shall extend up to and through the roof and two feet above highest opening in building, or connect with the main line of soil pipe and above the highest fixture. No trap shall be placed at the bottom of a vertical line of soil pipe.

18.—No fixtures, as a slop sink, etc., shall be set up unless it is provided with proper means of flushing.

JOINTS.

19.—Sheet metal and slip joints shall not be used inside of any building for waste pipes. All connection of lead and iron pipe including the connection with water closet tanks shall be with brass or combination ferrule, soldered with plumber's wiped metal joint where practicable All joints in cast iron pipe shall be made with oakum and molten lead, to be caulked thoroughly, and made air and water tight.

20.—All connections of brass ferrules with castiron pipe must be made with molten lead thoroughly caulked.

21.—Waste pipes from refrigerators shall not be connected with a soil waste or drain pipe or sewer, but shall run to the outside of the building or to some receptacle with the end left open or in sight.

22.—Where urinals are placed in any hotels or any other building they shall have sufficient self flushing automatic water fixtures or be furnished with a hot air draft ventilation.

23.—No steam exhaust, blow-off or drip pipe shall connect with any house drain, water or soil pipe or sewer, but shall discharge into a suitable tank or condenser from which a suitable trap and back vented valved outlet to the house drain or sewer shall be provided. All house drains connected with a cesspool shall be subject to water or other test and other rules, the same as though connected with the sewer.

24.—Drip or overflow pipes from safes under water closets and other fixtures or from tanks or cisterns, shall be run to some place in open sight and in no case shall any such pipe be connected with the drain.

25.—When the Plumbing Inspector finds that the plumbing and drainage system in any building is not in a proper sanitary condition, or any defects in workmanship or in material, the same shall be remedied to conform with the rules of the Board of Health.

26.—When the Plumbing Inspector finds defective work and material on any job, the plumber shall, within twenty-four hours after receiving notice of the same, remedy such defects to the satisfaction of the Inspector; otherwise the owner shall be notified of such defects.

27.—Wash tubs and sinks shall be of slate, iron, soapstone, crockery or other non-absorbent material; wooden tubs will not be allowed.

28.—Where there is a sewer adjacent to the premises all the pipes carrying waste water must be connected with it; where there is no sewer, connection must be made with a cesspool of a capacity of not less than sixty (60) cubic feet.

29.—Waste water shall not be run into any stream or pond or upon the ground.

30.—All diameters of pipes given in these rules are for inside measurements.

31.—Every water closet in the building must be supplied with water from a tank or cistern, which is not used for any other purpose.

Except that this requirement shall not apply for water closets substituted for vaults where the same are located outside of the building proper, and such water closets shall be arranged so as to receive their supply directly from the main with proper fixtures approved by the inspector, the water company, and the Board of Health.

The flush pipe to be of lead two and one half pounds to the foot, and one and one quarter inches in diameter. In every tenement house there shall be at least one water closet for each tenement or family.

All water closet rooms shall be provided with a window in the wall of the building opening into the outside air to admit of not less than three (3) square feet of air and light, or lighted and ventilated by an air shaft or skylight.

All water closet traps except when it is the top fixture shall have a separate ventilation pipe either of cast iron or lead as follows.

For lead pipe where there is one water closet on the main line the ventilation shall be one and one half inches; two to four closets, two (2) inches; five closets, two and one half inches; six or more closets, three (3) inches; for cast iron pipe one to four closets, two (2) inches; of five or more three (3) inches; the increase according to the number of closets.

Any branch connection from the crown of the traps into the main line of the back ventilation pipe shall be made of lead not less than one and one half inches in diameter, except that galvanized iron pipe of like diameter, may be used for back ventilation where the same shall run behind sheathing, etc.

All floor connections of earthen water closets with trap combined, shall be made with brass flanges soldered to lead bend or pipe and made tight with a rubber gasket and brass bolts.

Back ventilation pipes when of iron shall be of not less than two (2) inches in diameter for distances thirty (30) feet or less, and of not less than three (3) inches for distances of more than thirty (30) feet.

32.--In all cases where plumbing fixtures, pipes, etc., of every description are covered or encased, such casing, boxing, floor, seats, covering, etc., shall be fastened with screws, hinges, hooks or any other better manner to enable easy access to pipes and fixtures. No casing will be allowed to be fastened with nails and in no case shall pipes be plastered in between studding or in walls and partitions.

### PENALTIES UNDER THE BY-LAWS.

Whoever violates any By-law of the town of Hyde Park, shall, unless otherwise provided by the laws of the Commonwealth of Massachusetts or by other provisions in these by-laws, be punished by a fine not exceeding twenty dollara for one offence.

### LIMITATIONS OF ACTIONS.

No person shall be prosecuted or tried for any breach of the provisions of any By-laws of this town, unless the complaint for the same shall be instituted and commenced within six months from the time of committing such breach.

All By-laws or parts of By-laws of this town heretofore existing are hereby repealed, and these By-laws of the town of Hyde Park shall go into effect upon their approval by the Superior Court or any Justice thereof.

---

The foregoing by-laws were adopted by the said town of Hyde Park, at a meeting of its legal voters held in Waverly Hall, in said town, December fifteenth, A. D., 1897. Attest:

HENRY B. TERRY, Town Clerk.

---

The foregoing By-Laws were approved by the Superior Court for said County of Norfolk, on January 27, A. D. 1898. Attest:

HENRY B. TERRY, Town Clerk.

# REPORT OF THE SCHOOL COMMITTEE.

To the Citizens of Hyde Park:

By vote of my colleagues it became incumbent upon me to present for the consideration of our citizens and taxpayers, whether patrons of our schools or not, a review of of the work in the educational department of our town government at the close of the thirtieth year of its existence. No branch of our municipality appeals so strongly and universally to every good citizen as does this work which you have entrusted to our keeping. It is your inherent right to demand of us, at this time, that we inform you fully, freely and honestly what disposition has been made of the many thousands of dollars you empowered us to expend, and whether the results are commensurate with the outlay, and if not, what methods we have to suggest and recommendations to make, which appear to us after the experience of the past year, absolutely essential to the attainment to the end, that for every dollar in money expended there can be shown a dollar in educational development and progress. A per cent. lower than the highest standard should not and will not be accepted as satisfactory. Hyde Park is entitled to the best and the sentiment of her citizens insists upon its realization.

## FINANCES.

By reference to the tabulated statements you can readily see what disposition has been made of the $46,500 which was appropriated at the annual meeting in March last. We consider it a subject of congratulation that for two consecutive years we have refrained from asking special appropriations during the year to liquidate deficiencies, although we

have exhausted our funds, and a small legacy (an old-time custom) of unpaid bills will greet the administration of 1898. That condition even would not exist this year had we not been again called upon to use several hundred dollars for the completion of the Hilton Street, Weld and Hemmenway buildings, and not only for their completion but an outlay of over four hundred dollars to remedy glaring defects in the plumbing of those buildings. While it was defective in a measure in the Weld and Hemmenway, it was still worse and dangerously defective in the Hilton Street house. But to-day they are all in good sanitary condition, and we have the assurance of the Board of Health to that effect. We are greatly indebted to them for advice and assistance.

### SCHOOL ACCOMMODATIONS.

An evidence that a town is growing and that the population is rapidly increasing can be absolutely attested by the demand for more school accommodations. Your Committee have been obliged to open the two remaining rooms in the Hilton Street building, and each of the four rooms have a full quota of pupils. The wisdom of the construction of a schoolhouse in that locality is sufficiently apparent. There is not a vacant school room in our town aside from the Damon, a room at the Weld and a room at the Greenwood, and the rapid influx of residents into our new section, "Pinehurst," will soon fill the vacant rooms at the former. While the other sections of the town will not actually demand the erection of any new buildings for the present, the conditions are different in that portion of our town near the lower end of East River street, where the building of houses in "Holmfield," "Rugby" and "Sumner Park" is so rapid as to call for the erection of an eight-room schoolhouse at a very early date. The Hemmenway is still unsatisfactory, is overcrowded, and even then does not give the relief its

promoters modestly demanded of the town. As a building for school purposes it does not meet the requirements of the present day.

### CHANGES IN OUR CORPS OF TEACHERS.

The changes the past year, fortunately for our schools, have been far less than for many previous years. Miss Eleanor L. Lord, who served very acceptably as teacher of English in the High school, resigned in June to accept a very flattering position in a Baltimore, Md., college. Miss Alice G. Beebe, teacher in Greek and English for two years, was elected during the summer to an important position in the Worcester High school and resigned her position with us, which resignation was accepted by your Committee with regrets. The vacancies created have been filled by Miss Mabel E. Woodworth and Miss Edith R. Nickels respectively, and they are doing excellent work. In the Fairmount school, Miss E. M. Varney, who came to us in January, 1897, and took the 6th grade, resigned last June to accept a more lucrative offer in the Somerville schools. Miss Dillie McDonald, who was well recommended, is now teaching that grade. The corps of teachers at the Greenwood has suffered no change, save that Miss Ballou has been acting as substitute for Miss Emily Woods of the 8th grade, who, on account of illness, was granted a leave of absence. At the Grew, Miss E. W. Harvey succeeded Miss Maud Walker in the 6th grade in September. As indicated in another part of this report, two rooms have been opened in the Hilton Street school, thereby necessitating the employment of two additional teachers. The local committee were very fortunate in securing Miss S. W. Mendell for the 10th and Miss A. F. Harrington for the 11th grades, both of whom are doing good work. Your Committee deemed it advisable, considering the large cost per capita for the education of the children of the Damon school, to reduce if

possible, the expenses at this school. On this account the position of master's assistant was abolished, Mrs. deSenancour taking the place of Miss Donovan, while the latter took the place of Miss Tuxbury. This change has made a saving of about $550.

READING.

It is with pleasure that we can reiterate our commendation of last year as regards the Pollard System of Reading. While at the close of the year we were delighted with its results, its continued use has satisfied the most doubting skeptic that more and better work can be secured in reading and spelling by this method than by any other known to the educational world. It was in use in the 12th and 11th grades only, last year, but now we have introduced it into the 10th, and have also supplemented it by the introduction of the Advanced Speller, which has become an important adjunct to the successful carrying to completion of the author's system. A teacher in our schools, of over twenty years' service, says that never before has a 3rd Reader been put into the hands of pupils in the 10th class. We have children from other towns where Pollard is not taught and we find a wide difference in their reading as regards accuracy, care, etc. The system has the unqualified support of our corps of teachers.

MUSIC.

Miss Elizabeth Dodge, who for seven years had been instructor in music in our schools, resigned at the close of the school year in June last to continue her studies under most favorable auspices in New York. Miss Dodge was enthusiastic, painstaking and beloved by the pupils, and she carried with her the best wishes of this Board. To select a competent successor was no easy task, and after interviewing many candidates and considering their qualifications and natural aptitude for the work, we found that right in our town we had a gentleman whom we thought fulfilled all the

requirements in a superior degree, and therefore the Committee unanimously elected Mr. B. Harold Hamblin, and in the few months that he has taught the results show that he is doing good work. His report follows:

"In compliance with your request to report on the condition of music in the public schools, I beg to submit the following:

"The grammar school classes have been classified into five grades. The six upper classes have been paired, thereby making three grades, while the two lower classes have been instructed separately. The necessity for this grading was in consequence of the fact that a number of teachers are teaching two grades in one room. The present arrangement permits each grade to receive the same systematic instruction throughout the town. A visit to any of the schools will demonstrate that each grade is accomplishing *uniform* work from week to week.

The introduction of the syllables do, re, me, fa, sol, la, si, do, is warranted by the fact that leading instructors in this country use them. The "time" names associated with the Normal Music Course have been dropped. Eminent teachers disagree as to their merit. Their use was to afford the pupil a proper conception of time and to cultivate the understanding and sense of musical rhythm; a simple device has been substituted with satisfactory results. The Normal Music Course is used. In comparing it with other musical text books, I have concluded that it has no superior. Its treatment of musical problems is thorough and the exercises progressive.

The High school music progresses as favorably as could be expected; the three upper classes receive forty-five minutes' instruction once a week, and the freshman class the same. The freshman class in music corresponds to the 9th grade in Boston schools and those of adjacent cities. In this grade studies in the bass or F clef are introduced

for changed voices. In our High school the young men have been expected to take up advanced music without any preparation in the bass clef. For another year I would suggest the introduction of the 3rd reader for mixed and changed voices, to be used in conjunction with the present book now in use.

The value of musical study and its helpful influence in public school work is universally recognized to-day more than ever before. In some of the cities in New England pupils are marked in music as in other studies; in those cities the standard of music is highest. In some of our classes the boys are inclined to shirk. Music can easily be slighted; pupils feel no individual responsibility, thereby many good voices remain undeveloped. I would earnestly recommend the advisability of marking the music to the consideration of the committee. While the Normal Course provides excellent material for study, still the need of supplementary music is important. It will enliven and increase the interest of the pupils. I urgently recommend the appropriation of a sufficient sum of money to provide a reasonable supply of such supplementary music in sheet form.

I take pleasure in acknowledging the uniform courtesy with which I have been received by masters and teachers in every school. All are striving earnestly for the best results. Harmony certainly prevails, the interest is contagious, and I firmly believe that at no time in the history of our schools have the pupils shown more interest in music than at present.

Last, but not least, I desire to express my appreciation to the Committee for the manner in which they have seconded my endeavors."

### EVENING SCHOOL.

There is no branch of our school system that is capable of accomplishing better and by far more necessary results than the evening school. A good corps of teachers, modern and

sufficient text books on all elementary subjects, with rooms well lighted and heated, give welcome to the illiterate and those who, by force of circumstances, were obliged to terminate their school days at an early age and go into the shops or the field to earn a livelihood. Every opportunity is offered to this class to better their condition, but it is a serious question with us whether the ends justify the means. In this town of over 12,000 inhabitants, the attendance as shown by the following report is scarcely enough to justify its continuance, were it not obligatory upon us by the laws of the State. As far as results are concerned it is the most expensive department of our system. We trust that another year there may be an awakening among those who sorely need its advantages and for whose immediate wants it was created. Mr. A. W. Lowe, the principal, reports as follows:

"I submit herewith the report of the Evening school for the season 1897-98: The school opened on Monday evening, Nov. 1, 1897, with three teachers in attendance. Monday and Tuesday evenings were for registration. English Department:—The regular work in this department was commenced on the evening of Nov. 3, 1897. The total number of students registered was 45, but several did not enter the school after registering. The average attendance previous to the holiday recess in December was 25; average attendance since Jan. 3, 9; average age, 19. Four nationalities have been represented. The students have been interested in their studies and have done well. The department is supplied with all necessary text books. Commercial Department:—The total number of students registered in this department is 28; average attendance, 18; average age, 19. Eight of these students are graduates of the High school and entered this department for advanced shorthand practice; of this number five are engaged in office work in Boston. Instruction in the elementary and

advanced work of shorthand has been thorough. Bookkeeping has been transferred from the English department to the Commercial department. The students who have taken this study are doing good work; in fact, their work will compare favorably with that of the students in the High school. The text book adopted is the "Packard New Manual of Bookkeeping," of which there are ten copies. I would suggest that the Committee on Evening Schools arrange a course of study in this department that will lead to the presentation of a certificate for satisfactory work This department has increased gradually each year since it was organized, and it has now reached a point where its efficiency will be greatly enhanced if the students know that there is a course similar to the graduating course of the High school. The object will be the certificate, and its possession will be thoroughly appreciated by those who are faithful in attendance and comply with the requirements of the school. These students are engaged in various occupations during the day, and it is my opinion that if they are willing to give their evenings to study they should have something to show for the time spent in our Evening School."

### EVENING DRAWING SCHOOL.

Mr. E. C. Tourtelotte, Principal of the Evening Drawing School, reports as follows:

"From the writing of the last report to the close of the school, April 1, 1897, the average attendance of last year was maintained, and the same marked interest that has been shown in other years was manifested to the extent that the pupils desired to petition the School Board for an extension of the term, but as it has been a rule of your Board to close on the 1st of April, it was thought best not to do so.

On November 1st the fall term opened with the usual number of about fifty pupils, of all ages, from 15 to 35 years, and they were divided into classes as formerly. This

year, as last, more persons of advanced years are attending, thereby showing that the school is appreciated and is meeting with success with that class of persons who need this education in their several occupations. In the elementary class the same line of work has been followed as in former years, with the same marked interest and improvement. The advanced class has followed the same practical course, taking up such work as they will meet with every day in our shops and factories, and as a result are showing some very fine drawings in the few evenings they have, as compared with the many more that they have in the city schools where they have four evenings each week for each *grade*, to our one. I have visited some of these schools and am well satisfied with our results."

### VACATION SCHOOLS.—CARPENTRY.

Mr. George E. Webb, who has had charge of the vacation school for boys, is the right man in the right place, and the results have each year amply justified the expenditures for its maintenance. Mr. Webb's report follows :—

"The vacation school for carpentry opened July 7, 1897, and closed Sept. 2nd. Sixty-seven boys applied and took lessons. The average daily attendance was thirty and the average age was eleven years, eight months."

### SEWING SCHOOL.

The sewing school for girls opened July 6, 1897, with 11 pupils ; a more promising beginning than that of '96, when only seven attended. Twenty-one was the largest number present at any one session, which was on July 15, and the smallest number was 8, on Aug. 31, the day of closing ; 34 pupils attended during the term, 16 of whom were from the Grew, 8 from the Hilton, 5 from the Greenwood, 1 from the Fairmount, 3 from the Parachial and one from a private boarding school. Fifteen sessions in all.

Each pupil furnished her own work, excepting the sample,

which is always the first piece made. Many of the parents have expressed their pleasure and satisfaction at the progress made by the children, and the children themselves showed more interest in their work than in any previous year.

MRS. W. A. BOARDMAN.

### KINDERGARTENS.

The establishment of kindergartens must in the future be considered. The popular notion that kindergartens are but places of amusement is not based upon fact. Under the guidance of competent teachers the results accomplished by the little "tots" is simply marvellous. It prepares the child to better take up the 12th grade of our primary classes and gives them such an introduction into school life, as could not otherwise be obtained. It secures their attention early by interesting them in that which their budding minds can readily comprehend and assimilate.

### SUPERINTENDENT OF SCHOOLS.

A very small percentage of our children are able to have the advantages of a college course, and though more are so situated that they can enjoy the opportunities of a complete course in the High School; yet the number is still small, therefore the great mass of our children are forced to be content with what they can secure from the primary, intermediate and grammar grades. They go out into the world handicapped at best, and it is the duty which we owe to them to provide during the short period they spend in school that which is the very best. We should have in charge of our schools one who is in accord with the best educational methods of our day, and who by his experience has demonstrated his fitness for such work. With such a person as a leader we should have better teachers, better pupils and therefore better schools.

There is an ideal of perfection to which all should aspire and in the great rush of life today, in all the countless

branches of human industry to attain better results, education has kept pace with that rapid march of progress. To say, as we have all often heard, that our schools are just as good today as they were ten years ago is not sufficient. If our schools are not better today than they were ten years ago they are not good enough for progressive Hyde Park. The giant of a decade ago is quite likely to be the pigmy of the present. There must be growth, steady, constant growth, that great element of change which permits nothing to rest. The trend of today is towards specializing. It is true in education, as well as in law, medicine and other professions, and he who is strongly endowed with ability along the line of his chosen work makes the world grander, nobler and better for mankind.

As a Committee we have conscientiously endeavored to do honest, faithful work, but we realize how far short of accomplishing satisfactory results the conditions have permitted. Our citizens without question recognize the absolute necessity of a Superintendent of Streets that our highways and bridges shall be in thorough repair. The Board of Health recognize that the sanitation of our beautiful town should be intrusted to an Agent, who will give such matters his careful and undiv ded attention. We all concede that better results follow such transfer of authority, and why should not education, —that which is far more important than either,—standing as it does as the safe-guard of civil liberty and the perpetuation of our sacred institutions, be guided by a master hand.

As was mentioned in the last report, this question of Superintendent of Schools is not in an experimental stage. Its value and importance has been tested in the fire of hostile criticism from carpers and pessimists from 1840 to the present day, and Massachusetts with its thousands of teachers and hundreds of thousands of pupils endorses it well nigh unanimously. Over 90 per cent. of the schools and

pupils of our State are under this intelligent supervision, while Hyde Park leads the list in its opposition. She is the largest and the wealthiest in our Commonwealth that still neglects to accept the beneficial effects of such progressive methods. This is not to her credit. Ajax defying the lightning appeals to us as symbolical of the highest type of fearlessness and bravery, but for Hyde Park to maintain a Chinese wall against the entry of the best educational methods of today is not an edifying spectacle. Let us tabulate the duties which the School Committee by law must assume upon taking office.

(1) To determine the number and location of the schools in any city or town.

(2) To select teachers and assign them to the respective schools.

(3) To prepare courses of study.

(4) To select and provide suitable text books, apparatus and supplies.

(5) To organize and classify the schools.

(6) To determine the methods of teaching.

(7) To have the care of school-houses.

(8) To appoint janitors.

(9) To visit the schools "on some day during the first week after the opening of such schools, and on some day during the two weeks preceeding the close of the same, and also, without giving previous notice thereof to the instructors. once in each month."

(10) To "inquire into the regulation and disipline of the school and into the habits and proficiency of the scholars."

(11) To appoint truant officers.

(12) To grant labor certificates.

(13) To apply the income of the school fund.

(14) To see that the school laws are obeyed.

(15) To make reports to the town and to the State.

To do all this and do it well requires time, intelligence, skill and training. The ordinary committee have neither the time nor the ability to do this work properly. It should be delegated to a competent Agent, who shall act under the general direction and guidance of a competent and unselfish Board.

That the duties of a Superintendent of Schools may be presented to the readers of this report in a full and comprehensive manner, I am constrained to use "verbatim et literatim" an article which has been recently placed in my hands by one of the foremost educators of New England.

PROFESSIONAL DUTIES.

"If prepared for his work, the Superintendent is a thorough student of the science and art of education, of psychology with special reference to child study, of applied pedagogy and of the aims and work of our great educational reformers. He has had large and successful experience in teaching, especially in elementary grades. He has an intimate acquaintance with the best schools of the day; he attends educational conventions, institutes and summer schools; in short, he keeps abreast of all advanced educational movements. Only by such preperation is he fitted to arrange a course of study for his schools. This keystone to any educational structure should be the work of a scholarly and progressive educator. It should indicate the principles underlying, the ends to be attained, the subject to be taught, the order of their presentation, with some general suggestions on methods of teaching. And after the course of study has been prepared, it must be wisely interpreted and intelligently applied.

The further professional duties of a Superintendent may perhaps be best shown by a discussion of his relations to four classes of people, — the school committee, teachers, pupils and the public: —

HIS RELATIONS TO THE SCHOOL COMMITTEE.

1. He is the executive head or Agent of the School Committee. It is the providence of the Committee to legislate, to give a candid consideration and final decision on the general policy to be pursued. It is the province of the Superintendent to study every phase of education, to suggest to the Committee what in his judgement he thinks for the best interest of the schools, and, after decision of the Committee, to execute their wishes. He keeps the Committee well informed on the actual and comparative condition and needs of the schools, freely and conscientiously recommending changes where improvements are needed. He is their professional leader, and makes his influence felt on all questions pertaining to the welfare of the schools.

HIS RELATIONS TO TEACHERS.

2. The value of skilled supervision rests largely in the ability of the Superintendent to select and retain good teachers, and to assist all, both strong and weak, to the best results possible. He secures a

list of desirable candidates, examines carefully into their qualifications, corresponds with persons able to speak from personal knowledge of their worth and work, visits them in the school-room, and in a variety of ways exercises a judicious care in their selection. He places each teacher where she is most likely to succeed, and encourages her in every way in his power. Many of the best teachers refuse to teach in towns having no Superintendent,—they recognize the value of the help he is able to render.

HIS HELP AT SCHOOL.

In the schoolroom the Superintendent follows closely the work of each teacher, notes mistakes, omissions and weaknesses, and gives occasional test and teaching exercises. This constant contact with the schools enables the Superintendent to understand and appreciate the difficulties of teachers far better than can any amount of reading and theorizing. Even a brief visit enables a Superintendent to observe the spirit and order of the school and the value of the teaching.

HELP AT TEACHERS' MEETINGS.

The Superintendent confers frequently with his teachers at general or grade meetings. Here he unifies and strengthens effort, compares the work of teachers in the same grade and of several grades considers with them the ends and means in all school exercises, presents model lessons, interprets the various steps in the course of study, encourages and directs professional reading and study. Teachers' meetings without a Superintendent to direct are rare and of little value.

HIS RELATIONS TO PUPILS.

3. The Superintendent sees that the schools are provided with everything necessary to the bodily health and comfort of pupils, as well as with every appliance for their instruction. He assists in examining, classifying and promoting pupils from time to time, and by his discriminating oversight prevents the machinery of school organization from destroying all individuality. Proper gradation and frequent promotions lead to increased interest and better attendance. He encourages pupils to be prompt and regular at school, and to this end sees that the truant officers do their duty. He excites the ambition of pupils to obtain a good education, and as a result the attendance in Grammar and High schools is greatly increased.

HIS RELATIONS TO PARENTS AND THE PUBLIC.

4. The Superintendent often renders the schools invaluable service by interesting the people, the fathers and mothers, taxpayers and voters in their present condition and needed improvements. He

gains thier attention and support by frequent teachers' meetings, where all interested can learn of what is being attempted, and of modern education, its purpose, means and methods; by evening meetings for general discussion of the work of the schools and the relations of the people to them; by school exhibitions, where some of the more tangible results of school work can be displayed; by arranging special visiting days, where the regular daily work of the schools can be observed; by providing monthly and yearly reports of pupils work and progress for the inspection of parents; and by interesting the daily and weekly press in reporting school news and abstracts of addresses at teachers' meetings, institutes and conventions. When people hear much of the schools, visit them often and appreciate their needs, they appropriate liberally for their support.

Again, he often acts the part of intermediary in settling differences and misunderstandings between parents and children on the one hand and teachers on the other. Educational machinery will always work with greater ease and efficiency if the cogs, wheels and bearings are kept well oiled.

### RESULTS OF SUPERVISION.

Skilled supervision has been on trial long enough to enable a fair estimate of its merits to be made. There can be no longer any question of its great advantage to the schools, wherever it has been given a fair trial.

The following is a brief summary of the improvements noticed in towns and cities employing trained Superintendents:—

1. Better teachers; a better professional spirit on their part; better results.

2. More regular attendance of pupils in all grades; better classifications and progress; more frequent promotions; increased attendance in the Grammar and High schools.

3. A well arranged and properly balanced course of study; unity of work through the various grades, from the kindergarten to the High school; economy of time and effort.

4. Greater care in the selection of suitable text-books, apparatus and supplies; better equipment and care of school buildings; more economical expenditure of money.

5. Greater interest in the schools on the part of parents and taxpayers.

The sentiment of your Committee is shown by the following vote that was passed at a regular meeting of the Board April 26, 1897:—

On motion of Dr. Lewis it was voted that it is the sense of this Committee that it is for the best interest of our schools that a Superintendent be employed.

Affirmative—Mrs. Hanchett, Mr. Fellows, Mr. Colesworthy Dr. Lewis.

Negative—Mrs. Boyd, Mr. Washburn.

The above proving conclusively that a majority favor the employment of a Superintendent of schools.

Respectfully submitted,

J. F. LEWIS, Chairman.

VOTE OF THE BOARD.

HYDE PARK, Feb. 10, 1898.

At a meeting of the full Board, it was voted to adopt the foregoing report as prepared and finally read by the chairman as the report of the Board.

WM. G. COLESWORTHY, Secretary.

# REPORT OF SCHOOLS.

## HIGH SCHOOL.

Master:—Mr. W. H. Angleton.

# SECOND ANNUAL REPORT

OF THE

# Board of Sewer Commissioners

OF THE

# TOWN OF HYDE PARK,

FOR THE YEAR

ENDING JANUARY 31, 1898.

HYDE PARK:
NORFOLK COUNTY GAZETTE PRESS,
1898.

# ORGANIZATION.

FERDINAND A. WYMAN, Chairman.

DAVID PERKINS. HENRY B. CARRINGTON.

RICHARD M. JOHNSON, Clerk.

A. D. NICKERSON, Engineer.

GEORGE A. KIMBALL, Consulting Engineer.

# BOARD OF SEWER COMMISSIONERS' REPORT.

To The Citizens of Hyde Park:

Your board of sewer commissioners elected at a town meeting held on the 6th day of May, 1896, remain organized as on May 9th, 1896. On the 5th of October, 1897, Mr. Percy M. Blake resigned his position of engineer and recommended his assistant, Mr. A. D. Nickerson, as his successor. On the 13th of October, 1897, Mr. A. D. Nickerson was appointed engineer to your board. Mr. George A. Kimball, a member of the Metropolitan Sewer Commission, was retained as consulting engineer

Pursuant to the direction of the vote of the town in town town meeting of May 6th, 1896, it was voted by your board on March 23d, 1897, to issue bonds to the amount of $150,000 to defray the expense and liabilities incurred by the town in carrying out the provision of said act in the construction of sewers. After due advertisement in the public press, bids were received from eighteen different bidders and opened in the presence of representatives of the banking houses bidding. Upon consideration by your board, it was voted to award the whole amount to Messrs. E. C. Stanwood & Co. of Boston, the highest bidders, at 105.40.

Under the supervision of your board, there has been expended $150,741 79, as per vouchers on file and exhibited in table No. 1 of this report. In table No. 3 is shown the work done in detail and the costs of the same. We report on hand:

| | |
|---|---|
| Sewer pipe at cost | $9,428.65 |
| Manhole covers at cost | 500.50 |
| Flush tanks and siphons at cost | 50.00 |
| | $9979.15 |

There is due to contractors the sum of $419.50.

Your board is pleased to record in their second annual report the completion of over nine miles of the sewerage system of Hyde Park and its successful operation. There have been completed 9.95 miles of sewers at an average depth of 10.3 feet. The details of the construction are shown in table No. 2. Upon the map annexed to this report the sewers constructed are plotted in red. The Neponset river was crossed near the foot of Milton avenue by the C. H. Eglee Co., under contract with the board, executed October 13, 1897.

Over five miles—27,441 feet—of permanent sub-drain has been put in; in section 4 about 15,800 feet, having a permanent discharge; in section 5 about 5000 feet, having a permanent discharge under a head of seven feet. These sub-drains added materially to the cost of sewerage construction, as they are placed a foot below the level of the main sewer. Sub-drainage is a necessity in sewer construction in this town. It has been of permanent sanitary value in lowering the level of ground water in the districts in which it is laid, protecting the sewers against leakage and relieving many people of damp cellars and the town of wet springy streets.

Pursuant to the authority of c.287 of the acts of 1896, your board on July 15th, 1897, adjudged it necessary, for the purpose of establishing your system of sewers, to take an easement in a strip of land 10 feet wide and about 1725 feet long on the easterly side of the Neponset river, from Milton avenue to Water street. The easement was taken by due process as prescribed in the act.

In our first annual report, it was suggested that the town should determine what proportion of the cost of constructing the system of sewers the town should pay. The town, in town meeting, March 24, 1897, voted that the town should pay one half of the cost of construction. The owners of estates benefited according to the provisions of this act are to be assessed the remaining half. According to the terms of the

act, your board shall, upon written request of any such owner, made within three months after notice of the assessment, apportion such assessment into equal annual parts, not exceeding five, with interest from the date of apportionment at the rate of 6 per cent. per annum. Due written notice of the assessment thus made will be served upon such estate owners.

House connections with common sewers and all other construction of particular sewers are made under the superintendence of your board. Section 14 of c.287 authorizes the board to prescribe rules and regulations for connecting estates and buildings with main drains and sewers. Rules and Regulations have accordingly been formed and promulgated by your board. Printed copies of these Rules and form of application for connection with the common sewers can be obtained at our office or will be mailed upon request. Ninety-four such applications have been received and eighty-three house connections have accordingly been constructed

Upon careful consideration your board would suggest to the town that at the next town meeting the town vote to take the necessary steps to petition the Legislature for permission to issue $100,000 more bonds to complete the sewerage system. This is in our opinion necessary for the prompt completion of the system, as it is absolutely impossible to estimate the amount that will be received from assessments in the next three years. With such authority from the Legislature the town can from time to time vote to issue bonds to such amount, in addition to the assessments received, as shall be required from year to year.

FERDINAND A. WYMAN,
DAVID PERKINS,
HENRY B. CARRINGTON.

February, 1st, 1898.

## NO. 2.

We have constructed 9.95 miles of sewers in the following streets :

SECTION 1.

| Street | From | To | length built. | av. depth | size |
|---|---|---|---|---|---|
| Fairmount av. | Met. sewer | Everett sq. | 1086 | 12.5 | 15 in. |
| West River st. | Everett sq. | Harvard av. | 230 | 12.2 | 12 in. |
| Maple st. | West River st. | Oak st. | 300 | 9.2 | 8 in. |
| Harvard av. | " | near Clay st. | 618 | 9.8 | 8 in. |
| Central av. | " | Webster st. | 759 | 11.0 | 8 in. |
| Oak st. | Maple st. | Maple st. | 919 | 9.7 | 8 in. |
| Maple st. | Fairmount av. | Summit | 562 | 10.0 | 6, 8 in. |
| | | Total and average for section, | 4474 | 10.7 | |

SECTION 2.

| Street | From | To | length built | av. depth | |
|---|---|---|---|---|---|
| Hyde Park av. | Factory st. | Summit | 2671 | 10.5 | 8, 10, 12, 15 in. |
| Green st. | Hyde Park av. | " | 368 | 9.5 | 10 in. |
| Pine st. | " " | Maple st. | 606 | 11.3 | 6, 8 in. |
| Maple st. | " " | Summits N. and S. | 690 | 9.7 | 8 in. |
| West River st. | " " | Maple st. | 511 | 11.5 | 10 in. |
| | Totat and average for section, | | 4846 | 10.5 | |

SECTION 3.

| | | | | | |
|---|---|---|---|---|---|
| Arlington st. | Met. sewer | Summit | 1519 | 10.5 | 8, 10, 15 in. |
| Elm st. | Arlington st. | West st. | 630 | 9.0 | 6, 8 in. |
| Pierce st. | " | Fairmount av. | 1975 | 10.8 | 8, 10 in. |
| Walter st. | Pierce st. | near River st. | 500 | 10.5 | 8, 10 in. |
| Grove st. | Davison st. | Summit | 190 | 10.0 | 6 in. |
| West st. | Pierce st. | " N. of Hilton | 1853 | 10.5 | 8, 10 in. |
| Davison st. | West st. | Fairmount av. | 1366 | 10.5 | 8, 10 in. |
| River st. | Arlington st. | Everett sq. | 2032 | 12.5 | 8, 10, 12 in. |
| Lincoln st. | River st. | Summit | 1127 | 10.5 | 8 in. |
| Webster st. | River st. | " | 605 | 9.3 | 8 in. |
| Central av. | Webster st. | Arlington st. | 1344 | 9.2 | 6, 8 in. |
| Dell av. | Central av. | Summit | 355 | 9.2 | 8 in. |
| Hilton st. | West st. | Arlington st. | 443 | 10.3 | 8 in. |
| | Total and average for section, | | 13939 | 10.5 | |

SECTION 4.

| | | | | | |
|---|---|---|---|---|---|
| Int. sewer | Milton av. | Williams av. | 1765 | 5.5 | 18, 20 in. |
| Milton av. | Int. sewer | Beacon st. | 451 | 9.0 | 10 in. |
| " | Highland st. | Summit st. | 760 | 11.0 | 8 in. |

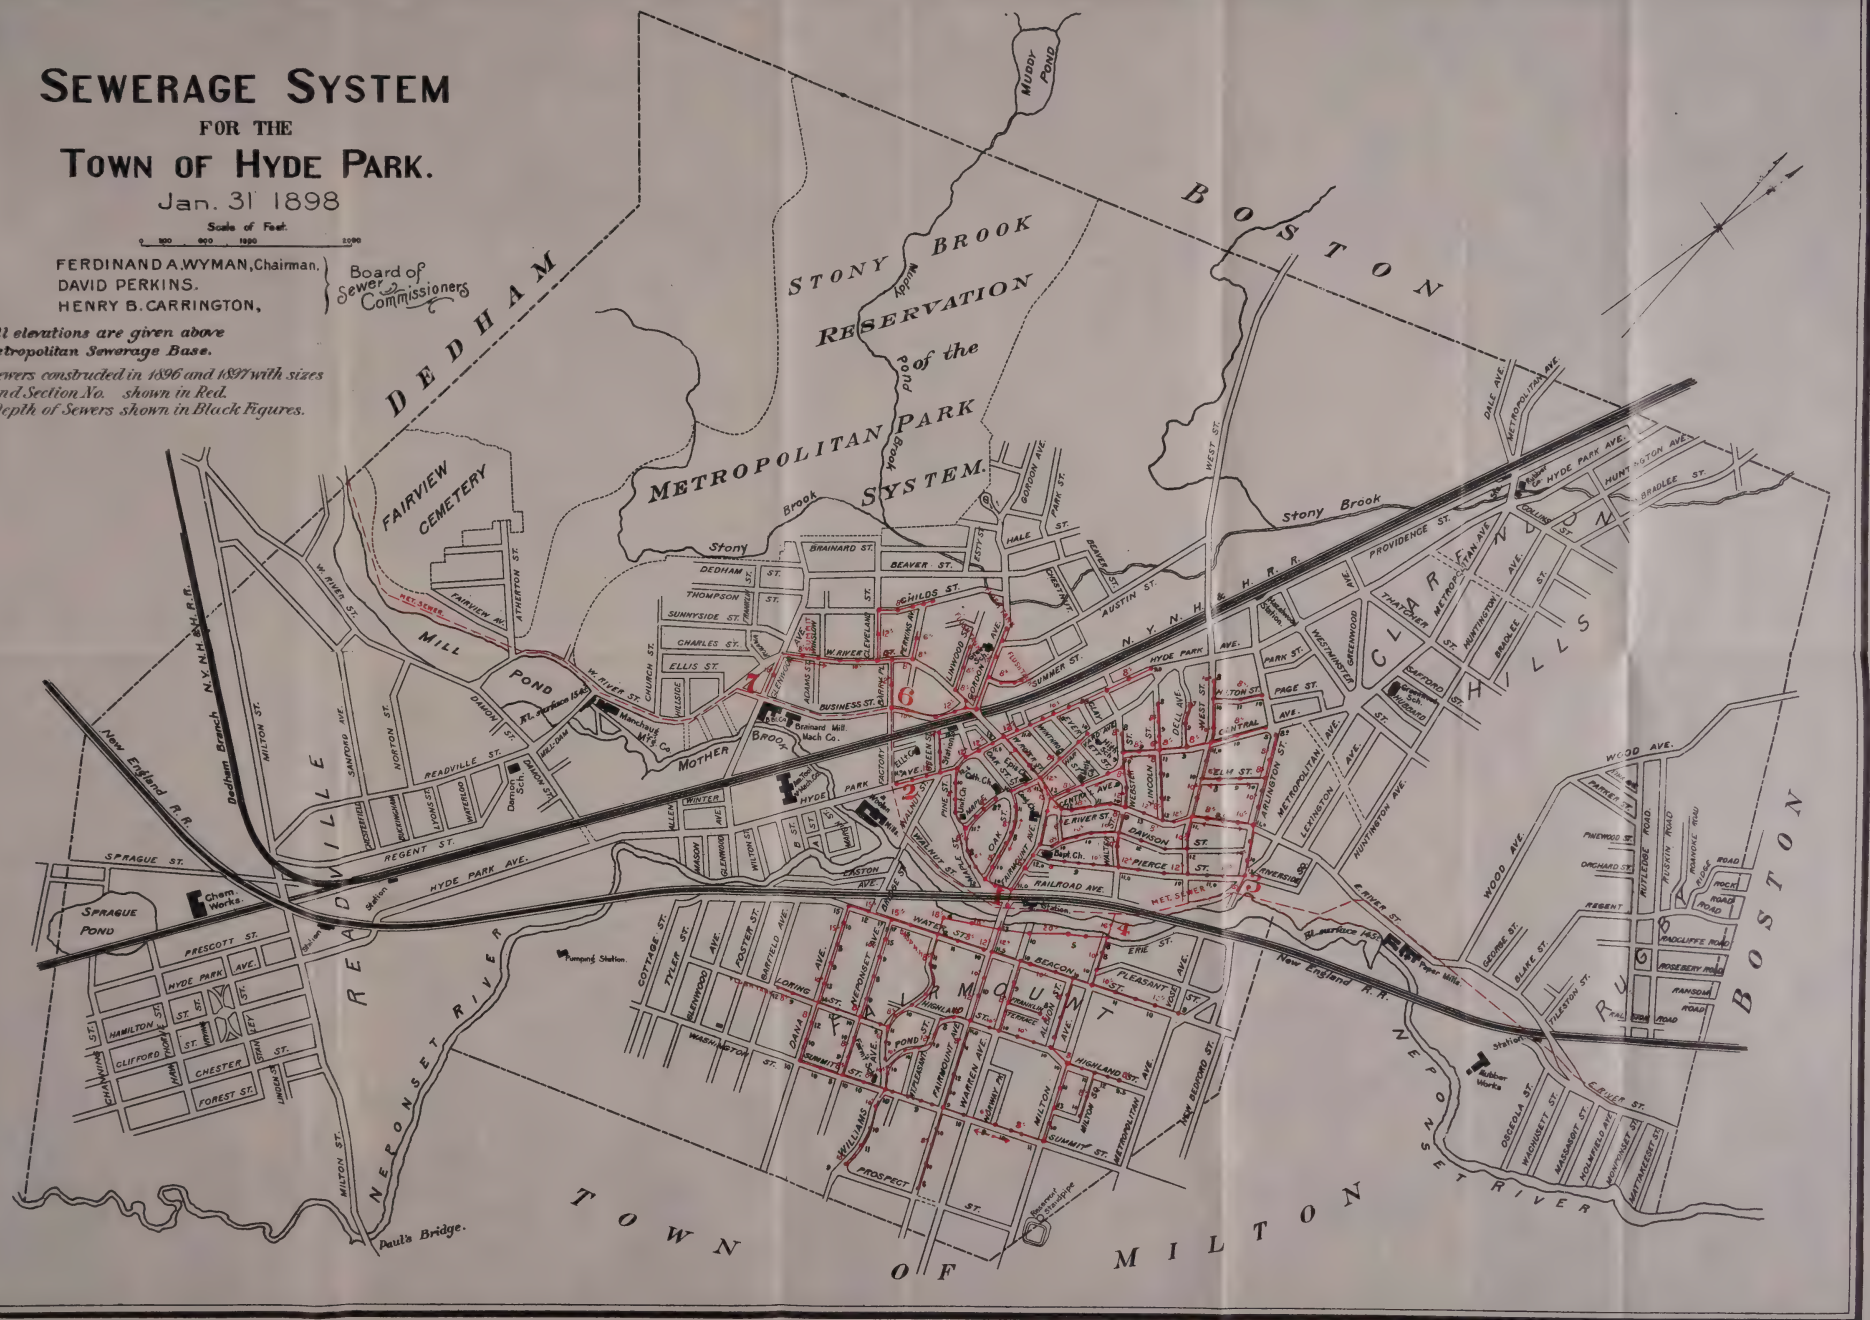
*Sewers constructed in 1896 and 1897 with sizes and Section No. shown in Red. Depth of Sewers shown in Black Figures.*



BOSTON BANK NOTE CO.

# FOURTH OF JULY COMMITTEE'S REPORT.

To the Citizens of Hyde Park:

In pursuance of an article in the town warrant, at the annual appropriation meeting held last March, the sum of $150 was appropriated for the celebration of the Fourth of July, and the Chairman of the Board of Selectmen was authorized to appoint a committee to take charge of the affair. At the first meeting of the committee so appointed, held in April, we came to the conclusion that in order to have a celebration which would be a credit to the town and also to the committee, it would be necessary to start a popular subscription. The plan, we are pleased to say, was a success, as from the storekeepers and the citizens in general we received the most kindly encouragement and assistance, which made it possible for us to carry out the complete program which we mapped out; and to each and every one who in any way assisted the committee, we extend our thanks. We also wish to thank most heartily the Chief Marshal, Mr. A. G. Childs, and his most efficient corps of aids, for the excellent manner in which the details of the parade were carried out, particularly the remarkable prompt start. In Mr. Childs the committee found a zealous worker and it was largely due to his efforts that the parade was such a success. To the Judges, who had an unenviable position, and to the Chief of Police, for his most excellent service, we also extend our thanks. In conclusion we would most earnestly recommend an increased appropriation the com-

ing year. We would suggest that $400 would be sufficient, as our receipts and expenses last year amounted to $346, of which amount the town appropriated $150, and the subscriptions amounted to $196.

(Signed) FRANK H. RADFORD, Chm.
JOHN H. CULLEN, Sec. and Treas.

Any person not assessed a Poll Tax who is entitled to be so assessed may apply to the Board of Assessors to be assessed in accordance with the following ACTS OF 1895. [Chap. 61 ]

AN ACT RELATIVE TO THE REGISTRATION OF VOTERS.

*Be it enacted, etc., as follows:*

SECTION 1. Every male applicant for registration shall present a certificate from the assessors, or a tax bill or notice from the collector of taxes, showing that he has been assessed as a resident of the city or town on the preceding first day of May, and the same shall be accepted by the registrars as prima facie evidence of such residence, or he shall present a certificate from the assessors that he has been a resident for the six months next preceding the election at which he claims the right to vote, and the same shall be accepted by the registrars as prima facie evidence of such residence. If a male person was a resident of the city or town on the first day of May, and was not assessed a poll tax by the assessors of said city or town on the first day of May, such person, in order to establish his right to be assessed, shall appear before the board of assessors, accompanied by two witnesses, who shall testify under oath that they are registered voters of the ward or town in which he desires to be assessed, and who shall also testify under oath to the truth of the statement of the applicant in regard to his right to be assessed at the place claimed by him as a legal residence on the first day of May.

SECTION 2. Every male person moving into a city or town subsequently to the first day of May, and claiming the right to vote at an election and desiring to be registered by the registrars of voters, shall appear before the board of assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be registered, and who shall also testify under oath to the truth of the statement of the applicant in regard to his being a resident of the city or town for the six months next preceding the election at which he claims the right to vote. The assessors shall give the applicant a certificate stating that he has complied with the provisions of this section.

The Assessors will be in session at their office Monday evenings during the months of September and October from 7.30 to 9 P. M., also on such days as may be appointed by the Registrars of Voters.

# SELECTMEN'S REPORT.

---

Fellow Citizens of Hyde Park:

The past year has been one of great importance to the town. The work of abolishing the grade crossings at Readville and changes in streets made necessary by it.

The erecting of a building for the Public Library.

The widening of parts of Hyde Park avenue.

The completion of several streets recently accepted.

These are all enterprises of great importance and great expense.

The Board of Selectmen present for your consideration the following as the annual report for the year ending January 31, 1899.

## NEW STREETS.

In 1897 the town voted to accept Greenwood avenue, Westminster street, Huntington avenue, Easton avenue, Franklin Terrace and Garfield avenue. An appropriation was made and work commenced, but delayed on account of the winter season, and carried over to last summer for completion.

In September last the town voted to accept Norway Park, and appropriated $1200 for the same.

It was constructed under the direction of the Superintendent of Streets and is well and substantially built.

All of the above mentioned streets have been laid out under the betterment law. Assessments have been made and many have already been paid.

## STREET DEPARTMENT.

For the head of this important department the Selectmen reappointed Mr. Henry M. Phipps, Superintendent of Streets. He has given general satisfaction and we regard him well qualified for the position.

The highway appropriation was the same as for the previous year, $15,000, and as an exception to the custom of several years past, we did not ask the town for a second appropriation. The streets have been kept up to a good standard and many improvements have been made during the year. The Superintendent of Streets' report will be found on another page, which, for the first time, is made by him and separate from the Selectmen's report.

## STREET WATERING.

During the past summer a new watering cart was purchased and assigned to the Fairmount district, making four carts in use in the town. The Superintendent of Streets had charge of the work, which was well done and within the appropriation.

## STREET LIGHTS.

By vote of the town there have been added during the year five arc and two incandescent lights, making a total of 128 arc and 63 incandescent lights now furnished the town by the Hyde Park Electric Light Company under its ten-year contract.

## TELEPHONE WIRES AND POLES.

In the early part of our term arrangements were made with the New England Telegraph and Telephone Company for the transfer of a portion of their wires to an underground system. During the summer conduits were laid through the centre of the town from Hyde Park avenue to Beacon street, with branches on the side streets. By our agreement with them the company constructed and bore all the expense of this change, and also give to the town the

free and exclusive use of one of the conduits for the fire alarm service. The company are now using the system and gradually removing the overhead wires.

### INSPECTOR OF BUILDINGS.

Under the new By-Laws recently adopted by the town, the new office of Inspector of Buildings was created. The Selectmen appointed Mr. R. F. Boynton to that position. He entered upon his duties May 1, and has well and faithfully performed the work of this important department. His report will be found on another page of this book.

### HYDE PARK AVENUE.

In response to a petition the County Commissioners visited the town last spring to view Hyde Park avenue, where the question of widening had been agitated for many years. They held public hearings in Hyde Park April 23 and June 25, 1898. A decree was issued July 26 ordering that Hyde Park avenue, from the Boston line to Metropolitan avenue, then 50 feet, be widened to 80 feet; and from the private way leading to the Hyde Park station of the N. Y., N. H. & H. R. R. to Pine street, then 50 feet, to 80 feet; also the rounding of the southeast corner of Hyde Park avenue and West River street. The decree called for the work to be completed Dec. 26, 1898.

At a town meeting held September 7 last, the town appropriated $17,000 to pay for the land damages and construction; work was soon after commenced, and is now practically complete except part of the new bridge over Stony Brook, delayed by the unfavorable weather. We expect to complete it within the appropriation.

In the widening, land was taken from twenty different estates, and a settlement has already been made with most of the owners. The Selectmen have personally attended to this matter, and expect an early settlement with all without

the expense and delay of law. When all claims are settled, and the construction approved by the commissioners, the county of Norfolk is to pay to the town $5908.

### READVILLE GRADE CROSSINGS.

The work of abolishing the grade crossings at Readville and building the new bridge at Allen street has been pushed rapidly forward during the past year, and is now nearing completion. By the State Auditor's report it appears that for these changes there has been expended in Hyde Park to Nov. 1, 1898, about $600,000, and it is estimated that when completed the cost will be about $1,000,000, exclusive of land damages. According to the Act of Legislature the town's proportion is 13 1-2 per cent., divided into annual payments covering 20 years. The first payment is due in 1899. Realizing the great importance of this work and the large expenditure involved, experts have been employed by us to protect the town's interests.

### TOWN PROPERTY.

In June authority was voted the Selectmen to sell the Thatcher street land. As no offer satisfactory to the Board was received, no sale was made. The stone crushing plant is in good condition and has done satisfactory work during the year. About 200 tons of crushed stone are now on hand. The steam roller has been of great benefit to the town in completing the new streets. Two new cars were purchased this year and an addition built to the carriage shed of the street department. The valuation of the town property is about the same as given in the inventory of last year.

### TOWN ROOMS.

The increase in town business and accommodations needed for our new officials, Superintendent of Schools and Inspector of Buildings, made it necessary to have additional

room in Union Block. Rooms were rented and fitted up for town purposes. The vault for the storage of the town records is now inadequate to the needs, and we call the attention of the town to the necessity of providing additional vault room for the proper arrangement and protection of the town records, as required by law.

### POLICE DEPARTMENT.

The Selectmen reappointed James McKay as Chief of Police and the patrolmen of last year, all of whom have rendered the town efficient service and to the satisfaction of the Board. The Chief's report in detail will be found on another page.

### FIRE DEPARTMENT.

The Board appointed as Engineers Benjamin Rafter, J. C. McDougald and John H. Wetherbee, and under their able management the department is in a most satisfactory condition, always ready to promptly respond and faithfully perform the difficult work whenever summoned. The report of the Engineers, with a list of the fires, will be found on another page.

### ACTIONS AT LAW.

Lomelia A. Bickford, admrx. of the estate of Levi B. Bickford, *vs.* Town of Hyde Park. Action to recover taxes paid by deceased on real estate on East River streets, not owned by deceased, more fully described in last Town report, was argued at the November sitting of the Supreme Judicial Court. No decision has been rendered.

Lomelia A. Bickford *vs.* Town of Hyde Park.

Petition that she be awarded damages for the injuries to her premises and well thereon, more fully described in last Town report, was tried at the May sitting of the Superior Court at Dedham, and a verdict ordered for the Town. The plaintiff's exceptions to the Court's rulings were argued at

the November sitting of the Supreme Judicial Court on questions of law. No decision has yet been rendered.

Emily R. Hawes *vs.* Town of Hyde Park.

Petition returnable, Norfolk Superior Court, August, 1898, that she be awarded damages for injuries done to her premises and to a well thereon by reason of the construction of a sewer on Dana avenue. This petition is still pending.

Mary A. White *vs.* Town of Hyde Park.

Action of contract to recover $1000, more fully described in last Town report, was tried at the May sitting of the Superior Court at Dedham, and a verdict returned by the jury for the Town. Plaintiff filed a motion for new trial and same was overruled by the Court after hearing and judgment has been entered on the verdict.

Daniel A. Murray *vs.* Town of Hyde Park.
Susan M. Harlow *vs.* Town of Hyde Park.
William H. Tooher *vs.* Town of Hyde Park.
Draxanna Fairbairn *vs.* Town of Hyde Park.

Four land damage petitions described in the last Town report, all growing out of a decree of the County Commissioners, were settled in November, 1898, by filing a disclaimer and upon payment to petitioners of taxable costs.

Patrick Hayes *vs.* Town of Hyde Park.

Action of tort, claiming damages in $2000 by reason of plaintiff falling over a rail on Walnut street, more fully described in last Town report, was tried at the October sitting of the Superior Court at Dedham, the jury returning a verdict for the Town.

November 12, 1896, betterment petitions were filed in Norfolk Superior Court by the following named persons, appeals from assessments on account of the construction of Warren avenue and Highland street, more fully described in last Town report:

| | |
|---|---|
| George S. Lee, Trustee | Antoinnette N. Higgins |
| Warren S. Hill | Fannie M. Frost |
| Bessie L. Alden | Fred A. Foster |
| Stuart F. Weld | Edward P. Church |

Warren avenue.

| | |
|---|---|
| Alfred Foster | Carrie L. V. White |
| Helen Bryant | Frank E. Bowie |
| Lydia M. Hatch | |

Highland street.

These cases have been settled by compromise pursuant to the direction of the Selectmen.

Mary A. E. Murphy *vs.* Town of Hyde Park.
John J. Loud *vs.* Town of Hyde Park.

Are petitions for land damages on account of the construction of Westminster street.

These petitions were entered in the Superior Court in November, 1898, and are now pending.

Eliza G. Washburn *vs.* Town of Hyde Park.
Maria A. Eustis *vs.* Town of Hyde Park.
Jennie F. Hurter *vs.* Town of Hyde Park.
Mary M. Bursch *vs.* Town of Hyde Park.

Four land damage petitions returnable Norfolk Superior Court, November, 1898. Petitioners claim damages on account of constructing a town sewer through their land near the Neponset river in the Fairmount district. These petitions have been referred to Charles A. Williams, Esq., of Brookline, as auditor.

Forty-nine other petitions were brought, and are now pending in the Superior Court for Norfolk County, against the Town, for the purpose of determining the amount of damages to the petitioners' real estate on account of the abolishment of grade crossings. Under the provisions of the statute the Town pays 13 1-2 per cent., and the Commonwealth and the Railroad the remainder of the expense of

the abolishment of the grade crossings at Readville and the extension of Glenwood avenue. All petitions on account of change of grade and extension of street have been referred to Charles A. Williams, Esq., of Brookline, and Daniel C. Linscott, Esq., of Boston, as auditors.

The construction and extention of Glenwood avenue across the N. Y., N. H. & H. R. R. and the improvements in relation to the abolishment of grade crossings necessitated the taking of land from the following named persons. Petitions were brought in the Superior Court in the name of the Town for the purpose of determining the amount of the damage to which each respondent is entitled :

| | |
|---|---|
| James Nolan | George Whitcomb |
| James Collins | John P. Dunn |
| Patrick Gilmartin | Susan Mullen |
| Rebecca B. Slafter | Timothy Burns |
| Dennis Burns | |

The cases of Collins, Gilmartin, Dunn, Whitcomb and Mullen were settled without trial, amounts being agreed upon. The cases of Timothy Burns and Dennis Burns were heard by the auditor. Timothy Burns desired a jury to pass upon his case, and it was heard at the January, 1899, sitting, the jury assessing damages at $1839, which includes interest. The case of Slafter is pending before the auditor, but has not been heard. The case of Nolan has been heard by the auditor, who assessed damages in $621.61, including interest.

George S. Lee, Tr., *vs.* Town of Hyde Park.
George S. Lee, Admr., *vs.* Town of Hyde Park.
Lola B. Page *vs.* Town of Hyde Park.
James S. Coveney *vs.* Town of Hyde Park.
Lemuel B. French *vs.* Town of Hyde Park.
Real Estate & Building Co. *vs.* Town of Hyde Park.

Petitions for damages by decree of County Commissioners in December, 1896, relocating and changing grade of Hyde Park avenue. The cases of French and Coveney have been disposed of by payment of petitioners' taxable costs. The other four cases are still pending.

Inhabitants of Hyde Park *vs.* Commonwealth of Massachusetts.

To the taking in 1894 by the Metropolitan Park Commissioners of about 10 acres of land within the Stony Brook Reservation, more fully described in previous town reports. This case was entered for trial. The Selectmen called a town meeting for instruction, and it was voted that they accept $500 per acre for the same, which they have done.

In conclusion we call attention to the several assessments for Metropolitan improvements; payments have been made on the High level sewer, for the Metropolitan Water District, and the Metropolitan sewer.

Respectfully submitted,

FRANK B. RICH,
STILLMAN E. NEWELL,
EDWARD Q. DYER,
JOHN JOHNSTON,
FRED Y. FRENCH,
Selectmen of Hyde Park.

# SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows *in a condensed form* the action of the town on the various articles which have been before it for consideration the past year.

---

FEBRUARY 2, 1898, a Town Meeting was held in Casino Hall, when the following articles were acted upon:

ART. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosed moderator.

ART. 2. "To see if the town will vote to increase the number of the School Committee from six, as now constituted, to nine, by adding one to each class to hold office according to the tenure of the class to which they are severally chosen."

Voted to so increase.

ART. 3. "To see if the town will ratify the vote passed by it December 15, 1897, providing for the issue of bonds for Public Library purposes, to the amount of $25,000, and will authorize the issue thereof accordingly, and to take any other action with regard to such bonds or the issue and proceeds thereof."

Voted to so ratify and authorize; and "that treasurer be also authorized and instructed to pay over the entire proceeds of said bonds for the purposes authorized by said vote."

Adjourned.

March 30, 1898, a Town Meeting was held in Waverly Hall, when the following Articles were acted upon, viz. :

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen moderator.

Art. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.

The list was amended and accepted.

Art. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

Art. 4. To see what disposition the town will make of the money received from dog licenses for the year 1897.

To the public library for purchase of new books.

Art. 5. To see what compensation the town will vote to pay for collecting its taxes the current year.

Same as last year. (1 per cent.)

Art. 6. To fix the salaries of the town officers for the current municipal year.

Board of Health, $25 each; no salary voted for School Committee; all other officers same as last year.

Art. 7. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

Six hundred dollars allowed.

Art. 8. To fix the compensation of the engineers and the several members of the fire department, for their services the current municipal year.

Chief Engineer, $150; two Assistants, $75 each; four permanent men (to include one at Readville), $700 each; Call Men, $50 each.

Art. 9. So see what discount the town will vote to allow on all taxes paid on or before October 1, 1898; and

what interest the town will vote to charge on taxes for the current year, when the same shall be overdue.

No discount; interest at rate of six per cent. per annum on overdue taxes.

Art. 10. To see if the town will appropriate one hundred and fifty dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

Art. 11. "To see what sum the town will appropriate for the celebration of the 'Fourth of July,' 1898."

$250 appropriated therefor.

Art. 12. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 13. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 14. "To see if the Town will vote to appropriate a sum not exceeding Two Thousand Dollars ($2,000) for park purposes."

Indefinately postponed.

Art. 15. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our Street Lighting contract, for one arc light to be placed on Huntington avenue, between River and Westminster streets.

So authorized.

ART. 16. "To see if the town will authorize and instruct the School Committee to appoint a Superintendent of Schools."

So authorized and instructed. Yes 257; No 13.

ART. 17. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiences of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of One hundred fifty-three thousand five hundred sixty-five dollars, and to appropriate the same as follows:

| | | |
|---|---|---|
| Support of Schools: | | |
| For Salaries and Fuel, | $39,840 00 | |
| " Incidentals, | 5,300 00 | |
| " Text Books and Supplies, | 4,250 00 | |
| " Evening Schools, | 700 00 | |
| " Industrial Schools, | 200 00 | |
| | | $50,290 00 |
| For Bonds and Notes maturing | | $10,600 00 |
| " Interest, | | 9,000 00 |
| " Highways, | | 15,000 00 |
| " Street Watering, | | 2,500 00 |
| " Incidentals, | | 9,500 00 |
| " Police, | | 7,500 00 |
| " Fire Department, | | 9,075 00 |
| " Overseers of Poor, | | 6,500 00 |
| " Street Lights, | | 8,850 00 |
| " Public Library, | | 3,000 00 |
| " Salaries, | | 2,950 00 |
| " Board of Health, | | 4,000 00 |
| " G. A. R. Post, | | 150 00 |
| " Insurance, | | 800 00 |
| " Fourth of July | | 250 00 |
| Voted in 1897, and payable in 1898, | | 13,600 00 |
| | | $153,565 00 |

ART. 18. To see if the town will ask permission of the General Court of Massachusetts to issue bonds, notes or

script to the amount of One Hundred Thousand Dollars ($100,000.00) under the provisions of the Acts of 1896, Chapter 287, Section 9, in addition to the amount provided for by said Section.

Sewer Commissioners authorized to ask for such permission.

Art. 19. To see if the town will make and adopt By-Laws relating to Truants and Neglected Children.

On motion of Mr. E. I. Humphrey the following By-Law was adopted:— 'Habitual truants and children between seven and fifteen years of age who may be found wandering about in the streets or public places in the town, having no lawful occupation or business, not attending school, and growing up in ignorance, and such children as ersistently violate the reasonable rules and regulations of the public schools, shall be committed to the Union Truant School at Walpole as a place of confinement, discipline and instruction, or to such other place as may now or hereafter be provided by law."

Art. 20. To see if the town will vote to choose its Park Commissioners by ballot.

Voted so to choose them.

Art. 21. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a collector may use.

So authorized.

Art. 22. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Authorized to borrow $90,000 in anticipation of taxes, with approval of the Selectmen.

Art. 23. To see if the town will authorize its Treasurer with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Adjourned at 9.13 P. M.

---

June 22, 1898, a Town Meeting was held in Casino Hall, when the following Articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen moderator.

Art. 2. "To see what action the town will take with reference to the purchase of additional land between the Hoogs lot, so called, and Everett street, on or near the corner of Everett street and Harvard avenue, for the site for the Public Library building, and to appropriate money for the purchase of the same, and to authorize the issue of the bonds or notes of the town in payment for same."

The Trustees of the Public Library were authorized to purchase this land at a price not exceeding $6500, and said amount was appropriated therefor, to be raised by taxation next year.

Art. 3. To see if the town will vote to issue any bonds, notes or script, and fix the amounts, times of payment, and rate of interest thereof and thereon, and the form thereof, pursuant to the provisions of Chapter four hundred and nineteen of the Acts and Resolves of the General Court of Massachusetts for the year 1898, the same being entitled "An Act to authorize the town of Hyde Park to incur additional indebtedness for sewerage purposes," and pass any votes relating thereto.

Voted to issue bonds to the amount of $100,000 of the denomination of $1000 each, bearing interest at the rate of 4 per cent. per annum, payable in lawful money of the United States, as follows:—Four bonds payable each year for sixteen years from date of issue, and three bonds payable each year for twelve years next following said sixteen years, the loan covering a period of twenty-eight years. Proceeds of sale of bonds to be applied to defraying expenses incurred in extending the sewerage system in this town. (The vote stood 64 Yes; 14 No.)

Art. 4. To see if the town will vote to borrow any money pursuant to the provisions of said Chapter 419, or of Chapter 287, of the Acts and Resolves of the General Court of this Commonwealth for the year 1896, the same being "an act to authorize the town of Hyde Park to construct

a system of sewerage and to provide for the payment therefor.

Treasurer authorized to borrow not exceeding $75,000 in anticipation of the proceeds from sale of bonds authorized under Article 3, above.

ART. 5. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our Street Lighting contract, for one arc light to be placed on the corner of Neponset avenue and Summit street.

So authorized.

ART. 6. To see if the town will authorize its Selectmen to sell at private sale or public auction, a lot of land situated on southerly side of Thatcher street, in this town, and known as the "gravel lot," the unused hose house being now thereon, and authorize its Selectmen to sign, seal, acknowledge and deliver in its name and behalf, proper deed or deeds to convey the same to the purchaser of said land.

So authorized.

ART. 7. To hear the report of the Selectmen laying out Norway Park between Summit street and Warren avenue, as a public town way, and to see if the town will accept and allow said laying out, with the boundaries and admeasurements of said way, as shown by report, plan and profile now on file in the town clerk's office, and appropriate money to construct the same.

Report presented and accepted. The layout was allowed and the sum of $1200 appropriated to construct said street; said amount to be raised by taxation next year.

Adjourned at 9.26 P. M.

---

SEPTEMBER 7, 1898, a Town Meeting was held in Casino Hall, when the following Articles were acted upon:

ART. 1. To choose a moderator to preside at said meeting.

David W. Murray, Esq., was chosen by ballot.

Art. 2. To see if the town will vote to raise and appropriate a sum of money sufficient to carry into effect the decree of the County Commissioners, dated July 26, 1898, relocating Hyde Park avenue.

$17,000 appropriated for this purpose, the same to be raised by taxation in 1899.

Art. 3. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our Street Lighting contract, for two arc lights; one to be placed near the corner of Garfield avenue and Water street, and one near the corner of Warren avenue and Beacon street.

So authorized.

Art. 4. To hear the report of the committee appointed Dec. 15, 1897, to consider the abolishment of the grade crossing of Fairmount avenue and the New England Railroad.

Report of "progress" made and received. Report recommends that town do not "take the initiative in the abolishment of said crossing, at the present time."

Art. 5. "To see if the town will authorize its Board of Health to make and enforce in this town such regulations as said Board may deem necessary for the safety and health of the people with reference to house drainage and its connection with public sewers where a public sewer abuts the estate to be drained."

So authorized.

Art. 6. To see what names, if any, the town will give to the following "Squares" so called: One at the junction of Central avenue, Greenwood avenue, Westminster street and Metropolitan avenue; and one at the junction of Hyde Park avenue and West River street.

The first square mentioned in this Article to be called "Greenwood square;" and the last square mentioned therein to be called "Cleary square."

Adjourned at 8 45 P. M.

November 30, 1898, a Town Meeting was held in Waverly Hall, when the following Articles were acted upon :

Art. 1. To choose a moderator to preside at said meeting.

David W. Murray, Esq., was chosen by ballot.

Art. 2. To see if the town will vote to transfer to the incidentals the unexpended balance of the street watering appropriation.

So transferred.

Art. 3. To see if the town will raise and appropriate an additional sum for police.

$500 appropriated to be taken from money in the treasury received from fines in criminal cases.

Art. 4. To see if the town will authorize the Selectmen to contract with the Hyde Park Electric Light Company for the remainder of the term of our Street Lighting contract for lights to be placed as follows :

One arc light on Summit street, between Milton avenue and Fairmount avenue.

One incandescent light on Wood avenue.

One incandescent light on Fairmount avenue, between Summit street and Prospect street.

So authorized.

Art. 5. To see if the town will authorize its Selectmen to contract with the Hyde Park Water Company for the remainder of the term of the town's contract with said Company for a fire hydrant to be located near Cleary square.

So authorized.

Art. 6. To see what action the town will take in relation to case entitled "inhabitants of Hyde Park vs. Commonwealth," pending in Superior Court, Norfolk County, for the value of about ten acres of land in what is known as

"Happy Valley," taken by the Metropolitan Park Commissioners as a part of the Stony Brook Reservation.

Selectmen instructed to accept the offer of $500 per acre, made by the defendent in this case.

Adjourned at 10 P. M.

---

A NEW BY-LAW.

By-Law, adopted by the town since the publication of the By-Laws in the "Town Report" of last year:

Habitual truants and children between seven and fifteen years of age who may be found wandering about the streets or public places in the town, having no lawful occupation or business, not attending school, and growing up in ignorance, and such children as persistently violate the reasonable rules and regulations of the public schools, shall be committed to the Union Truant School at Walpole, as a place of confinement, discipline and instruction, or to such other place as may now or hereafter be provided by law.

The foregoing By-Law was adopted by the said town of Hyde Park, at a meeting of its legal voters held in Waverly Hall, in said town, March 30, A.D., 1898, and was approved by the Superior Court for the County of Norfolk, on May 23, A. D., 1898. Attest:

HENRY B. TERRY, Town Clerk.

# REPORT OF SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

Gentlemen — I herewith submit my report for the year ending January 31, 1899.

During the year there have been extensive repairs made on many of our streets. Good material was obtained from the town stone crushing plant; 4500 feet of new paved gutters have been laid and 1800 feet of old gutters relaid. I recommend that the work of repairing old gutters be continued as many are in very bad condition, and I also suggest more new ones. Twenty-two new cross-walks have been put down in various parts of the town. We have constructed four new catch-basins and rebuilt several of the old ones which were found too small to take care of the water.

There were about 450 feet of edge stone set and new sidewalks constructed. Nineteen new iron sign posts have been erected to replace the old wooden ones. One new push cart was purchased, making two in use during the summer. They have done good work keeping the papers and rubbish out of the gutters. I recommend the extension of this service. The water carts, double and single carts, and stone jigger are all in first-class repair. The five horses in this department are in excellent condition.

Respectfully submitted,

HENRY M. PHIPPS,
Superintendent of Streets.

# SIXTH ANNUAL REPORT OF THE PARK COMMISSIONERS.

---

1. We do not recommend the appropriation of any money for park purposes this year, for the reason that the taxes must necessarily be large owing to the appropriations already made for the public library and for widening Hyde Park avenue.

We feel it proper to ask, however, that any sum of money which may be paid to our town by the Metropolitan Park Commission for land taken, shall be appropriated to park purposes. We had an appropriation in 1894 of two thousand dollars, which is all we ever had; and of that, there is now an unexpended balance of $1571.35.

The expenses of the Board the past year, as usual, have been light. Our hearings have been held in the Selectmen's room, and our usual meetings at the house of one of the members, and, consequently, we have had no rent to pay, and the custom of permitting the Chairman and Secretary to defray all the expenses for stationery and postage has again prevailed. Members also have, as usual, either walked or paid their own car fare when travelling upon business in relation to parks or trees on public grounds.

Many meetings have been held and much labor performed since this Board was first organized. We have never had any salary. Our present Secretary has, free of charge, even posted notices of hearings in seven public places and one on each tree which petitioners desired to cut. While we have been willing to look over the town roads to ascer-

tain just where limbs ought to be cut on shade trees, not being furnished with an axe, either public or private, we have been obliged to hire a man to trim a few trees, and have also paid for copying for publication the stenographic report of the admirable speech of Mr. de Las Casas, Chairman of the Metropolitan Park Commission, delivered at Hyde Park on September 22, 1898. The total expenditure of the past year has been fifteen dollars.

2. We have had before us during 1898 five petitions for permission to cut shade trees. In every case the statutory notices were given and a public hearing held. In all but one case it was clear to the Board that the petitions should be granted.

The Selectmen asked leave to cut a tree on Dana avenue, and one of our Board took pains to see the residents living in that neighborhood about it, and yet only one person appeared in opposition at the hearing, and he, after listening to the evidence of the petitioners, concluded that it was best to permit the cutting of the tree rather than to impede the work of the Selectmen, who proposed to pave the gutters if the tree was cut. However, after permission was granted by a majority vote of the Board, a petition was started in that vicinity asking that the tree should not be removed. But the tree was cut before any remonstrance was fully prepared, and therefore neither our Board nor the Selectmen were officially informed of the character or weight of the objections. This shows the necessity of attending the public hearings if any one has objections to the cutting of a tree. The Board has to act on the evidence befere it, but invites the fullest discussions at all its hearings.

3. The Metropolitan Park Commissioners have taken all the land in Hyde Park necessary for a parkway connecting Stony Brook Reservation, by way of Paul's Bridge, with the Blue Hills. It has always seemed to us that this ought to

have been done in connection with the abolition of grade crossings at Readville, and we urged this in all proper ways; but, as it was not then done, we commend the taking of the land (most of which is not valuable), and hope that, at some time, the way will be constructed.

The Metropolitan Park Commission have also constructed a road through Stony Brook Reservation, commencing at Brainard street in Hyde Park, and ending at Washington street, Boston. The work is well done and we find here just such a use of money as the public like to commend. This furnishes to our town another very delightful walk or drive.

4. From its inception this Board has favored a parkway along the banks of the Neponset river. Last spring, by invitation of Dr. Samuel A. Tuttle, our Representative in 1898, the Metropolitan Park Commission and the Committee on Metropolitan Affairs of the Legislature, came out to look over the situation in connection with the Blue Hills, the Neponset river and the Canton meadows. With many of our citizens, we joined with Dr. Tuttle in urging upon the Committee on Metropolitan Affairs the importance of this work. The Committee was convinced of the necessity of taking the banks of the Neponset river, from the standpoint of health, and of the value of a boulevard along its borders which were made beautiful by the Creator, but are marred at some points by the handiwork of man.

Upon the recommendation of the Committee, a general appropriation of one million dollars was made, having in view the expenditure of several hundred thousand dollars of it along the Neponset. Many of our citizens united in inviting the Chairman of the Metropolitan Park Commission and others to address us upon this and kindred subjects. It is no disparagament to the other able speeches made at the time of the public meeting held in response to this in-

vitation, to say that his speech placed the subject before us in a clear, forcible and practicable way and ought to be read by all our citizens. We append to this report extracts relating to the Neponset river, and regret that there is not room for the whole speech.

While the construction of this proposed boulevard will cost something, it will increase the value of land which it will develop, and cause buildings to be put up so that we shall at once begin to realize upon the investment. We heartily favor the taking of the land now and the construction of the roadway in the near future.

The Metropolitan Park Commission have manifested a strong desire to undertake this work in accordance with the spirit of the appropriation, but, at the same time, are unwilling to pay exhorbitant prices for the land needed. They have prepared a plan of all the land they desire along the banks of the Neponset, and have prepared for each owner a description and a plan of his land which they wish to purchase, and have requested them to give them an option. Some of the owners have been generous, and most of them have only asked such prices as they would expect from their neighbors for the same land. In a few cases, no option has been given. We feel that this is an inprovement which is very desirable for Hyde Park and Boston, as well as necessary to a proper completion of the parkways uniting the Boston Park System to the Blue Hills.

The trial at Dedham of a case brought to determine the value of certain land taken in Stony Brook Reservation, tends to prove that Norfolk juries will not burden the Commonwealth with exhorbitant claims for damages where land is taken for public use, and a recent decision of a jury in relation to land taken in Milton for park purposes seems to confirm this idea. We, therefore, hope that the Metropolitan Park Commission will take the land along the Ne-

ponset by the right of eminent domain, and where owners ask too much, will bring it before a jury to fix a fair price. At the same time, we hope that all the owners will finally be willing to accept what is reasonable and thus aid the town and the Commonwealth to improve and make attractive the community in which we live.

EXTRACT FROM SPEECH OF WILLIAM B. de LAS CASAS CHAIRMAN OF METROPOLITAN PARK COMMISSION, DELIVERED IN HYDE PARK, MASS., SEPTEMBER 22, 1898.

Last year the Metropolitan Park Commission recommended that provision be made for acquiring lands in addition to those on Charles river, for those on Mystic and Neponset rivers, considered as spots of particular beauty. If only the shores of one such place were to be provided, naturally the Charles river is the first river in the district; naturally the Commission reported and said that that must be attended to first. Everybody acquiesced in that and recognized it, just as they did when we said: If there is to be but one beach, when all considerations are taken into account, Revere Beach is the beach which can be most easily reached, which is the best when you get to it and can be of use to the largest number of people. But the Commission last year went to the Legislature and said that "If the work is to go any further they recommend that provision be made to enable something to be done upon the Neponset river and upon the Mystic river." As I understood it, it is quite true that, when the matter came into consideration before the committees, it was understood on all the bills that were there, and they united them into a general appropriation, that they were making provision which, on an estimate of tax values and of a percentage of cost for the lands upon the river, those which seemed to be available, was sufficient to provide for acquiring lands, substantially all that would be required upon the Mystic and the Neponset rivers. In that spirit the Metropolitan Park Commission, I will say frankly to you to-day, take you into their confidence and say that the Metropolitan Park Commission have proceeded diligently with their

study and consideration of how they could best apply those funds, make them go the farthest and produce the greatest benefit to the district and to this community in the acquirement of lands along the Neponset river. (applause.)

* * * * * * * * * *

I am not hear by any means to have you draw from what I say the conclusion that the Metropolitan Park Commission is not going to spend any money on the Neponset river unless you come forward and show your interest by appropriating $50,000, or doing something of that sort. That is not our business at all. Our business is to consider the problem and do the very best we can. We know there is a bad problem here. We have been up and down the river. We know what the state board of health said. We know that there is a matter here that ought to be remedied and ought to be considered. But, I have said, as trustees of the state it is our business, not to acquire this particular spot or that particular spot along this river, but to acquire that which will give the people the largest amount of the river for the money which we are able to devote to the purpose and which will acquire, as far as possible, the most critical points where there is pollution or where there are bad effects to be seen from the shore, and that is what we are trying to study and trying to figure out. You, gentlemen, can co-operate, not by making appropriations, unless you are disposed to do it, but by making it your business to stir up a public sentiment which shall demand that the shores of the river, where they are wanted, shall be sold at as reasonable prices as individuals sell those to other individuals.

* * * * * * * * * *

The Neponset river is naturally beautiful. It is natrally a playground, a pleasure ground, a breathing space, which you ought to have in its beauty, in its purity, and in all that goes to make you happy and blessed in it. That does not mean, gentlemen, (for sometimes people get false impressions in their minds), that does not mean that industries are to be interfered with. It does not mean that there is any spirit on the part of the Commonwealth or of the state to come here and wipe out in-

dustries that happen to be located along the river. It does not mean that you are to have to go somewhere else to find your job or that the people who own those factories and buildings along the river are to be obliged to give those up and go elsewhere. Nothing of the sort. That never enters into it. Where the people are ready and willing and desirous to abandon those, then it becomes a fair question whether they shall be purchased or not; but the park business should never interfere with the legitimate business of the community. But when it becomes a question of whether you shall locate confectionery shops or something else out over the edge of your river, then I tell you, gentlemen, it does become a question of common interest (applause), and I take it that you can decide whether such improvements as that are legitimate and may be advantageously carried out in your midst. I thank you for your attention. (Great applause).

WILBUR H. POWERS, Chairman.
LAWSON B. BIDWELL, Secretary.
JOHN J. ENNEKING.

Park Commissioners of Hyde Park.

# REPORT OF THE TRUSTEES OF THE HYDE PARK PUBLIC LIBRARY.

For many years, it has been customary in the annual report of the Trustees to allude to the lack of suitable accommodations for our Public Library. It is a great pleasure to us to be permitted to omit this annual subject in this year's report, and it is a far greater pleasure for your Trustees to call your attention to the new library building now in process of erection on Harvard avenue.

As stated in last year's report, we issued to architects our circular letter of requirements, of which the following is a copy :—

HYDE PARK, MASS., JANUARY 21, 1898.

The Committee appointed by the Trustees of the Hyde Park Public Library to obtain designs for a new library building offer the following suggestions to architects desiring to enter an open competition for such design.

SITUATION.—The lot is 100 feet square, level, and on the same grade as the adjoining streets. It is bounded westerly by Harvard avenue, 40 feet wide; and southerly by Winthrop street, about 35 feet wide. The building should front on Harvard avenue.

BASEMENT.—The basement should contain the heating apparatus and fuel room; also a portion of the stack-room as hereinafter specified.

THE FIRST FLOOR.—This should contain (*a*) a reading room, (*b*) a juvenile reading room, each to have cases for reference and other books around the walls and under the windows, (*c*) a delivery room, (*d*) a librarian's room, (*e*) a stack-room.

The reading room and delivery room, while they need not be in wholly separate rooms, should be so far disconnected that slight noise or conversation in one may not seriously disturb the occupants of the other rooms.

The stack-room should be twenty-one feet in height, seven feet of which is to be below the level of the first floor, i. e. in the basement. The outside walls of this room should contain an air space.

The centres of the windows on the sides of this room should be 52 inches apart, and the ground floor area should be not less than 900 square feet.

THE SECOND FLOOR.—This should contain a small hall with a floor-area of 1000 square feet more or less; also a trustees' room.

The stairway leading to the second story should be so arranged that it can be shut off from the rooms of the first floor.

There must be two toilet rooms in the building.

MATERIAL.—The material is to be brick with stone or terra-cotta trimmings,

COST.—The cost is not to exceed $20,000 exclusive of the book-stacks, which form no part of this design.

The plans should be on a 1-4 inch scale and are to consist of

(*a*) The elevations of each side in outline.

(*b*) The basement and two floor plans.

(*c*) A cross section of the reading room and of the hall.

(*d*) A perspective view of the street sides.

There should accompany each set of plans a type-written description giving information concerning materials, methods of construction, decoration, lighting, heating, ventilation, etc.

There shall also be an estimate of the cost, and in case such estimate shall be exceeded by over 15 per cent. by the estimate of such contractor or contractors as the Committee may select the design may be rejected.

Each drawing and the description shall be distinguished only by a motto or device which shall be repeated on the outside of a sealed envelope containing the author's name and address.

TIME.—All designs and descriptions are to be delivered at the Hyde Park Public Library Rooms, Hyde Park, Mass., not later than 9 o'clock P. M., Monday, February 21, 1898, directed to the Committee on Plans and Estimates.

No plans not conforming to the foregoing will be considered and the Committee reserve the right to reject any and all designs which may be submitted.

The Committee will decide as quickly as possible which design they select and notify the authors of other designs that their designs are ready to be returned and await their orders.

COMPENSATION.—The Committee agree to pay 5 per cent. on the cost of the work executed from the selected architect's design for full professional services, and no compensation shall be given to those whose designs are not accepted.

For the Committee,

WM. H. ALLES, Secretary.

Our invitation was rewarded with thirty-five (35) sets of plans.

We had submitted to us very many excellent designs, though a careful figuring proved that some of them were far beyond the amount of our appropriation. After many weeks' consideration, during which we sought the aid of expert advice, your Board unanimously selected the plans of Messrs. Clark and Russell of Boston, as being on the whole best suited to our needs, both exterior and interior being considered.

The contract for construction was awarded to Mr. George Howard of Brockton, Mass., who was the lowest bidder and whom we found on investigation to bear a most excellent reputation as a builder. The contract was signed June 29, 1898, and work immediately commenced and, barring some unavoidable delays, has progressed in an exceedingly satisfactory manner, leading us to hope that the dedication of the new building will occur in May of the present year.

It soon became evident to the Trustees that the original lot purchased was too small to contain a suitable building, and on their recommendation the Town generously added the adjoining lot, and we think no one will regret that this action was taken.

In June, 1898, we employed an expert cataloguer to take charge of the re-classification of the books and the formation of a classified card catalogue. This work has been going on under her direction, with the aid of the regular force, and we hope it may be successfully completed without the necessity of closing the library on this account.

Early in the year we lost by death the assistance and co-operation of Mr. David C. Marr, who had been for many years one of our fellow-trustees. He was a man of genial manners and wide reading, and was always fertile in his suggestions for increasing the facilities of the library. The vacancy was filled by the unanimous election of Mr. John W. Griffin.

In April, 1898, the following letter was received from Mr. Henry S. Grew :—

BOSTON, April 4, 1898.

Chairman of the Board of Trustees of Hyde Park Public Library :

Dear Sir :

Understanding that the appropriation made at a recent town meeting is not likely to cover all the cost of erecting and fitting up the new library building, I wish as a citizen of Hyde Park, to contribute the sum of one thousand dollars toward that object or the purchase of books, as may seem best to its Trustees. I am

Yours very truly,

HENRY S. GREW.

At a meeting held by the Trustees, April 9, 1898, it was voted to accept the gift, and the Secretary was instructed to return the thanks of the Board for same.

The Trustees wish to publicly express their gratitude to Mr. Grew for his gift to the Library, and venture to hope that this gift is the forerunner of other recognition, by present and former residents of the town, of the benefits of the Public Library.

A summary of the Librarian's reports for the past year is as follows :

| | | |
|---|---|---|
| Number of books returned, . . . . . | 35,318 | |
| Number of books borrowed, . . . . . | 35,268 | |
| Amount received in fines, . . . . . | | $35.46 |
| Number of cards issued, . . . . . | 427 | |
| Number of magazines used in the reading room, | 1,085 | |
| Number of books used in the reading room, . | 624 | |

The number of books borrowed in excess of 1897-98 was 1258.

The number of cards issued exceeds the number issued in 1897-98 by 27.

# CEMETERY COMMISSIONERS' REPORT.

The receipts and expenditures for the financial year ending January 31, 1899, have been as follows:

RECEIPTS.

| | | |
|---|---|---|
| Sale of lots, | $1,565 00 | |
| Sale of single graves, | 295 00 | |
| Interment and receiving tomb charges, | 542 00 | |
| Foundations for monuments, | 198 89 | |
| Sewer award, | 120 25 | |
| Wood, | 4 00 | |
| Balance from last year, | 4,065 64 | |
| | | $6,790 78 |

EXPENSES.

| | | |
|---|---|---|
| Labor, etc., | $1,503 98 | |
| Paid for land, | 764 47 | |
| | | 2,268 45 |
| Balance on hand, | | $4,522 33 |

A detailed statement of the receipts and expenditures accompanies this report.

Grading and preparing lots has been continued during the year, completing work commenced last year. Beech avenue has been opened, but owing to the cold weather early in the season no lots have been completed on this avenue.

The Commissioners feel that it is now time that some action should be taken to provide a permanent fund to be taken from the funds from the sale of lots, and invested, the income to be used for the care and adornment of the cemetery. Proper regulations will be submitted for the approval of the town during the coming year.

STATISTICS.

| | 1892 | 1893 | 1894 | 1895 | 1896 | 1897 | 1898 | total. |

GEORGE E. WHITING,
Commissioners.

# REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

Gentlemen—Following is a report of the business transacted in the office of Inspector of Buildings for the nine months of the year from May 1, 1898, to January 31, 1899:

| | |
|---|---|
| Permits issued for the erection of new buildings, . | 62 |
| Permits issued for extensions and alterations, . . | 15 |
| Notices issued in writing to persons who had commenced operations without a permit, . . . | 17 |
| Visits made to the various buildings in process of erection, extension and alteration; waste boxes, back yards, wood working and machine shops, . . . | 170 |

There has been a decided improvement in the construction of buildings, and the care of combustible material since the new By-Laws have been in force, and when it becomes generally known that such laws are in effect we shall have very little trouble in having the law complied with as intended.

I wish to extend my sincere thanks to the Board of Selectmen for the courtesy shown me, to the contractors and others whom I have met in my official capacity, and to Henry B. Terry, Esq., who has been ready at all times to render legal advice.

Respectfully submitted,

RICHARD F. BOYNTON,
Inspector of Buildings.

# POLICE REPORT.

| Committed to Dipsomaniac hospital, | 1 | |
| Defaulted, | 1 | |
| Committed to Walpole truant school, | 1 | |
| | | 255 |

The police force during the past year has consisted of seven men, five being assigned to all night duty, and I would respectfully recommend that it be maintained at that number at least. I would also renew my recommendation of last year that the fines received by the town in criminal cases be placed to the credit of the Police Department for maintenance of the station house and for criminal expenses.

I desire to express to the members of the police force my appreciation of the cordial relations existing among them, and to the Board of Selectmen my sincere thanks for their aid and courtesy upon all occasions.

JAMES McKAY,
Chief of Police.

The Town Clerk requests information of any omission or errors in the above tables, in order that the registration may be as complete as possible. Respectfully submitted,

HENRY B. TERRY, *Town Clerk.*

# REPORT OF THE BOARD OF ENGINEERS.

To the Honorable Board of Selectmen:

Gentlemen—The Board of Engineers respectfully submit the following report of the condition and of the Fire Department for the year ending January 31, 1899.

The Department has responded to 38 alarms during the past year. Of these, 36 were for fires in buildings and two brush fires. The total loss by fire was:

| | Value. | Damage. | Insurance. |
|---|---|---|---|
| Buildings, | $139,805 00 | $40,292 00 | $133,900 00 |
| Contents, | 87,509 00 | 36,004 00 | 62,210 00 |

One permanent man and horse have been added to the Department in the Readville district, and a storage battery has been placed in the central fire station on trial, and two more alarm boxes have been added to the system. The changing of the grades in Readville has caused us much expense and annoyance on account of having to change the the wires so often. The horses, apparatus, etc., are in good condition.

There are at present five permanent men in the Department, drivers of the chemical, hook and ladder, hose No. 1, hose No. 3 at Readville, and Supt. of fire alarm.

BENJAMIN RAFTER, Chief,
J. C. McDOUGALD,
J. H. WETHERBEE,
Board of Engineers.

# DEPARTMENT OFFICERS AND NUMBER OF MEN.

---

### Board of Engineers.

BENJAMIN RAFTER, Chief Engineer.
J. C. McDOUGALD, Clerk.
J. H. WETHERBEE.

---

### Hook and Ladder Co. No. 1.

WM. R. McDOUGALD, Captain.
J. H. TUCKERMAN, Jr., Lieutenant, and 8 men.

---

### Hose Co. No. 1.

E. N. BULLARD, Captain.
W. W. SCOTT, Lieutenant, and 8 men.

---

### Hose Co No. 2.

STEWART McKENZIE, Captain.
J. G. BOLLES, Lieutenant, and 8 men.

---

### Hose Co. No. 3.

J. H. O'BRIEN, Captain.

# REPORT OF THE OVERSEERS OF THE POOR.

The work of the Poor Department increases with the growth of the town and in the changes in the laws relating to pauper settlements. According to the law enacted by the Legislature of 1898, all settlements not fully acquired subsequent to May 1, 1860, are defeated and lost; provided that whenever a settlement acquired by marriage has been defeated, the former settlement of the wife, if not defeated by the same provision, shall be thereby revived. ALL PERSONS absent from the State for ten years in succession shall lose their settlement.

The purpose of the above very decided change in the law was to relieve cities and towns, and especially towns, from liability for the support of indigent persons who had derivative settlements in Massachusetts through their grand-parents and great-grand-parents. Many such indigent persons who, with their parents, were born outside the state, had derivative settlements through their ancestors acquired 75 to 100 years ago. Two and three generations had never resided or been in their place of settlement, perhaps had never even heard of such a town, yet by the laws of the Commonwealth when they fell into distress and became a public charge, the place of settlement had to pay necessary expenses incurred for their relief.

It is estimated that about three per cent. of all settlements in Massachusetts were defeated by the recently enacted law. Persons whose settlements were defeated become state cases should they again apply for public aid.

The ten-year feature of the new law is not retroactive, but it will, after July 1, 1908, be very helpful in cutting off

the settlements of those who in the prime of life leave the state, to return only in their declining years when they need aid from the public treasury. Their children and children's children will also be cut off.

Another important, and to the cities and towns very satisfactory change, is that the same legal obligation to support her pauper children shall rest upon the mother as formerly rested by law upon the father, provided, however, that the mother shall not be liable to criminal prosecution for the enforcement of such legal obligation.

Subjoined is the list in detail of the expenditures during the past year, together with the number of persons receiving aid.

GEORGE E. HAVEN,
Overseers of the Poor.

# REPORT OF BOARD OF HEALTH,

To the Citizens of Hyde Park:

We herewith present the following as our annual report for the year ending Jan. 31st, 1899.

## CONTAGIOUS DISEASES.

The continued reduction in the number of contagious diseases is a condition upon which the citizens can well be congratulated.

The total number of deaths from contagious disease during the year was 11, divided as follows:

Diphtheria, 7; membraneous croup, 3; typhoid fever, 1; and none from scarlet fever, measles or whooping cough.

The total number of cases of contagious diseases reported was 142 as against 160 in 1897 and 173 in 1896 as follows:

Membraneous croup, 7; measles, 39; scarlet fever, 26; typhoid fever; diphtheria, 61.

The remarkable decrease in the death rate from diphtheria from 27 per cent. in 1896 to 11 per cent. in 1898 can surely be credited to the free use of Anti-Toxine and thorough and systematic disinfection. This valuable and expensive remedy for that dreaded disease having been furnished by the Board of Health to the physicians in all cases when requested, thereby giving every one the benefit and unlimited use of the same free of charge.

The disinfection and fumigation by the use of formaldeheyde gas has been continued with gratifying results, as there has not been a second case reported from houses where this process has been applied. Early in September of 1898 several cases of diphtheria appeared in the vicinity

of the Greenwood school and the disease seemed to bid fair to become an epidemic. However, by the assistance of those in whose homes it appeard, in complying with the rules of the Board of Health, and after a careful examination of the houses in which the diseases originated, probable cause of the source of infection from defective plumbing being found, and ordered remedied, the books used in the schools by those affected with the disease being destroyed, and the balance disinfected, and also the several school rooms in the district having been thoroughly fumigated, the spread of the disease was almost immediately checked.

The custom of placarding every house containing a case of scarlet fever or diphtheria was followed during the year, and the prejudice manifested by householders against having their houses placarded is fast disappearing in proportion as the object for which it is done is becoming understood.

We desire to express thanks to the medical profession of this town for the promptness and accuracy with which they have reported all cases of contagious disease coming under their observation.

In the number of cases of scarlet fever there has been a decrease from that of last year of 44 per cent. The improved method of disinfection has been used in all cases of scarlet fever during the year, and it is readily seen that the results are most gratifying.

The fact that the large buildings used for school purposes may need disinfection at any time, and the great length of time necessary to do the work with the single machine which we have, and the liability of its having to be repaired, makes it imperative that an additional one be purchased.

We have the pleasure also of reporting a decrease in the number of cases of typhoid fever as against those in 1896 and 1897 of 45 per cent., which goes to prove that by care-

ful inspection of all plumbing and other sanitary appliances and the removal of all possible causes of infection, that the general decrease in preventable diseases will continue.

### COMPLAINTS AND SANITARY CONDITIONS.

There have been many complaints of unsanitary condition in various parts of the town during the year.

A great majority of them being made verbally, these places have all been visited, and all have either been remedied, or arranged to be put in shape as soon as the conditions will allow.

If all persons who made complaints to the Board of Health would do so in writing and, sign the same, it would facilitate matters very much, and could work no possible injury to the signer; anonymous complaints received are not worthy of attention. Sanitary rules cannot be ignored if we would escape disease. With the abolition of privy vaults and cess-pools on several streets in which there is a sewer, and the better attention given to their construction and location on new streets and those which have no sewers, (the only condition under which their erection is permissable,) if the cleaning and removal of their contents are properly conducted, there is no reason why typhoid fever and other preventable diseases cannot be reduced to a minimum.

Although many years have passed since a case of small pox has been reported in the town, still it is liable to occur at any time. Should small pox appear we should be prepared by being provided with facilities to control it. As it is we are not even provided with a place where the patient might be safely isolated and cared for. A sectional building which could be stored in some convenient place, and which could be erected in a few hours should be provided. In case the emergency should arise we would then be able to meet it successfully.

The vaccination of all children who attend the public and parochial schools should be insisted upon as the public statutes provide. On the whole the sanitary condition of the town may be considered very fair, although privy vaults and cesspools continue to be an intolerable nuisance and are, we believe, directly responsible for a great deal of sickness.

The custom pursued in abolishing vaults and cesspools on the streets in which there are sewers has been as follows: when a complaint of the premises is made, or a case of contagious disease is reported to exist, the premises, plumbing, and drainage system is thoroughly examined. If the systems are found defective an order is issued directing the reconstruction of the plumbing and abolishing the vaults or cesspools.

All abutters on a street in which there is a public sewer, are requested to connect their premises with the same, and to abolish their cesspools and vaults. While the majority of the citizens comply readily with all orders issued by the Board of Health after the premises are inspected, there are others who are seemingly unwilling to do so, which makes it necessary to proceed carefully and surely in taking the proper steps, to be prepared (in the event that legal proceedings become necessary) with proper evidence to sustain the action.

### VAULTS AND CESSPOOLS.

The present method of cleaning vaults and cesspools which from a sanitary point of view is fairly good, still it is not directly under the control of the Board of Health. The cost of emptying cesspools has been reduced from that of last year, but that of the vaults remains the same. If the town owned the apparatus and had a safe and proper place for the disposal of that class of waste matter, the objections to the present method would be completely overcome.

## GARBAGE AND SWILL.

We again call your attention to present methods of the disposal of garbage and house and store dirt that prevails here, and the unsightly dumping places which are a disgrace to our town, and a menace to the health of the comunity in which they are located.

The town is becoming more thickly settled every year and the need of some better system of disposal of house and store dirt is apparent. It is utterly useless to endeavor to keep the places used as common dumps in decent condition, and the waste material, must be disposed of in some other manner.

The collection of swill has been continued in the same manner as last year, but owing to the increased number of houses and collection from places which had formerly disposed of swill in some other way, refuse from stores that could be classed as swill, such as decaying vegetables, etc., it was found necessary to add another team to the working force in order to make two collections each week during the latter part of the summer and early fall, and it will be impossible to do this work in a proper manner next year without an additional team for at least four months during the warm weather. The complaints from the swill dumps have ceased since the erection of the building over it, and it is believed that this place may be maintained for some years to come without trouble or inconvenience to those who may reside near it, however, sooner or later the location or method of disposal will have to be changed when there are many more buildings in the immediate vicinity.

## SEWERAGE.

The extension of the sewer system of the town has afforded much relief to citizens whose property abuts on those streets where sewers have been built. There is a marked difference between the sanitary condition pre-

sented now on those streets, and what formerly prevailed before the sewers were put in. We urge the continuance of the sewerage system to completion as fast as possible, as much inconvenience and hardship will have to be endured by residents of many sections of the town until they are enabled to enter the sewers and their branches.

### DISEASE IN ANIMALS.

There were several cases of glanders reported and notices were published and posted warning horse owners and others of the danger of contagion.

In cases of tuberculosis in cattle the usual ten-day quarrantine has been maintained only; owing to the lack of funds by the State Board of Cattle Commissioners, however, as all cases were either cleared up or were properly disposed of before expiration of the time, the town or its interests did not suffer.

### DRAINAGE.

In continuation of the policy of last year in the line of draining wet, rotten and spongy land, a short drain has been put in on Central avenue near Page street, which was badly needed as there was no outlet for the surface water, and it was fast becoming a nuisance and source of disease. Thie section needs better drainage across Central avenue and the land and streets beyond and continuing to the river. But it was thought not advisable to take any steps at present in that direction as it is expected that the sewer will be built this year on the line of the ditch or nearby, and a sufficient under-drain will probably obviate the trouble to a great extent. During the changes of grade crossings at Readville the drain from the land on Regent street near Chesterfield street was destroyed, the land becoming overflowed to a great extent. Upon explaining the matter to

railroad authorities their engineer ordered the old drain replaced with a much larger and better one, and since then there has been no complaint.

Between Blake street and Radcliffe Road in Rugby district, a large pond and swamp filled with stagnant water has existed for years and large number of dwellings have been built near the same. From the drainage of houses and surrounding land it had become very filthy, and a probable source of sickness. It was decided that this nuisance should be abated in some manner. After consulting with the owners of the land in the immediate vicinity we proceeded to remove the nuisance. A ditch 1700 feet in length and of sufficient depth to lower the water in the pond so that it would not again be liable to become offensive was dug, and three culverts of a size sufficient to provide for any sudden flow of water were built and the water drained from the pond, thereby not only preventing causes of disease that might arise from stagnant water in the pond, but rendering passable all roads in that district so far as any floods in that water course are concerned, and draining a large area of land along the ditch, which was formerly always swampy and wet.

While the town can well afford to invest money in such improvements, getting its pay not only by having produced better sanitary condition in these places, but in the increased value in real estate and additional land suitable for building purposes, still the owners have guaranteed to pay two-thirds of the cost. The work of improving the sanitary condition of the town in this line should go on as there are many places which need it badly, and the whole town needs the addition of all values that may be increased by improvements on such lines as can be done from year to year without great expense.

A copy of report of Health Officer and Inspector of Plumbing is appended herewith:

# REGULATIONS OF THE BOARD OF HEALTH

## OF THE TOWN OF HYDE PARK.

---

Public Statutes: Chapter 80, Section 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provision of law, this Board makes the following regulations, which will be strictly enforced:

Regulation 1. *Privy Vaults and Drains.* Section I. Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk under ground, which shall be of sufficient size to contain at least 80 cubic feet, and when not water-tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleansed at least once in each year, and oftener if necessary for the public health, the expense to be borne by the owner of the property.

Regulation 2. Section 1. The Board, when satisfied upon due examination that a cellar, room, tenement, or building in the town occu-

pied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the same to be vacated, and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth, or offensive matter.

Regulation 3. *Swill and Offal.* Section I. No person shall remove or carry in or through any of the streets, lanes, or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

Regulation 4. *Diseased Meat and Provisions.* Section I. No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

Regulation 5. *Swine.* Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

Regulation 6. *Contagious Diseases.* Section I. Any person sick with the small pox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is, or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with small pox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall, at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of small pox, scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be re-opened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of of the Acts of 1887.

Regulations 7. Section 1. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

Regulation 8. Section 1 No person, firm or corporation not now engaged in or working at the business of plumbing shall hereafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the Board of Health, and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such appli-

cation shall be referred, be examined as to his qualifications for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license to such applicant authorizing him to engage in or work at the business of plumbing. The fees for a license for a master of employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work, and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to, or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in town by-laws.

Regulation 9. The Board of Health hereby adjudges that the deposit of sputum in street cars, public buildings, or churches is a public nuisance, source of filih and cause of sickness, and hereby orders: That spitting upon any floor of any street car, public building or church be, and hereby is, prohibited.

Fully believing that a large proportion of contageous diseases originate from unsanitary conditions, we trust that we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws, and the sanitary rules of our large towns.

W. S. EVERETT, Chairman,
E. C. FARWELL, Secretary,
WM. W. SCOTT,
Board of Health.

*To W. S. Everett, Chairman and Member Board of Health, Hyde Park, Mass.*

I herewith submit to you my second annual report as Agent and Plumbing Inspector:

The duties of this position have greatly increased during the year, but this of course was to be expected in order to bring the sanitary affairs of the town up to the standard of communities similarly situated to ours in the demands of the citizen for improvement. Also the desire of the Board of Health to have all work done by day labor and by residents of the town has in no small measure increased the responsibilities. Agreeable to your orders there has been built a frame building 37x14 to be used as a dump for swill at Readville.

There was also constructed a drain to remove stagnant water on Central avenue near Page street. Realizing the costly errors that could occur by lack of absolute knowledge in regard to putting in drains, ditches, etc., and feeling that such work was of vital importance in improving the sanitary condition, I recommended the purchase of suitable instruments to obtain grades and levels, which recommendations were adopted and instruments purchased. Since then studies have been made as to the practicability of draining and putting in a healthful condition several localities in the town, and subscriptions were recieved from owners in the Rugby district in order that the territory from from Blake street to the Boston line at Rugby station, might be drained.

This work was done under my immediate supervision and proves to be of great benefit in the maintenance of healthful conditions and personal comfort of all persons who live in or have occasion to pass through that district, and materially increasing the value of the real estate, rendering land that would otherwise be useless, suitable for occupation.

There have been posted notices of contagious diseases on 94 houses, and upon recovery or death of patients, 165 rooms have been fumigated with Formaldeheyde gas. The Greenwood and Amos Webster schools have been thoroughly disinfected, and the books used in the same schools have also been specially treated. I have also disinfected several houses, on request of householders, when infected by diseases and conditions which are not reported under the statutes.

Your attention is respectfully called to the decrease in the number of cases of preventable diseases from that of previous years when no systematic method of controlling them was followed.

There have been made to this office, both verbally and in writing, 160 complaints which I have investigated, and reported to the Board of Health those which were not settled at once without further action.

The collection of swill presented new difficulties over last year, not only on account of natural growth, but from the fact that we had to collect store refuse of this class to prevent its becoming a nuisance on the common dump. However, by the help of an extra team during the warm months the work was done satisfactorily. I would repeat my suggestion of last year that the citizens of the town be requested to provide suitable water-tight receptacles for swill, and to refrain from putting into them cans, bottles, or any material that cannot be disposed of as swill.

### INSPECTION OF PLUMBING.

There have been 233 applications to do plumbing, filed at this office during the year ending Jan. 31, 1899, for which permits were granted, for work amounting to about $30,000, and which necessitated over 500 tests and inspections. The changes in the by-laws adopted by the town, governing

plumbers, which went into effect near the commencement of the year, have proven practical and easily followed. The class of work done in the town was far above the average of that in neighboring cities and towns. All violations of the rules, and mistakes, have been cheerfully rectified as soon as called to the plumber's attention. I desire to express to them my thanks for their efforts in the line of better sanitary work.

Respectfully submitted,

C. T. LOVELL,

Health Officer and Inspector of Plumbing.

# DETAILED STATEMENT OF EXPENDITURES.

## INCIDENTALS.

| | | |
|---|---|---|
| Paid Wm. F. Dodge, janitor and cash paid out, | $438 | 65 |
| Wm. F. Dodge, rent Waverly hall, | 210 | 00 |

HENRY S. BUNTON, *Town Treasurer.*

HYDE PARK, FEBRUARY 1, 1899.

# AUDITORS' REPORT.

We have examined the books of the several Departments of the Town, and while we have nothing adverse to report, we do not feel that the auditing, as at present conducted, warrants us in subscribing to a full and favorable report, and would recommend that the Town take such action as would be the means of giving to this office the consideration that the same requires.

HOWARD S. THOMPSON.
CALVIN P. FELLOWS,
JOSEPH J. HOUSTON,
Auditors.

FIRST TERM.

Begins Monday, Sept. 5th; ends Friday, Dec. 23rd—16 weeks.

SECOND TERM.

Begins Monday, Jan. 2nd; ends Friday, March 31st.—13 weeks.

THIRD TERM.

Begins Monday, April 10th; ends Friday, June 23rd.—11 weeks.

CHRISTMAS VACATION.

Begins Monday, Dec. 26th; ends Friday, Dec. 30th.—1 week.

SPRING VACATION.

Begins Monday, April 3rd; ends Friday, April 7th—1 week.

HOLIDAYS.

Sept. 5th and 6th, Nov. 24th and 25th, Feb. 22nd, March 31st, April 19th and May 30th.

# SCHOOL COMMITTEE'S REPORT.

To the Citizens of Hyde Park:

It is our duty and pleasure to present in brief outline the more important events connected with school supervision during the year. We may reasonably hope that our report will secure an interested perusal, for we shall refrain from any undue theorizing and address ourselves to the practical work in hand. For statistical data, and for more elaborate view, we invite attention to the tables published, and to the Superintendent's report. The first question which pressed for an answer at the commencement of the year was, "Shall we have a Superintendent of Schools?" The question had been pretty thoroughly discussed by press and people prior to the spring election, and it then crystallized to a definite issue. After proper deliberation we voted unanimously to ask the town to instruct us to elect a Superintendent, and the town so instructed. We at once entered upon the difficult task of selecting, and after examining about fifty applicants our choice centered, without division, upon Mr. Frank O. Draper, of Central Falls, Rhode Island, who, at that time, was in charge of the schools in that place.

He promptly accepted and entered upon his duties July 1st, 1898, although prior to that time, in a purely informal way, he visited our schools and familiarized himself with the methods employed. This preparatory work was productive of excellent results; it took from the incoming term much that would have caused delay, and served to establish pleasant personal relations with the whole working force of the schools. We highly appreciate the services thus far rendered by Mr. Draper; he has brought to the

position positive fitness for leadership, superior educational power, constructive force, conservative method and an eminently worthy character. We have in him a highly valued official, and the town can well congratulate itself upon having secured his services. It is gratifying to note the very strong endorsement he is receiving from the town's people, and the general acquiescence in the movement so recently inaugurated.

This change in school government in no way reflects upon past methods; it is simply the natural sequence of the zeal and interest which preceded it. Now that we have entered upon a new school policy, we feel that it is especially incumbent on each and every one to do all possible things to secure unification of public sentiment. On subjects affecting our school interests we cannot afford to divide; whatever else distracts us, these should be considered calmly and dispassionately, and with an eye single to our children's educational welfare. Our children have but one royal opportunity, and this should be fully accorded them whatever else fails.

The revival of the High School Battalion is notable among the changes of the year. We hope that this action will be productive of good results, and that it will give an increased zeal and dignity to the students' effort and impart added grace and vigor to the school itself.

One unpleasant duty devolved upon us during the year, which was the temporary closing of the Weld school. We hesitated to so act, but the meagre attendance made it imperative. Very soon after it was closed a protest from residents of the district came to us, and we decided, after their strong presentation and their assurance that the full quota of pupils should attend the school, to re-open it. We, in common with those protesting, considered it a calamity to close a public school, and yet we were acting from a sense of duty, and so could not properly be guided solely

by inclination. Even now the attendance is numerically small, but we feel strongly assured that the popular desire is that the school be continued, and we fully hope that the coming year will justify this course.

The Industrial School, in its sewing and carpentry departments, has increased in interest and numbers. In the sewing division the attendance has advanced from an average of 11 to nearly 40, and in the carpentry from 40 to 100. This, of course, adds to its expense, but it is an outlay which will bring its compensation by giving to many homes a skillful and economical handling of matters which, when properly managed, contribute so largely to every-day comfort and convenience.

At the last appropriation meeting the town made liberal provision for the maintenance of the schools, and we have endeavored to make careful expenditure of the same. Some unusual expenses were incurred in the renovating of the school buildings and in furnishing the rooms of the Committee and Superintendent.

In the direction of school affairs we have no doubt pursued, in some instances, the course not conducive to the best results, and have failed to correct all errors, even some of those of which we were cognizant. Our aim has been to make safe and sure progress, having in mind the mandate, "make haste slowly."

In closing, we cannot refrain from making one recommendation which to us seems of vital importance. We earnestly urge a new building for the High School. This has been a subject of controversy for a long time, and it may not be wise to bring it anew to your attention. We know that there has been a wide divergence of opinion in the past which may possibly now exist, and yet we feel that we should be derelict to the best interests of the town, as well as to the schools, if we did not endeavor to revive public sentiment along the line of renewed advocacy of this project.

Our present building has had many alterations made at a considerable financial outlay, and yet it is insufficient for our needs, and it does not, as a public structure, creditably represent the town. At the risk of reading the town a homily on wise action in this, and in other cases of public improvements, we shall venture to advocate a new building as a measure of economy.

There is a belief, already too strongly rooted, that to avoid spending money on needed improvements makes the town a point toward which capital and population will naturally gravitate. Our belief runs on exactly opposite lines. We are confident that omitting to make needed improvements results in degeneracy and loss. This is as true when applied to individual as to town affairs. At this time in our history this becomes an especially valuable truth to consider, for we feel it to be unquestionably true that just now we are in danger of suffering irreparable loss by neglecting to make public improvements, which our natural situation and our competitive relation to other municipalities demand.

It is always well to defend the town when any one tries to defame it, but we should not carry our defense so far as to multiply our lines of weakness. Evade the matter as we may, the fact remains that the present High school building militates against the best interests of the town as well as of the schools. The value of a town as a place of residence or as a place to invest capital is estimated largely on the character of its public buildings and on the attractiveness of its streets. On these two excellencies hinge its material prosperity more than on any others. We trust that our pleading for a new High school building will not be in vain.

Respectfully submitted,

E. I. HUMPHREY,

Chairman.

# SUPERINTENDENT'S REPORT,

To the School Committee of the Town of Hyde Park:

My first annual report as Superintendent of the Hyde Park Public Schools is herewith respectfully submitted.

Following is a summary of school statistics for the statistical school year last completed, ending June 30, 1898:

## GENERAL STATEMENT.

### SCHOOLHOUSES.

| | | | |
|---|---|---|---|
| No. 1. | High School, | nine rooms, | Everett street |
| " 2, | Damon " | eight " (four occupied) | Readville " |
| " 3. | Hemenway sch'l | one room, | Wolcott " |
| " 4. | Grew school, | eleven rooms, | Gordon avenue |
| " 5. | Greenwood sch'l | nine " | Metropolitan avenue |
| " 6. | Amos Webster " | four " | Hilton street |
| " 7. | Butler school, | one " | East River street |
| " 8. | Fairmount sch'l, | nine " | Williams avenue |
| " 9. | Weld school, | two " (one occupied) | Highland street |

| | |
|---|---|
| Number of school rooms occupied, | 49 |
| " " buildings, | 9 |
| " containing high school department, | 1 |
| " " eighth (highest grammar) grade, | 4 |
| " " primary grades only, | 4 |

### TEACHERS.

| | |
|---|---|
| Number of teachers regularly employed, | 56 |
| Supervisor, | 1 |
| Men teaching in day schools | 7 |
| Women " " | 43 |
| Men " in evening schools (teaching also in day schools), | 1 |
| Women " " " | 2 |
| Men " in vacation schools, | 1 |
| Women " " " | 1 |

| | |
|---|---|
| Number of day school teachers who have attended college, | 12 |
| " college graduates, | 10 |
| Number who have attended normal school, | 13 |
| " of normal school graduates, | 9 |
| " who have attended training school, | 7 |
| " of training school graduates, | 1 |

## SCHOOL CENSUS.

| | |
|---|---|
| Population of Hyde Park (estimated), | 13,000 |
| Total number of persons 4 to 21, | 3,360 |
| " " " " 5 to 15, | 2,096 |
| " " " boys " | 1,049 |
| " " " girls " | 1,047 |
| " " " persons 8 to 15, | 1,615 |
| " " " " 4 years, | 221 |
| " " " " 14 " | 195 |
| " " " " 4 to 21 in school, | 2,344 |
| " " " " " in Hyde Park public schools, | 1,546 |
| " " " boys " " " | 764 |
| " " " girls " " " | 782 |
| " " " persons " in Hyde Park private schools, | 23 |
| " " " " " " parochial schools, | 683 |
| " " " " " in schools out of town, | 92 |
| " " " " " not in school, | 1,016 |

## MEMBERSHIP AND ATTENDANCE.

| | |
|---|---|
| Total number of pupils registered, | 1,935 |
| Average membership, | 1,586 |
| Average attendance, | 1,471 |
| Per cent. of attendance, | 92.3 |
| Pupils under 5 years of age, | 1 |
| " over 15 " | 236 |
| " between 8 and 14 years of age, | 1,064 |

## STATISTICS.

The statistics of membership, attendance, etc., given in this report are for the school year ending June 30, 1898. As heretofore given the statistics covered a part of two school years and were based on two years' classes. Finan-

cial reports must be based on the fiscal year of the town, but the natural school year is a more satisfactory basis for all other returns.

### TEACHERS.

Thirty-two teachers have attended college, normal school, or training school. Of these, twenty are graduates. Still others have attended courses of educational lectures and have taken private courses of professional reading which in connection with successful experience in teaching may be regarded as, in a fair measure, taking the place of the work of the schools. As a whole, our corps of teachers is above the average in professional spirit and attainment. It is to be regretted that the relatively low scale of salaries paid is inadequate to retain many of our most progressive teachers who are constantly sought by those in charge of school systems more highly favored in this respect. That we do not lose a greater proportion each year is surprising, but is in part due to personal reasons which render change of residence distasteful to teachers who might be induced otherwise to seek promotion. Under present conditions, as vacancies occur they must be filled largely by teachers from smaller towns who come to our schools as a vantage ground from which to win promotion.

### ORGANIZATION.

As at present organized, each elementary school of more than four rooms is under the direction of a supervising principal. The primary schools in each district are now without this form of supervision. While this change is attended with some loss to these schools, the Masters are free to devote their whole attention to the pupils within their respective buildings and can give a greater share of their time than formerly to the pupils of the grammar grades where their influence is most needed. This is a distinct gain and cannot fail to be productive of good. I re-

gard the Master's influence as essential to the complete development of character in pupils of the higher elementary grades. Our schools are fortunate in possessing this element of strength which is too often lacking in any but the largest towns.

No change has been made in grading. The numbering of the grades has been reversed to correspond with the system in common use — the first grade becoming the first primary school year, and the twelfth grade the senior class of the high school.

In the Fairmount school the first-year pupils are divided, the younger and more immature pupils forming a beginner's or sub-primary class. I recommend that this division be extended to all the first grade classes having a sufficient number of pupils, and that a relatively large portion of the course for the lower division consist of kindergarten occupations. This sub-primary class has been given a five years' trial in schools under my direction and is a marked improvement upon the plan of two divisions of equal attainments, nearly one-half of whose pupils in some cases remain more than one year in the first grade or are promoted without adequate preparation.

### KINDERGARTENS.

The Committee are agreed, I believe, that a system of kindergartens in connection with the public schools is desirable, and I hope that such a system may be established as soon as provision for it can be made by the appropriation of the neccessary funds and by the opening of additional school rooms. Meanwhile, the sub-primary grade recommended above will, to a limited extent, provide the needed preparation for first-grade work so keenly felt in the case of those pupils who enter school at the age of five years. Undoubtedly the best kindergarten is a good home and the best kindergartner is a devoted mother. Most children are

too young at five years of age to take up primary school work with profit. At this age bodily activity is an essential condition of proper development. Very young children derive greater injury than benefit from the neccessary restraints and formal occupations of the school. It is far better that children should enter school at six than at five. At an earlier period only the home or the kindergarten can provide suitably for their needs.

### COURSE OF STUDY.

Early in the year, grade meetings were held and the year's work was planned with as little departure from that of the past year as was consistent with a uniform plan. The ideal course of study demands the greatest possible freedom in method and in order of presentation of topics, for each teacher. In practice, it will be advisable for some time to come to make the course somewhat definite, laying out the work for each term, and determining to some extent the order of topics. This development of the course should proceed from the present work of the schools and must be based upon it, in the interest of teachers and pupils alike. Changes should be made gradually and time given for readjustment to new conditions.

### HIGH SCHOOL.

The Master of the high school reports a year of steady progress and of earnest work on the part of all the teachers and most of the students. His recommendations include the addition of physical geography and mechanical drawing to the general courses. With these recommendations I am in hearty accord. The high school should provide adequate preparation for the college and the technical school, but the importance of the preparatory course should not be unduly emphasized. The general courses reach by far the greater number of pupils and should be strengthened and broadened.

The commercial course is of but two years in length. I recommend the addition of a third year to this course as desirable, and hope this matter may receive the early consideration of the Committee. The several courses of the high school are given in the appendix to this report.

It is interesting to note that the last graduating class is represented in the freshman classes of Harvard and Boston Universities, and of Tufts, Smith, Mt. Holyoke, and Boston College.

### GRAMMAR SCHOOLS.

The Masters' reports deplore the frequent loss of our best teachers who seek more remunerative positions in other communities. I am aware that the Committee would gladly remove this source of detriment and loss to the schools if such a step seemed warranted.

The need of modern indoor sanitary arrangements is also strongly presented. This need is strongly felt by the Committee and by many parents and other citizens interested in the public health of the town, and I trust that steps will be taken to connect with the sewer system all school buildings situated on or near the lines.

The matter of the proper sanitation of schools is a most important one. We have recently passed through a period of grave danger to the pupils of the Greenwood district, and, in fact, to the children of the entire community. Only the prompt and efficient action of the Board of Health, through their agent, Mr. Lovell, prevented the rapid development of an epidemic of diphtheria. In connection with this subject, I wish to recommend for your consideration the plan of limited inspection of the schools by a competent physician. This idea of school inspection is not by any means a new one. It has been for some years an established feature of many city school systems. On account of the item of expense, I recommend only a modified form of

inspection, limited to such times and such schools as are in danger of infection from known cases of infectious disease. In my opinion such an arrangement could be made with a local physician as would add greatly to the security of school attendance without undue expense.

### VOCAL MUSIC.

This department is in excellent condition, is well organized, and is rapidly developing under the direction of the Supervisor, Mr. B. Harold Hamblin, whose work is to be highly commended, as is that of the teachers whose earnest and intelligent efforts to carry out his plans are meeting with well earned success. If vocal music were taught solely as an accomplishment its importance as such would entitle it to an honorable place in the public schools. But it is not thus limited in its scope. It is a valuable means of government and discipline, and of moral and aesthetic education. The moral tone of schools in which music is seriously taught is distinctly higher than in those schools in which there is no music deserving the name. The proper rendering of well chosen songs is of untold value as a means of inculcating patriotism and all the nobler sentiments and emotions which it is so difficult to reach by methods of direct instruction.

Following is the report of the Supervisor:

## REPORT OF SUPERVISOR OF MUSIC.

Mr. Frank O. Draper, Supt. of Schools.

Dear Sir:—It has been a source of much satisfaction to note the progress the schools have been making in music during the past year. Many parents have informed me of the interest and intelligence their children have developed in music. Such interest has been quite general among the classes and together with the kindly feeling and splendid efforts of the teachers, my work has been thoroughly enjoyable.

Commencing in October, '98, I formed a class for teachers, in music as applied to teaching in our public schools. All of the teachers were invited to attend, free of any expense. The class has met at my rooms in Plummer Block once in every two weeks, and most of the teachers availed themselves of the opportunity. My aim has been to assist the teachers to a uniform method of teaching the problems in music. During the latter part of December a test examination in music was given to the six upper grades with gratifying success.

Pupils are marked in music as in drawing, and it has certainly strengthened my department. I take pleasure in expressing my appreciation of the support given to me by the Superintendent of Schools, the School Committee and the masters and teachers.

Yours respectfully,

B. Harold Hamblin.

Hyde Park, Feb. 3, '99.

### DRAWING.

Freehand drawing has been made uniform in plan throughout the elementary schools by the adoption of a standard series of drawing books and manuals. This subject is, on the whole, in the least satisfactory condition. A special supervisor is an essential to the best results in drawing as in music. Until the services of such a supervisor are secured the books in use must be depended upon for guidance. A beginning has been made in the study of type forms by the teachers, and this elementary preparation for correct teaching will be continued during the year.

The importance of drawing need not be urged here. No department of school work has a more direct value for the pupils, while educationally it has also very great value as the only representative in our schools of that important phase of modern education to which the name "manual

training" is applied. Manual training is not merely hand training. It is rather the exercise and development of the motor areas of the brain upon whose activity and capacity must depend the future bread-winning power of a great number of our pupils. Neglect of this important side of education is fatal to the great aim of the public schools—symmetrical development of the powers of the child.

### READING AND SPELLING.

One of the most pressing needs of the elementary schools is a liberal supply of books for reading. One set, sufficient for a division, has been placed this year in each room. As a different set is placed in each school they may be exchanged and thus give a considerable range of reading. I recommend that additional sets be purchased when this is possible.

Much attention is given to the teaching of reading in the lower grades, and the results obtained by a considerable number of our teachers are excellent. At my request a special teacher representing the author of the series of readers and of the method of teaching reading used in our schools for the past two years, visited the schools and tested the several classes, giving, in connection with these visits, a series of addresses to the teachers. In accordance with her recommendations the phonic work of the first year has been modified and reduced in quantity, admitting the use of supplementary reading matter in the latter part of the year.

By the method of teaching reading employed in our primary grades, the pupils are led from the first to observe the structure of each new word, and to refer to their respective classes words susceptible of classification. This analysis and classification of words may be made an effective aid to the mastery of spelling, special attention being given to the words which fall outside the classes formed. In addition to this process of word study, which is this year extended through the eight elementary grades, the teachers in all

grades are compiling lists of words used by the pupils in their daily work. These lists will receive constant additions, and will soon embrace most of the words in the pupils' vocabulary which present difficulties in spelling. To these words may be added a considerable number of words commonly found in spelling books which will be met later in general reading.

The spelling of English words is, for most persons, a difficult art, and is of sufficient importance to be given a prominent place throughout the elementary course. The graduates of our grammar schools should show excellent ability in correct spelling of all words commonly employed in oral speech.

## REPORT OF TRUANT OFFICER.

Mr. Frank O. Draper, Supt. of Schools.

Dear Sir:—Please find below an account of my services as Truant Officer for eight school months, ending Dec. 31, 1898:

| | | |
|---|---|---|
| Total number of cases investigated, | | 183 |
| " | truants, | 39 |
| " | prosecuted, | 1 |
| " | committed, | 1 |
| " | placed on probation, | 1 |
| " | absent with parents' permission, | 76 |
| " | absent on account of sickness, | 39 |

On January 19th I arrested Michael Cannon, 13 years of age, for habitual truancy. January 20, at Dedham, Judge Grover sentenced said Cannon to six months in the Truant School at Walpole.

Respectfully submitted,

Henry V. Harwood,

Hyde Park, Dec. 31, 1898. Truant Officer.

## REPORT OF VACATION SEWING SCHOOL.

The sewing school for the summer of 1898, commenced Tuesday, July the twelfth, with an attendance of twenty-five pupils. At the next session the attendance increased to thirty-three and the next to forty-two, necessitating a a division of classes. The school was divided into three classes, the division based on age and ability. The older girls made samplers which includ ed if finished all the different kinds of stitches, patches, hems. etc., that one would need to know in order to do plain sewing. The younger girls made work aprons which included the plain stitches, running, hemming, etc., while the intermediate class learned to darn stockings and linen and to make buttonholes.

Twenty-three sessions were held, the younger class having their session in the morning and the two older classes in the afternoon, giving each child, if present every session of their class, fourteen sessions. Seventy children attended and the average attendance for one day was thirty-five, making the per cent. of attendance fifty. The smallest number present at any session was ten, and the largest number thirty-nine.

At the close of the summer's work an exhibition was held and parents and friends of the pupils attended it.

KATE FARLIN.

---

### THE PUBLIC AND PUBLIC EDUCATION.

Education is not a matter of schooling, merely, nor is the teacher the only educator of youth. The child's education for good or ill is perpetual. It is not a matter of time or place. The education of the intermission is, many times, more potent than that of the school session, and the one may neutralize the other as many a discouraged teacher can testify. It is of supreme importance that the distinctively educative forces of the community should work in complete

harmony, and this result can be brought about only by intelligent cooperation. The reception to our teachers and parents recently arranged and conducted by the Maternal Association of the town was a long step in the right direction. To continue the work thus well begun I have publicly and privately advocated the formation of a permanent association of citizens of Hyde Park interested in the great work of the education of its youth; and this suggestion is meeting the approval of many public spirited men and women.

In conclusion, allow me to express my appreciation of the many courtesies extended to me personally, and of the excellent "school spirit" which characterizes Hyde Park and its School Committee as thoroughly as it does its public schools. Respectfully submitted,

FRANK O. DRAPER,

Superintendent.

# APPENDIX.

# Hyde Park High School.

# GRADUATING EXERCISES

OF THE

## CLASS OF '98,

AT

## Waverly Hall,

## Wednesday Evening, June 22, 1898.

AT EIGHT O'CLOCK.

PROGRAMME.

1 "Revel of the Leaves," . . . . . *Veazie*
High School Chorus.

## CLASS ODE, 1898.

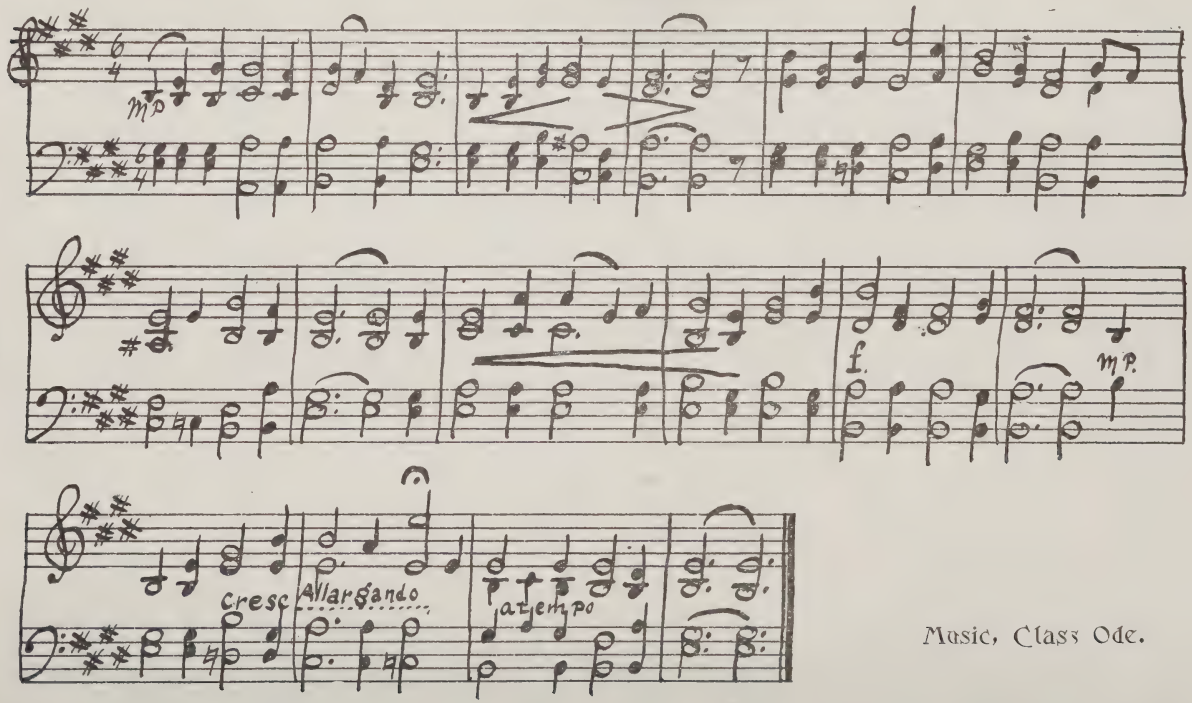
WORDS BY MARY B. TOWER. MUSIC BY EDWARD K. ELLIS.

Ninety-eight brings to its close
  Our High School-life's career,
And now we sing our last farewell
  To the class we hold so dear.
Regrets that these school days are o'er
  Fast fill our hearts to-night;
O may the future of our class
  Be filled with radiance bright.

Life with its hours, its days, its years,
  Is calling for our best,
In higher aims, in noble works,
  Our God will do the rest;
Though Glory only few acquire,
  Yet all of us can aim,
To live a life of nobleness,
  Far preferable to fame.

Glory in your victories,
  Despair not in defeat;
Life holds its many problems,
  Which every one must meet;
But wrapped in wisdom's mantle,
  Surely we must win,
If our aims are always worthy,
  And free from taint of sin.

We know that tears and partings
  Will often times be given,
To show with clearer vision,
  The better way to Heaven.
But classmates dear, if we must part,
  What e'er betides our fate,
We'll ever cherish in our hearts,
  The class of Ninety-eight.



Music, Class Ode.

# HYDE PARK GRAMMAR SCHOOL.

# GRADUATION EXERCISES

OF THE

## CLASS OF '98,

AT

## WAVERLY HALL,

Thursday Evening, June 23,

AT 7.30 O'CLOCK.

INSTRUMENTAL MUSIC BY THE GREW SCHOOL ORCHESTRA.

MR. GEO. E. M. DICKINSON, Instructor.

# THIRD ANNUAL REPORT

OF THE

# Board of Sewer Commissioners

OF THE

# TOWN OF HYDE PARK

FOR THE

YEAR ENDING JANUARY 31, 1899.

HYDE PARK:
PRESS OF THE HYDE PARK GAZETTE.
1899.

## ORGANIZATION.

FERDINAND A. WYMAN, Chairman

DAVID PERKINS. WILLIAM U. FAIRBAIRN.

RICHARD M. JOHNSON, Clerk.

A. D. NICKERSON, Engineer.

GEORGE A. KIMBALL, Consulting Engineer.

# BOARD OF SEWER COMMISSIONERS' REPORT

To the Citizens of Hyde Park:

Your Board of Sewer Commissioners is pleased to report that they have had the services of the same engineers as in the previous year,—Mr. A. D. Nickerson as Engineer to the Board and Mr. George A. Kimball, member of the Metropolitan Sewer Commission, as consulting Engineer.

By vote of the Town in Town Meeting of June 22, 1898, a loan of $100,000 for the construction of sewers was authorized in pursuance with Chapter 287, Acts of 1896. Your Board have to report that they have not yet taken steps to issue the bonds provided for under that Act, and that the necessity of a vote therefor did not arise during the year past; but that such issue will duly be made when needed. Also, by vote of the Town in Town Meeting, March 24th, 1897, the money to be obtained from time to time from the assessments on account of the cost of sewers to owners of estates benefited, is to be expended under the supervision of your Board for the construction and maintenance of the sewerage system.

Under the supervision of your Board there has been expended for the year ending January 31st, 1899, $14,134.42 as per vouchers on file and exhibited in table No. 1, annexed to this report. The value of stock on hand is $8,803.00 as shown in table No. 2, annexed to this report. There remains due to contractors the sum of $218.15.

Your Board reports in its third annual report the construction of 4,351 feet of sewers. Aside from one extra-

ordinary section, the average depth has been 8.8 feet. The details of that construction are as follows:

| STREET. | FROM. | TO. | SIZE. | LENGTH. | AV. DEPTH |
|---|---|---|---|---|---|
| Warren Av. | Highland St | Norway Pk. | 8 in. | 310 | 10.3 |
| Norway Pk. | Warren Av. | Summit St. | 6 in.-8 in. | 700 | 9.5 |
| Highland St. | Williams Av. | Pond St. | 8 in. | 294 | 9.0 |
| Walnut St. | Metro. Sewer. | Fairmount Av. | 8 in. | 220 | 7.2 |
| " | Hyde Pk. Av. | summit | 8 in. | 255 | 9.7 |
| Everett St. | " | Harvard Av. | 6 in. | 280 | 8.7 |
| Business St. | Barry St | Glenwood Av. | 8 in. | 1292 | 8.1 |
| | | | | 3351 | 8 8 |
| Hyde Park Av. at Readville, | | | 20 in. | 1000 | |
| Total, . . . . . | | | | 4351 | |

The most important work accomplished during the past year, it will be noted, was at Readville. The railroad improvements there were of such a nature that it was imperative for your Board to construct a portion of its sewer in advance of the changes to be made in Hyde Park avenue. Plans were made at once for the construction of about 1000 feet of 20 inch sewer. Upon due advertisement bids were received and awarded January 18th, 1898. Great difficulties were encountered in this work, as part lies under 40 feet of earth and part under masonry abutments 30 feet high. Special pipe and reinforcement of concrete was found necessary. The consulting Engineer was much advised with upon this work.

The plans of your Board in relation to sewer construction other than that required by this special exigency have been made largely in deference to the written recommendations of the Board of Health. In accordance with these your Board has deemed it best to construct sewers in the streets above mentioned, viz.: Warren avenue, Norway Park, Highland street, Walnut street, Everett and Business streets; and the construction of a sewer in Child street is under contract. The contract for all of the above work was awarded after due advertisement.

Your Board would further report that the work next

contemplated is in the Page street district, the Board of Health having asked for sewers in this area. A trunk sewer is planned which must in some portions cross private lands. Construction will not, however, be begun until options for these easements at reasonable rates shall be obtained. The design includes a sub-drain with permanent discharge into the Neponset river. This, as has been proved the case everywhere in the town, will have a decided effect in relieving this area by drying out the low ground. The Board also looks forward to the relief of the Clarendon Hills district in connection with the proposed Metropolitan High Level Gravity Sewer.

Your Board would urge upon all citizens the importance, from a sanitary point of view, of connection with the system of sewers. As announced in our second annual report :—

"House connections with common sewers and all other construction of particular sewers are made under the superintendence of your Board. Section 14 of Chapter 287 authorizes the Board to prescribe rules and regulations for connecting estates and buildings with main drains and sewers. Rules and regulations have accordingly been formed and promulgated by your Board. Printed copies of these rules and form of application for connection with the common sewers can be obtained at our office, or will be sent by mail upon request."

During the year just ended 116 house connections have been made aggregating 6090 feet in length. The total number made to date is 199; total length, 10,412 feet. The average cost per lineal foot has been 60 cents, exclusive, however, of man-holes and rock excavation. Your Board keeps this work under its strict supervision. It is estimated that 1475 persons are now served by our system of sewers.

Your Board would call the special attention of citizens to the assessment upon owners of estates benefited by the sew-

erage sysem soon to be completed. Under Chapter 287, Acts of the Legislature for the year 1896, Section 6, the Town of Hyde Park shall by vote determine what part of the cost of the system of sewers the Town shall pay; and the remaining cost of the system shall be assessed to the owners of the estates benefited upon a proportional basis of the average cost estimated by the Board of Sewer Commissioners. Such assessment shall be paid to the Collector of Taxes of the said Town within three months after notice, unless written request by the owners shall be filed with the said Board within three months to apportion the said assessment into proportional parts not exceeding five, with interest at six per centum per annum.

In Town Meeting, March 24, 1897, the Town of Hyde Park voted to pay one-half of the cost of the said system of sewers.

The further attention of citizens is directed to a vote of the Board of Sewer Commissioners, January 25, 1899, whereby pursuant to the said Act the assessment of the remaining cost of the said system of sewers is to be made up as follows:

The fixed uniform rate pursuant to Chapter 287 of the Acts of 1896 and the vote of the Town of Hyde Park passed March 24, 1897, to be assessed upon estates benefited, is hereby established at 47 cents upon each foot of frontage on any street or way in which a sewer has been constructed, and 5 mills upon each square foot of area within a fixed depth of seventy feet from such street or way, the said rates having been so found and determined, and based upon the estimated average cost of all the sewers comprising said system.

Proper forms for the administration of this assessment are now being prepared by your Board, and written notice of the assessment will in due time be served upon the owners of all estates benefited.

In conclusion your Board wish to assure the citizens of Hyde Park that upon the experience of other towns, upon the information already obtained in three seasons' work in this town, and upon estimates at hand, it is believed that as the system nears completion the average cost will be materially less than it is at present.

FERDINAND A. WYMAN,
DAVID PERKINS,
WILLIAM U. FAIRBAIRN,

Feb. 1, 1899. Sewer Commissioners.

Any person not assessed a Poll Tax who is entitled to be so assessed may apply to the Board of Assessors to be assessed in accordance with the following ACTS OF 1895. [Chap. 61.]

## AN ACT RELATIVE TO THE REGISTRATION OF VOTERS.

*Be it enacted, etc., as follows:*

SECTION 1. Every male applicant for registration shall present a certificate from the assessors, or a tax bill or notice from the collector of taxes, showing that he has been assessed as a resident of the city or town on the preceding first day of May, and the same shall be accepted by the registrars as prima facie evidence of such residence, or he shall present a certificate from the assessors that he has been a resident for the six months next preceding the election at which he claims the right to vote, and the same shall be accepted by the registrars as prima facie evidence of such residence. If a male person was a resident of the city or town on the first day of May, and was not assessed a poll tax by the assessors of said city or town on the first day of May, such person, in order to establish his right to be assessed, shall appear before the board of assessors, accompanied by two witnesses, who shall testify under oath that they are registered voters of the ward or town in which he desires to be assessed, and who shall also testify under oath to the truth of the statement of the applicant in regard to his right to be assessed at the place claimed by him as a legal residence on the first day of May.

SECTION 2. Every male person moving into a city or town subsequently to the first day of May, and claiming the right to vote at an election and desiring to be registered by the registrars of voters, shall appear before the board of assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be registered, and who shall also testify under oath to the truth of the statement of the applicant in regard to his being a resident of the city or town for the six months next preceding the election at which he claims the right to vote. The assessors shall give the applicant a certificate stating that he has complied with the provisions of this section.

The Assessors will be in session at their office Monday evenings during the months of September and October from 7.30 to 9 P. M., also on such days as may be appointed by the Registrars of Voters.

THOMAS E. FAUNCE,
GEORGE W. CHAPMAN,
CHARLES F. MORRISON,

Assessors of Hyde Park.

| * CHARLES G. CHICK, | term expires 1900 |
| AMOS H. BRAINARD, | term expires 1900 |
| CHARLES F. JENNEY, | term expires 1900 |
| JOHN W. GRIFFIN, | term expires 1900 |

PARK COMMISSIONERS:

| | |
|---|---|
| WILBUR H. POWERS, | term expires 1902 |
| JOHN J. ENNEKING, | term expires 1901 |
| LAWSON B. BIDWELL, | term expires 1900 |

BOARD OF SEWER COMMISSIONERS:

| | |
|---|---|
| DAVID PERKINS, | term expires 1902 |
| WILLIAM U. FAIRBAIRN, | term expires 1901 |
| FERDINAND A. WYMAN, | term expires 1900 |

CONSTABLES:

JAMES McKAY, ALEXANDER SCHWAB,
DANIEL O'CONNELL, CHARLES E. JENNEY,
WILLIAM W. SCOTT, FRED C. BIGELOW,
JOHN M. BROWN, JAMES A. CULLEN.
JOHN J. HARRINGTON.

FIRE DEPARTMENT:

| | |
|---|---|
| JOHN C. McDOUGALD, | Chief Engineer. |
| JOHN H. WETHERBEE, WILLIS G. ROBINSON, | Assistant Engineers. |

*Charles G. Chick, Esq., chosen by the Trustees and the Selectmen to fill vacancy caused by resignation of William H. Alles, until another is chosen in his stead by the town.

# SELECTMEN'S REPORT.

Fellow Citizens of Hyde Park:

The Board of Selectmen submit the following as their annual report for the year ending January 31, 1900:

Before presenting the details of the several departments, we first call attention to the subject of

## FINANCE.

The funded debt of the town January 31, 1899, was as follows:

| | |
|---|---|
| Stone Crushing Plant loan, | $ 1,000 |
| School Buildings bonds, | 10,000 |
| Sewerage bonds, | 145,000 |
| Public Library Building bonds, | 25,000 |
| | $181.000 |

In addition to the interest payment the town has paid during the year $10,000 of the above bonds, and as no new bonds were issued, the total funded debt January 31, 1900, has been reduced to $171,000. Further, the town paid the following amounts which were appropriated in 1898:

| | |
|---|---|
| Public Library land, | $ 6,500 |
| Norway Park, | 1,200 |
| Widening Hyde Park Avenue, | 14,000 |
| | $24,700 |

These items, together with the grade crossing payment and the increased Metropolitan Assessments, brought the tax rate to a high figure, notwithstanding economical town expenditures. In past years it has been the custom in special town meetings to make appropriations one year to

be paid the next. As no money was appropriated in 1899 to be paid in 1900, we have good reason to expect a lower tax rate this year.

### METROPOLITAN ASSESSMENTS.

The subject of Metropolitan Assessments is one of great importance to the town. They first made their appearance in our financial affairs three years ago, and have increased in amount each year since.

The past year the town paid as follows:

| | |
|---|---|
| Metropolitan Sewer, | $13,345.32 |
| High Level Sewer, | 1,896.41 |
| Metropolitan Water, | 758.55 |
| | $16,000.28 |

These amounts, with the Readville grade crossing assessment of $8,873,14, make a total of $24,873.42 paid, in the expenditure of which the town had no voice.

### READVILLE GRADE CROSSING.

According to the reports received from the State Auditor from time to time, it appears that there has been expended to Nov. 1, 1899, in connection with the work of abolishing the grade crossings at Readville and for the new bridge at Allen street, about $855,000 exclusive of land damages.

The work is now practically complete. Under the Massachusetts statute abolishing grade crossings, the town's share would have been ten per cent., but the Legislature of 1896, by a special Act, fixed the proportion to be paid by Hyde Park in this case at 13 1-2 per cent. The assessment is to be divided into twenty annual payments which will vary each year. The first, made in December last, was $8873.14.

### HIGHWAY DEPARTMENT.

The Board reappointed Superintendent of Streets Henry M. Phipps, who has served the town in that capacity for several years and given general satisfaction.

The town appropriated for highways $16,000, which has been expended in a careful manner, and no further appropriation for this department was asked for.

In addition to the general repairs necessary every year a large part of the money was expended for improvements of a permanent nature, more particularly described in the Superintendent of Streets' report on another page.

### NEW STREETS.

The only new street which the town was called upon to accept during the year was the extension of Hyde Park avenue from Hawthorne street to the Trotting Park entrance. This was voted in town meeting Sept. 13. No appropriation was made as the expense of construction was borne wholly by the Norfolk Suburban Street Railroad Co., as per agreement with the Selectmen.

### HYDE PARK AVENUE.

The widening of Hyde Park avenue near the Boston line and at Cleary square, making an 80-foot street at these points, as decreed by the County Commissioners and voted by the town in 1898, more fully described in the last town report, was completed last spring, and the Commissioners have approved the work. All claims for land damages were settled by the Selectmen without litigation, and all bills have been paid.

According to the terms of the decree the county was to pay the town $5908 as its share of the cost of this improvement. In consideration of the thoroughness of the construction the Commissioners awarded the town $1207 in addition to the decree, and the whole amount, $7125, has been received by the town.

### WEST RIVER STREET WIDENING.

On the petition of citizens a public hearing was held July 18, before the County Commissioners on the question of

widening West River street from Fairview avenue to a point near the house of Thomas Wallace.

West River street is 50 feet wide in most parts, but in this section, commonly called "between the ponds," it was much narrower — at one point only 26 feet. The retaining walls had commenced to cave into the water, making it very dangerous to travel. A decree was issued by the Commissioners laying it out to a 50-foot width. Sept. 13 the town appropriated $3000 for the work, which is now complete, including the building of a new bridge and fencing, — all paid for within the appropriation and completed within the time named by the Commissioners.

## STREET WATERING.

For this department the town appropriated $3500. There is a small balance unexpended. A new watering cart was purchased for use in the Readville district. New water cranes were erected at convenient points and the town divided into five districts, each with a cart. Under the direction of the Superintendent of Streets the work was being well carried on when, on June 6, a letter was received from the Hyde Park Water Company stating that on account of the small supply of water no more could be sold to the town for that purpose until further notice, and this condition existed throughout the season.

Arrangements were made with the New York, New Haven & Hartford Railroad and the cart in the central section supplied from the standpipe at Fairmount avenue crossing at the same price charged by the Hyde Park Water Company.

We wish to express our appreciation of the courtesies extended the town by the Tileston & Hollingsworth Company, the Becker-Brainard Milling Machine Company, Glover & Willcomb, and the Hyde Park Electric Light Co.,

all of whom supplied water to the carts in their sections of the town free of charge.

### STREET LIGHTS.

The lighting of the streets, as in former years, has been done by the Hyde Park Electric Light Company under the ten-year contract made Jan. 6, 1898. During the year there have been added by vote of the town 3 arc and 8 incandescent lights, making a total of 131 arc and 71 incandescent lights. In the Clarendon Hills district, near the Boston line, a few oil lamps are still in use.

### POLICE DEPARTMENT.

One of our first official acts was the reappointment of Chief of Police James McKay and the regular patrolmen, Daniel O'Connell, J. A. Cullen, John M. Brown, Fred C. Bigelow, Elmer P. Runnells, and Alexander Schwab, all of whom had rendered the town faithful service in previous years. On April 27 Chief of Police McKay tendered his resignation to accept a position on the State force. We deeply regret the loss to the town of an efficient official and a good citizen. To fill the vacancy the Board appointed patrolman Daniel O'Connell, who has been connected with police work in this town for twenty-nine years. Special officer Michael J. Maguire was promoted to patrolman.

### FIRE DEPARTMENT.

The Selectmen appointed as engineers of the Fire Department, J. C. McDougald, John H. Wetherbee and Willis G. Robinson, each of whom has had many years' experience in the department. By their efficient management, and the good work of their men, the department is now in good condition.

The Engineer's report, with the details of expenditures and the list of fires during the year, will be found on another page.

## FIRE HYDRANT SERVICE.

By vote of the town there have been added during the year two new hydrants, making a total of 183 hydrants now paid for by the town under the ten-year contract with the Hyde Park Water Company.

The cost of their service to the town during the past year was $5,773.22.

## TOWN VAULT.

In the Selectmen's report of last year, the town's attention was called to the inadequate vault room for the storage of the town records, as required by law.

At the town meeting last spring $800 was appropriated for this purpose.

This vote has been carried out, and we have had constructed within the appropriation a new and commodious vault, fitted with metallic fixtures, according to law.

## ACTIONS AT LAW.

Lomelia A. Bickford, Administratrix of the estate of Levi B. Bickford, *vs.* Town of Hyde Park.

The action was brought in January, 1895, in the Superior Court for Norfolk County, to recover, as was alleged, taxes paid by the deceased on land on East River Street and Providence Street, referred to in different town reports since 1895. The case was tried at the May sitting, 1896, and upon the ruling of the Justice of the Superior Court, a verdict was rendered for the plaintiff for the amount of her claim, namely, $204.47, and interest thereon since 1878. The exceptions of the town to the ruling of the court were argued in the Supreme Judicial Court last November. By a decision handed down June 29, 1899, it was held that the action could not be maintained, and judgment has been entered in favor of the town. Defendant's taxable costs in

this case amounted to $63.80, which amount was applied to the reduction of the judgment in the following case.

Lomelia A. Bickford *vs.* Town of Hyde Park (referred to in town reports since 1897).

Petition returnable in November, 1897, for damages for injuries to her premises and well thereon by reason of the construction of a sewer in East River Street, and the draining of her well. The case first came on for trial at the May sitting of the Superior Court at Dedham, in 1898, when a verdict was ordered for the town. The case was taken to the Supreme Judicial Court by the plaintiff, on exceptions, which were argued at the November sitting, 1898, of that court, and in July last a decision was reached sustaining the exceptions, and determining that the plaintiff was entitled to recover; and judicially interpreting the Hyde Park Sewer Act. The case came on for trial again in the Superior Court last October, and a verdict was rendered for the plaintiff for $1,000. A motion for a new trial was made on behalf of the town, on the alleged ground that the verdict was excessive; but after hearing, it was overruled and judgment was entered on the verdict on the 4th of December, 1899.

Emily R. Hawes *vs.* Town of Hyde Park.

Petition for damages for injuries done to her premises by draining her well, more fully described in the last annual report. The petition is still pending.

Mary A. E. Murphy *vs.* Town of Hyde Park.

(Referred to in last annual report.) Petition for damages to her estate on account of the construction of Westminster Street, returnable in November, 1898, in the Superior Court, Norfolk County. This case has been settled for $1000.

John J. Loud *vs.* Town of Hyde Park (referred to in last annual report).

Petition for damages to petitioner's estate on account of the construction of Westminster Street, returnable in November, 1898, in the Superior Court, Norfolk County. This case has been settled for $128.21.

The four petitions for land damages by Washburn, Eustis, Hurter and Bursch, growing out of taking by the Sewer Commissioners, under the Sewer Act, (more fully described in the last annual report) for sewer construction on the easterly side of Neponset River, are still pending. Hearings have been had before Charles A. Williams, Esq., Auditor, on different days between January 28, 1899, and January 13, 1900, inclusive. The auditor made his report and awarded damages as follows: —

| | | | |
|---|---|---|---|
| Jennie F. Hurter, $3000, | and interest | from July 15, | 1897. |
| Eliza G. Washburn, $2200 | " | " | " |
| Mary M. Bursch, $700 | " | " | " |
| Mary A. Eustis, $1200 | " | " | " |

These awards are deemed by us and the Sewer Commissioners, as well as by counsel for the town, to be excessive. An inspection of the auditor's reports in these cases indicates that evidence introduced in behalf of the town did not receive the consideration to which the representatives of the town believed it was entitled. Though requested to do so, the auditor declined to state in his reports the grounds of his finding. The auditor's reports are not decisive of these cases. There is a question of law raised in these cases that may call for a judicial interpretation by the court.

Of the fifty-one petitions for land damages growing out of the abolishment of grade crossings, (more fully described in the last annual report) twenty-one have been settled; three have been heard in the Superior Court, two of which are now pending in the Supreme Judicial Court on questions of law, and twenty-seven are now pending before the auditor.

The petitions by George S. Lee, Trustee, George S. Lee, Administrator, Lola B. Page, and the Real Estate and Building Co., on account of decree of the County Commissioners (more fully described in the last annual report) are still pending.

The following cases, caused by sewer construction, were the only suits brought against the town during the past year.

Charles F. Allen, et al, Trustees *vs.* Town of Hyde Park.

Elizabeth S. Coleman *vs.* Town of Hyde Park.

Two petitions for damages growing out of the construction of the town sewer through petitioners' premises between Beacon Street and the Neponset River. These cases were entered in the Superior Court in August and September, respectively, and are now pending before an auditor.

Mary Gallagher *vs.* Town of Hyde Park.

This is an action of tort for $4000, brought in December, 1899, returnable in the Superior Court next February, to recover for alleged personal injuries caused by the alleged defect in a highway, growing out of the sewer construction.

FRANK B. RICH,
FRED Y. FRENCH,
EDWARD Q. DYER,
JOHN JOHNSTON,
ALONZO W. DUNBAR,
Selectmen of Hyde Park.

January 31, 1900.

# SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows *in a condensed form* the action of the town on the various articles which have been before it for consideration the past year.

---

MARCH 6, 1899. The annual meeting for choice of town officers was held in Waverly Hall; no other business was transacted.

MARCH 29, 1899, a Town Meeting was held in Waverly Hall, when the following articles were acted upon:

ART. 1. To choose a moderator to preside at said meeting.

Edwin C. Jenney, Esq., was chosen moderator.

ART. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.

The list was amended and accepted.

ART. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

ART. 4. To see what disposition the town will make of the money received from dog licenses for the year 1898.

To the public library for purchase of new books.

ART. 5, To see what compensation the town will vote to pay for collecting its taxes the current year.

Voted to pay $1500.

ART. 6. To fix the salaries of the town officers for the current municipal year.

Selectmen, $200 each; Assessors, $300 each; Overseers of the Poor, $150 each; Town Clerk, $250; Town Treasurer, $500; Board of Health $100 each: Auditors, $25 each; Cemetery Commissioners, $50 each; and Sewer Commissioners, $100 each.

ART. 7. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

$600, same as last year.

ART. 8. "To see what compensation the town will vote to pay the Secretary of the Board of Assessors, and for extra clerical services for the Board for the current municipal year."

$250 voted for this purpose.

ART. 9. To fix the compensation of the engineers and the several members of the fire department for their services the current municipal year.

Chief Engineer, $150; Assistants, $75 each; "Permanent" Men, $700 each; "Call" Men, $75 each, (same as last year except that "Call" Men are paid $75 instead of $50, as heretofore )

ART. 10. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1899; and what interest the town will vote to charge on taxes for the current year when the same shall be overdue.

No discount allowed: Interest at rate of six per cent. per annum on overdue taxes.

ART. 11. To see what sum the town will appropriate for furniture and fixtures for the new public library building, and how the same shall be raised.

$2500 voted for this purpose — to be taken from money in hands of Treasurer received from the Commonwealth as compensation for the taking of "Happy Valley" lands for park purposes.

Art. 12. To see if the town will authorize the Selectmen to provide an additional fire-proof vault for the preservation of the public records, plans, etc., and appropriate money therefor.

Selectmen were so authorized, and $800 appropriated therefor, the same to be taken from the money now in the Treasury designated under Article 11, above.

Art, 13. To see if the town will appropriate one hundred and fifty dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

Art. 14. "To see what sum the town will appropriate for the celebration of the Fourth of July, 1899."

$250 appropriated therefor.

Art. 15. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 16. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 17. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our street lighting contract, for lights to be placed as follows: One arc light on Norton street; one incandescent light on Milton avenue; and one incandescent light on East River street, near the paper mill.

Selectmen were so authorized.

ART. 18. To see if the town will authorize its Selectmen to contract with the Hyde Park Water Co., for the remainder of the term of the town's contract with said company for fire hydrants to be located as follows: One hydrant on Business street; one hydrant on East River street, near paper mill.

Selectmen were so authorized.

ART. 19. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of one hundred seventy-one thousand six hundred thirty-five dollars, and to appropriate the same as follows:

| | | |
|---|---|---|
| Support of schools: | | |
| For Salaries and Fuel, | $40,000 00 | |
| Incidentals, | 4,300 00 | |
| Text books and supplies, | 3,700 00 | |
| Evening schools, | 700 00 | |
| Industrial schools, | 300 00 | |
| | | $49,000 00 |
| For Bonds and Notes maturing, | | 10,000 00 |
| Interest, | | 10,000 00 |
| Highways, | | 16,000 00 |
| Street Watering, | | 3,500 00 |
| * Incidentals, | | 10,500 00 |
| Police, | | 8,500 00 |
| Fire Department, | | 10,450 00 |
| Overseers of Poor, | | 7,000 00 |
| Street Lights, | | 9,500 00 |
| PublicLibrary, | | 4,000 00 |
| * Salaries, | | 4,085 00 |
| Board of Health, | | 4,000 00 |
| G. A. R. Post, | | 150 00 |
| Fourth of July, | | 250 00 |
| Money voted in 1898 and payable from taxes of 1899, | | 24,700 00 |
| | | $171,635 00 |

* $1500 transferred from "Incidentals to "Salaries," after vote under Art. 19.

Art. 20. "To see if the town will reconsider the vote taken March 20, 1896, whereby it was voted to adopt the provisions of Chap. 186 of the Acts and Resolves of 1895, relative to the watering of streets in towns."

Voted to reconsider said vote of March 20, 1896. Voted that we do not adopt the provisions of said chapter.

Art. 21. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a Collector, may use.

So authorized.

Art. 22. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Treasurer authorized to borrow amount not exceeding $100,000.

Art. 23. To see if the town will authorize its Treasurer, with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Art. 24. "To see what action the town will take in regard to the recommendation of the Board of Auditors as appears in the town report."

Messrs. Arthur C. Kollock, Prince W. Taylor and George T. Brady appointed by the moderator, a committee to consider the subject suggested by this article, and to report at a future meeting.

Adjourned at 9.50 p. m.

---

Sept. 13, 1899, a town meeting was held in Waverly Hall, when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

David W. Murray, Esq., chosen moderator by acclamation.

Art. 2. To see if the town will vote to raise and appropriate a sum of money sufficient to carry into effect the decree of the County Commissioners, dated July 18, 1899, re-locating West River street.

$3000 appropriated; to be taken from money in the treasury received from County on account of Hyde Park avenue.

Art. 3. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our Street Lighting contract, for one electric arc light and four incandescent lights to be placed near the new railroad station at Readville; one incandescent light on Charles street; and one incandescent light on Easton avenue.

So authorized.

Art. 4. To hear the report of the Selectmen laying out that part of Hyde Park avenue which is south of Hawthorne street, as a public town way, and to see if the town will accept and allow said laying out with the boundaries and admeasurements of said way as shown by report, plan and profile now on file in the Town Clerk's office.

Report made and "laying out" accepted and allowed.

Art. 5. To see if the town will appropriate the sum of $1000 to satisfy the judgement obtained by Mary A. E. Murphy against the town.

$1000 appropriated; to be taken from unexpended balances of appropriations for new streets, made in 1896 and 1897.

Art. 6. To see if the town will, by vote, change the name of that part of the public way now known as Hyde Park avenue which extends from the new location of Hyde Park avenue, (as recently determined), near its junction with Milton street, northerly to land of the New York, New Haven & Hartford Railroad Co.; the name of that part of the public way known as Milton street, which lies between Prescott street and the Milton town line to "East Milton

street"; and that part of said Milton street which lies between Sprague street and the Dedham town line to "West Milton street." Also to see what name the town will give the "square," so called, which is bounded by Hyde Park avenue, Milton and Prescott streets.

Name of that part of Hyde Park avenue mentioned in first section of this article, changed to "Blue Hill Court." The name of Milton street (either section) was left unchanged. The name "Wolcott Square" was given to the "Square" described in this article.

Art. 7. To see if the town will authorize its treasurer to borrow money in anticipation of sewer assessments levied or to be levied under vote of the town, March 24, 1897.

Treasurer authorized to borrow $40,000 in anticipation of said assessment.

Adjourned at 8.55 P. M.

---

Nov. 7, 1899, the annual meeting for choice of State, District and County officers, was held in Waverly Hall. No other business was transacted.

---

Jan. 24, 1900, a town meeting was held in Waverly Hall, when the following Articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Clifton B. Carberry, Esq., was chosen moderator.

Art. 2. To see if the town will make an additional appropriation for incidentals.

$2000 appropriated; same to be taken from money on hand, received from County of Norfolk on account of widening of Hyde Park avenue.

Art. 3. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co., for the remainder of the term of our Street Lighting contract, for two incandescent lights to be placed on Arlington street, near Elm street.

Authorized to contract for one arc light.

Art. 4. To see if the town will make an additional appropriation for the support of the poor.

$700 appropriated; same to be taken from money on hand, received from sale of Happy Valley Park land.

Art. 5. To see if the town will appropriate the money now in the hands of its treasurer, received by him under the provisions of Sections 5, 9 and 28 of Chapter 578 of the Acts of the year 1898, for the construction, repair and maintenance of the public ways, and the removal of snow therefrom.

So appropriated.

Art. 6. To see if the town will make an additional appropriation for the use of the Board of Health.

$500 appropriated; same to be taken from money on hand, received from sale of Happy Valley Park land.

Art. 7. To see if the town will appropriate money to satisfy the judgement obtained by Lomelia A. Bickford against thetown.

$1140.97 appropriated; same to be taken from money on hand, appropriated for construction of sewers, and sewer commissioners are requested to draw order for payment of same.

Adjourned at 8.25 p. m.

# REPORT OF SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

Gentlemen, — I herewith submit my report for the year ending January 31st, 1900.

There are in this department, one steam roller, one derrick with rigging, five horses, five water-carts, two double and one single road carts, one road machine, one stone rigging, one two-horse roller, nineteen snow plows, and miscellaneous tools. There was added the past year, one two-horse snow sled. All of the above being in excellent condition.

There has been 1600 feet of new paved gutters built and 1300 feet of old gutters relaid, seven new catch basins constructed and three rebuilt; also four new stone culverts. We have taken up 3600 feet of old plank side walk and replaced the same by gravel and stone dust; 2000 feet of new fence has been built, 1168 feet of edge stone set, 200 feet of granolithic sidewalk laid, 650 feet of new sidewalk and 1455 feet resurfacing old concrete. One push cart, two wheelbarrows, and three waste barrels have been added to the street cleaning department.

The bridges on Fairmount Avenue and also on Hyde Park Avenue, over Mother Brook, have been repaired.

Twenty new sign posts have been put up during the year.

Besides the general repairs that are necessary at all times of the year, there have been about 2000 tons of crushed stone used on our streets, and we have about 700 tons on hand. Respectfully submitted,

HENRY M. PHIPPS,
Superintendent of Streets.

# REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

Gentlemen—Following is the annual report of the Inspector of Buildings for the year ending January 31, 1900:

| | |
|---|---|
| Whole number of permits issued, | 116 |
| For new buildings, | 65 |
| For additions and alterations, | 51 |
| Number of notices sent to persons who had commenced operations without a permit, | 5 |
| Number of visits made to the various buildings in process of erection and alteration, wood working and machine shops, waste boxes, back yards, investigating cause of fires, inspection public halls, etc., | 251 |

I find that people in general have become familiar with the fact that there is a building law, also that there is a law requiring them to care for combustible material, and that they have complied with the same as well as could be expected under the circumstances. There has been but one complaint entered in regard to waste material which, on notice, was removed.

I have submitted my annual report to Rufus R. Wade, Chief of District Police, State House, Boston, Mass.

I wish to extend my sincere thanks to the Board of Selectmen, to the contractors, and all others whom I have met, for the courtesy shown me in the performance of my official duties. Respectfully submitted,

RICHARD F. BOYNTON,
Inspector of Buildings.

# REPORT OF CHIEF OF POLICE.

Office of Chief of Police.
Hyde Park, Mass.

To the Honorable Board of Selectmen:

Gentlemen — I have the honor to submit herewith for your consideration the annual report of this department for the financial year ending January 31, 1900, which includes the first three months of my predecessor.

| | | | |
|---|---|---|---|
| Whole number of persons arrested, | | 250 | |
| Males, | 232 | | |
| Females, | 18 | | |
| CAUSES FOR ARREST. | | | |
| Adultery, | | 2 | |
| Assault and battery, | | 19 | |
| Assault with a dangerous weapon, | | 1 | |
| Bastardy, | | 2 | |

Having been appointed Chief of Police to take effect on the first day of May, last, I found everything in good condition in and about the Station, and it has been my endeavor to keep it so. The Police Force during the past year has consisted of seven regular men, five being assigned to all-night duty. I would respectfully recommend that the fines received by the town in criminal cases be placed to the credit of the Police Department. I would also recommend a patrol wagon to be so constructed that it can be used as an ambulance. In concluding I desire to express to the members of the Police Force my appreciation of the good-will and cordial relations existing among them, and to the Selectmen, who have in many ways assisted me in promoting the success of the Department, I extend my thanks.

Respectfully submitted,

DANIEL O'CONNELL,
Chief of Police.

# REPORT OF ENGINEERS OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen:

Gentlemen — The Board of Engineers herewith present their annual report for the year ending January 31st, 1900.

The Department has responded to 57 alarms during the past year, 35 bell and 22 still, 3 of which were in Dedham.

| | Value. | Loss. | Insurance. |
|---|---|---|---|
| Buildings, | $110,100 00 | $6,781 00 | $101,185 00 |
| Contents, | 14,300 00 | 5,250 00 | 10,475 00 |

We have bought 1000 feet of hose and 250 feet of chemical hose, and have connected the Central Station with the sewer.

We have re-located and repaired Hose 3 House, at Readville, at an expense of $500. We have also added a new exercise wagon.

The apparatus now consists of two hose wagons, one hose reel, one hook and ladder truck, one chemical, and one exercise wagon; also seven horses.

We have 4,500 feet of hose in good order, 1000 feet in poor order, 250 feet of chemical hose.

The storage battery which we have had on trial has proved very satisfactory and economical, and we would recommend that it be purchased.

The department consists of chief engineer, two assistant engineers, five permanent men and thirty-three call men, making a total of 41 men.

The excellent fire duty done by both the permanent and call force, in heat and cold, during the year, cannot be too highly commended.

J. C. McDOUGALD, Chief,
JOHN H. WETHERBEE, Clerk.
WILLIS G. ROBINSON.

## DEPARTMENT OFFICERS AND NUMBER OF MEN.

HENRY B. TERRY, Town Clerk.

# ANNUAL REPORT OF CEMETERY COMMISSIONERS.

During the year work on Beech Avenue and Fairview Drive has been continued. A number of lots have been graded and prepared, and arrangement has been made for the further extension of these avenues.

The receipts and expenditures for the financial year ending January 31, 1900, have been as follows:

| | | |
|---|---|---|
| RECEIPTS. | | |
| From sale of lots, | $1,880 00 | |
| From sale of single graves, | 345 00 | |
| Interment and receiving tomb charges, | 555 00 | |
| For foundations, | 188 99 | |
| For wood, | 75 00 | |
| | | $3,043 99 |
| Balance on hand Jan. 31, 1899, | | 4,522 33 |
| | | $7,566 32 |
| EXPENSES. | | |
| Labor, etc., | | $1,595 42 |
| Balance on hand Jan. 31, 1900, | | $5,970 90 |

For details of expenses we refer to itemized statement which accompanies this report.

STATISTICS.

| | 1892 | 1893 | 1894 | 1895 | 1896 | 1897 | 1898 | 1899 | Total |
|---|---|---|---|---|---|---|---|---|---|
| Lots sold, | 16 | 16 | 19 | 29 | 24 | 27 | 17 | 21 | 169 |
| Single graves sold, | | | | | | 81 | 59 | 69 | 209 |

CLARENCE U. MEIGGS,
CHARLES F. JENNEY,
GEORGE E. WHITING,
Commissioners.

# REPORT OF THE OVERSEERS OF THE POOR.

The Overseers of the Poor herewith respectfully submit their report for the year ending January 31, 1900:

The additional cost of maintaining the Poor Department during the past year is due mainly to the increase in the number of pauper insane, who are supported in State institutions at an average cost of $3.25 per week. The number fully supported has also increased about 25 per cent. At present the monthly payments for rent aggregate $62.00. During the year the amount paid for hospital charges and nursing has been unusually large, more than $500.

The bill now before the Legislature, which provides that the entire cost of maintaining the pauper insane in all cities and towns shall be assumed by the State, if it becomes a law, would no doubt lessen the cost to the different municipalities, although the expense would be assessed and form a part of the State tax. From the present outlook the sum of $8,000 will be required for the support of poor during the ensuing year.

There has been a marked decrease in the number of travellers applying for lodging as compared with the previous year, which indicates that the army of the unemployed has been very materially lessened.

The number of persons receiving aid, with a detailed list of expenditures, is hereto appended:

| | |
|---|---|
| Whole number of persons aided, | 2227 |
| Number of persons fully supported, | 34 |
| Number of persons partially supported, | 203 |
| Number of tramps lodged, | 1990 |

| PAID ON ACCT. OF | | SETTLEMENT. | COST. |

# REPORT OF BOARD OF HEALTH.

To the Citizens of Hyde Park:

We herewith present the following as our annual report for the year ending January 31, 1900:

In the early summer and spring months, as has been the case in former years, we received many complaints calling our attention to the need of better surface drainage in various parts of the town. These complaints were investigated and where a remedy or amelioration of the conditions were within our means, it has been applied.

Stony Brook, from a point near West Street to the line of the Metropolitan Park, has been deepened and widened so as to furnish a better outlet for the great amount of water draining into it. The condition of the brook would be greatly improved by widening and deepening to true grade the channel at the northerly end towards the Boston line.

The serious need of better drainage was also apparent near the N. Y., N. H. & H. Railroad, in the rear of Corson's and Raymond's stables. A suitable ditch was dug on the line of proposed Providence street, and cross ditches into the adjoining land, which have served to materially reduce the amout of water usually lying stagnant in that locality. But to make this complete the drain should be cut through to Stony Brook on the westerly side of the railroad, thereby furnishing not only a better outlet for water on the easterly side of the track, but drainage to other low and swampy land.

The branch from Stony Brook just south of Clarendon Hills Square was also cleaned from its junction with the brook to Huntington Avenue, but to make this permanent

the main channel should be deepened, as has been stated before.

There yet remains much that should be done in the line of drainage for surface water in the district lying between Readville Street and West River Street, which is still a menace to the general health of the locality, and also many others of lesser magnitude but of fully as great importance.

## SWILL AND GARBAGE.

The collection of swill has been carried on as in previous years and the service, we have reason to believe, has been on the whole satisfactory.

During the warm months we were obliged to have an extra team in this work in order to make two collections each week.

The question of garbage collection has been brought to our attention several times during the past year in connection with numerous complaints in regard to the general custom prevailing in the town of dumping refuse matter in any convenient place or places that may be found about the town. There are probably twenty or more such places in and about the town, and as the matter usually dumped on them is not such as to create noisome odors by decaying, there is no present remedy if the owners of the land desire to use the same as a dump. However, if suitable provisions were made for the collection of house and store dirt, ashes, etc., and a dump properly cared for or the waste matter destroyed, the town would present a much cleaner appearance and go far towards making Hyde Park a model town.

We have now two horses and three wagons, with the other necessary equipments to carry on the swill collection, but have no provision for stabling or proper care of the same except such as we are able to hire. This state of affairs is wrong, and the property of the town cannot receive proper care and supervision under such conditions.

## CONTAGIOUS DISEASES.

We feel that the citizens have good cause for congratulation on the continued reduction in the number of contagious or preventive diseases over that of former years.

The whole number of cases of contagious disease reported to the Board during the year is 110 as against 142 in 1898 and 160 in 1897, divided as follows: — Diphtheria and membraneous croup, 25 cases with 3 deaths; measles, 8 cases, no deaths; typhoid fever, 17 cases, one death; scarlet fever, 60 cases, one death.

The total mortality from contagious disease for the year was five, as against eleven for 1898.

The method of quarantine in contagious cases has been the same as in former years, and the disinfection and fumigation by formaldeheyde gas has been continued by the Board with very gratifying results, as has been shown.

The number of cases of scarlet fever was doubtless increased by the mild form in which it has prevailed during the past year. In many cases the symptoms were not pronounced enough to be recognized, consequently they were not reported by the parents, and the children returned to school before being free from contagion.

During the summer we had cause to investigate several cases of typhoid fever that seemed to show common cause or causes for infection. It was found that the trouble could be attributed almost wholly to the milk supply in the families. The milkmen were instructed as to the proper methods for the care of their product, and since then there have been no cases that could be traced to that source.

We have continued to furnish diphtheria anti-toxine free to all physicians who desired it, and in the last year we supplied them with seventy-four bottles. The anti-toxine is made under the supervision of the State Board of Health and

is furnished to the town free of charge. The Board desires to extend its thanks to the members of the medical profession for their promptness in reporting all cases of contagious diseases and their earnest efforts to carry out our regulations in regard to quarantine of suspected as well as positive cases, which has doubtless materially lessened the number of cases of contagion for the year.

## SEWERAGE.

The ever-offensive and disease-breeding privy vault and cesspool are still being used to a great extent in those parts of the town already furnished with common sewers, but all those which were apparent nuisances and were brought to the attention of the Board, have been discontinued or temporarily remedied and allowed to remain in use only until such time as connection can be made with the sewer. We again advocate the more general use of the sewers, especially in the central portion of the town, and trust that during the coming year there will be a marked increase in the number of connections and consequent abolishment of many sources of disease.

In closing we would once more call your attention to the need of a proper building for stabling the horses and shelter for the wagons used by this department, and would respectfully recommend that such accommodations be provided the coming year. It is the opinion of the Board that the only method of removing the causes for complaint regarding the unsightly dumping places is to have the work done under somewhat the same method as the swill collection, and at a common dump which can be properly cared for.

A copy of the report of Health Officer and Inspector of Plumbing is appended hereto.

# REGULATIONS OF THE BOARD OF HEALTH

## OF THE TOWN OF HYDE PARK.

---

PUBLIC STATUTES: CHAPTER 80, SECTION 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provision of law, this Board makes the following regulations, which will be strictly enforced:

REGULATION 1. *Privy Vaults and Drains.* Section I. Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk underground, which shall be of sufficient size to contain at least 80 cubic feet, and when not water-tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleansed at least once in each year, and oftener if necessary for the public health, the expense to be borne by the owner of the property.

REGULATION 2. Section I. The Board, when satisfied upon due examination that a cellar, room, tenement, or building in the town occu-

pied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the same to be vacated, and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth, or offensive matter.

Regulation 3. *Swill and Offal.* Section I. No person shall remove or carry in or through any of the streets, lanes, or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

Regulation 4. *Diseased Meat and Provisions.* Section I. No preson shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

Regulation 5. *Swine.* Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

Regulation 6. *Contagious Diseases.* Section I. Any person sick with the small pox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is, or has been sick with the disease, or n any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with small pox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall, at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of small pox. scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be re-opened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

Regulation 7. Section I. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

Regulation 8. Section I. No person, firm or corporation not now engaged in or working at the business of plumbing shall hereafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the Board of Health, and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such appli-

cation shall be referred, be examined as to his qualifications for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license to such applicant authorizing him to engage in or work at the business of plumbing. The fees for a license for a master or employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work, and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to, or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in the town by-laws.

Regulation 9. The Board of Health hereby adjudges that the deposit of sputum in street cars, public buildings, or churches is a public nuisance, source of filth and cause of sickness, and hereby orders: That spitting upon any floor of any street car, public building or church be, and hereby is. prohibited.

Fully believing that a large proportion of contagious diseases originate from unsanitary conditions, we trust that we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws, and the sanitary rules of our large towns. Respectfully submitted,

WILLARD S. EVERETT, M.D., Ch'm.
EDWIN C. FARWELL, Secretary.
WILLIAM W. SCOTT.
Board of Health.

*To Willard S. Everett, M. D., Chairman, and Members of the Board of Health, Hyde Park, Mass.*

Gentlemen :—I herewith submit to you my third annual report as Health Officer and Inspector of Plumbing for the year ending January 31, 1900.

It is with pleasure that I have to report that the number of cases of contagious diseases has been materially reduced from that of former years, which can be attributed largely to the better understanding of the necessary requirements to be followed in such cases.

Improvements have been made in appliances for the use of formaldeheyde gas, which have been taken advantage of with prospects of still better results than in former years.

Agreeable to your orders and in accordance with plans and estimates made, Stony Brook, for a distance of about one-half a mile north of the Metropolitan Park line, has been widened and deepened as much as the present levels of the water mains, as previously located, will allow. This has apparently been sufficient to accomplish your desires in this locality. However, the condition of the brook farther north needs considerable outlay of money to put it in proper shape in order that the section lying just south of Clarendon Hills may be properly drained.

The drain in the rear of the town stables and other property near the railroad has also been put in good condition and has doubtless carried off the water from that locality, as well as it can be done until further improvements are made in the channel of Stony Brook.

The horses and wagons used in the swill collections are in good condition generally, and the building covering the dump will continue to be of good service with few minor repairs. A drain has been put in from the tank, thereby removing any known cause for complaint in regard to the use of the building.

Quarantine notices have been posted on 85 houses in the town. Disinfection and fumigation has been thoroughly done in all cases that have been quarantined, and also in twenty-two houses where there had been a case or cases of consumption,—in all over 190 rooms.

The general condition in the town is good and there is every prospect that under the present system it will continue. The condition of the dumps in various parts of the town is always a source of complaint.

It is respectfully suggested that as far as possible all complaints should be made in writing and signed, in order that the matter may be taken up properly and that suitable receptacles for swill be used to facilitate collections of the same.

INSPECTION OF PLUMBING.

There have been filed at this office 188 applications to do plumbing, of which 138 were for work in old buildings and 50 for work in new buildings. In 126 buildings the premises drain into the sewer, and in 56 into cesspools.

The fixtures used in buildings are as follows: Water-closets, 226; bathtubs, 92; wash bowls, 108; sinks, 198; wash trays, 54.

The general condition of the plumbing work done is very good, and I wish to thank the plumbers for their courtesy and earnest endeavors to improve the general sanitary condition of the buildings in town.

Respectfully submitted,

CALEB T. LOVELL,
Health Officer and Inspector of Plumbing.

# SEVENTH ANNUAL REPORT OF THE BOARD OF PARK COMMISSIONERS.

Although the year 1898 closed leaving a feeling of disappointment as to what had not been and might not be done by the Metropolitan Park Commission in the taking of land for the purifying of the Neponset River, and for a boulevard near it, the delay and possible abandonment being, as was understood, due to the high prices put by some of the owners upon their property, the last year of the century shows on the most important item for the welfare of our town, viz.: the purification of the Neponset River, considerable progress towards what was, without any question the intention of our Legislature in making the large appropriation of 1898.

Although it is within the power of our town officials to prevent the fouling of the stream by our people, any movement of this kind must be a radical one to accomplish this even within our own limits; and we cannot, through the ordinary channels, prevent the stream from being polluted outside of our town. Naturally, there is, and will be, hesitation in enforcing any provision which inconveniences and causes expense to our manufacturies and people until the sentiment of the town as a whole is in favor of such enforcement. Therefore, we believe that the takings which have been made the past year will meet with the approval of our citizens, and will undoubtedly result in making the Neponset a pleasure to those who live and work near it, instead of creating disgust for its present impure condition.

We believe in the policy which was so well and plainly expressed by the Chairman of the Metropolitan Commission in his address September 22, 1898, when he said as to the taking of the river banks, that "industries are not to be interferred with. It does not mean that there is any spirit on the part of the Commonwealth to come here and wipe out industries that happen to be located along the river."

The plans and descriptions of land taken have been filed during the current year in the following order:

May 27, 1899. For a boulevard taking the river banks just west of Glenwood Avenue station on the Midland Division of the N. Y., N. H. & H. R. R. to near Paul's Bridge. Plan No. 189.

October 2, 1899. From Paul's Bridge southwesterly to near the station of Green Lodge on the Providence Division of the same railroad, taking the Neponset River and adjacent territory to a width which covers all the low, wet meadow land. About 3000 feet in length of this taking is in Hyde Park and the balance in Canton and Dedham. Plan No. 187.

October 21, 1899. Additional taking near Gordon Avenue, entrance to Stony Brook Reservation.

December 28, 1899. Along the Neponset River, between Fairmonunt and Glover and Willcomb's, at Glenwood Avenue. Plan No. 200.

January 4, 1900. From Fairmount east along the Neponset River in Hyde Park and Milton, to Mattapan. Plan No. 226.

The following plans have been carefully compared with the descriptions, and after careful consideration have been assented to by this Board,

Sept. 18, 1899. To the taking of land near Gordon Avenue.

Sept. 25, 1899. To the taking shown on plan No. 187.

Dec. 27, 1899. To the taking shown on plan No. 226; also on plan 200.

The takings so far as filed, practically control the pollution of the river from the Westwood town line to Fairmount Avenue, in Hyde Park, a distance of about three and one-half miles, and control the stream, on one side at least, from Fairmount Avenue to the northeast line of Hyde Park.

Not only will the people, in the near future, have guaranteed to them for all time a clean, pure stream, a prospect that will delight all of enjoying, as of old, the pleasure of boating and fishing, but in addition, will have unobstructed paths along its border. The beautiful scenery through which they will lead, the hand of man will not be able to improve.

During the year five applications for the removal of shade trees have been made, and the legal notices have been posted, hearings held, and permission to remove them granted as follows:

March 23, 1899. To E. O. Taylor, to remove three shade trees in front of his land on Lincoln Street.

April 22, 1899. To Willis G. Robinson, to remove three trees in front of No. 51 Lincoln Street.

May 29, 1899. To Trustees of the Public Library, to remove a tree on Winthrop Street.

Dec. 18, 1899. To the Selectmen, to remove two trees at the corner of West River Street and Fairview Avenue.

Aug. 8, 1899. Declined to allow a tree to be removed on Dana Avenue.

May 29, 1899. Voted to paint the flag pole on the park at Readville.

There has been additional legislation as to shade trees, the past year, which is as follows:

## ACTS 1899. CHAP. 330.

### An Act to Codify and Amend the Laws Relative to the Preservation of Trees.

Be it enacted, etc., as follows:

Section 1. Every town shall, at its annual meeting for the election of town officers, elect a tree warden, who shall serve for one year, and until his successor is elected and qualified. He may appoint such number of deputy tree wardens as he deems expedient, and may at any time remove them from office. He and his deputies shall receive such compensation for their services as the town may determine, and in the dafault of such determination, as the selectmen may prescribe. He shall have the care and control of all public shade trees in the town, except those in public parks or open places under the jurisdiction of park commissioners; and of these, also, he shall take the care and control if so requested in writing by the park commissioners. He shall expend all funds appropriated for the setting out and maintenance of such trees. He may prescribe such regulations for the care and preservation of such trees, enforced by suitable fines and forfeitures, not exceeding twenty dollars in any one case, as he may deem just and expedient; and such regulations, when approved by the selectmen and posted in two or more public places in the town, shall have the force and effect of town by-laws. It shall be his duty to enforce all provisions of law for the preservation of such trees.

Section 2. Towns may appropriate annually a sum of money, not exceeding in the aggregate fifty cents for each of its ratable polls in the preceding year, to be expended by the tree warden in planting shade trees in the public ways, or, if he deems it expedient, upon adjoining land, at a distance not exceeding twenty feet from said public ways, for the purpose of shading or ornamenting the same: *provided, however*, that the written consent of the owner of such land shall first be obtained. All shade trees within the limits of any public way shall be deemed public shade trees.

Section 3. Whoever, other than a tree warden or his deputy, desires the cutting or removal, in whole or in part, of any public shade tree, may apply to the tree warden, who shall give a public hearing upon the application at some suitable time and place, after duly posting notices of the hearing in two or more public places in the town and also

upon the said tree: *provided, however*, that the warden may, if he deems it expedient, grant permission for such cutting or removal without calling a hearing, if the tree in question is on a public way outside of the residential part of the town; the limits of such residential part to be determined by the selectmen. No tree within such residential part shall be cut by the tree warden, except to trim it, or removed by him without a hearing as aforesaid; but in all cases the decision of the tree warden shall be final.

Section 4. Towns may annually raise and appropriate such sum of money as they may deem necessary, to be expended under the direction of the tree warden in exterminating insect pests within the limits of their public ways and places, and in the removal from said public ways and places of all trees and other plants upon which such pests naturally breed: *provided, however*, that where an owner or lessee of real estate shall, to the satisfaction of the tree warden, annually exterminate all insect pests upon the trees and other plants within the limits of any public way or place abutting on said real estate, such trees and plants shall be exempt from the provisions of this section.

Section 5. Whoever affixes to any tree in a public way or place, a playbill, picture, announcement, notice, advertisement, or other thing, whether in writing or otherwise, or cuts, paints or marks such tree, except for the purpose of protecting it, and under a written permit from the tree warden, shall be punished by a fine not exceeding fifty dollars for each offence.

Section 6. Whoever wantonly injures, defaces, breaks, or destroys an ornamental or shade tree within the limits of any public way or place shall forfeit not less than five nor more than one hundred dollars, to be recovered by complaint, one half to the complainant and the other half to the use of the town.

Section 7. Whoever negligently or carelessly suffers a horse or other beast driven by or for him, or a beast belonging to him and lawfully in a public way or place, to break down, injure, or destroy a shade or ornamental tree within the limits of said public way or place, or whoever negligently or wilfully by any other means breaks down, injures, or destroys any such tree, shall be liable to the penalties prescribed in the foregoing section, and shall in addition be liable for all damages caused thereby.

Section 8. It shall be the duty of the tree warden to enforce the provisions of the preceding sections.

Approved May 4, 1899.

ACTS, 1899. — CHAP. 436.

AN ACT RELATIVE TO THE PROTECTION OF SHADE TREES.

Be it enacted, etc., as follows:

Section 1. Section eight of chapter fifty-four of the Public Statutes is hereby amended by adding at the end thereof the following words: — "and shall forfeit not less than five nor more than one hundred dollars to be recovered by complaint; one half to the complainant and the other half to the use of the municipality in which such injury is done," — so as to read as follows: —

"Section 8. Whoever negligently or carelessly suffers a horse or other beast driven by or for him, or a beast belonging to him and lawfully on the highway, to break down, destroy, or injure a tree, not his own, standing for use or ornament on said highway, or negligently or wilfully by any other means breaks down, destroys, or injures any such tree, shall be subject to an action for damages at the suit of the owner or tenant of the land in front of which the tree stands, and shall forfeit not less than five nor more than one hundred dollars, to be recovered by complaint; one half to the complainant and the other half to the use of the municipality in which such injury is done."

Section 2. This Act shall take effect upon its passage.

Approved May 27, 1899.

It appears from Section 1 of the Acts of 1899, Chapter 330, that it is now obligatory on the town to elect a Tree Warden, and that the local Park Commissioners, as commissioners, cannot act as tree wardens, and have control only of public shade trees in the public parks or open places under their jurisdiction.

This legislation is very satisfactory to this Board, but we hope the one chosen will have due regard to the beauty as well as utility of our shade trees.

LAWSON B. BIDWELL, Chairman,
JOHN J. ENNEKING, Sec'ty.,
WILBUR H. POWERS.
Park Commissioners for the Town of Hyde Park.

# ASSESSORS' REPORT.

VALUATION STATISTICS.

| | May 1, 1899. | May 1, 1898. |
|---|---|---|
| Buildings | $5,417,950.00 | $5,298,150.00 |
| Land | 3,867,925.00 | 3,723,875.00 |
| Total | $9,285,875.00 | $9,022,025.00 |
| Personal | 998,010.00 | 944,590.00 |
| Total Value | $10,283,885.00 | $9,966,615 00 |
| | Tax rate, $20.00 | Tax rate, $17.00 |

APPROPRIATIONS.

| | 1899. | 1898. |
|---|---|---|
| Town Tax including overlayings | $173,993.82 | $155,419.97 |
| State Tax | 5,130.00 | 5,130.00 |
| County Tax | 8,142.46 | 7,633.93 |
| Metropolitan Sewer Tax | 13,345.32 | 4,421.93 |
| High Level Sewer Tax | 1,896.41 | 2,664.00 |
| Motropolitan Water Tax | 758.55 | 506 12 |
| Grade Crossings (Readville) | 8,873.14 | 56 50 |
| | $212,139.70 | $175,832.45 |

| | 1899. | 1898. |
|---|---|---|
| No. polls assessed | 3,231 | 3,200 |
| " dwellings assessed | 2,302 | 2,264 |
| " horses " | 495 | 515 |
| " cows " | 132 | 156 |
| " acres land " | 2,058 | 2,061 |

PROPERTY EXEMPT FROM TAXATION.

| | |
|---|---|
| Churches | $257,000 00 |
| St. Raphael School Association | 23,500 00 |
| Harvard College | 875 00 |
| Hyde Park Y. M. C. A. | 5,000 00 |
| Total | $286,375 00 |

By comparing the figures relating to appropriations for the years 1898 and 1899, the high rate of taxation of the latter year may be accounted for. It will be seen that the increase in valuation was $317,270.00, and at the same time the tax levy for 1899 exceeded that of 1898 by $46,307.25, an increase of more than 25 per cent. Of that amount $24,700.00 was voted by our citizens in 1898 to be raised by taxation in 1899; the balance, $21,607.25, may be charged directly to State assessments, mainly on account of the so-called Abolition of Grade Crossings at Readville, and the very marked increase in the assessment on account of the Metropolitan Sewer. It may be noted that the Grade Crossing item in 1898 was $56.50, and in 1899, $8.873.14; in 1898 the Metropolitan Sewer item was $4,421.93, in 1899, $13,345.32. What these assessments for the ensuing year may be, it is impossible to state; but, probably, not less than the amounts called for last year. In addition to the above, the taxpayers of Hyde Park will be called upon to include in the annual tax levy of 1900, an assessment on account of the Metropolitan Park. The amount of this item cannot be determined at present, but it is safe to assume that the call will not be for less than $10,000.

Respectfully submitted,

THOMAS E. FAUNCE,
GEORGE W. CHAPMAN,
CHARLES F. MORRISON,
Assessors.

# DETAILED STATEMENT OF EXPENDITURES.

## INCIDENTALS.

| | |
|---|---|
| Paid Delia Long, soldier's relief, | $ 165 00 |
| Richard F. Boynton, salary as Inspector of Buildings, | 275 00 |
| Wm. F. Dodge, janitor and cash paid out, | 475 45 |
| Samuel R. Moseley, printing, advertising and postage, | 1,217 01 |
| Wm. F. Dodge, rent of Waverly and Plummer Halls, | 265 00 |
| Geo. Sanford, collecting taxes, '95, '96, '97, and '98, and backing same, | 1,115 56 |
| Hyde Park Ice Cream Co., lunches at elections, | 87 45 |
| Henry S. Bunton, treas. teller sand ballot clerks at elections as per pay rolls, | 228 00 |
| R. E. Cherrington, repairing furniture, | 11 91 |
| Corson Express Co., expressing and carriage hire, | 30 90 |
| Edward Q. Dyer, supplies, | 18 95 |
| J. W. Mills, supplies, | 10 95 |
| W. W. Hilton, labor and stock, | 17 15 |
| M. R. Warren Co., license blanks and stationery, | 23 33 |
| G W. Smith, stationery supplies, | 3 48 |

Public Library. Erected 1898.

# REPORT OF THE TRUSTEES OF THE HYDE PARK PUBLIC LIBRARY.

## HISTORY.

At a town meeting held in 1871, largely through the influence of the late Theodore D. Weld, a Committee of nine was appointed a Library Committee to inaugurate a movement in favor of a Free Public Library for Hyde Park.

They entered upon their work with great energy, and soon enlisted the support of the public-spirited citizens of the town, then in its infancy. Subscriptions were obtained, a Fair was held, a Course of Lectures, and several Entertainments were given including one by the Public Schools; as the result of their untiring efforts upwards of $6000 was raised as a Library Fund. The first meeting of this Committee was held in the library of Alanson Hawley who at that time presented them with over one hundred new and valuable volumes which may be regarded as the foundation of the Library. Although in failing health at the time, no one was more earnest or devoted to the cause, but he did not live to see the realization of his hopes.

In their report presented at the annual town meeting in 1872, they gave a detailed account of their labors and recommended that the Board of Selectmen, the School Committee, the Town Treasurer, and the Town Clerk, be appointed a committee for the nomination of a Library Board. In consequence of this recommendation, the following were elected, the majority of whom were members of the original committee:

Theodore D. Weld, Rev. Isaac H. Gilbert, Rev. Perley B. Davis, Rev. E. A. Manning, Edward M. Lancaster,

Hobart M. Cable, Rev. W. J. Corcoran, Mrs. Mary H. Hunt, and E. S. Hathaway. Mrs. Hunt declined to serve, and C. W. W. Wellington was chosen in her place. Upon them devolved the task of creating a Library, of purchasing books, electing a Librarian, and finding a suitable room.

The Library was first opened in March, 1874, in the westerly end of the second story of the brick block at the corner of West River street, and what was then called Hyde Park avenue, now known as Harvard avenue. In 1883 it was removed to the westerly end of the second story of the brick block nearly opposite its first quarters and adjoining the Episcopal church. These rooms which seemed ample when they were secured were soon outgrown and the space required for books gradually encroached upon the Reading Room.

After long and patient effort on the part of the Trustees, and others interested in the welfare of the Library, the town voted an appropriation of $25,000 in December, 1898, and instructed the Trustees to erect a building on the corner of Harvard avenue and Winthrop streets. Subsequently, before the building had been begun, the town voted $5,500 more for the purchase of additional land adjoining the original site, and still later $2,500 for furniture and fixtures. With this money and the Library Fund already in their hands, the Trustees erected the Library Building which is described later in this Report. This was first opened to the public use in September, 1899.

The first Librarian was William E. Foster, then a recent graduate of Brown University, who has for many years past been widely known as the efficient head of the Public Library at Providence, R. I.

Upon his resignation in 1876, after two years of service, the Library was temporarily in charge of J. J. Reeves who was followed later in the same year by Mrs. H. A. B. Thompson who remained in charge for a little over twenty

years. During her long service she saw the Library whose interests she had so much at heart, nearly treble its number of volumes and greatly increase its circulation. She was a wide reader of excellent taste and judgment who was able to render valuable assistance to the Trustees in the selection of books, and to give good counsel to such patrons of the Library as consulted her as to their choice of reading.

She was followed in 1896 by Miss Elizabeth Ainsworth, a graduate of Mt. Holyoke, who had been for some years engaged in teaching. She has brought to her work great energy and efficiency. Miss M. A. Hawley has been permanently employed as Assistant Librarian since 1883, and by her uniform courtesy has won the regard and good-will of everyone who has had occasion to use the Library during all these years.

On the opening of the new building in 1899, Miss Gertrude L. Adams, a graduate of the High School was placed in charge of the Juvenile Room where she has displayed skill and tact.

NEW LIBRARY BUILDING.

As this is the first report of the Trustees since the completion of the library building, it may not be out of place to give a brief description which may supplement the illustrations which accompany the report.

The foundation is of hammered Deer Isle granite and the walls are of gray Roman brick, with terra-cotta trimmings. The inside finish is of oak, with the exception of that in the main reading room.

The outside dimensions of the main building are 43 x 81 feet, with a stock room in the rear 20 x 47 feet. The basement, which is high, well lighted, and free from dampness, has, beside the boiler-room and toilet-room, three large rooms, one of which is used as a work-room, and the other two for storage purposes.

The first floor contains an entrance hall 28 feet in height with a mosaic floor, oak panelling with Tennessee marble base, and an oak staircase; the delivery room, 20 x 40 feet; the juvenile room, 28 x 30 feet; a librarian's room; toilet rooms, and the main reading room, 28 x 40 feet, and 28 in height. This room is finished in the colonial style, having Corinthian pillars and entablature with ceiling beams. At one end is a large fireplace, with Sienna marble facings, and an oak mantel surmounted by an oak clock with a marble dial, generously presented by the Horticultural Society. The walls are surrounded by oak bookcases, five feet in height, containing reference books and magazines for use in the rooms.

The second floor, besides the trustees' room, contains a large room, 28 x 40 feet and 18 feet high, which is used at present by the Historical Society. Whenever the increased demands of the library render it necessary, it can be used as an additional reading room. This room the trustees have called "Weld Hall," in memory of the late Theodore D. Weld. The associate of Phillips, Garrison, Whittier, and others of like high purpose, he was widely known in his earlier years as an eloquent and fearless friend of the oppressed, while in his declining days, having taken up his residence among us, he endeared himself to his fellow-townsmen as a high-minded, public-spirited citizen, zealous in every good work. To his untiring efforts the library was greatly indebted in its infancy.

The stack-room, which is detached from the main building, from which it is separated by fireproof doors, is practically a fireproof structure. It contains iron book-stacks of the most approved design. They will contain 32,000 volumes, and accommodations for 16,000 more can easily be added whenever occasion demands.

The style of architecture is Grecian Ionic, and great care

has been taken to have all the proportions and details conform to the requirements of the style adopted.

The lot on which the building stands is slightly elevated above the surrounding streets, and is bounded 200 feet by Harvard Avenue, 100 feet by Winthrop Street, and 100 feet by Everett Street. It is proposed to beautify this in the spring by setting out trees and shrubs.

The trustees desire to put on record their high appreciation of the skill and fidelity of the architects, Messrs. Clark & Russell, and of the fair dealing of the contractor, Mr. George Howard, who has spared no labor or expense in fulfilling the terms of his agreement in a liberal spirit.

Besides the principal contract, other contracts have been made as follows:

Snead & Co., Iron Works, bookstacks; Magee Furnace Co., represented by Stillman E. Newell, of Hyde Park, heating and ventilating apparatus; The Library Bureau, tables and card catalogue cases; Paine Furniture Co., through George S. Cabot, of Hyde Park, chairs; R. Hollings & Co., lighting fixtures; Hyde Park Granite Co., curbing.

The cost has been as follows:

| | |
|---|---|
| Building, including architect's fee, heating and ventilating | $26,000 00 |
| Land | 12,500 00 |
| Bookstacks, furnishing, grading, etc | 5,995 88 |
| | $44,495 88 |

The trustees are happy to be able to say that the building has been completed within the amount available, and that there will be a small balance on hand after paying all outstanding bills.

We add the following brief extract from a public address delivered by one of the clergymen of the town.

"Our new Public Library Building is a structure to be proud of as we look at its dignified outward proportions; while within, its simplicity, its loftiness, and its beauty exert upon all who enter, an educational power apart from the books which are treasured within its walls. Our citizens ought never to regret its exceedingly moderate cost, for it is destined to be an investment which will pay back a thousand fold."

The notable gifts which have been received during the erection of the building have been one thousand dollars from Mr. Henry S. Grew, a clock from the Horticultural Society, and one hundred dollars from Mrs. Hamilton A. Hill, in honor of her late husband, who was for a time one of the trustees. This sum has by her request been expended for reference books, which have been placed in the reading room.

The books and magazines especially adapted to younger readers have been arranged on the shelves around the juvenile room, where the children have free access to them under the supervision of an attendant, who is always present to aid them in their selection, and to charge the books desired for home use. The children in this way become to some extent familiar with a much larger number of books than those which they actually read. This privilege has, with few exceptions, been used in a most orderly manner, and the experiment appears to be a decided success.

The classified card catalogue has been completed, each book being entered under its title, under the author's name, and under the subject, with sufficient cross references to make its contents easily accessible to the reader. In addition to the catalogue containing cards for all the books in the library, there is also in the delivery room a case containing a catalogue of all the fiction by itself, and another in the juvenile room containing a catalogue of all the books in that room.

Whenever a new book is added to the library, it is class-

ified, and its appropriate cards are at once added, so that the catalogue is always complete to date, a thing impossible under any other system.

Lists of new books are published from time to time in the local papers, and it is intended to print occasional Finding Lists, under suitable headings, for home use.

A card catalogue of the chief subjects treated in the magazines is now in preparation.

A bookcase placed near the delivery desk contains the more important new books as they are added to the library, so that the reader may have an opportunity to decide from a brief inspection of the book itself whether he wishes to carry it home to read; a decision which it is often difficult to reach from the title alone.

An average circulation of 4,847 per month for the first three months after the opening of the new building as compared with an average of 3,132 for the corresponding months of the previous year, an increase of over 50 per cent., with a like increase in the number of books used in the reading room, shows that the new facilities are appreciated by the patrons of the library.

In October, Mr. William H. Alles, who had rendered efficient service as a member of the building committee and chairman of the board, having removed from town, was obliged to resign his position, much to the regret of his associates. The vacancy on the board was filled by the unanimous election of Charles G. Chick, Esq., whose long service on the school committee gives promise of great usefulness in helping to strengthen the bond which connects the public schools and the public library.

In closing, the trustees wish to express their appreciation of the generous financial support given them by the town, and to ask for the earnest co-operation of parents and teachers in making the library a still more potent factor for moral and intellectual good in our town life. The library

may be a source of moral weakness and mental dissipation instead of moral strength and mental vigor. It is the duty of the library officials to see to it that none but good books are on its shelves, but they cannot decide in what order or in what proportion these shall be read. A host in entertaining his guests may take care that no injurious food is placed before them, but he cannot prevent their neglecting the more substantial and nutritious viands and eating only that which was never intended to form the body of the meal. Delicacies which, taken at the proper time and in the proper proportions, would add a zest to the appetite for more nourishing food will, if used to excess, destroy this healthy appetite and produce disease.

This comparison holds good of the library. The trustees can see that nothing is furnished which is not suitable to read, but it is for the teachers to inculcate such a love of substantial books that the young shall seek them in preference to those of a lighter character; and it is for the parents both to foster this love of good books, and by a careful supervision of their children's reading, to be sure that they are not unduly indulging in books which, though not harmful in themselves, should be used chiefly as a relaxation from more severe mental effort.

We desire also to ask the parents to impress it upon the young people that the reading room is a place for quiet study and not for social recreation, and to suggest an occasional call at the library on their part, that they may see how closely this object is adhered to. It is only by such earnest co-operation on the part of all, that the library can fulfil its highest mission.

For the Trustees,

HENRY. B. MINER,
Chairman.

Delivery Room, looking toward entrance.

Part of main Reading Room.

A corner in the Juvenile Room.

## LIBRARIAN'S REPORT.

To the Board of Trustees:

The following is a report of the Hyde Park Public Library for 1899;

The Library has been open for the delivery of books 251 days, having been closed from July 10 to September 12—54 library days — during the removal and arranging of the books in their new quarters. The Browne system of charging, which replaced the card system in September, is proving very satisfactory.

A re-registration of borrowers began at the reopening of the library. The number now registered in the adult department is 1354; number of new borrowers not previously registered is 598. The age limit of registration in the children's department is twelve years. The number over twelve years of age registered in that department is 379, making a total registration of 1733. The number of persons in the same family entitled to take books has been increased to four. The privilege of taking two books at a time has been welcomed by many of our readers.

### STATISTICS.

| | | |
|---|---|---|
| Total number of books taken out, | 36,031 | |
| Magazines in home use, | 1,400 | |
| Books in room use, | 770 | |
| Largest daily delivery, | 323 | |
| Smallest daily delivery, | 33 | |
| Average daily delivery, | 143 | |
| Class per cent. of circulation: Fiction, 88.4; biography, 2.1; history, 2.1; travels, 1.9; miscellaneous, 5.5. | | |
| Number of books rebound, | 1,117 | |
| Amount received in fines, | | $35.90 |

The children's room has been open 76 days.

| | | |
|---|---|---|
| Number of books given out, . . . . . | 6,636 | |
| Largest daily delivery, . . . . . | 114 | |
| Smallest daily delivery, . . . . . | 20 | |
| Average daily delivery, . . . . . | 87 | |

REPORT FOR READVILLE.

| | | |
|---|---|---|
| Number of books taken out, . . . . . | 763 | |
| Fiction, 77.5 per cent.; biography, 2; history, 5; travels, 2; miscellaneous, 13.5. | | |
| Number of new borrowers, . . . . . | 1 | |
| Amount received in fines, . . . . . | | 0.70 |

BOOKS ADDED TO THE LIBRARY.

| | | |
|---|---|---|
| By purchase, . . . . . | 939 | |
| By the addition of Massachusetts and United States documents not previously entered on the accession list, . . . . . | 775 | |
| By the addition of other books not previously entered on the accession list, . . . | 58 | |
| By bound volumes of periodicals, . . . | 40 | |
| By donation, . . . . . | 112 | |
| | | 1,924 |
| Of the books purchased the number to replace books lost and worn out was . . . | | 446 |
| Total increase, . . . . . | | 1,478 |

During the re-cataloguing of the library books many worn-out volumes were destroyed, as well as quite a number that were regarded by the trustees as no longer useful, leaving the present number of volumes a little over 16,000.

## FIRST TERM.

Begins Monday, Sept. 4th; ends Friday, Dec. 22nd.—16 weeks.

## SECOND TERM.

Begins Monday, Jan. 1st.; ends Friday, March 30th.—13 weeks.

## THIRD TERM.

Begins Monday, April 9th; ends Friday, June 22nd.—11 weeks.

### Christmas Vacation.

Begins Monday, Dec. 25th; ends Friday, Dec. 29th.—1 week.

### Spring Vacation.

Begins Monday, April 2nd; ends Friday, April 6th.—1 week.

### HOLIDAYS.

Sept. 4th and 5th, Nov. 23rd and 24th, Feb. 22nd, April 13th, April 19th and May 30th.

# SCHOOL COMMITTEE'S REPORT.

Citizens of Hyde Park:

During the past year you have manifested a marked interest in school affairs, apparently keeping advised of changes which we have been instrumental in making. This is certainly commendable, and cannot but result in substantial benefit to the cause of education in our town. We respond by asking you to continue and increase your interest with us in securing the best attainable results. We invite the closest scrutiny of our official action, and shall consider it a signal favor to receive from you any suggestion for the future or any criticism of the past. This invitation includes in its scope, superintendent, teachers, and scholars, and we shall hope that it will be responded to without reserve, and without apprehension of anyone toward personal results following.

We are now in the second year of the superintendence of our schools, and Mr. F. O. Draper continues in charge, we believe, to very general acceptance. He is having our cordial support, and we fully believe that the outcome of his efforts has been to elevate the standing of the schools. We take the full responsibility of our own action, and if any course which we may adopt should prove an undesireable course, the fault will be ours, and should in no way subject him to criticism any farther than it applies to his method of administration. We believe the schools are moving on in the right way and we shall take no backward step unless the town, which is the legitimate authority, instructs us to take it.

The resignation of Mr. Angleton, in the High School, and of Mr. Cross, in the Fairmount, created vacancies which have been satisfactorily filled. The present condition of the High School is excellent; the new principal, Mr. M. S. Getchell, has shown eminent fitness, and seems fully equipped for his trying and exacting position. He has succeeded in bringing to himself the united support of the people, which fact in itself is a tremendous guarantee of right results. Mr. Arthur W. Armstrong has been transferred from the Damon to the Fairmount School, and he has fully demonstrated that an efficient teacher does not suffer in reputation, nor in his accredited ability to teach, by a change of situation. Mr. George L. Farley is Mr. Armstrong's successor at the Damon, and is bringing to his work intelligent and active force. We predict for him a future of exceptional usefulness.

The supervision of drawing is in charge of Miss Anna M. Kimball, who is doing her work to general acceptance. This supervision by a specialist is new to our schools, and we feel that we have been particularly fortunate in securing so efficient a teacher as Miss Kimball to inaugurate the work.

In referring to teachers, we have laid especial stress upon the capabilities of those who are new to us, but this result must not, even by inference, reflect upon the true and tried teachers and specialists who have been a longer time with us. We feel confident that our teachers compare more than favorably with those of other towns, and in proof of this, note how frequently even our cities lay us under contribution, forcing us to surrender them to more prominent positions and higher salaries. This should move us to give larger compensation to those teachers who are qualified to fill advanced positions. They go from us, not because they desire to go, but because their true value receives fuller recognition elsewhere.

In closing our brief report, we wish to renew our request for a new high school building; and to avoid repetition, we invite a re-perusal of last year's report. We ask that the town's people give very careful attention to their action regarding schools, the coming season. We are just now where a thoughtless or reactionary movement might work incalculable harm; for, under our changed system of superintendence, many things are in a transitory state and have not as yet shown the full and satisfactory results which we are sure will come after a fuller test. A great victory will be won if we can keep the schools out of political complications, for they always suffer when they become involved in partizan and factional struggles. Some of our great cities are just now demonstrating the truthfulness of the preceding statement. When the machine politician is concerned, nothing escapes which may conflict with his interests.

We thank the town for the generous support which they have given to the schools in the past, and we confidently believe that the future will witness a continuance of the same.

Respectfully submitted,

E. I. HUMPHREY,
Chairman.

For the Committee.

# SUPERINTENDENT'S REPORT.

To the School Committee of the Town of Hyde Park:

My second annual report as Superintendent of the Hyde Park Public Schools is herewith respectfully submitted.

Following is a summary of statistics for the school year last completed, ending June 30, 1899:

## GENERAL STATEMENT.

### SCHOOLHOUSES.

| | | | |
|---|---|---|---|
| No. 1. | High school, | nine rooms, | Everett street |
| " 2. | Damon school, | eight rooms, (four occupied) | Readville street |
| " 3. | Hemenway school, | one room, | Wolcott street |
| " 4. | Grew school, | eleven rooms, | Gordon avenue |
| " 5. | Greenwood school | nine rooms, | Metropolitan avenue |
| " 6. | Amos Webster sch'l, | four rooms, | Hilton street |
| " 7. | Butler school, | one room, | East River street |
| " 8. | Fairmount school, | nine rooms, | Williams avenue |
| " 9. | Weld school, | two rooms, (one occupied) | Highland street |

| | |
|---|---|
| Number of school rooms occupied, | 49 |
| Number of school buildings, | 9 |
| Number containing high school department, | 1 |
| Number containing eighth (highest grammar) grade, | 4 |
| Number containing primary grades only, | 4 |

### TEACHERS.

| | |
|---|---|
| Supervisors of special subjects, | 2 |
| Number of teachers regularly employed, | 55 |
| Men teaching in day schools, | 7 |
| Women teaching in day schools, | 41 |
| Men teaching in evening schools, | 3 |
| Women teaching in evening schools, | 2 |
| Men teaching in vacation schools, | 1 |
| Women teaching in vacation schools, | 1 |
| Number of day school teachers who have attended college, | 11 |

| | |
|---|---|
| Number of college graduates, | 9 |
| Number who have attended normal school, | 13 |
| Number of normal school graduates, | 11 |
| Number who have attended training school, | 7 |
| Number of training school graduates, | 1 |

SCHOOL CENSUS.

| | |
|---|---|
| Population of Hyde Park (estimated), | 13,000 |
| Total number of persons 5 to 15, | 2,126 |
| " " boys 5 to 15, | 1,078 |
| " " girls 5 to 15, | 1,048 |
| " " persons 7 to 14, | 1,539 |
| " " boys 7 to 14, | 793 |
| " " girls 7 to 14, | 746 |
| " " persons in Hyde Park private schools, | 5 |
| " " persons in Hyde Park parochial schools, | 700 |
| " " persons in schools out of town, | 24 |
| " " male illiterate minors over 14 yrs. of age, | 9 |
| " " female " " " | 7 |

MEMBERSHIP AND ATTENDANCE.

| | |
|---|---|
| Total number of pupils registered, | 1,875 |
| Average membership, | 1,577 |
| Average attendance, | 1,460 |
| Per cent. of attendance, | .92 |
| Pupils under 5 years of age, | 12 |
| Pupils over 15 years of age, | 243 |
| Pupils between 7 and 14 years of age, | 1,171 |

STATISTICS.

The first census under the school attendance law of 1898 was taken in September, 1899. The records differ in form somewhat from those formerly made. The compulsory age limits are now from seven to fourteen, and illiterate minors over fourteen years of age must attend the evening school while its sessions continue. Children of fourteen and fifteen years cannot work in any factory, workshop, or mercantile establishment without an age and schooling certificate.

Your attention is invited to a comparison of two of the items of this year's census with the corresponding figures for last year. At the previous census the number of pupils

in local private schools was 23; this year the number is 5. The number attending schools out of town was 92 last year; this year the number is 24. These figures are significant and encouraging.

## GRADING AND PROMOTION.

The subjects of grading and promotion were given careful consideration early in the year. With the consent of the Committee, certain changes have been made which in my opinion are of great importance and, on the whole, of very great value. Heretofore the promotion of pupils from grade to grade and from the grammar schools to the high school has been regulated by the adoption of a standard per cent. mark as a test of qualification, the results of stated examinations by the Committee, in the highest grammar grade, and by the principals, in the lower grades, being averaged with daily marks.

By the present method, daily work is recorded as "E," "G," "F," "U," or "P," and the examinations, which are given by the teachers, are similarly marked and recorded. At the end of the year, pupils whose work for the year does not fall below Fair in any subject are entitled to promotion. Pupils whose work is not satisfactory in all subjects may be promoted on trial if the general character of their work, including attendance, deportment and effort, warrants conditional promotion. Pupils promoted to the high school on trial are entitled to a grammar school diploma at the close of one year of satisfactory work in that school duly certified by the principal.

I believe that I am fully informed as to the best arguments for the percentage system of marking, and for the employment of examinations given by some-one other than the teacher as a test for promotion. I do not wish to be understood as decrying or undervaluing such arguments. I am,

however, positively convinced by my own experience as a teacher and as superintendent, as well as by the testimony of others, that the system now employed is productive of better results. It is true that we must pre suppose ability and integrity on the part of the teachers, to ensure the promotion of such pupils only as are properly qualified. But should a school be so unfortunate as to be without a well-qualified and honest teacher, the proper remedy would seem to be to improve the teaching rather than to inflict a penalty upon the pupils by forcing them to remain in such a school a second year. Yet this latter effect is the outcome of the examination for promotion when successfully applied. In actual practice these examinations do not fully accomplish this end, for reasons well known to examiners.

It is, however, chiefly because of their effect upon that great majority of schools whose teachers are mentally and morally competent that examinations for promotion have been discontinued. As long as these tests stand as the measure of the teacher's success, so long will the teacher's efforts be directed toward preparation for examination. The "confessions" of some of the most successful teachers are interesting and instructive. The mind of the teacher should not be occupied by such thoughts as "What questions is —— most likely to ask?" and "What is the easiest and quickest way of storing my children's minds with answers that can be written on demand?" A more fruitful line of questioning is, "What work will best develop my pupils' minds?" "How can I lead them to do that work most thoroughly and effectively?"

The teachers' examinations, which are sent to the Superintendent's office and are open to inspection by the committee, are valuable aids in determining the quality of the work done in the several schools, in this respect fully taking the place of the examination for promotion.

## SYSTEMATIC TEACHING.

The quality of much of the teaching in our schools is excellent. It is, nevertheless, imperative that in this respect our schools should constantly advance. It is extremely desirable that the teaching should become more systematic without becoming in any degree mechanical. There is no ready-made "method" that can be introduced with any advantage. Yet the study of method and the application of a rational method to the teacher's daily work is indispensable. But there is a limit to the strength and energy of the teacher which must not be lost sight of. The necessary daily work of the school is no light burden. Even a change of text books adds enormously to the inevitable burden upon every faithful teacher; and the addition of a new subject involves a still greater strain. In view of the facts that the present requirements in vocal music have been in effect little more than two years, that the grammar grades have new geographies, and that drawing directed by a special supervisor is new to all grades, it has seemed best to make other new requirements from the teachers in the elementary schools as light as is consistent with good work. Before the end of the current school year, however, I hope to see a definite gain in thoughtful and systematic teaching. A definite beginning has already been made. The work in method has been outlined and a good number of our teachers are making intelligent efforts towards improvement.

## CHANGES IN ORGANIZATION.

During the year there have been important changes in organization. In last year's school report, I recommended a division of the lowest primary class into a first grade proper and a sub-primary class; the latter to include all

pupils too young or too immature to complete the work of the first grade in one year. This recommendation has been adopted, and the sub-primary classes thus formed have made an excellent beginning. Their work consists of such first-grade studies and occupations as are suited to their development, together with a considerable amount of kindergarten work. From previous experience with such schools I am assured that they will prove much better adapted to the needs of the youngest children than the first grade rooms, and that the relief afforded the latter by the division will greatly increase their efficiency.

The other change in organization relates to the grammar schools. By recent vote of the committee, the masters of the grammar schools have sole charge of the eighth grades, teaching all subjects in these grades without assistants. They are thus unable to devote any considerable amount of time during school hours to their administrative duties as principals, and are unable to supervise the work of the lower rooms. This change increases the amount of work required of the masters, and places practically the entire responsibility for the character of the teaching in each room upon its teacher and the superintendent of schools. Except in the matter of the direction and supervision of instruction in the lower grades, the powers and duties of the masters are not altered.

It is too early to pass final judgment upon the general effect of the change. There has been some apprehension as to the results of leaving the grade teachers without the master's daily supervision. While there is a greater demand in several ways upon the qualifications of the teachers for their positions, I am glad to be able to report no apparent difference in the quality of the work or of the discipline as a result of throwing the teachers much more fully upon their own resources.

## COURSE OF STUDY.

An entirely new course of study was adopted for the High school at the beginning of the current school year. This course is as broad as the present number of instructors and the equipment of the school allow, and is thoroughly modern in spirit. The form of parallel courses is continued, but the relations of subjects are such that the curriculum might be arranged in the form of a single course with liberal choice of electives.

In the elementary schools the work in geography has been radically changed by the introduction of new text books and the adoption of Frye's "Child and Nature" as the authorized course of study. Of this admirable work, the author of our text books says: "It leaves nothing to be desired in the way of a course of study."

In arithmetic, Dr. Prince's course of study, as outlined in his series of text books and manual, has been adopted, and is being given a trial in our schools. This is practically the new State course of study in arithmetic.

The periods of discovery and colonization in American history have been assigned to the sixth grade for oral teaching and for reading and discussion. I recommend the purchase of suitable books for the history work in this grade.

In grammar and language there has been no change in text books or in the outlines of work. Greater stress is laid upon written language than formerly, daily work of this character being required in all grades.

## VOCAL MUSIC.

The rapid development of the work in this department, noted in last year's report, has continued. Supervisor and teachers have worked with commendable zeal, and the results are already apparent. Musical instruction is an

essential element in modern education, and as it exists in our schools to-day it is an unquestioned means of intellectual development. An especially meritorious feature is the individual work which is unusually successful.

The report of the Supervisor follows:

---

## REPORT OF SUPERVISOR OF MUSIC.

Mr. Frank O. Draper, Supt. of Schools.

Dear Sir:—Again it is my privilege to report on the progress of music in our public schools. Without question this department has advanced its standard daring the past year. The improvement in the quality of tone, as evidenced by all classes, first attracts attention.

The voice of each child from the first grade up to the eighth grade inclusive, has been tested. A complete record of this test is in the care of the teachers in the four upper grades. This record includes the name, age, voice, range of voice and an estimate on each pupil's ability to sing tunefully. This record, or voice chart, is open to public inspection. A record somewhat similar is made and kept by the teachers in the primary grades likewise open to public inspection. The teacher thus becomes acquainted with the musical ability of each child.

As it is our aim to cultivate and develop self-reliance in this department, we have required individual singing by at least two pupils each day in all grades below the seventh. This departure has been accomplished with excellent results. Confidence replaces timidity and the pupils take considerable pride and enjoyment singing their studies as solos, duets, and trios, striving to merit approbation.

Musical composition has also received some attention during the past year. One period once in two weeks is set apart for composing melodies four and eight measures in length. While this subject is in its infancy it promises

well for the future. It teaches the pupils to think sounds and intervals in succession and guides them to an understanding of the rules of musical notation.

A new feature introduced at the beginning of the school year was the metronome, which is conscientiously used by all the teachers. The metronome demonstrates to the pupil very clearly the difference in tempo and gives a comprehensive understanding of the principal movements in music—allegro, allegretto, moderato and andante.

The most difficult problem that confronts a supervisor of music is universally acknowledged to be found at the high school. In Hyde Park conditions have changed. It is impossible to refer to the music at our high school without speaking of the splendid support and inspiration received from Mr. Getchell, the Principal.

The discipline during the music period is all that could be desired, and today music at the high school is a "live" subject. It is a pleasure to speak of the willing and earnest efforts of the teachers, and I wish especially to thank the committee for their continued interest and generous support of the music, and to the Superintendent I am sincerely grateful for the many helps rendered in the interest of the department of music.

Respectfully,

B. HAROLD HAMBLIN,

Supervisor of Music.

Hyde Park, Jan. 25, 1900.

---

## DRAWING.

The importance of special supervision in drawing was strongly urged in my last report. By the appointment as supervisor of Miss Anna M. Kimball, a graduate of the Boston Normal Art School and a successful teacher of drawing, this subject has been given the place it deserves

in our schools. While manual training should not end here it is now possible to give the motor and executive faculties of every pupil some systematic and effective exercise. Miss Kimball has fully proven her fitness for her position. Her work is in every respect commendable and full of promise.

Following is the report of the Supervisor of Drawing :

---

## REPORT OF SUPERVISOR OF DRAWING.

MR. FRANK O. DRAPER, Supt. of Schools.

DEAR SIR :—The work in drawing under supervision, commenced in September, has been of necessity largely experimental. The effect of good teaching in former years is seen in individual cases, but the conditions under which drawing has been taught have made unity of plan and purpose practically impossible. Here, as in other places, great efficiency is shown by individual teachers, but others acknowledge their need of special help and instruction.

The course used is one approved by high authority and worked experimentally with excellent results in other towns and cities. Besides the work in free-hand drawing it includes elementary work in "manual training," spoken of in the report on drawing of last year as "that important phase of modern education," neglect of which is "fatal to the great aim of the public schools—symmetrical development of the powers of the child."

The systematic study of reproductions from the masters has been carried on with excellent results, showing the refining influences which beautiful pictures exert, especially upon children.

A beginning has been made in the High school by introducing a simple course in industrial drawing into the curriculum of the freshman year, although not compulsory.

This year the class consists of twelve boys, who are instructed by one of the High school teachers. The interest

seems good, and it is hoped that this will lead to the introduction of other courses.

It is impossible at this early date to estimate the progress made, but enthusiasm and interest, two essentials of this branch ot work, are sure to bring progress and excellent results.

I have been supported by the School Committee and Superintendent of Schools in a very gratifying way. Coming as a stranger to a new position, I wish to express my appreciation of the kind and sympathetic reception and co-operation of the teachers, and the respectful and willing spirit manifested by the pupils.

In closing let me urge the value of intelligent interest of parents who, I believe, simply need to know the value of this subject and what it has accomplished elsewhere to give it their most hearty support.

Respectfully submitted,

ANNA M. KIMBALL,
Supervisor.

Walnut Hill, Mass., Jan. 27, 1900.

---

HIGH SCHOOL.

Upon the resignation of the Principal of the High school at the close of the school year, Mr. Merle S. Getchell, a master in the Somerville English High School, was appointed to fill the vacancy.

Mr. Getchell's record in Somerville and as Principal of the High school department of the New Hampshire State Normal School was one of unusual ability and success, and was a guarantee of ample qualifications for his new position. Since his appointment he has further demonstrated his fitness by his wise administration of the school, and by the strength of his class-room work. It would be difficult to

over-estimate the value of his services as teacher and principal. A detailed account of the work of the school under his charge is given in the following report.

## REPORT OF HIGH SCHOOL MASTER.

Mr. Frank O. Draper, Supt. of Schools:

Dear Sir, — In accordance with your request, I submit herewith the annual report of the High School for the year 1899.

The enrollment on December 22, was 238. The membership was 230. The membership by classes was as follows:

| | |
|---|---|
| I. year, (entering class), | 107 |
| II. year, | 58 |
| III. year, | 34 |
| IV. year, | 26 |
| Postgraduates, | 5 |
| Total, | 230 |

Judging from the last term's record in regularity of attendance, I can see no reason for any great loss in numbers during the coming year, but rather for a marked increase. Among such a large number, much absence on account of sickness and other imperative causes is quite necessary, but there is little excuse for tardiness and dismissal. While they do not appear in figures representing average attendance, they are as injurious to the best interests of the school and pupil as absence; particularly dismissal. Requests are constantly presented for the dismissal of a pupil to go in town by a certain train or to keep an appointment with a dentist. While we uniformly accede to the request, it is with some regret, believing that the parent does not perceive that the loss of that time in school, even if there were no recitations for that particular pupil, will affect the work of the pupil for some time to come.

Thus, while the numbers and average attendance are good, they may be made much better in fact and result by a determined attitude on this question by those having pupils in school.

During the year there have been two changes in the teaching force. In April, Miss Bessie M. Hooker, of Amherst, Mass., was elected to succeed Miss Edith R. Nickels; and in June, on the resignation of Mr. Angleton, a new principal was chosen. It gives me great pleasure to speak of the willingness and earnestness with which the teachers have taken up the work of the year. The school day of five hours is divided into six periods of about forty-five minutes each, exclusive of recesses. Out of the thirty periods a week, the teachers are teaching twenty-six to twenty-eight. This gives very little time for the correcting of exercises or for consultation with pupils.

In response to a general demand for a new course of study, one was prepared during the summer, and adopted on trial for the year. It was printed and forwarded to all the pupils and those interested in school matters before the opening of the term. English and History were emphasized for the first year. Physical Geography was placed in the first year of the English course, and Zoology in the second year of the Classical and Latin-scientific courses. French or German was offered in the second year of the English course, thus affording an opportunity for three years of continuous study in one of the two subjects. Spanish was offered as an elective in the third year as an inducement to those taking the Commercial course to continue their work for at least another year. Drawing was made an elective for the first year. There are two small classes in this subject. It is to be hoped that a way may be seen in the near future to open this course to all of the classes. The departure of the whole course was in the introduction of the elective system. It has been received with universal

satisfaction. In our small High schools where there are two classes of pupils, those intending to go no farther than the High school and those preparing for college, it is sometimes very difficult to arrange the programme. The former, with the advice of parents and teachers, should have every opportunity to select their studies. The latter, unfortunately, have little if any choice. The necessary work has been mapped out for them by the higher institutions. After they have entered the High school, and have signified what institution they desire to enter, the work for the remaining years must be assigned by the master. The zeal and interest of the pupils shows that the course is well adapted to the school. With a few changes in details, I can see no reason why it should not be adopted as a permanent course.

The changes in the course of study necessitated many changes in text books. One of our prominent educators says: "While frequent changes in text books are to be deprecated, it must be borne in mind that educational progress has been as marked in the preparation of text books as in other directions, and that it is well to take advantage of circumstances to replace poor by better." I believe that this has been done. There are, however, several places where the work would be much strengthened by the introduction of a good text book. It is the custom in many places to have a large number of equally good books on each subject on the adopted list. This does not cost anything and is oftentimes of great advantage. Two books of nearly equal merit are often tested by using one book in one division, and the other in a second division of the same class. The books are loaned to the pupils over their signatures, and are inspected regularly.

It is almost impossible to do the required work of to-day in a proper manner without library facilities. Some time ago a library was started in the High school, but the few

books were almost inaccessible to the pupils. Recognizing the demands which laboratory and library methods would make on our resources, we have attempted to meet these demands as far as possible by furnishing one corner of the large room with a table and books procured from the Public Library. The Trustees of the Public Library kindly loaned one of the tables from their old rooms, and also granted us the privilege of obtaining as many books at one time as we required, and keeping them as long as they were needed. The privilege thus extended to the school is fully appreciated by pupils and teachers. We are not able, however, to accommodate all who desire to take advantage of these opportunities, and better facilities in the way of tables, books, and shelves, should be provided.

With the demand for extended work in the library, comes that for more work in the laboratory. As we noticed in our course of study, science work has been added to that which existed before, so that now there are courses in Physical Geography, Zoology, Botany, Physics, Chemistry, Geology, and Astronomy. All the work must be done in one laboratory — the chemical. While we are being furnished with necessary supplies to carry on this work, it is not economical, in the truest sense of the term, to allow such a condition to exist very long. The room is quite well fitted for classes in chemistry, but there is no opportunity for the teaching of the other branches.

I noticed in the report for last year that the Battalion was reorganized at that time. Work was begun promptly with the opening of the autumn term, and has since been steadily pursued. Uniforms have been procured by the larger number, and the Battalion may be said to be uniformed. As long as the weather permitted, company and battalion drills were carried on out of doors. Work is now being done preparatory for the Junior Prize Drill, to be given in February.

Much is said for and against athletics in the schools, but it seems necessary to recognize such sports as baseball, football, and polo in a school of any size, although a very small proportion of those interested actually take part in the games. This is no place for argument, but those in touch with school work will quickly recognize the truth of the above statement. The experience of schools is, that when properly managed, it does not detract from school duties, but on the whole quickens. It gives me pleasure to report that steps are being taken to form an organization which shall control all athletic interests, and be responsible to the school in a businesslike way for receipts, expenditures, etc. The young man who is trained to meet a rival in the proper spirit, and to be responsible for monies entrusted to him, must be better fitted for the responsibilities of life.

One of the questions which appeared for solution at the beginning of the year was physical training for the young ladies. The young men had two periods a week for drill, while the young ladies took the time for study. After careful consideration, Miss Claire DeLano, of Montclaire, New Jersey, a graduate of Emerson College of Oratory, was invited to take charge of the work. From the first time that Miss DeLano met the classes there was no question as to the result of the work. Her own enthusiasm with the ready response of the young ladies insured success.

Such are some of the features of our work. The year as a whole has been most successful. With pupils, parents, teachers, and school officials working in harmony, the end sought will soon be attained.

In closing, I desire to thank committee, parents, pupils, teachers, and you, Sir, for the hearty support which I, during my short period of service, have received.

Respectfully submitted,

M. S. GETCHELL, Master.

### CHANGES IN GRAMMAR PRINCIPALS.

Mr. Edward W. Cross, who had served the town faithfully as Grammar School Principal for a quarter-century, retired from his position as Master of the Fairmount School at the close of the school year. The vacancy thus created was one of great importance, and by no means easy to fil adequately. Fortunately, Mr. Arthur W. Armstrong, Master of the Damon School, accepted the position with its added responsibilities. Mr. Armstrong brings to his new position unusual native abilities enriched by liberal education and successful experience in teaching. The school is sure to prosper under his charge.

The Damon principalship has also been happily filled by the appointment of Mr. George L. Farley, a graduate of Dartmouth College with one year of resident post-graduate work. Mr. Farley's previous experience had been gained in high school teaching. He resigned his position as teacher of science in the Hanover High School to accept the principalship of the Damon School. He is doing excellent work, and has won the regard of his pupils and of the patrons of the school.

---

### EVENING SCHOOLS.

Your attention is requested to the following interesting account of the work in the three departments of these valuable schools :

## EVENING SCHOOL PRINCIPAL'S REPORT.

F. O. Draper, Esq., Supt. of Schools,

Dear Sir :—Herewith I submit a report of the Evening Schools from the 31st of January. 1899, to the 31st of January, 1900.

The present term opened on the evening of October 30, 1899, with five teachers in attendance. October 30 and 31

were taken for the registration of students. The regular work of the school commenced on the evening of November 30, with a large attendance in all departments.

ENGLISH DEPARTMENT.

This department has been in charge of three teachers. One for the advanced work and two for the elementary work. There was a very good attendance in both classes until after December 1, 1899. About that time the numbers fell off and in consequencethe teaching force was reduced to two teachers. In the month of January of this year the numbers decreased so that it was thought advisable to continue with but one teacher. Elementary and advanced classes are now in one room.

Registration from January 31, 1899, to March 30, 1899:

| | |
|---|---|
| Registered, | 22 |
| Average attendance, | 15 |
| Average age, | 17 |

Registration from October 30, 1899, to January 31, 1900:

| | |
|---|---|
| Registered, | 30 |
| Average attendance, | 18 |
| Average age, | 20 yrs. 8 mos. |
| Present attendance, | 13 |
| No. of sessions in the year, | 81 |

BUSINESS DEPARTMENT.

This department has a course covering a period of two years and it is similar to the High school course. The registration this year has been in excess of that of any other year. The indications are that there will be at least six students to receive the diploma of this department for their work in Stenography. There will be also an equal number entitled to certificates for their work in Bookkeeping.

Registration from January 31, 1899, to March 30, 1899:

| | |
|---|---|
| Registered, | 10 |
| Average attendance, | 10 |
| Average age, | 18 yrs. 6 mos. |
| High School graduates, | 5 |

Registration from October 30, 1899, to January 31, 1900:

| | | |
|---|---|---|
| Registered, | 51 | |
| Average attendance, | 36 | |
| Average age, | 18 yrs. 6 mos. | |
| Present attendance, | 25 | |
| High School graduates, | | 10 |
| High School non-graduates, | | 13 |
| Total, | | 23 |
| No. of sessions in the year, | 81 | |

DRAUGHTING DEPARTMENT.

In this department the course of study has been arranged to cover a period of four years, and the students are in classes. During the season 1898-1899 all students were in one class, the first year. The work covered a good portion of the elements of machine construction. On the 30th of March, 1899, there was an exhibition of the best drawings of the students. A number of the drawings represented home work. Upwards of sixty drawings were exhibited.

The department this season is in charge of Joseph C. Riley, an instructor in the Institute of Technology. Mr. Riley has taken up the work where it was left by the Principal of the school last year and it is being carried on as originally intended.

The classes and their work are given herewith.

First year class—those students who had not had mechanical drawing until this year.

The students have had seven plates on simple geometrical drawing, and two practice sheets of lettering. Seven plates of working drawings of wooden objects, that is, a panelled fence post, a blind mortise joint, etc. A tracing, on cloth, of a pulley wheel. At this point the class was divided into mechanical and architectural sections. The mechanical section is at present making working drawings of simple machine parts. They work from sketches. The architectural section is working from sketches on the plans

of a small cottage house. In this section the study of the Orders of Classic Architecture is taken up.

Second year class—four students who have had work of this kind before entering the class. Students in the mechanical section have made three sheets of details of a small steam valve, working from the object and making their own measurements. At the present time they are working on a cam design. In the architectural section the work at present is on the plans and elevations of a frame house.

All students of the second year class have made four plates each on projection ; three of the students in this class have had work in the construction of ellipses as preparatory to the drawing of irregular curves such as are required in cam design.

| | | |
|---|---|---|
| Registration from January 31, 1899, to April 30, 1899: | | |
| Registered, | 14 | |
| Average attendance, | 14 | |
| Average age, | 19 | |
| Registration from October 30, 1899, to January 31, 1900: | | |
| Registered, | 26 | |
| Average attendance, | 20 | |
| Average age, | 22 | |
| No. of sessions during the year, | | 70 |
| Extra sessions, | | 12 |
| Total sessions, | | 82 |

CERTIFICATES.

Certificates were issued for the first time during the season of 1898–1899. The only class receiving certificates last year was the drawing class. In this class there were twelve certificates issued. I think that the issuing of certificates for meritorious work will prove to be of much value to the school, in that it will have a tendency to keep the students interested and keep them in the school until they complete their course of study.

A certificate is issued for each year's work, and at the end of the course a diploma is given and the certificates are taken up by the school.

The teachers in the various departments have been interested in their work and have given the students all assistance necessary to a complete understanding of the subject being studied.

Respectfully submitted,

A. W. LOWE,

Principal of Evening Schools.

---

## INDUSTRIAL SCHOOL REPORT.

To the Committee on Industrial School:

The vacation school for carpentry opened in the little Everett school building, as heretofore, July 6th, 1899, and closed August 23rd, 1899.

Seventy-eight boys applied, and continued with good interest during the term.

The average daily attendance was twenty-nine, and the average age twelve years.

Respectfully,

GEO. E. WEBB.

Hyde Park, Jan. 1, 1900.

---

## TRUANT OFFICER'S REPORT.

Hyde Park, Mass., Dec. 31, 1899.

Mr. F. O. Draper, Supt. of Schools:

Dear Sir, — Please find below an account of my services as Truant Officer for the year ending December 31, 1899.

| | |
|---|---|
| Total number of cases investigated, | 176 |
| Number of truants, | 37 |
| " absent with parents' consent, | 52 |
| " absent on account of sickness, | 48 |
| " absent on account of lack of clothing, | 8 |

| | | |
|---|---|---|
| Number removed from town, | | 6 |
| " | attending private schools, | 5 |
| " | absent from other causes, | 2 |
| " | looked up from transfer cards, | 18 |

Respectfully submitted,

HENRY V. HARWOOD,

Truant Officer.

---

## SEWING SCHOOL REPORT.

The Sewing School for the summer of 1899 began July 6, with an attendance of eleven in the printed cloth class, and sixteen in the unbleached samples class. These classes were taught in the morning.

The printed cloth class used the pieces of printed cloth devised by Miss Johnson, the teacher of sewing in the Brookline schools, and also made practice pieces following the same outlines.

The unbleached sampler class made a sampler of unbleached cotton showing, when finished, the different kinds of stitches, patches, seams, and fells.

The bleached sampler class, which was held afternoons, made samplers of fine white cotton showing, when finished, the same as the unbleached samplers and also a band, a gusset, a darn, cat stitch, embroidery edge stitch, etc. On account of the limited time and the irregularity of attendance, these two classes were unable to complete their work.

In the drafting class, each girl took measures, cut and drafted a pattern, and made a dressing sack. With the exception of two, they were all finished, and those on account of absence.

The attendance was varying, the smallest number present in the morning being eleven, the largest thirty-two, and the average twenty-three. The smallest number present in the afternoon was eight, the largest twenty-five, and the average fifteen.

The whole number of sessions held was twenty-nine — fifteen in the morning and fourteen in the afternoon. The per cent. of attendance mornings was forty-five per cent., and that of the afternoons, fifty-one per cent.

KATE FARLIN, Teacher.

---

PUBLIC INTEREST IN THE SCHOOLS.

An active and intelligent interest in the schools characterizes a very large proportion of our citizens. The ready response to the suggestion of a permanent educational organization of parents and other friends of the public schools of Hyde Park was, I believe, thoroughly characteristic, and certainly has been an abundant source of gratification and moral support to those whose first interest is the improvement, by every possible means, of the quality and extent of public education. The formation of the Hyde Park Education Society is an indication of a healthful and wide spread interest which is deserving of every encouragement.

The problems of school management require time for their solution. True progress in education, like education itself, is a matter of growth and development rather than of upheaval and violent transformation. That the changes of the past year have not been spectacular is matter for congratulation. That there has been unusually rapid development along right lines, seems to be very generally conceded. As contributing toward this gratifying condition of school affairs, the influence of self-sacrificing personal effort on the part of the committee, the faithful devotion of teachers, and the interest and hearty support of citizens cannot be overestimated.

Respectfully submitted,

FRANK O. DRAPER,
Superintendent.

Hyde Park, January 29, 1900.

Carrie Estella McAskill,
Rufus Alden Simmons,
Georgienna May Wright.

## CLASS ODE.

Words by H. D. Darling. Music by Alice B. Farnsworth.

Four years have glided from our lives
Since first we met some sixty strong.
Alas, are these few comrades here
All that these years have passed along?
Ah me, 'tis true, some duty called,
With cheering hopes or doubting fears;
We whom they left forget them not;
Farewell, ye friends of former years.

May fortune on your footsteps move;
May she to us prove also kind.
We, too must now her favors seek,
And as we merit, may we find.
So ever let us shun disgrace,
Tho' wealth and power may it repay.
For honor lives beyond the grave,
Power and wealth but for the day.

Blank pages are the future's book,
In which with true unswerving hand
We write the record day by day,
Of all we've done and all we've planned.
May pride of birth and pride of home,
And pride of Alma Mater dear,
Uplift, sustain, and nerve us all
To keep our daily pages clear.

First term:—Arthur Albee, Marion Beal, Albert Carter, Mabel Carter, George Carter, Walter Clifford, Leseur Collins, Allen Hazard, George Hoyt, Robert Jank, William Jank, Allen Kiley, Mame Knapp, Chester Knapp, Junior Knight, Harold Lingham, Meriam Loder, Elizabeth Moltedo, St. John Morrison, Marjorie Mitchell, Helen Newell, Charles O'Connell, Mary Partridge, Walter Paine, Fannie Rooney, Helen Rooney, John Rooney, Henry Savage, Ray Seavey, Marion Smith, Mabelle Tourtlelotte, Benjamin Wandless, Chester Webster, Maurice Waldron, Stanley Wheeler, Avis Wallace, Angeline Creaser, Rose Estes.

Second term:—Fred Becker, John Barry, Angeline Creaser, Leseur Collins, Rena Crowell, Richard Chapman, Walter Clifford, William Carter, Walter Drechsler, Lena Erler, James Haskell, Eliot Howard, William Jank, Robert Jank, Junior Knight, George Killam, Addel Meistar, Hollis Mertz, Esther Marks, Carl Meister, Fred McDougall, Leo Marks, Marjorie Mitchell, Joseph Melia, Helen Newell, Charles O'Connell, Mary Partridge, Walter Runnells, Walter Schroeder, Ethel Smith, Ray Seavey, Samuel Schwab, Florence Tilley, Mabelle Tourtellotte, Benjamin Wandlass, Edith Webster, Lillian Wyman, Avis Wallace, Ella Wetherbee, Perley Schwartz.

Third term:—Arthur Albee, Margaret Barry, John Barry, William Brown, Vera Carle, Albert Carter, Alexander Carberry, Le Seur Collins, Mildred Collyer, Alice Cowen, Walter Clifford, Laura Darling, Clarence Elliott, Lena Erler, Eben Fisher, William Geyer, Harvey Gray, Annie Geyer, Mabel Gray, Robert Gwillim, Charles Herliky, Lucile Howe, William Jank, Herbert Jank, Mary Kenney, Mamie Knapp, Linda McAdam, Hollis Mertz, Elizabeth Moltedo, Helen Newell, Susan Newell, Esther Marks, Joseph Melia, Effie O'Neal, Charles O'Connell, Helen Rooney, Susie Rooney, Frank Savage, Dana Savage, Walter Schroeder, Katherine Scully, Gretta Snellgrove, Bertha Schroeder, Grace Sandow, Julia Sullivan, Mabelle Tourtellotte, William B. Taylor, Edith Webster, Chester Webster, William Wood, Ralph Waldron, Stanley Wheeler, Lillian Weymouth, James Wood, Angeline Creaser, Mary Fisher.

GREENWOOD SCHOOL.

First term:—*Grade* VIII. Clement Bradley, Annie Caffin, Helen Courtney, Rae Cowperthwaite, Louis Gerry, Charles Griggs, Lizzie Griggs, Frank McGregor, Mabel Reid, Anna Riley, Marion Rogers. *Grade* VII. Alice Graham, George Greenlaw. *Grade* VI. Frank Crooker, Clara Grant, Catherine McIntire, Lucy McKenna, Walter White. *Grade* V. *a.* Ella Gerry, Fred Kelley. *Grade* V. *b.* Ruth Adams, Bernard Courtney, George Greenwood, Frank Gunn, Marie Lauppe, Olga Mortonson, Annabel Phinney, *Grade* IV. Clifford Post John Roman. *Grade* .II Arthur White. *Grade* I. Ada Griffiths.

Second term:—*Grade* VIII. Harry Buck, Rae Cowperthwaite, Frank McGregor, Bessie Gunn, Chauncey Waldron. *Grade* VII. Laura Googins, Charles Norwood, Ralph Strout. *Grade* VI. Walter White. *Grade* V *a.* Margaret Bryce, Josephine Fisher, Fred Kelley, Mary Neilson. *Grade V. b.* Ruth Adams George Greenwood, Marie Lauppe, Alma Pommer. *Grade* IV. Walter Carlton, Hattie Gunn, Fred Miller, Clifford Post, Harriett Pommer, Anna Rausch, John Roman. *Grade* III. Jesse Googins, Mildred Hersey, Carl Miller. *Grade II.* Herbert Kraus, Etta McDonald, Roy McVitae, Raymond Wright.

Third term:—*Grade* VIII. Clement Bradley, Harry Buck, Louis Gerry, Frank McGregor, Elsie Dowaie, Lizzie Griggs, Bessie Gunn, Helen McIntyre, Mabel Reid, Carrie Strout, Chauncey Waldron. *Grade* VII. Ralph Chipman Laura Googins, Alice Graham, Florence Greenlaw, George Greenlaw, Josephine Kiander, Jeanie Sargent. *Grade* VI. Frank Crooker, Charles Dame, Clara Grant, Maude Hersey, Emily Holser, Annie Kupke, Maud May, Margaret Townsend. *Grade.* V *a.* George Anderson, Dorothy French, Josephine Fisher,

Joseph Gazan, Ella Gerry, Gertrude Greenlaw, Roberta Kraus, Mary Neilson, Katherine Riley, Ethel Seavey. *Grade* V *b*. Ruth Adams, George Greenwood, Marie Lauppe, Annabel Phinney, Alma Pommer, Clarence Seavey. *Grade* IV. Edith Anderson, Leah Berthlestein, Sophora Bliss, Thomas Cass, Walter Carlton, Hattie Gunn, Jessie Grant, Moses Long, Harriett Pommer, Clifford Post, John Roman, Anna Rausch, Olive Story. *Grade* III. Earle Bliss, Mildred Chipman, Marion Cook, Bertha Elwell, Marion Googins, Dora Ferguson, Ralph Story, Austin Townsend, Lipmon Simmons. *Grade* II. Frank Cass, Lester Cloutman, Eva Griffiths, Herbert Kraus, Robert Mathias, Otta McDonald, Lizzie McLean, Roy McVitae, Arthur White, Raymond Wright. *Grade* I. Marguerite Black, Robert Bryce, Walter Cass, Ada Griffiths, Harold Grant, Allan McAlpine, Walter Ott, Llewellan Rockwell, Elizabeth Roman,

AMOS WEBSTER SCHOOL.

First Term.—Edwin Dyer, Allie Strachan, May Bryce, Lynde Partridge, Grace Neilson, Myra Sargent, Gladys Dowley, Mary Strachan, Elizabeth Strachan.

Second Term.—Allie Strachan, Ellinor Clogston, Florence Adler, Lucy Lufkin, May Bryce, Marjorie Ticknor, Frances McIntire, Lynde Partridge, Grace Neilson, Connie McIntire, Mary Strachan, Elizabeth Strachan.

Third Term.—Edwin Dyer, Allie Strachan, Allan Gray, Florence Adler, Harold Hill, Frances McIntire, Elsie McLeod, Cecil Fogg, Marion Spear, Marion Wheeler, Lynde Partridge, Grace Neilson, Alice Spear, Evelyn Wheeler, Morton Mortonson, Mary Strachan.

BUTLER SCHOOL.

Third Term.—Helen I. Cameron.

FAIRMOUNT SCHOOL.

First Term.—Florence Bent, Ora Chadbourne, Andrew Cleaveland, Gertrade Cox, Mabel Farley, Grace Forsythe, William Haigh, Sarah Hall, Hazel Hall, Walter J. Hall, Reuben Hamilton, Mabel Hamilton, Francis Hammatt, Frank Henderson, Harry Hinds, Minna Hope, Frank Hurley, Bradford Jones, Cassie Keane, Margaret Keene, Grace Kerwin, Joseph Lodge, Daniel Mahoney, Mary Maurer, Lucretia Mayo, Burton, McAfee, Allie J. McAfee, Alice McAskill, Milton MacGregor, Alan McIntyre, Chester Mellen, Winnie Milne, Mary Mulhern, Charlie Rich, Fred Rich, Mildred Rogers, Alice Ryan, Ross Sampson, Norman Scott, Wellington Stewart, Charlotte Stuart, Harvey Wasserboehr, Ethel Wilkinson, Percie Worrick.

Second Term.—Arthur Andrews, Leila E. Beal, Nellie Beard, Florence Bent, Altha Berry, Grace Campbell, Andrew Cleaveland, Allen Covell, Florence Damon, Carola Dinsmore, Mabel Farley, Elizabeth Fiske, Sarah Hall, Walter J. Hall, Hazel Hall, Reuben Hamilton, Mabel Hamilton, Carrie Higgins, Clitton Hope, Ruth Hope, Lucretia Mayo, Allie J. McAfee, Burton McAfee, Kenneth McAskill, Irving McKenna, Chester Mellen, Etta Milne, Mary Mulhern, Alice Norris, Michael Pazine, Mildred Perry, Roy V. Perry, Oscar Peterson, Ernest Richardson, Alice Ryan, Ross Sampson, Annie Scott. Lincoln B. Scott, Lawrence Scott, Bernice Shepard, Florence Shute, Helen Straw, Charlotte Stuart, Mary Wilkinson, Willie Wood, Percie Worrick, Margaret Mellen.

Third Term.—Ray Alexander, Maud Bartlett, Ruth Bartlett, Jessie A. Brown, Grace Campbell, Lester Campbell, Sadie Campbell, Andrew Cleaveland, Howard Cluff, Allen Covell, Agnes Cunningham, Florence Damon, Carola Dinsmore, Louis L. Drummey, Elizabeth Elliot, Mabel Farley, Elmer Farley, Elizabeth Fiske, Grace Forsythe, J. Ellery French, Ethel Gibson, Sarah Hall, Walter J. Hall, Percy Hall, Donald Hargraves, Leonora Harwell, Frank Henderson, Georgie Heustis, Harry Hinds, Minna Hope, Bradford Jones, Margaret Keene, Joseph Lodge, Edward Maley, Lucretia Mayo, James Mayo, Kenneth McAskill, Milton MacGregor, Bertha McIntyre, Alan McIntyre, Sarah McIntyre, Irving McKenna, Roy V. Perry, Bessie Pierce, Alice Ryan, Ross Sampson, Esther Sampson, Annie Scott, Lawrence Scott, Lulu Scrivens, Charlotte A. Stuart, Stanford Tappan, Bessie Walsh, Harvey Wasserboehr, Ethel W lkinson, Percie Worrick, Lawrence Cluff.

Perfect in Attendance for the Year.—Andrew Cleaveland, Sarah Hall, Walter J. Hall, Lucretia Mayo, Alice Ryan, Ross Sampson, Charlotte A. Stuart, Percie Worrick.

# DISTRICT LINES.

## DAMON DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to Neponset River; thence by the river to the Milton line; thence by town boundaries to the point of beginning.

## HEMENWAY PRIMARY DISTRICT.

The territory on the south side of the New York and New England R. R., leaving Sprague street optional.

## GREW DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to the iron bridge on Hyde Park avenue; thence by the centre of Hyde Park avenue to Pine street; thence by Pine street and Maple street, including both sides of said streets, to Fairmount avenue; thence by the centre of Fairmount avenue to Davison street; thence by the centre of Davison street to Walter street; thence by the centre of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the said railroad tracks to West street; thence by the centre of West street to the Boston line; thence by city or town lines to the point of beginning.

## GREENWOOD DISTRICT.

Beginning at the Neponset river on Walter street; thence by the centre of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the railroad

track to West street; thence by the centre of West street to Boston line; thence by the city and town lines to the Neponset river; thence by the river to the point of beginning.

AMOS WEBSTER PRIMARY DISTRICT.

The territory from the New York and New England R. R. to the Boston and Providence R. R.; and from River street on the south to the Greenwood district lines on the north.

BUTLER PRIMARY DISTRICT.

Beginning on Walter street at the Neponset river; thence on said street, both sides, to River street; thence on River street, both sides, to Metropolitan avenue; thence on Metropolitan avenue, both sides, to Westminster street; thence on Westminster street, both sides, and by an extension thereof, to town line, thence by said line to said river; thence by said river to the point of beginning.

FAIRMOUNT DISTRICT.

Beginning at the iron bridge on Hyde Park avenue; thence by the centre of Hyde Park avenue to Walnut street; thence along Walnut street, on both sides, to Fairmount avenue; thence by the centre of Fairmount avenue to Davison street; thence by the centre of Davison street to Walter street; thence by the centre of Walter street to the Neponset river thence; so running as to include all that portion of Hyde Park easterly of said river.

WELD PRIMARY DISTRICT.

The territory lying southeast of the New York and New England R. R. and northeast of Fairmount avenue, leaving the said avenue optional.

# FOURTH ANNUAL REPORT

OF THE

# Board of Sewer Commissioners

OF THE

# TOWN OF HYDE PARK

FOR THE

YEAR ENDING JANUARY 31, 1900.

HYDE PARK:

HYDE PARK GAZETTE PRESS.

1900.

## ORGANIZATION.

FERDINAND A. WYMAN, Chairman.

DAVID PERKINS. WILLIAM U. FAIRBAIRN.

RICHARD M. JOHNSON, Clerk.

A. D. NICKERSON, Engineer.

GEORGE A. KIMBALL, Consulting Engineer.

# BOARD OF SEWER COMMISSIONERS' REPORT.

To the Citizens of Hyde Park:

Your board of Sewer Commissioners is pleased to report that they have had the efficient service of the same engineers as for the two years preceding, — Mr. A. D. Nickerson as engineer and Mr. George A. Kimball, member of the Metropolitan Sewer Commission, as consulting engineer. The Board remains organized as last year.

The expenditures under the supervision of the Board for the year ending January 31, 1900, have been $49,194, as per vouchers on file and exhibited in detail in Table No. 1, annexed to this report. The value of stock on hand is $5446.66, as exhibited in detail in Table No. 2, annexed to this report. The outstanding liabilities amount to $1646.74.

Your Board reports in its fourth annual report the construction of 14,735 feet of sewers. The average depth has been 9 feet 6 inches; the average size has been 8 inches.

The details of that construction are exhibited in detail in the following table:

SEWERS CONSTRUCTED IN 1899.

| SEC. | STREET. | FROM | TO | SIZE. | L'gth ft. | Av. d'pth ft. |
|---|---|---|---|---|---|---|
| 6 | Perkins Ave. | Sta. 3 plus 32 | Sta. 4 plus 29 | 6 in. | 99 | 9.4 |

| | | | | | 2.79 miles. | |
| | | Previously reported | | | 10.77 " | |
| | | Total constructed to date, | | | 13.56 miles. | |

It will be noted that the most important work begun during the year has been a trunk sewer through the Page street area. The sewer runs nearly parallel to the brook through the low land lying between Huntington avenue and Central avenue at Page street, thence through Page street and across private land to Park street. A number of interviews and some correspondence were had with the owners of property along the line. Options were finally obtained for a 40 foot strip for the sum of $4,635 for 62,500 square feet of land. On June 28, 1899, the Board made a taking in fee of this strip, which is wide enough for sewer purposes and also for any future improvements. In July the Board advertised for bids for construction of a part of this sewer; on July 17, the contract was awarded to P. H. Rooney, the lowest bidder. Construction in the Page street area was begun August 10. Progress has been slow, due to the large quantity of rock encountered. The contract calls for the construction of about 7300 lineal feet of sewer, to be completed on or before June 1, 1900.

It will also be noted that important sewer construction has been done in the Readville district. In July the Board advertised for bids for constructing sewers in Hyde Park avenue, sections 8 and 9, from Factory street to the Readville Machine Shop.

The contract was awarded July 17th to Long & Little, the lowest bidders. This is the heaviest sewer construction this department has undertaken. It consists of about seven-eighths of a mile of 20 inch and 24 inch vitrified pipe laid at depths ranging from 7 to 22 feet through materials varying from quicksand to solid rock. The crossing of Mother Brook was made with extra heavy cast-iron pipe 24 inches in diameter. It was necessary to construct a concrete foundation the entire length of this sewer.

Three hundred feet of new first-class fire hose has been purchased to be used solely for flushing. The whole system was flushed in May and December 1899.

The proposed construction of the Metropolitan High Level Sewer across and beneath Stony Brook in the Clarendon Hills district has led your Board to make a study for the further improvement of that brook. As stated in our annual report for 1899. this High Level Sewer will relieve the Clarendon Hills district.

The town of Hyde Park will pay its just proportion of the cost of this High Level Sewer. But the economy to the town is apparent, as it will obviate the necessity of building over a mile of town sewer at a cost of not less than $60,000.

Pursuant to (1) Chapter 287 of the Acts of the Legislature for 1896; (2) the vote of the Town Meeting of March 24, 1897; (3) the vote of the Board of Sewer Commissioners of January 25, 1899; sewer assessments have been completed, a system of proper blanks have been prepared, and bills have been duly rendered for all estates upon streets in which sewers have been constructed. 1345 bills have been rendered, amounting to $92,707.17. At the date of this report the assessment on 518 estates has been paid in full and the assessment on 49 estates has been partially paid. The total amount paid on assessments is $33,068.26; 246 bills have, upon due application, been apportioned.

The Board is fully satisfied with the progress in the administration of this assessment. And the Board wishes to thank the citizens for the prompt and cheerful manner in which they have met this additional but necessary burden.

One hundred and nineteen house connections, aggregating 5,892 feet in length, have been made the past year. The total number made is 318, total length, 16,642 feet. This work is all done under the supervision of the Board, upon application by the owners made on blanks obtained from the Board, the owner paying the actual costs, which amout to about 60 cents per lineal foot.

The following figures should be of vital interest to every citizen:

| | |
|---|---|
| Population of Hyde Park about . . . . . | 13,000 |
| Population of the sewered area about . . . | 8,000 |
| Total number of dwellings, stores and public buildings, | 2,450 |
| Number of dwellings, stores and public buildings in the sewered area, . . . . . | 1,250 |
| Total number of house connections, . . . | 318 |
| Number of dwellings, stores, and public buildings served, . . . . . | 493 |
| Number of persons contributing to the sewers, . | 2,500 |

It is thus seen that only one-fifth of the people of Hyde Park are availing themselves of the use of the sewers.

The situation thus disclosed is an unsatisfactory one. Your Board has before this had occasion to urge upon all citizens the importance of connection with the system of sewers. A system of sewers is no protection to a town unless it is used by all.

The large amounts of money appropriated to this public service are spent in vain unless the system is used by all. The householder who does not connect his premises with the public sewerage system endangers not only himself, but his neighbors, and the whole community. Your Board wish in this report to urge upon every householder his obligation to take immediate steps to connect his premises with the public sewers. Although your Board is quite aware that it fully

performs its duty by providing the public system of sewerage, and that the power to compel householders to connect their premises with that system lies in another of your town Boards, yet your Board wishes in this public way to appeal to the good sense of the citizens,—That henceforth your Board may feel no responsibility in this regard.

FERDINAND A. WYMAN,
DAVID PERKINS,
WILLIAM U. FAIRBAIRN.

Board of Sewer Commissioners of The Town of Hyde Park.

Feb. 1, 1900.

# AUDITORS' REPORT.

In compliance with the By-laws of the Town, the undersigned have examined the books of the Selectmen, School Committee, Cemetery Commissioners, Board of Health, Sewer Commissioners, and Town Treasurer, and proved them correct; all payments being accompanied by duly approved vouchers.

We have made a very thorough examination of the books and accounts of the Collector of Taxes, and find upon comparison with his submitted report, a balance of $84.13 on account of 1897 taxes, and $41.35 on account of those of 1898, said amounts having been *debited* in his accounts, and will appear in his next annual statement.

It is the opinion of this board that the Tax Collector, when making his annual report, should submit a list of *all unpaid* taxes; not only those of the current year, but of all previous years, in their entirety. It must be very evident to every voter of the benefits that would be derived by such a procedure, and would recommend that the town take some action on the matter.

By the report of the Board of Health, it will be seen that the receipts for swill are kept in possession of the board, and not turned in to the Town Treasurer, the purpose being, we are told, to defray certasn expenditures at convenient times without drawing orders on the Town Treasurer. This has been a custom of their predecessors but, as it is a keeping of a fund within a fund, we take the liberty of mentioning it without recommendations.

It is also the opinion of the board, that the Assessors each year should submit in the Town Report an itemized statement of abatements made by them during the year, and would recommend that the town so instruct.

In the report of the Sewer Commissioners there is an item which they have not mentioned.

There is a cash balance to the *credit* of the town of $1,489.61, which is an accumulation of funds since the commencement of sewerage construction, and is composed of the profit on pipe, inspection, and superintendance. This fund is in charge of the Sewer Commissioners.

In conclusion, we wish to bring to the attention of the voters a matter which should receive their considerate attention.

It has long been a custom that in issuing the Town Report that it should be ready for distribution before the town election, in March. A few years ago this could be done, but the work of some of the departments has increased to the extent that it has become quite an effort to compile their respective reports within the time limit, and give the printer the necessary time to publish them.

It would seem that if, in the future, the reports could be distributed one week before the *appropriation* meeting next following the annual town election, that they would serve their purpose as well, and thus greatly assist the officers of the several departments.

We would recommend the adoption of the above suggestion.

Respectfully submitted,

HOWARD S. THOMPSON,
CALVIN P. FELLOWS,
JOSEPH J. HOUSTON,
Board of Auditors.

Any person not assessed a Poll Tax who is entitled to be so assessed may apply to the Board of Assessors to be assessed in accordance with the following ACTS OF 1895. [Chap. 61.]

## AN ACT RELATIVE TO THE REGISTRATION OF VOTERS.

*Be it enacted, etc., as follows:*

SECTION 1. Every male applicant for registration shall present a certificate from the assessors, or a tax bill or notice from the collector of taxes, showing that he has been assessed as a resident of the city or town on the preceding first day of May, and the same shall be accepted by the registrars as prima facie evidence of such residence, or he shall present a certificate from the assessors that he has been a resident for the six months next preceding the election at which he claims the right to vote, and the same shall be accepted by the registrars as prima facie evidence of such residence. If a male person was a resident of the city or town on the first day of May, and was not assessed a poll tax by the assessors of said city or town on the first day of May, such person, in order to establish his right to be assessed, shall appear before the board of assessors, accompanied by two witnesses, who shall testify under oath that they are registered voters of the ward or town in which he desires to be assessed, and who shall also testify under oath to the truth of the statement of the applicant in regard to his right to be assessed at the place claimed by him as a legal residence on the first day of May.

SECTION 2. Every male person moving into a city or town subsequently to the first day of May, and claiming the right to vote at an election and desiring to be registered by the registrars of voters, shall appear before the board of assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be registered, and who shall also testify under oath to the truth of the statement of the applicant in regard to his being a resident of the city or town for the six months next preceding the election at which he claims the right to vote. The assessors shall give the applicant a certificate stating that he has complied with the provisions of this section.

The Assessors will be in session at their office Monday evenings during the months of September and October from 7.30 to 9 P. M., also on such days as may be appointed by the Registrars of Voters.

THOMAS E. FAUNCE,

JOHN J. HARRINGTON.

FIRE DEPARTMENT:

| | |
|---|---|
| JOHN C. McDOUGALD, | Chief Engineer. |
| JOHN H. WETHERBEE, WILLIS G. ROBINSON | Assistant Engineers. |

# SELECTMEN'S REPORT.

Fellow Citizens of Hyde Park:

The Board of Selectmen present the following as their report for the year ending January 31, 1901:

FINANCE.

The funded debt of the town January 31, 1900, was as follows:

| | |
|---|---|
| School Buildings bonds, | $ 8,000 |
| Sewerage bonds, | 140,000 |
| Public Library Building bonds, | 23,000 |
| | $171,000 |

During the year, in addition to the interest payment, the town has paid $9000 of the above bonds. As no new bonds were issued in the year the total funded debt has been reduced to $162,000 January 31, 1901.

No money was appropriated in 1900 to be paid for in 1901.

One year ago the debt, in anticipation of sewer assessments, was $25,000; this is still outstanding.

The State tax for 1900 was $5130, the same as in the previous year.

The County tax was $8397.32, an increase over 1899, when it was $8142.46.

The tax rate for 1900 was $17.80 per thousand, compared with $20 per thousand for 1899.

METROPOLITAN ASSESSMENTS.

These assessments have become a very important annual item in our financial affairs.

In 1900 the town paid in State assessments as follows:

| | | |
|---|---|---|
| South Metropolitan Sewerage, | $ 6,550 70 | |
| Metropolitan Water, | 1,044 44 | |
| Readville Grade Crossings, | 11,147 76 | |
| | | $18,742 90 |

## HIGHWAY DEPARTMENT.

For Superintendent of Streets the Selectmen reappointed Mr. Henry M. Phipps, who had served the town for several years.

He tendered his resignation in August, which was accepted by the Board, and Mr. Clarence G. Norris, for many years a resident of this town, was appointed to the position.

He has rendered efficient service and given general satisfaction. The department is in good condition. For details of the work see the Superintendent's Report on another page.

No new streets were accepted by the town during the past year.

The appropriation for this department was $18,000.

## BRIDGES.

On account of the new bridges at Readville the repairs necessary for the maintenance of our bridges are larger than formerly, and in the future they will need constant attention and outlay.

In the past year about $1200 was expended in this work at Readville, Fairmount avenue, Bridge street and Metropolitan avenue.

## STREET WATERING.

The town appropriated for this purpose $4500, being $1000 more than the previous year.

An additional cart was purchased, making six in use during the past summer. They are all in good repair.

This department was under the direction of the Superindent of Streets.

## STREET LIGHTS.

For the street lighting service the town appropriated $10,000 and voted to add four arc and three incandescent lights, which we have done, making a total of 135 arc and

74 incandescent lights now furnished the town under the ten-year contract with the Hyde Park Electric Light Company.

A few oil lamps are still used in the Clarendon Hills district.

We granted the application of the Dedham and Hyde Park Gas and Electric Light Company to temporarily furnish the town, free of charge, with three incandescent gas lamps to illustrate their method of street lighting.

### FIRE DEPARTMENT.

The Selectmen reappointed as Engineers of the Fire Department the Board of the previous year, John C. McDougald, John H. Wetherbee and Willis G. Robinson, who have managed the affairs of the department very creditably.

In June the town appropriated $1800 for repairs and alterations on the Central Fire Station. The Selectmen have carried out the vote of the town. The work is now complete and was done within the appropriation. The building is now in good condition.

### FIRE HYDRANT SERVICE.

The number of hydrants furnished the town under the ten-year contract with the Hyde Park Water Company is 183, the same as stated in the last Town Report, none having been added during the year. The cost of this service was $5675. By vote of the town it was paid from the amount received for Corporation and National Bank Taxes.

### POLICE DEPARTMENT.

The Board reappointed Chief of Police Daniel O'Connell and the following patrolmen: John M. Brown, J. A. Cullen, Fred C. Bigelow, Alexander Schwab, Elmer P. Runnells and Michael J. Maguire, all of whom have rendered the town good and faithful service. The town

appropriated $8800 for this department. The report of the Chief will be found on another page.

ACTIONS AT LAW.

Emily R. Hawes *v.* Town of Hyde Park. Petition for damages for the draining of petitioner's well by the construction of a sewer on Dana Avenue. See previous annual reports. This case was settled just before going to press, upon payment of $100.

The petitions brought in 1898 by George S. Lee, trustee, George S. Lee, administrator, Lola B. Page, and the Real Estate and Building Co., as described in previous annual reports, for damages caused by relocating and changing grade of Hyde Park Avenue, are pending.

The petitions by Charles F. Allen, et al, trustees, for damages to premises at the corner of Fairmount Avenue and Beacon Street, and by Elizabeth S. Coleman for damages to premises between Beacon Street and the Neponset River, both growing out of the sewer construction, more fully described in the last annual report, are still pending before Charles A. Williams, Esq., as auditor.

The land damage cases brought by Washburn, Eustis, Hurter, and Bursch, occasioned by the taking by the Sewer Commissioners, under the Sewer Act, in which damages were awarded by the auditor as set forth in the last annual report, were tried in the Superior Court at the last spring term, and the jury returned verdicts for the petitioners as hereinafter stated. The following shows the respective findings of auditor and jury in each case, being the estimated damages at the date of taking, July 15, 1897. Interest runs from that date.

| | Auditor's Finding. | Jury Finding. |
|---|---|---|
| Jennie F. Hurter, | $3000 | $1900 |
| Eliza G. Washburn, | 2200 | 1508 |
| Mary M. Bursch, | 700 | 425 |
| Mary A. Eustis, | 1200 | 400 |

The town was and is ready to accept the verdicts, but the petitioners filed exceptions, which have not yet been allowed.

Of the fifty-one petitions for land damages growing out of the abolishment of grade crossings, more fully described in previous annual reports, eleven have been disposed of since the last annual report (making thirty-two settled in all), two have been carried to the Supreme Judicial Court, one of which is still pending; total number now pending, nineteen.

Mary Gallagher *v.* Town of Hyde Park. Action of tort for $4000, more fully described in last annual report, to recover for personal injuries caused by alleged defect in the sidewalk on East River Street, growing out of the sewer construction. The case has been settled for $750. The liability was assumed and paid by the contractor, and the town thereby saved harmless.

Seventeen cases against the town, entered in March and April, 1898, were brought in different courts by laborers in the employ of the Boston Construction Company, in consequence of the contract of the town with the Construction Company. These suits have all been settled, the last one in November last. The total amount paid by the town in settlement of these suits was $591.44. By agreement with the Construction Company, this amount was charged to the company's account with the town. These cases have not been referred to in any previous annual report.

A petition was brought by William B. de las Casas et al, Metropolitan Park Commissioners, dated March 27, 1900, and returnable to the Supreme Judicial Court for Suffolk County June, 1900, for appointment of commissioners to determine payment by cities and towns under Acts of 1899, chapter 419.

In pursuance of this petition, Hons. Charles Francis

Adams, Thomas M. Stetson, and John C. Hammond were appointed commissioners by the Supreme Court last June to determine the proportions in which each of the cities and towns in the Metropolitan Park District (thirty-nine in all) should annually pay into the treasury of the Commonwealth, beginning with January 1, 1900, and continuing for five years. This assessment is made to provide the amount required to meet the expense of the Metropolitan Park Board in the care, maintenance, and operation of the parks, boulevards, and works incidental thereto, as set forth in the Act referred to. The Apportionment Commission held its hearings in August and September, 1900, heard all interested parties, filed their award September 11, 1900. The percentage proportion of the expense assessed by the commissioners to Hyde Park was as follows: —

| | | | |
|---|---|---|---|
| Under Chapter 419, Acts of 1899, | - | - | .00761 |
| Under Chapter 464 " " | - | - | .0074578 |

The finding is satisfactory to Hyde Park, but was opposed by Brookline, Newton, Cambridge, and other wealthy municipalities.

The towns of Brookline and Westwood appealed from the decree confirming the award of the Apportionment Commission to the full bench of the Supreme Judicial Court, where a hearing was held in November last; but as yet no decision has been rendered.

FRANK B. RICH,
FRED Y. FRENCH,
EDWARD Q. DYER,
JOHN JOHNSTON,
ALONZO W. DUNBAR,
Selectmen of Hyde Park.

January 31, 1901.

# SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows *in a condensed form* the action of the town on the various articles which have been before it for consideration the past year.

MARCH 5, 1900. The annual meeting for choice of town officers was held in Waverly Hall; no other business was transacted. The number of votes received for each person voted for at this election was as follows:

**Selectmen and Surveyors of Highways.**

| | |
|---|---|
| William C. Deagle, | 198 |
| Kirk W. Dodge, | 231 |
| * Alonzo W. Dunbar, | 926 |
| * Edward Q. Dyer, | 942 |
| * Fred Y. French, | 968 |
| * John Johnston, | 848 |
| James F. Pring, | 783 |
| * Frank B. Rich, | 1057 |

**Town Clerk.**

| | |
|---|---|
| * Henry B. Terry, | 1232 |

**Town Treasurer.**

| | |
|---|---|
| * Henry S. Bunton, | 1225 |

**Collector of Taxes.**

| | |
|---|---|
| Edwin C. Farwell, | 496 |
| * George Sanford, | 839 |
| Albert E. Tibbetts, | 69 |

**Assessors.**

| | |
|---|---|
| * George W. Chapman, | 934 |
| * Thomas E. Faunce, | 905 |
| * Frank Greenwood, | 768 |
| Joseph J. Houston, | 758 |
| William E. Keane, | 143 |

**Overseer of the Poor.**

| | |
|---|---|
| * Charles Lewis, | 1093 |

**Auditors.**

| | |
|---|---|
| William J. Downey, | 452 |
| * Calvin P. Fellows, | 961 |
| * Paul R. Radford, | 1095 |
| * Howard S. Thompson, | 885 |

**Board of Health.**

| | |
|---|---|
| * William W. Scott, | 896 |
| James T. Tibbetts, | 386 |

* Declared elected.

**School Committe**

| | |
|---|---|
| * Charles G. Chick, | 1123 |
| * William G. Colesworthy, | 1045 |
| * Wilbur H. Powers, | 1106 |

**Trustees of the Public Library.**

| | |
|---|---|
| * Amos H. Brainard, | 1053 |
| * John W. Griffin, | 1026 |
| * Charles F. Jenney, | 1098 |

**Trustee of the Public Library.**
**1 year (to fill vacancy)**

| | |
|---|---|
| * Charles G. Chick, | 1119 |

**Park Commissioner.**

| | |
|---|---|
| * Lawson B. Bidwell, | 1085 |

**Sewer Commissioner.**

| | |
|---|---|
| * Charles Haley, | 928 |

**Constables.**

| | |
|---|---|
| Robert E. Bennett, | 401 |
| * Fred C. Bigelow, | 771 |
| * John M. Brown. | 873 |
| * James A. Cullen, | 761 |
| * Robert E. Grant, | 771 |
| * John J. Harrington | 570 |
| Warren W. Kenney, | 264 |
| Owen McMahon, | 379 |
| George O. Montena, | 401 |
| * Daniel O'Connell, | 864 |
| * Elmer P. Runnells, | 660 |
| Peter M. Sanna, | 169 |
| * Alexander Schwab, | 788 |
| * William W. Scott, | 834 |
| Samuel L. Smith, | 460 |

The vote on the two questions submitted to the meeting was as follows:

"Will the town accept Chapter 344 of the Acts of the year 1899?" [To make eight hours a day's work for city and town employes.] Yes 859; No 390.

"Shall licenses be granted for the sale of intoxicating liquors in this town?" Yes 547; No 836.

The following were chosen, by *viva voce* vote, to the office set against their names:

Hiram J. Townsend, Tree Warden.

Bartholomew B. Kivlin,
Jeremiah Corbett, } Fence Viewers.
Andrew D. Rooney,

Bartholomew B. Kivlin,
† George H. Foley, } Field Drivers.
William Riley,

Bartholomew B. Kivlin, Pound Keeper.

Adjourned at 10.40 P. M.

---

March 28, 1900, a town meeting was held in Waverly Hall, when the following articles were acted upon:

* Declared elected. † Refused to accept the office.

Art. 1. To choose a moderator to preside at said meeting.

James E. Cotter, Esq., was chosen moderator.

Art. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.

The list was amended and accepted.

Art. 3. To hear the report of the Selectmen in regard to guide boards, and act thereon.

Report made and accepted.

Art. 4. To see what disposition the town will make of the money received from dog licenses for the year 1899.

To the public library for purchase of new books.

Art. 5. To see if the town will vote that, hereafter, the tree warden shall be chosen by ballot.

Voted to so choose the tree warden.

Art. 6. To see if the town will appropriate the money now in the hands of the treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing public ways.

So appropriated.

Art. 7. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank Taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 8. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a collector, may use.

So authorized.

Art. 9. To see if the town will authorize its Treasurer, with the approval of the Selectmen, to borrow money to renew or replace any loan or loans.

So authorized.

Art. 10. To see what compensation the town will vote to pay for collecting its taxes and other assessments levied the current municipal year.

Same as last year, $1500.

Art. 11. To fix the salaries of the town officers for the current municipal year.

Selectmen, $200 each; Assessors, $300 each; Overseers of the Poor, $150 each; Town Clerk, $250; Town Treasurer, $500; Board of Health, $100 each; Auditors, $25 each; Cemetery Commissioners, $50 each; and Sewer Commissioners, $100 each.

Art. 12. To determine what compensation shall be allowed the Clerk of the Board of Sewer Commissioners for the ensuing year.

$600, same as last year.

Art. 13. "To see what compensation the town will vote to pay the Secretary of the Board of Assessors, and for extra clerical services for the Board for the current municipal year."

$250 voted for this purpose.

Art. 14. To fix the compensation of the engineers and the several members of the fire department for their services the current municipal year.

Same as last year: Chief Engineer, $150; Assistants, $75 each; "Permanent" Men, $700 each; "Call" Men, $75 each.

Art. 15. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1900; and what interest the town will vote to charge on taxes for the current year when the same shall be overdue.

No discount allowed; Interest at rate of five per cent. per annum on overdue taxes.

Art. 16. To see if the town will appropriate two hundred dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

So appropriated.

Art. 17. "To see what sum the town will appropriate for the celebration of the Fourth of July, 1900."

Indefinately postponed.

Art. 18. To see if the town will authorize its Selectmen to contract with the Hyde Park Electric Light Co. for the remainder of the term of our Street Lighting contract, for street lights to be placed as follows: One incandescent light on Sunnyside Avenue; two incadescent lights on Massasoit Street; one arc light on Park Street; one arc light on Westminster Street near Providence Street, and two arc lights in the Rugby District.

So authorized.

Art. 19. To see if the town will vote to repair the Central Fire Station, and appropriate money therefor.

Messrs. Charles Haley, David Perkins and Warren W. Hilton were appointed a committee to consider the subject matter of this article and report to town at a future meeting.

Art. 20. "To see if the town will instruct the Board of Health to collect home and store dirt, and see what amount they will appropriate for the same."

$2500 placed at disposal of the Board of Health for this purpose.

Art. 21. To see if the "town will direct its Selectmen to prepare a division of the town into convenient voting precincts, as provided by the Acts of 1898, chap. 548, and all amendments thereto."

Indefinately postponed.

Art. 22. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current year, the deficiences of last year, and the notes and

bonds of the town maturing the present year, and how the same shall be appropriated.

Voted to raise by taxation the current year the sum of one hundred fifty-three thousand three hundred thirty-five dollars, and to appropriate the same as follows:

| | | |
|---|---|---|
| Support of Schools, | | |
| For Salaries and Fuel, | $39,000 | |
| Incidentals, | 3,800 | |
| Text Books and Supplies, | 3,200 | |
| Evening Schools, | 700 | |
| Industrial and Vacation Schools, | 200 | |
| | | $46,900 |
| For Bonds and Notes Maturing, | | 9,000 |
| Interest, | | 10,000 |
| Highways, | | 18,000 |
| Street Watering, | | 14,500 |
| Incidentals, | | 11,000 |
| Police, | | 8,800 |
| Fire Department, | | 10,450 |
| Overseers of Poor, | | 8,000 |
| Street Lights, | | 10,000 |
| Public Library, | | 3,800 |
| Salaries, | | 5,585 |
| Board of Health, | | 4,000 |
| G. A. R. Post, | | 200 |
| Insurance, | | 600 |
| Removal of "Home and Store dirt," | | 2,500 |
| | | $153,335 |

ART. 23. To hear the reports of any outstanding committees, and act thereon.

The Committee appointed Mar. 29, 1899, to consider the suggestions made by the Auditors in the town report for the year ending January 31, 1899, reported in writing. The Committee made the following recommendations:—

> "We would suggest and recommend that the auditors have full and free access to all books and vouchers of all departments at any and all times during the year. The large amount of money raised and expended may make it necessary at no distant day to have a full-time

auditor. Your Committee are of the opinion it would be better to-day to have one or two auditors and pay a reasonable sum for the large amount of work performed. We think favorably of the recommendation made by the auditors, that a full list of all unpaid taxes be published in each annual town report. We also suggest that the names and amounts of all abatements of taxes made by the assessors during the current year be printed each year in the town report. This abating of taxes, and especially poll taxes, seems to be alarmingly on the increase."

Voted that the part of this report which relates to publishing the names of persons whose taxes have been abated be "indefinitely postponed."

Voted to accept the report and its recommendations except as to abatement of taxes.

Art. 24. To see what action the town will take on the recommendations of the Auditors as set forth in the last "town report."

Indefinitely postponed.

Art. 25. To see what amount the town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

Authorized to borrow $125,000.

Adjourned at 9.27 P. M.

---

On June 27, 1900, a town meeting was held in Waverly Hall when the following articles were acted upon:

Art. 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen moderator by ballot.

Art. 2. "To see if the town will authorize and instruct its cemetery commissioners to convey to the Hyde Park Firemen's Relief Association, for a nominal consideration, a suitable lot in Fairview Cemetery for burial purposes."

So authorized and instructed.

Art. 3. To hear the report of the committee appointed March 28, 1900, to consider the subject-matter of repairs on the central fire station, to act thereon, and to see if the town will appropriate a sum not exceeding $2000 for such repairs and alterations as said committee may suggest.

Report made by Charles Haley, Chairman, recommending certain repairs and alterations. Report accepted and its recommendations adopted. $1800 appropriated therefor, the same to be taken from money now on hand, received from County of Norfolk on account of widening Hyde Park avenue.

Art. 4. To see if the town will authorize its selectmen to purchase, in behalf of the town, for the purpose of draining Beacon and other streets, a strip of land about ten feet wide and extending from a point near Beacon street to land of the New England Railroad Co., and adjoining or near to the Hyde Park and Milton division line, and to appropriate a sum not exceeding $500 therefor.

Selectmen so authorized, and $500 appropriated therefor, the same to be taken from money now on hand, received from sale of Happy Valley Park Lands.

Art. 5. To see if the town will appropriate a sum not exceeding $500 for the construction of drains on Beacon street and the land mentioned in Article 4.

$360 appropriated therefor, the same to be taken from money now on hand as follows: $325 from money received from County of Norfolk on account of widening Hyde Park avenue, and $35 from money received from sale of Happy Valley Park Lands.

Art. 6. To see if the town will authorize its selectmen, in behalf of this town, to make and execute an agreement with the town of Milton, to allow said town of Milton to use, in common with this town, so long as a drain shall be maintained by this town on the land mentioned in article 4, such drains as may be constructed by this town on said land, said town of Milton to pay for such privilege a sum equal to one-half the expense incurred by this town in the purchase of said land and the construction of a drain thereon, and

also one-half the expense to be incurred by this town in enlarging or repairing said drain.

The selectmen were authorized to contract as set forth in his article.
Adjourned at 8.24 P. M.

---

NOVEMBER 6, 1900, the annual election of State, District and County Officers was held in Waverly Hall. No other business was transacted.

The polls were opened at 6 o'clock A. M., and closed at sunset; 2249 ballots were cast. The vote for electors of President and Vice-President, by parties, was as follows:

| | | |
|---|---|---|
| Bryan and Stevenson, "Democratic," | | 657 |
| Debs and Harriman, "Democratic Social," | | 72 |
| Malloney and Remmel, "Socialistic Labor," | | 33 |
| McKinley and Roosevelt, "Republican," | | 1319 |
| Woolley and Metcalf, "Prohibition," | | 40 |
| Blanks, | 128 | |

For Governor the vote, by parties, was as follows:

| | | |
|---|---|---|
| Michael T. Berry, "Socialistic Labor Party," | | 56 |
| Charles H. Bradley, "Democratic Social," | | 82 |
| W. Murray Crane, "Republican," | | 1293 |
| John M. Fisher, "Prohibition," | | 31 |
| Robert Treat Paine, Jr., "Democratic," | | 500 |
| Blanks, | 287 | |

For Representative in Congress the vote was as follows:

| | | |
|---|---|---|
| William H. Baker, | | 506 |
| John A. McIsaac, | | 81 |
| Samuel L. Powers, | | 1293 |
| Moorfield Storey, | | 101 |
| Blanks, | 268 | |

For State Senator the vote was:

| | | |
|---|---|---|
| William C. Deagle, | | 146 |
| Edwin C. Jenney, | | 644 |
| Eugene H. Sprague, | | 1177 |
| Blanks and Scattering, | 281 | |

For Representative in General Court the vote was:

| | | |
|---|---|---|
| John W. Griffin, | | 895 |
| Frank H. Radford, | | 1109 |
| Albert E. Tibbetts, | | 71 |
| Blanks and Scattering, | 174 | |

Adjourned at 9.57 P. M.

# REPORT OF SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

Gentlemen — I herewith submit the report of the Superintendent of Streets for the year ending January 31, 1901.

There have been added to the plant of this department one water cart, one express wagon and a stone drag. The plant is in very good condition with these two exceptions, the steam roller and the need of a new lining for the crusher.

We have built during the year ten catch basins, 1780 feet of paved gutters, the Beacon Street drain, about 900 feet, and 591 feet of concrete sidewalks.

We have built or resurfaced about 8100 feet of street and 6800 feet of cinder or gravel sidewalk. We have resurfaced 2170 feet of concrete sidewalk and repaved 205 feet of gutters. We have set 104 feet of edge stone and reset 188 feet.

Thorough repairs have been made to the Fairmount Avenue and Metropolitan Avenue bridges. The Readville bridge has been replanked and Bridge Street bridge repaired. The cost of maintenance of bridges is bound to be a good deal heavier than it has been in former years owing to the fact that the lineal feet of bridges to be maintained has tripled by the addition of new bridges to the town.

We have about 1700 tons of crushed stone on hand at the crusher.

Respectfully submitted,

CLARENCE G. NORRIS,
Superintendent of Streets.

# REPORT OF INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

Gentlemen — Following is the annual report of the Inspector of Buildings for the year ending January 31, 1901.

| | |
|---|---|
| Whole number of permits issued, | 62 |
| For new buildings, | 37 |
| For repairs and alterations, | 25 |
| Number of visits made during the year, | 130 |
| Number of notices sent to persons not complying with the law in regard to building, | 3 |
| Notice to remove waste material, | 4 |
| Notice to Tree Warden of dangerous tree, | 1 |

I have also submitted my annual report to Rufus R. Wade, Chief of District Police, State House, Boston, Mass.

I wish to extend my sincere thanks to the Board of Selectmen, and all others whom I have met, for the courtesy shown me in the performance of my official duties.

Respectfully submitted,

RICHARD F. BOYNTON,
Inspector of Buildings.

# REPORT OF CHIEF OF POLICE.

To the Honorable Board of Selectmen:

Gentlemen — I have the honor herewith to submit the annual report of the Police Department for the year ending January 31, 1901. I also offer for your consideration such suggestions and recommendations as I deem necessary for the welfare of the department.

| | | |
|---|---|---|
| Whole number of persons arrested, | | 234 |
| Males, | 220 | |
| Females, | 14 | |
| CAUSES FOR ARREST. | | |
| Assault and battery, | 29 | |
| Breaking glass, | 1 | |
| Breaking and entering, | 13 | |
| Drunkenness, | 130 | |
| Disturbing the peace, | 4 | |
| Evading car fare, | 1 | |
| Forgery, | 1 | |
| Fast driving, | 1 | |
| Insane, | 4 | |
| Illegal sale of liquor, | 4 | |
| Liquor nuisance, | 2 | |
| Larceny, | 10 | |
| Malicious mischief, | 1 | |
| Nuisance, | 2 | |
| Non-support, | 1 | |
| Polygamy, | 1 | |
| Riding on sidewalk, | 2 | |
| Selling cigarettes to minor, | 1 | |
| Truants, | 3 | |
| Tramps, | 1 | |
| Vagrancy, | 4 | |
| Violation of park laws, | 1 | |
| Violation of Board of Health laws, | 1 | |
| Walking on railroad track, | 6 | |
| | — | 234 |

NATIVITY OF PERSONS ARRESTED.

| Probation, | 41 | |
| Turned over to other officers, | 6 | |
| Fines paid, | 50 | |
| | -- | 234 |

The police force consists of the same number as last year, five men assigned to all-night duty and two day men. There should be three more men at night, and I would so recommend. I would also suggest that some restrictions be put upon peddlers and junk dealers who frequent our town. While many honest people are engaged in the business, irresponsible parties who come from Boston and near-by towns are the cause of many complaints of petty thefts

which have been received from citizens by this department, that were directly traceable to itinerant peddlers and junk dealers. I would also renew my recommendations of last year in regard to a patrol wagon and criminal fines.

I wish to extend to the members of the Board of Selectmen my thanks for the very courteous treatment I have received during the year; also to the officers of this department for the faithful performance of the duties imposed upon them.

Respectfully submitted,

DANIEL O'CONNELL,
Chief of Police.

# REPORT OF ENGINEERS OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen:

Gentlemen — The Board of Engineers herewith present their annual report for the year ending January 31, 1901.

The department has responded to 57 alarms during the past year, 32 bell, and 25 still.

| | Value. | Loss. | Insurance. |
|---|---|---|---|
| Buildings, | $71,225 00 | $3,421 00 | $57,000 00 |
| Contents, | 19,530 00 | 2,495 00 | 13,600 00 |
| | $90,755 00 | $5,916 00 | $70,600 00 |

We have this year removed the wire from railroad land at Readville, and carried it under the arch and over the bridge in lead cable, at an expense of $150.

We have painted Hose 3 house at Readville and put in a heater, the house being now in thorough repair.

We have also painted and renovated the rooms of Central Station at an expense of $125, whitewashed the basement, and made other necessary repairs.

We have paid for the storage battery $600, and find it very satisfactory.

The apparatus now consists of two hose wagons, one hose reel, one hook and ladder truck, one chemical engine, one exercise wagon and seven horses, five sets of double swinging harness, and one single harness, all in good repair; 4500 feet of good hose, and 1000 feet of poor.

We have two five-gallon chemical tanks, one Eastman deluge set, and we would recommend the purchase of at least a thousand feet more of hose.

The department consists of Chief Engineer, two assistants, five permanent men and thirty-three call men, making a total of forty-one.

The department has continued its excellent work for the past year, and are highly commended by the Fire Marshal and insurance companies; and the Board wish to extend their thanks to the men for the promptness with which they responded, and for the willingness with which they have performed their duties at fires.

J. C. McDOUGALD, Chief.
J. H. WETHERBEE.
W. G. ROBINSON.

24. Emil S. Blumenkranz of Newport, R. I., and Annie F. Jones of Hyde Park.

24. Patrick F. Dolan and Josephine G. Dunn both of Hyde Park.

25. Herbert N. Day and Amanda B. Stinchfield both of Hyde Park.

25. Frederick C. Hermann of Boston and Adelaide C. Goss of Hyde Park.

26. Charles A. Brandhill and Selma Johnson both of Hyde Park.

29. John D. McKenzie of Hyde Park and Rika Weber of Norfolk.

Nov. 6. James E. McManus of Norwood and Louise N. Maurer of Hyde Park.

7. George C. Willard and Mabel C. Blake both of Hyde Park.

7. Charles S Hopkins of West Medford and Louise J. Loftus of Hyde Park.

7. Charles I. King of Hyde Park and Dora E. French of No. Oxford.

9. Charles J. Olson and Mary Nelson both of Hyde Park.

14. William J. O'Brien of Quincy and Bridget F. Jenkins of Hyde Park.

14. James F. Holmes of Hyde Park and Sarah L. White of Norwood.

7. John J. Rafter and Susan L. Fall both of Hyde Park.

12. Harvey D. Knocks of Norwood and Lydia C. Howe of Hyde Park.

20. Louis L. Chabot of Concord and Regina S. McGuire of Hyde Park.

21. Bernard W. Roby of Norwood and Emma E. Gassett of Hyde Park.

Nov. 23. Antoni Sulaski and Cathrina Sulginski both of Hyde Park.
27. Maurice W. Gilbert and Mary J. O'Neil both of Dedham.
27. Edward Feeney and Catherine Nee both of Hyde Park.
28. Henry T. Dray and Nora A. Kelliher both of Hyde Park.
28. Thomas M. Galvin and Mary A. Lambert both of Hyde Park.
28. Robert L. Blakeney and Katie McLeod both of Hyde Park.
29. Andrew J. Stack and Bridget Foley both of Hyde Park.
29. Patrick J. Broderick and Annie L. Murray both of Hyde Park.
Dec. 1. Patrick Martin and Ann Hynes both of Hyde Park.
12. Walter S. Henderson and Margaret M. Grant both of Hyde Park.
15. Robert Duckworth and Elizabeth G. Sullivan both of Hyde Park.
22. Frank H. Clark and Elizabeth R. Crowell both of Hyde Park.
23. Charles A. Hull and Mary I. La Rhette both of Hyde Park.
25. Justin H. Bacon of Bellows Falls, Vt., and Addie M. Le Bourveau of Hyde Park.
26. James F. Hamilton and Mildred M. Robinson both of Hyde Park.

The Town Clerk requests information of any omission or error in the above tables, in order that the registration may be as complete as possible.

Respectfully submitted,

HENRY B. TERRY, *Town Clerk.*

# REPORT OF THE TREE WARDEN.

In compliance with the Act passed by the Legislature of 1899, chapter 330, I was elected to the office of Tree Warden, and herewith submit the first annual report, ending January 31, 1901.

Not having ascertained, the first part of the year, what was needed to carry out the duties of the office, I did not ask for an appropriation, and consequently have contracted no bills. I received an application from Edwin C. Jenney, Esq., to remove a tree in front of No. 15 East River Street. After a hearing on May 10, 1900, I gave him permission to remove same.

During the year I have received several applications to trim trees, from the American Telephone Company (which was done under my supervision) and from several citizens.

To faithfully carry out the provisions of the law as to the duties of the Tree Warden, I would recommend that an appropriation of $300 be made at the next annual meeting, for the care and preservation of public shade trees.

Respectfully submitted.

HIRAM J. TOWNSEND,
Tree Warden.

# SEVENTH ANNUAL REPORT OF THE BOARD OF PARK COMMISSIONERS.

The law passed in 1899, compelling towns to elect a Tree Warden, has been a relief to the Park Commission, and, in consequence, the labors of the year have been comparatively light.

Thinking it more convenient for the public, we have filed all plans of land taken by the Metropolitan Park Commission in Hyde Park with the town records.

April 4th, we approved the taking by the Metropolitan Park Commission of certain additions to Stony Brook Reservation bordering on Beaver Street.

From motives of economy, and to avoid litigation, we have also approved of abandonments by the Metropolitan Park Commission of certain lands near the Neponset River, and of a portion of Coleman Street, in Stony Brook Reservation.

When advocating the taking of Stony Brook Reservation, we called the attention of our citizens, in 1895, to the fact that we were likely to have to pay just the same proportion of expense if all the metropolitan parks were located at a distance, that we would have to pay if some of them were in or near our town. Since then we have made this same point in several public ways. We thought that assessed valuation and population would have more to do with the amount required to be paid by each town than all other factors.

That we were correct in this position seems to be borne out by the findings of the commission appointed to decide the matter.

According to their report the Town of Hyde Park has to pay .00761 per cent. of the entire amount levied upon the metropolitan district, while the Town of Brookline, in which no metropolitan park has been located, pays .06029 per cent., and the Town of Milton pays .03043 per cent. The assessed valuation of Milton is larger than that of Hyde Park, while the population is considerably less.

An appeal has been taken from the findings of this commission to the Supreme Judicial Court on two points. The Town of Brookline objects because the commission did not give the reasons for the apportionment as stated, and the Town of Westwood claims that by reason of a defect in the Acts they are not required to pay anything. Whatever the decision of the Supreme Court may be, we think that, in any apportionment, valuation and population will be the chief elements upon which the cost will be apportioned.

According to the report of the commission our apportionment for 1901 would be as follows: —

| | | |
|---|---|---|
| Proportion of Sinking Funds: | | |
| Metropolitan Parks - - - | $724 41 | |
| Boulevards - - - - - | 157 65 | |
| Nantasket - - - - - | 61 64 | |
| Total Sinking Fund Requirements, | | $ 943 70 |
| Interest Requirements: | | |
| Metropolitan Parks - - - | $1615 22 | |
| Boulevards - - - - - | 350 06 | |
| Nantasket - - - - - | 134 24 | |
| Total Interest - - - | | 2099 52 |
| Maintenance: | | |
| Parks - - - - - - - | $673 48 | |
| Boulevards - - - - - | 171 22 | |
| Nantasket - - - - - | 48 48 | |
| Total - - - - - - | | 893 18 |
| Grand Total - - | | $3936 40 |

The assessed valuation of Hyde Park on May 1, 1900, was $10,554,250. It will doubtless be larger next May. On the valuation of last May, taking the report of the apportionment commission as a basis, the tax-payer in Hyde Park would have to pay on each $1000 of assessed valuation 37 cents, or substantially 3-8 of a mill upon each dollar.

According to this finding we pay the same proportion toward the cost of Nantasket Reservation that we do toward the cost of Stony Brook Reservation, and the same proportion toward the maintenance of a boulevard at Revere Beach that we would toward a boulevard located in Hyde Park.

It would doubtless be a paying investment, from the standpoint of valuation, if our town had to pay the entire cost of land taken and for the construction of a boulevard within the limits of Hyde Park. The construction of a fine road usually enhances the value of real estate in its vicinity, and when it becomes apparent that we have to pay just about the same proportion of all money appropriated for Metropolitan Park purposes, whether that money is used for park and boulevard purposes in our town or at Nantasket Beach or Middlesex Fells, it becomes equally apparent that it is wise for our citizens to press their claims for parks and boulevards with all the force and eloquence possible.

If the Metropolitan Park Commission has funds in its hands at any time for boulevard purposes it would be a wise act on the part of our citizens to advocate in every way the construction of a boulevard along the Neponset. We recognize the plain fact that its pollution should cease first, but we trust that the time is not far distant when the public will demand that life and health be considered more and the pocketbooks of a few less. Is it not better that filth be turned into the sewer and not into our once delightful Neponset? In this case liberty has been turned into license,

and it is about time that life and the pursuit of happiness along its banks have more consideration.

If the Neponset were an artery of life and not of death as now, if pure water as of yore flowed down to the mighty sea, with canoes and boats darting to and fro, with the shadows of trees and waving branches reflected as from a mirror, would it not be an attraction worth having? Would it not pay, if we must come to that basis, in health and increased land value? Let us see the dollar which is produced by purity and beauty as easily and clearly as the one which is produced by those industries which turn our once beautiful river into a sewer, menace our health, and offend the eye and nose.

A pure stream of water is a constant source of pleasure and an ever-attractive feature, but water so polluted that fish cannot live in it and boatmen shun it, has already set boards of health and doctors to thinking. All our citizens should see the importance of a boulevard along its banks. Let us change it from a source of germs and disease to a source of health and pleasure.

We urge you all to do what you can to secure a change in the uses to which the Neponset River is now put, and to push our claims to a boulevard along its banks.

JOHN J. ENNEKING, Chairman,
WILBUR H. POWERS, Sec'y,
LAWSON B. BIDWELL,
Park Commissioners.

# REPORT OF CEMETERY COMMISSIONERS.

Fairview Drive has been extended during the year and lots have been graded and prepared for use on that Drive and on Beach and Elm Avenues.

It will be noted from the financial statement, made a part of this, that there is now in the hands of the Town Treasurer $7,218.95, and this fund is increasing in size from year to year.

We recommend the passage of suitable By-Laws or Regulations by the Town so that such parts of this fund as may not be reasonably required for the purchase of land be invested, and the income thereof used from year to year for the care and improvement of the Cemetery. At present the Cemetery receives no income whatever from the amount in the hands of the Treasurer.

In older cemeteries it has sometimes happened that persons have become the owners of lots who have not sufficient respect for the memory of those therein interred to leave the lot intact and the bodies buried therein undisturbed. Sometimes the ownership has shifted by the laws of descent so that it has become vested in an entirely different family from that of the person originally owning the same. Cases have been known in other cemeteries where lots have been sold, and bodies removed therefrom and placed in single graves, so as to enable the owners of the lots to reap financial profit from their sale. It goes without saying that such doings should be prevented if possible. The best way to accomplish this is to convey the lots to the town in trust to permit such persons as may be desired to be buried therein

and no others, with the distinct proviso that the bodies interred shall not be removed from the lots and interred elsewhere without the consent of the Commissioners.

The receipts and expenditures for the financial year ending January 31, 1901, are as follows:

RECEIPTS.

| | | |
|---|---|---|
| From sale of lots, | $1,770 00 | |
| From sale of single graves, | 375 00 | |
| Interment and receiving tomb charges, | 515 00 | |
| For foundations, | 120 87 | |
| For wood, | 4 00 | |
| For labor, | 1 00 | |
| | $2,788 87 | |
| Balance on hand Jan. 31, 1900, | 5,970 90 | |
| | | $8,757 77 |

EXPENSES.

| | |
|---|---|
| Labor, etc., | $1,538 82 |
| Balance on hand Jan. 31, 1901, | $7,218 95 |

For details of expenses we refer to itemized statement to be found elsewhere in this book.

STATISTICS.

CHARLES F. JENNEY,
GEORGE E. WHITING,
Commissioners.

# REPORT OF OVERSEERS OF THE POOR.

The Overseers of the Poor herewith submit their report for the year ending Jan. 31, 1901. The work of the department is very clearly defined by statute law, and the expenditures are governed to a large extent by demands over which the local overseers have no control, viz.: The cost of maintaining town charges in the various State institutions.

In many towns branches of Associated Charities have been established, and we suggest that the institution of a local branch would be of great benefit to the worthy poor, many of whom suffer in silence rather than apply for town aid.

The usual detailed list of persons receiving aid, together with the amount charged to each family or individual, is hereto appended:

| | |
|---|---|
| Whole number of persons aided, | 2953 |
| Number of persons fully supported, | 32 |
| Number of persons partially supported, | 214 |
| Number of tramps lodged. | 2707 |

| PAID ON ACCT. OF | | SETTLEMENT. | COST. |

GEORGE E. HAVEN,
Overseers of the Poor.

# REPORT OF BOARD OF HEALTH.

To the Citizens of Hyde Park:

We have the honor to offer the following report for the year ending January 31, 1901: —

## SURFACE DRAINAGE.

In the past three years it has been the policy of the board to provide better surface drainage in such parts of the town as it seemed most necessary; this policy has been pursued during the year.

The principal work of this character has been the digging of a drain on the westerly side of the Providence Railroad, through a part of the Grew estate, from a point near the foot of Summer Street to the culvert at West Street, near bridge, and connecting with Stony Brook.

In the Rugby District a continuation of former work was made by the putting in of a twenty inch pipe culvert across Blake Street, replacing an old stone drain that was practically useless, and cleaning and straightening the water-courses leading thereto.

All other drains were cleaned when it became necessary, and it is apparent that this policy, if continued, will make as great, if not greater, improvement in the future in the health and comfort of the residents in all sections of the town.

## COLLECTION OF HOUSE AND STORE DIRT.

As the result of many applications and complaints to this board, an article was inserted in the warrant calling the regular appropriation meeting of the year, to determine whether or not a sum of money be appropriated for the use

of this board in the collection of house and store dirt. It was voted that $2500 be appropriated for the purpose.

On Monday, April 30, was begun a general clearing up of such ashes and garbage, teams being hired for the purpose, and on the 25th of May the regular routine work of collecting by team purchased for the purpose was begun. During the summer months, and until December 7, this one team made collections once a month in the residential portions of the town, and weekly in the business section.

On December 7, another cart and harness was purchased and, a suitable horse being hired for a nominal sum for the balance of the winter, this additional team was placed in commission, collections being made every two weeks in residential portions. This step became necessary on account of the heavy increase in the amount of refuse matter produced.

During the nine months from April 30th to January 31st, there have been collected 3158 loads of ashes and rubbish, averaging seventeen barrels per load. The average number of loads per month is about 275, so that in the ensuing year the amount to be collected will be about the same as for the past nine months, consequently, the same amount as appropriated last year will be sufficient to carry the work through satisfactorily.

This work was a new departure in this town, and there were many conditions that were peculiar to the establishment of such a collection; nevertheless, we feel that the continuance of the same system, with the co-operation of the householders in providing suitable receptacles for rubbish and the protection of the same from the weather, will prove in every way to be of great advantage and value.

### SWILL COLLECTION.

The same method has been pursued in the swill collection as in former years; however, it appears to us, after long

consideration, that some change must be made soon. It will be necessary to purchase at least one new wagon next year, as it is improbable that the maintenance of the swill tank and house in its present location can continue much longer. Such purchases will have to be made with due regard for any change that may occur.

## CONTAGIOUS DISEASES.

We are able once more to report the great freedom from contagious diseases enjoyed in the town the past year. The town may well be congratulated on this condition when it is considered that in nearly every town and city about us schools have had to be closed on account of the prevalence of contagious disease. The same methods that have in the past proven so satisfactory have been pursued this year, and with the same gratifying results as before, and it is believed that these results can only be maintained by the free and continual use of disinfectants, and more complete isolation of all cases.

Whole number of cases of contagious diseases reported during the year is 85, as against 110 in '99, 142 in '98, and 160 in '97, divided as follows:

| | | |
|---|---|---|
| Scarlet Fever, | 40 cases, | 1 death. |
| Diphtheria and Mem. Croup, | 14 " | 3 " |
| Measles, | 18 " | 0 " |
| Typhoid Fever, | 13 " | 1 " |

Nineteen deaths from tuberculosis or consumption have occurred in the town during the past year, and it is readily seen that the number greatly exceeds the deaths from all contagious diseases combined.

In the past two years it has been the custom to disinfect apartments where a death from consumption has occurred, if requested to do so by those connected with the household, and we wish it thoroughly understood that it is the desire of the board to be allowed to disinfect in any case of disease

that may occur. The work is done free of charge to the estate or occupant, and will injure nothing that may be in the rooms.

It is believed that the number of scarlet fever cases could be lessened if this board were notified of all cases where patient does not seem ill enough to require the services of a physician. This would prevent those suffering from mild attacks from attending school, and thereby spreading the disease.

During the past summer the board received notice of several cases of typhoid fever that seemed to have been communicated from a common cause, viz., the milk supply. The premises of the dealer were inspected, also the dairies where the milk was produced, and nothing was found that would lead us to think that the disease was communicated through the milk. This proved to be true, as no further cases could be connected with the previous ones, and the fact of their seeming common source must have been a coincidence.

Antitoxin for diphtheria has been furnished free of charge in all cases when requested, and we feel that it has been the means of lessening the death rate from that dread disease to a marked degree.

The board wish to express their thanks to the physicians of the town for their hearty co-operation in the reporting and care of contagious diseases.

## SEWERAGE.

The number of connections with the common sewers have been less than was hoped for during the past year, and it would seem that the residents of the town do not appreciate the numerous advantages that would accrue to the town if it was more generally done. The schoolhouses, so far as is possible, should be provided with modern sanitary appliances and connected with the public sewer.

## COMPLAINTS.

All persons making complaints to the Board of Health are requested to do so in writing over their own signatures. All such communications will be treated confidentially and no one who has just cause for complaint will suffer thereby.

This department has in its possession and owned by the town 3 horses, 1 steel swill wagon, 1 box sled used in swill collection, 2 swill wagons of wood, 2 large dump carts, 5 sets of cart harnesses, with necessary blankets, stable tools, etc., a valuable property which, under the circumstances, are kept in three different places on account of not being able to furnish proper stable room in one place. This fact has been frequently stated in the years past and the need of a proper stable and sheds for housing the property is apparent.

Two new regulations relating to sewer connections, etc., and the collection of refuse, have been adopted by the board during the past year and will be found under Rules and Regulations.

A copy of the report of Health Officer and Inspector of Plumbing is appended thereto.

## REGULATIONS OF THE BOARD OF HEALTH OF THE TOWN OF HYDE PARK.

Public Statutes: Chapter 80, Section 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provision of law, this Board makes the following regulations, which will be strictly enforced:

Regulation 1. *Privy Vaults and Drains.* Section I. Every tenement shall be provided with a water-tight underground drain to carry off the waste waters, also with a suitable privy or water-closet sufficient for the accommodation of all those inhabiting the premises.

Section II. All privy vaults, unless water-tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of any adjoining lot or street, and at least twenty feet from any

dwelling house, and shall be provided with a ventilation through the roof. The same shall not be used as cesspools nor receive drainage from the premises. The contents shall not be allowed to leak out or otherwise become offensive. All privy vaults shall be of a size sufficient to satisfy the Board of Health.

Section III. All waste water shall be conveyed through sufficient drains under ground to a cesspool sunk underground, which shall be of sufficient size to contain at least 80 cubic feet, and when not water-tight must be at least twenty feet from the cellar wall of any tenement or dwelling, and at least five feet distant from any adjoining lot or street. Cesspools shall be built in a thorough and substantial manner, as shall. be approved by the Board of Health.

Section IV. No person shall allow any drain or the overflow of any cesspool to enter any running stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive matter to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within one hundred and fifty feet of any well or spring, the water of which is used for domestic purposes, must be water-tight.

Section V. All privy vaults or cesspools must be thoroughly cleansed at least once in each year, and oftener if necessary for the public health, the expense to be borne by the owner of the property.

Regulation 2. Section I. The Board, when satisfied upon due examination that a cellar, room, tenement, or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition, or if the Board see fit they may require the same to be vacated, and the same shall not be again occupied without the written permission of the Board.

Section II. No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth, or offensive matter.

Regulation 3. *Swill and Offal.* Section I. No person shall remove or carry in or through any of the streets, lanes, or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal (either animal or vegetable), or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

Section II. No person shall bury swill or house offal, or the contents of any cesspool, vault, privy or privy well within the limits of the town of Hyde Park, unless a permit be granted by the Board of Health.

Section III. Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

REGULATION 4. *Diseased Meat and Provisions.* Section I. No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

REGULATION 5. *Swine.* Section I. No person will be permitted to keep any swine within the limits of the town of Hyde Park, without a written permit from the Board of Health.

REGULATION 6. *Contagious Diseases.* Section I. Any person sick with the smallpox or other contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is, or has been sick with the disease, or in any way come in contact with the inmates of such house except by permission of the Board.

Section II. Whenever the Board of Health shall ascertain that any person is sick with smallpox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall, at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

Section III. All persons are warned not to approach a house or the surrounding premises whereupon is displayed a disease flag by day or a red light at night.

Section IV. The bodies of all persons dying of smallpox, scarlet fever, typhus fever or diphtheria, must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance upon him, and all the furnishings of the sick room, thoroughly disinfected before being taken from the room. In the above case no public funeral will be allowed without permission from the Board of Health.

Section V. The owner or person having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such precaution as the Board of Health shall direct.

Section VI. Any person in the Town of Hyde Park who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine), must immediately report the same to the

Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

Regulation 7. Section 1. All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health shall proceed to examine the premises complained of, and will take measures to abate the nuisance if such is found to exist.

Regulation 8. Section I. No person, firm or corporation not now engaged in or working at the business of plumbing shall hearafter engage in or work at said business in the town of Hyde Park, either as a master or employing plumber or as a journeyman plumber, unless such person, firm or corporation first receives a license therefor, in accordance with the provisions of Chapter 477 of the Acts of the year 1893 of the Commonwealth of Massachusetts and Acts amendatory thereof, or supplementary thereto.

Section II. Any person desiring to engage in or work at the business of plumbing, either as a master or employing plumber, or as a journeyman plumber, shall apply to the Board of Health, and shall at such time and place as may be designated by the Board of Examiners appointed by the Board of Health, as provided for in said Acts, to whom such application shall be referred, be examined as to his qualifications for such business. In the case of a firm or corporation the examination and licensing of any one member of the firm, or the manager of the corporation, shall satisfy the requirements of this regulation.

Section III. The Board of Examiners shall examine said applicants as to their practical knowledge of plumbing, house drainage and plumbing ventilation, and if satisfied of the competency of the applicant, shall so certify to the Board of Health. Said Board will thereupon issue a license to such applicant authorizing him to engage in or work at the business of plumbing. The fees for a license for a master or employing plumber shall be two dollars; for a journeyman plumber it shall be fifty cents. Said license shall be issued annually, expiring on the thirty-first day of May next ensuing, and shall be conditional on skilful work, and a strict observance of the rules governing plumbing.

Section IV. No person shall carry on the business of plumbing unless he shall have first registered his name and place of business in the office of the Board of Health; and notice of any change in the place of business of a registered plumber shall be immediately given to said Board.

Section V. No person shall proceed to construct, add to, or alter any portion of the drainage system (except to repair leaks) of any building in the town of Hyde Park, until plans showing in detail the whole drainage system shall have been filed at the office of the Board of Health, upon blanks in such form as the Board may determine; no person shall commence work on such drainage system until the plans are accepted by the Inspector of Plumbing and a permit of approval granted. Plans and specifications shall be approved or rejected within five days of the time of filing.

Rules and regulations for material, construction, etc., may be found in the town by-laws.

Regulation 9. The Board of Health hereby adjudges that the deposit of sputum in street cars, public buildings, or churches is a public nuisance, source of filth and cause of sickness, and hereby orders: That spitting upon any floor of any street car, public building or church be, and hereby is, prohibited.

Regulation 10. No privy, vault or cesspool shall be established either upon premises situated upon a public or private street, court or passageway where there is a public sewer opposite thereto, or upon premises connected with a public or private sewer, without permission in writing first being obtained from the Board of Health of this town. And whenever there is a privy-vault or cesspool so situated which in the opinion of the Board of Health of this town is injurious to the public health, said Board of Health shall declare same to be a nuisance and forbid its continuance.

Regulation 11. After the first clearing up of ashes, beginning May 1, all rubbish, ashes, etc., to be removed by town carts are to be placed in receptacles not larger than an ordinary flour barrel, and in places easily accessible to the collector. Vault filth, offal, bricks and mortar, gravel and garden shrubbery are not included in the above and will not be removed by the town.

---

Fully believing that a large proportion of contagious diseases originate from unsanitary conditions, we trust that we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws, and the sanitary rules of our large towns. Respectfully submitted,

WILLARD S. EVERETT, M.D., Ch'm,
EDWIN C. FARWELL, Secretary,
WILLIAM W. SCOTT,
Board of Health.

*To Willard S. Everett, M. D., Chairman, and Members of the Board of Health, Hyde Park, Mass.*

Gentlemen : — I herewith submit my fourth annual report as Health Officer and Inspector of Plumbing.

It is with pleasure that I have again the privilege of reporting a reduction in the number of cases of contagious diseases. The ratio of reduction in the number of cases seems to have continued throughout the past four years. The number reported this year is but little more than half that of 1897, the year previous to the establishment of the present methods for preventing contagious diseases.

The method of making verbal complaint to individual members is somewhat crude and should be avoided when possible, that all complaints may come to the office of the Board, properly signed, as required by the statutes.

A new charge has been added to the duties of this office, that of ash collection, and this has been, I feel, satisfactorily carried on for the past nine months.

Something over one thousand feet of ditch for surface drainage has been dug, and the usual gratifying results have been attained.

I would respectfully ask that the residents of the town be requested to provide suitable places and receptacles for ashes and swill in order that the collection of the same can be done more quickly.

There have been posted in the last year 54 notices of contagious diseases, and on discharge have been thoroughly fumigated with formaldeheyde gas. In some twenty or more cases of diseases other than those quarantined the rooms have been disinfected, in all about 130 rooms.

INSPECTION OF PLUMBING.

There have been filed at this office 142 applications to do plumbing, of which 121 were in old houses and 21 in new.

There have been few minor violations of laws, which were immediately remedied, and I wish to thank the master and journeymen plumbers of the town for their hearty co-operation on the line of better plumbing and sanitary conditions.

The fixtures used in building are described as follows: Water closets, 178; bath tubs, 68; wash bowls, 86; sinks, 156; wash trays, 39.

Respectfully submitted,

CALEB T. LOVELL,
Inspector of Plumbing and Health Officer.

Begins Monday, Dec. 24th; ends Friday, Dec. 28th. — 1 week.

## SPRING VACATION.

Begins Monday, April 1st; ends Friday, April 5th. — 1 week.

## HOLIDAYS.

September 3rd and 4th, November 29th and 30th, February 22nd, April 5th, April 19th, and May 30th.

# SCHOOL COMMITTEE'S REPORT.

---

Citizens of Hyde Park: —

The Superintendent and those having charge of special work have submitted their reports, and but little remains to be said by the Committee. We heartily commend all those who have had to do with the education of the children of our town. The service has been excellent, and reflects very creditably on all concerned.

There are desirable ends yet to be compassed, but we feel that the progress made calls for especial commendation. The complaints which come to us are along the line of over-study and insufficient school accommodation. Regarding the first we are free to say that the tendency of the hour is to overburden the scholar, and the fault is not altogether with the law of the State, which makes large requirements, but attaches to the common desire to have our children cover all the studies possible in the time allotted for school work. The school work has been increasing of late years, until now, what with the required and elective studies, the scholars are obliged to apply themselves to their books long after the school hours. We believe it is time to call a halt, and we earnestly hope that the State laws may be modified, the popular demand lessened, and every legitimate effort made to secure thorough and satisfactory results. Over-training can but be harmful, for while it will often produce momentary brilliancy, it will utterly fail in producing lasting and substantial results. To be thorough and strong in a few things is better than to be superficial and weak in many

things. We shall endeavor to lessen rather than to increrse the burden, and yet we are well nigh powerless unless the public demand, and the law as well, turn resolutely toward reform.

As to school accommodations we can only report to the town and await its action. We can redistribute the scholars, in some instances, in our present school buildings, but this affords only temporary relief. The residents of the new districts have already pressed their claims upon us, and we in turn press it upon the attention of the town. In the successful settlement of these new sections the school accommodations will be a strong deciding factor, and the wisest economy will be applied if the town sees to it that no barrier to the growth of these new sections interposes in the shape of insufficient educational opportunities for the prospective residents.

A new High School building is still a prime necessity, and we again urge upon the town a consideration of this subject. The delay has already been too long; under the plea for economy we have been grossly extravagant; the growth and prosperity of the town has been lessened; taxable property which we might have permanently had has gone to other localities not so well naturally equipped as our own, and largely because we have not recognized that substantial public improvements are essential to the growth and prosperity of a town. Meagre valuation and high taxation have laid upon us its burden because of the course that has been pursued, and all we have by way of compensation is the echo of the cry for economy and a threadbare supply of public comforts. This course must be changed or the town will suffer irreparable injury. We may have gone out of our way in saying this, but we feel strongly on this subject, and we earnestly ask the town's people to give the matter of a new High School building their earnest and interested attention.

In conclusion we would say an earnest word in advocacy of a strong continued interest in our schools on the part of our town's people. Nothing will so thoroughly contribute to the success of our schools as to have all the people all the time striving, with the scholars, with the teachers, with the Superintendent, and with the Committee, to secure the highest and best results.

EDWARD I. HUMPHREY.

*For the Committee.*

# SUPERINTENDENT'S REPORT.

To the School Committee of the Town of Hyde Park:

My third annual report as Superintendent of the Hyde Park Public Schools is herewith respectfully submitted.

Following is a summary of statistics for the school year last completed, ending June 30, 1900:

## GENERAL STATEMENT.

### SCHOOLHOUSES.

| | | | |
|---|---|---|---|
| No. 1. | High school, | nine rooms, | Everett street, |
| " 2. | Damon school, | eight rooms, (four occupied) | Readville street |
| " 3. | Hemenway school, | one room, | Wolcott street |
| " 4. | Grew school, | eleven rooms, | Gordon avenue |
| " 5. | Greenwood school, | nine rooms, | Metropolitan avenue |
| " 6. | Amos Webster school, | four rooms, | Hilton street |
| " 7. | Butler school, | one room, | East River street |
| " 8. | Fairmount school, | nine rooms, | Williams avenue |
| " 9. | Weld school, | two rooms, (one occupied) | Highland street |

| | |
|---|---|
| Number of school rooms occupied, | 49 |
| Number of school buildings, | 9 |
| Number containing high school department, | 1 |
| Number containing eighth (highest grammar) grade, | 4 |
| Number containing primary grades only, | 4 |

### TEACHERS.

| | |
|---|---|
| Supervisors of special subjects, | 2 |
| Number of teachers regularly employed, | 55 |
| Men teaching in day schools, | 7 |
| Women teaching in day schools, | 41 |
| Men teaching in evening schools, | 3 |
| Women teaching in evening schools, | 2 |
| Men teaching in vacation schools, | 1 |
| Women teaching in vacation schools, | 1 |
| Number of day school teachers who have attended college, | 11 |
| Number of college graduates, | 10 |
| Number who have attended normal school, | 14 |
| Number of normal school graduates, | 10 |
| Number who have attended training school, | 3 |
| Number of training school graduates, | 2 |

## SCHOOL CENSUS.

| | |
|---|---|
| Population of Hyde Park (census of 1900), | 13,244 |
| Total number of persons 5 to 15, | 2,054 |
| " boys 5 to 15, | 1,011 |
| " girls 5 to 15, | 1,043 |
| " persons 7 to 14, | 1,278 |
| " boys 7 to 14, | 597 |
| " girls 7 to 14, | 681 |
| " persons in Hyde Park private schools, | 3 |
| " persons in Hyde Park parochial schools, | 702 |
| " persons in schools out of town, | 10 |
| " male illiterate minors over 14 years of age, | 15 |
| " female " " " | 9 |

## MEMBERSHIP AND ATTENDANCE.

| | |
|---|---|
| Total number of pupils registered, | 1881 |
| Average membership, | 1620 |
| Average attendance, | 1512 |
| Per cent. of attendance, | 92.7 |
| Number of pupils between 5 and 15 years of age, | 1666 |
| " more than 15 " | 222 |
| " between 7 and 14 " | 1152 |
| " less than 7 " | 412 |
| " more than 14 " | 343 |

## STATISTICS.

In last year's report attention was called to the fact that the number of pupils attending out-of-town schools, as reported in the school census, had decreased from 92 in the previous year to 24. This year the number has fallen to 10. The continued increase in the patronage of the home schools is gratifying.

## VOCAL MUSIC.

Each year the results of thorough training in vocal music are more manifest in our schools. The singing in practically all the schools is of a very unusual degree of excellence. The purity of the tone quality and the exactness of the interval work, as well as the intelligent expression and the very apparent delight of the singers in the music and in their ability to sing well are characteristic of the daily work in this department, and testify to the skill and faithfulness of Supervisor and teachers. The Supervisor's report follows.

## REPORT OF SUPERVISOR OF MUSIC.

MR. FRANK O. DRAPER, Superintendent of Schools.

DEAR SIR:—It gives me much pleasure to speak of the good work accomplished in music during the past year.

Teachers unable to teach music satisfactorily have exchanged work with other teachers, and this department has been greatly strengthened thereby. The music tests have proved satisfactory, and with only two or three exceptions, all classes are doing good work.

The High School music is inspiring. Altogether, this department of school work is in excellent condition. Pupils are interested, and the teachers all have given their best efforts. For the continued support of the School Committee and Superintendent I am sincerely grateful.

Respectfully,

B. HAROLD HAMBLIN.

*Supervisor of Music.*

---

### DRAWING AND MANUAL TRAINING.

With the exception of certain kindergarten occupations in the sub-primary class, and the work of the industrial vacation school, manual training has, as yet, but one representative in the schools of Hyde Park — drawing, embracing such simple constructive work as is commonly included under this title. Yet it should not be forgotten that drawing is, essentially, manual training as well as æsthetic training, and that a systematic course in drawing under a competent supervisor, is a long step in this direction. It is, necessarily, the first step; and it is the department of manual training in regard to whose usefulness and adaptability to elementary public school instruction there is least debate. It is generally admitted that it is of use and that it is worth while, and it is the natural starting point and the necessary preliminary for every form of manual training except sewing and cooking.

Under present conditions drawing is, therefore, a subject of unusual importance, both for what it can do and is doing in the education of our young people, and for its character as a representative of, and it is to be hoped an introduction to, a general course of manual training in our schools. Such a course is desirable from every point of view. The question of its introduction is one of expediency only.

The earnestness with which teachers and pupils have taken up the work in drawing as arranged by the Supervisor, and the skill and devotion which Miss Kimball brings to the task of organizing the work and placing it upon a systematic and progressive basis, are attested by the quality of the results already attained. Your attention is invited to the Supervisor's report, which follows:

## REPORT OF THE SUPERVISOR OF DRAWING.

Mr. Frank O. Draper, Supt. of Schools:

Dear Sir, — I herewith submit my report, as Supervisor of Drawing, for the year 1900.

It is now a year and a half since drawing under supervision was introduced into the schools, and a fairer estimate can be made of the progress of the work than was possible a year ago. The interest of the first year, due in part to novelty, seems to be changing to an intelligent and serious appreciation of the subject. As a result of this, improvement is beginning to show along important lines.

In the early stages of a study of this kind certain conditions are manifest, due in many cases, not to lack of talent nor carelessness, but to want of knowledge and a proper standard. These are the principal faults: Disregard of the space to be filled, inability to see proportions, needless exactitude as to unimportant details, and a constrained and lifeless rendering. To overcome these faults we are endeavoring to think first of the relation of the drawing to the space to be

filled, to give it proper proportions and balance, and to sketch in a free, light line, correcting, but without the use of the eraser, until the object is properly drawn. In finishing, we try to vary the outline as we see it strong or light, and thus give life and character. Satisfactory results, of course, cannot be expected for a long time, but it is hopeful to see earnest improvement in the right direction.

A great help toward bringing good results would be to present to the pupils numerous examples, by different artists, of simple pencil, pen and ink, and brush drawings of such a character as to enable them to get a higher ideal of the work they might do. A portfolio of these drawings would require time and money to collect, but it would well repay the effort. Besides this, a collection of beautiful objects, which should illustrate principles of art, would be invaluable. For this purpose articles which are slightly damaged can sometimes be purchased at the Japanese and other stores for a comparatively small sum.

I have been dealing thus far with the freehand side of drawing alone. Another very important phase of the work is the constructive feature, or manual training side. This includes geometric and working drawings, lettering, construction of objects, and structural design ; that is, design of proportion and outline of both plane and solid figures. The uses of the ruler and compasses are taught. Neatness and accuracy are emphasized. The results of this training are more evident than in the freehand work. Even the short training of last year has had a noticeable effect upon the pupils' ability to follow directions, to measure accurately, and to execute with neatness anything given them in that line. The construction of objects, or the making of patterns to be worked out at home, seems to give great delight to the younger children and satisfaction to the older ones. In several cases constructions were made voluntarily at home from working drawings made at school. This is the introduction

to manual training, which, we hope, will sometime be taught as a special subject in our schools.

The course in the Grammar and Primary schools is essentially the same as it was last year, except that greater emphasis has been placed upon the principles of design, not only as related to decoration, but to the arrangement of each drawing made. It does not seem necessary to speak in detail of other branches of the course, but we hope to have this year an exhibition which will give to some extent an idea of what we are trying to accomplish.

At the High School the class in mechanical drawing started last year has been continued under Major Lowe's instruction. A decided improvement in neatness and accuracy is manifest. If the class should increase next year the facilities would be entirely inadequate. A freehand class was formed in September, 1900, which numbered over forty. There is considerable ability in this class, and the interest is good, but progress is slow, owing to the lack of previous training. We work under disadvantages, as the room in which we meet is occupied up to the drawing period by another class, so that very little can be done in the way of preparation. Furthermore, this room is poorly lighted, and the surroundings are sombre and dismal. The need is obvious of a special room adapted to the work of a drawing class. I am very grateful for the support and encouragement of the principal, Mr. Getchell, and for the helpful words of the other teachers.

The teachers of the Grammar and Primary schools have also shown a very helpful spirit. Much can be done by the teachers to make the work of the supervisor effective. If they are enthusiastic the children catch the spirit and are willing to do almost anything. Herein lies the secret of the most successful work now being done in our schools.

A Saturday class was formed at the request of the teachers, and ten have availed themselves of the instruction of the

supervisor. This shows a willingness to give their time and effort to this work. Many more would have joined the class if circumstances had permitted.

The cover of the School Committee's report was designed by Miriam Loder, of the eighth grade, Grew School. All of the pupils of grades seven and eight competed. Their drawings were numbered, but no names were given. The best one from each grade was selected. The pupils chosen were Una Elliott and Annie Davenport, of the Damon School, Winthrop Haynes and Donald Emerson, of the Fairmount School, Elgina and Olga Mortonson and Maud May, of the Greenwood School, and Miriam Loder and Harry Oleson, of the Grew School.

These pupils were given especial instruction by the supervisor after school, and most of the work was done after school hours. They all deserve praise for their faithfulness, and for their excellent spirit. It is granted to but one to be chosen, but they have all said that, however the choice were made, they have enjoyed the work, and feel repaid for their effort.

In closing, I should like to thank the School Committee and Superintendent for their continued support, and many parents and friends for their helpful words and kind wishes for the success of the work.

Respectfully,

ANNA M. KIMBALL,

*Supervisor of Drawing.*

Walnut Hill, Mass., Jan. 29, 1901.

---

## HIGH SCHOOL.

The work in the natural sciences and in the commercial department is hampered greatly by lack of room and by limited equipment. In all the other departments first-class results are attainable and are actually secured. The departments are much more nearly equal in excellence than formerly and there has been an evening up, not down.

Mr. Getchell's success as Principal and instructor is amply fulfilling the promise of last year; the teachers whose excellent service in the school has identified them with its best traditions, are maintaining the high quality of their work, and the three new teachers, Miss Mary E. Houston, Miss Edith L. Bishop and Miss Louise T. Wood, are meeting with unqualified success. The school spirit, — no mean test of a school's excellence — is commended by all who know the school and is noticed at once by visitors.

I believe that the excellence and value of our high school is appreciated by the parents and by the citizens of the town in general to a very unusual degree. Frequent comments are heard as to the school's present quarters, and there seems to be a very general hope that the town will take steps to secure a commodious, well-ventilated and well-lighted building for its use. For the prosperity of the school and for the health of the students and teachers the new house cannot be erected and occupied too soon.

Your attention is called to the report of the Principal and to some interesting statistics which follow it.

---

## HIGH SCHOOL PRINCIPAL'S REPORT.

Mr. Frank O. Draper, Supt. of Schools:

Dear Sir,- In accordance with your request, I submit herewith my second annual report of the High School, for the year 1900.

The enrollment on December 21 was 273. The membership was 256. The membership by classes was as follows:

| | |
|---|---|
| I. year, (entering class), | 98 |
| II. year. | 72 |
| III. year, | 46 |
| IV. year, | 32 |
| Postgraduates, | 8 |
| Total, | 256 |

Comparing these statistics with those of last year, it will be seen that the entering class is smaller, but that each of the other classes is larger, showing that the increase is not one of large accession from outside but of natural growth from within. The same rate of increase next year will more than tax the present seating capacity of the building. In fact, pupils are now seated under conditions which should not exist in any well regulated school.

There seems to be a better sentiment in regard to the value of school time, and consequently fewer demands for dismissal for trivial causes; yet many keep or allow their pupils to remain at home for insufficient reasons thus losing a whole day, the drill of which cannot be made up no matter if the form of reciting the lessons to the teachers is afterward gone through with. If in 18 days of school there are from 150 to 180 days of absence, one can easily judge of the loss of teaching to the community. Many school officials are afraid that undue prominence may be given to the subject of attendance, but as it is one of the most important elements of success inasmuch as a large number of the failures in school work can be traced to it, I believe that it should have due consideration.

There have been two changes in the teaching force. During the spring Miss Bessie M. Hooker, teacher of Greek, and Miss Mabel E. Woodworth, teacher of English, resigned. Miss Edith L. Bishop of Winchester, Mass., and Miss Mary E. Houston of Plymouth, N. H., were chosen to succeed them. On account of the increase in the number of pupils Miss Louise T. Wood of this place was elected as an additional teacher, and Miss Anna Kimball, Supervisor of Drawing, has two periods a week of regular work. Even now, however, the teachers are teaching more subjects and more hours a week than is conducive to the very best work. Nevertheless, they are very faithful and are giving more time outside of, as well as in school than has been given before.

Each teacher has a regular office hour at least one afternoon in the week, at which time pupils may receive assistance in their work and parents may consult with them. These hours were published in the local papers soon after school opened in September and may be found elsewhere in this report.

The course of study as outlined in our last report was adopted by the School Committee in June with a very few changes. The commercial course was lengthened to four years, thus putting it on a par with the other courses. It was thought by some that this would deter those desiring to pursue this course from so doing, but happily no such result followed. A larger number elected this course than last year. I am of the firm belief, however, that the first two years in high school should be of an academic character, and that specialization should be carried on in the last two only. In other words, that such studies as stenography and book-keeping should be left for the junior and senior years. Free-hand drawing was made elective in the first year, and two large classes were formed. Mechanical drawing was continued in the second year.

An additional teacher has made it possible to make our work more departmental — more in line with modern thought. It has already proved its worth in the unifying of the same lines of work necessarily in the hands of different teachers. If there are two divisions in Latin this year it is imperative that both pursue practically the same course that both may be equally fitted for the work of next year, when they may be united under one teacher. To facilitate this, prominence has been given to departmental rather than general teachers' meetings.

With the accenting of the "Department" comes the natural incentive to do better work along chosen lines, and the consequent demand for better equipment. Library or laboratory methods have proved themselves worthy of more than passing notice and cannot be ignored. Work has been

well begun along these lines under somewhat difficult circumstances. The pupils, however, have made excellent progress. In response to our request book shelves were placed in the right hand corner of the main room, but there were few books belonging to the school to be placed upon them. By gifts from publishers and loans from private and public libraries we have been able to carry on our work with quite a good representation of modern books. There should be a fund of at least one hundred dollars placed annually at the disposal of the Principal for the purchase of reference books.

I would again call attention to the condition of the Science Department, by quoting from our last year's report: "All the work is done in one laboratory — the Chemical."

Several other needs, such as Manual Training, Elocution, and Physical Culture, are constantly emphasizing themselves, and must soon be considered. While Hyde Park does not have the necessary population to compel her to introduce Manual Training, yet she recognizes the demand by the introduction of the same into the Summer Schools, and should not neglect the regular schools. I am not arguing for Manual Training per se, but for the influence which it may exert upon certain boys and girls to keep them for a longer time in the schools. Any worthy motives which will even tend to accomplish this end should, I believe, be used and encouraged. Far too many leave school for the lack of some such motive. Except in connection with the English work, there is practically no training in Elocution, the need of which is more and more apparent. Here are two subjects which might be joined and put under the direction of one teacher — Elocution and Physical Training. Since Miss DeLano left us last spring it has been impossible to obtain anyone to take her place, and work is sadly needed among the pupils in voice and position. Such a teacher would supplement in a remarkable degree the work in English and History.

During the year the Athletic Association has been organized, and seems to be in a prosperous condition. This consolidates the interests of the various teams under a single management. It gives an added interest to athletics, because it secures fair representation on the various teams, and protects the individual. The great need of the Association is inclosed grounds, which can be wholly under the control of the management.

While we had expected to have a larger number of parents and friends visit us during the year, and have been somewhat disappointed, yet when a suggestion has been made the response has been so ready and hearty that there can be little doubt of the active, intelligent interest of the parent and citizen. It is for such enthusiastic support that I take this opportunity to thank all, and especially you, sir, for your unselfish and helpful advice.

Respectfully submitted,

M. S. GETCHELL,

*Principal.*

---

THE QUESTION OF OVER STUDY.

Last year, at my request all the Principals made a thorough inquiry as to the amount of home study done by the pupils. In the elementary schools, no room was found in which the average exceeded a half-hour. No regular home study was required in any room below the highest two grades, and in some of the schools none was required regularly below the Master's room. The conditions are not materially changed this year, so that it may be safely said that what over study exists in the elementary schools of the town is in the case of pupils who require much more than the average time for their studies. The natural remedy would seem to be special arrangements for exceptional pupils rather than a wholesale reduction of requirements.

The figures for the High School, while they did not indicate unusually long hours of study, were of sufficient interest to warrant their publication, and the result of a similar inquiry made at the middle of the current school year is given below.

---

STATISTICS FOR 1900–1901.

AVERAGE TIME OF STUDY, IN MINUTES, PER LESSON.

(a) At home; (b) at school.

| | IV. year. | | III. year. | | II. year. | | I. year. | |
|---|---|---|---|---|---|---|---|---|
| | (a) | (b) | (a) | (b) | (a) | (b) | (a) | (b) |
| | 42 | 21 | 36 | 26 | 35 | 28 | 34 | 22 |
| Total, | 63 | | 62 | | 63 | | 56 | |

Whole study in hours and minutes done by entering class, by divisions:

| | A | | B | | C | | D | |
|---|---|---|---|---|---|---|---|---|
| | 2 h. | 1.30 | 2.24 | 1.40 | 1.51 | 1.26 | 2.16 | 1.22 |
| Total, | 3.30 | | 4.04 | | 3.17 | | 3.38 | |

Average study per day, at home and in school, 3 h., 52 min.

In connection with this inquiry, a number of questions bearing upon the physical condition and employment of the students were asked. Some of these questions are of general interest and are given below together with a summary of the answers. These figures have been very carefully prepared by the Principal, and every effort has been made to secure accuracy.

---

QUESTIONS FOR 1900–1901.

1. How many periods of prepared work do you have?
2. Do you have regular hours for study?
3. Do you take regular exercise?
4. Have you regular employment outside of school?
5. How much time does it take each day?
6. Are you troubled with defects of eyesight or hearing?
7. How much do you spend for a lunch each day?
8. If there were a lunch counter in the building would you patronize it?

9. Do you read the daily papers regularly?

10. Do you have a Public Library Card?

11. Which do you read most — Biography, Fiction, History, Poetry, Travels, or Science?

| | YES. | | | | | NO. | | | | |

## EVENING SCHOOLS.

Your attention is called to the following detailed report of the work of these schools for the past year. The greatly increased attendance in the English department during the latter part of this term as compared with the corresponding period of last year indicates a growing appreciation of the value of the instruction given and of the opportunity offered for serious educational work. The greater regularity in attendance in the other departments is also a good indication. A larger number each year are attracted by the real purpose of the schools and fewer attend for frivolous reasons. The orderliness and good spirit manifested

are quite unusual in schools of this kind and the special committee in charge of this department of school work may justly take pleasure in its character and in the quality of the results attained. The certificates and diplomas issued this year will undoubtedly strengthen the schools along their present lines of growth.

---

## EVENING SCHOOL PRINCIPAL'S REPORT.

F. O. Draper, Esq., Supt. of Schools:

Dear Sir — I have the honor to submit herewith a report of the Evening Schools from January 31, 1900, to January 31, 1901.

The present term opened on the evening of October 29, 1900, with five teachers in attendance. October 29 and 30 were taken for the registration of students. The regular work of the school commenced on the evening of October 31. All departments were well attended.

---

### ENGLISH DEPARTMENT.

This department has been in charge of three teachers; one for the advanced class and two for the elementary classes. The attendance was good until after the Christmas recess. Since that time the numbers have decreased so that it was found necessary to reduce the teaching force to two teachers. Last year during the latter portion of the month of January, and for the remainder of the term, this department was in charge of one teacher. This year, however, the attendance has been sufficient to require the services of two teachers. Elementary and advanced classes are now in one room.

Registration from January 31, 1900, to March 29, 1900:

| | |
|---|---|
| Registered, | 14 |
| Average attendance, | 14 |
| Average age, | 19 years |

Registration from October 29, 1900, to January 31, 1901:

| | |
|---|---|
| Registered, | 56 |
| Average attendance, | 35 |
| Average age, | 20 yrs. 6 mos. |
| Present attendance, | 25 |
| Number of sessions in the year, | 80 |

Your attention is called to the fact that the "average attendance" and "present attendance" in this department are nearly double that of the corresponding period for last year.

BUSINESS DEPARTMENT.

The work in this department has been carried out according to the course arranged three years ago. The registration this year has not been so large as that of last year, but the per cent. of attendance offsets the decrease in registration.

Instruction in Commercial Law has been given by lectures, as the school is not supplied with text books on this subject. A teacher of Typewriting was employed until January 2, 1901.

Indications are that there will be two students to receive the Diploma of this department, and upwards of eleven students will receive Certificates for the first year's work. Certificates and Diplomas are not awarded unless the student passes a satisfactory examination.

Registration from January 31, 1900, to April 26, 1900:

| | |
|---|---|
| Registered, | 26 |
| Average attendance, | 21 |
| Average age, | 19 yrs. 2 mos. |
| High School graduates, | 7 |
| High School non-graduates, | 7 |

Registration from October 29, 1900, to January 31, 1901:

| | |
|---|---|
| Registered, | 49 |
| Average attendance, | 37 |
| Average age, | 19 years |
| Present attendance, | 34 |
| High School graduates, | 5 |
| High School non-graduates, | 7 |
| Number of sessions in the year, | 87 |

## DRAUGHTING DEPARTMENT.

In this department the work is carried on in accordance with the original plan of a four years' course leading to a diploma. The classes continue under the direction of Mr. Joseph C. Riley, instructor in the Institute of Technology.

There have been classes of three grades in Mechanical Drawing. The nature and method of instruction were decided upon after careful inquiries concerning the occupations of the members of the classes. It was found that of those who began the course in November last, twenty-one were employed in machine shops in positions where a knowledge of the principles of mechanical drawing is of the greatest value. Of the above number of students seventeen are in regular attendance. The instruction given has been mainly along the line of machine drawing.

The first year students were given seven plates on geometrical drawing as preliminary exercises. After the completion of these plates the students commenced to draw various objects from which direct measurements were taken. The students are now at work on simple machine parts, such as bolts, nuts and simple castings.

The second year students were taught the principles of projection, after which they began to make working drawings from sketches furnished of steam engine details, such as bearings, cranks, etc.

There are two students in the third year class. They have received instruction in the method of drawing some of the more useful mathematical curves, and they have drawn gears, cranks, connecting rods, etc.

An exhibition of the drawings of last year was held at the High School building at the close of the term. The attendance at this exhibition was not enough to pay for the trouble of hanging the drawings. The tax payers support the Evening Schools and they should have interest enough

in these schools to wish to see what work is being done. There will be an exhibition of drawings at the close of the present term, and I hope more interest will be shown in this exhibition than was manifested in that of last year.

Registration from January 31, 1900, to March 28, 1900:

| | |
|---|---|
| Registered, | 16 |
| Average attendance, | 16 |
| Average age, | 21 yrs., 6 mos. |

Registration from October 29, 1900, to January 31, 1901:

| | |
|---|---|
| Registered, | 29 |
| Average attendance, | 27 |
| Average age, | 19 yrs., 9 mos. |
| Present attendance, | 23 |
| Number of sessions in the year, | 61 |

---

## DIPLOMAS AND CERTIFICATES.

Diplomas and Certificates were issued to the following students:

### BUSINESS DEPARTMENT.

DIPLOMAS.

| | |
|---|---|
| Orton Andrews, | Stenography. |
| Edwin L. Cameron, | " |
| Florence Spaans, | " |
| Mary H. Stevens, | " |
| Arthur Strout, | Bookkeeping. |

CERTIFICATES.

| | |
|---|---|
| Elise Barme, | Stenography. |
| Mary Childs, | " |
| Alice Hanscom, | " |
| Mary P. Jank, | " |
| Beatrice Drinkwater, | Bookkeeping. |

---

### DRAUGHTING DEPARTMENT.

CERTIFICATES.

| | |
|---|---|
| J. S. Burton, | 1st Year Architectural. |
| F. H. Haslam, | " " |
| Edith M. Hill, | " " |
| J. McDonnell, | 2d Year Architectural. |

| | |
|---|---|
| C. Countway, | 1st Year Mechanical. |
| W. Drechsler, | " " |
| E. S. McArthur, | " " |
| Hugh Schmalz, | " " |
| Otto Schmalz, | " " |
| C. J. St Clair, | " " |
| L. M. Clark, | 2d Year Mechanical. |
| M. M. Wild, | " " |

Students have given close attention to their studies in all all departments, and the results more than justify the outlay.

Respectfully submitted,

A. W. LOWE,

*Principal of Evening Schools.*

---

## CARPENTRY SCHOOL REPORT.

To the Committee on Industrial School:

The Vacation School for boys, in carpentry, opened July 10th, 1900, and, after twenty-eight well-attended sessions, closed August 23d.

The first thirty-six applicants from a list of sixty-three were formed into two classes, — one in the forenoon, and the other in the afternoon.

Though the term was shorter than in previous years, it was nevertheless an interesting one, as the pupils entered into the work with abundance of enthusiasm, and gave good attendance. Fifty-three pupils took lessons during the term, making the average daily attendance thirty-one.

Considering this a Vacation School, there is, of course, no compulsion in regard to a pupil attending; hence, I have endeavored to find out that which each pupil would be most interested in making, as that which might interest one might not interest another, and the pupil working without interest is working on a failure.

Respectfully submitted,

GEO. E. WEBB.

## SEWING SCHOOL REPORT.

To the Committee on Industrial School:

The Sewing School for the summer of 1900 was opened Tuesday, July 10, with a full attendance.

The scholars were at once divided into three classes, — those who had never sewed, those who had done a limited amount of sewing, and those who were more skillful

The youngest were given the work on the printed cloth. Pieces of cloth are printed with the different stitches, and the child follows the printed mark. This secures accuracy, and allows the child's whole attention to be devoted to the use of the thimble, the position of the needle on the thimble, the proper motions of the hand in taking the stitch, and the method of taking each different stitch. A series of finger exercises helped to strengthen the fingers and make them flexible.

The intermediate class was taught, as a preparation for garment making, the oversewed seam, the French seam, fell, hem, running of tucks, the hemmed on and the stitched in patches, supplementing this work by work in putting on bands. Talks about the seams helped to strengthen the method of making each seam.

The oldest class, which consisted of girls from eleven to fourteen years of age, was taught the hemmed on and the stitched in patches, how to put in gussets, make buttonholes, and put on band. For their home and supplemental work they had the French seam and fell. One small garment was cut, also, and nearly finished. It was not thought best to attempt the dressing sacks of the year before, as most of the girls have had such insufficient preparation. On this account the preceding course was prepared, keeping as the end in view preparation for garment making. In order that the size and direction of each stitch might be clearly seen, colored thread and unbleached cloth were employed.

In making plans for the course, it was decided that application for places must be made before the school opened. When the classes were full the names were put on a waiting list in order, and the vacancies filled from this list. The numbers on the roll were limited to forty-eight, twenty-four being allowed to attend each session. This gave each child only twelve lessons of two hours each in which to finish the course of work. Owing to this, the attendance has been much more regular, as it has prevented children coming only once and not attending again. In this way all the time could be devoted to pupils wishing to do serious work, and has been a means of much improved work.

KATE FARLIN,
*Sewing Teacher.*

## COOKING SCHOOL REPORT.

To the Committee on Industrial School:

Two classes began their lessons in cooking on July 12th with twenty-four pupils enrolled in each; twelve more were afterward admitted to take the places of some who left town on their vacations, making a total of sixty who received instruction in this branch of manual training, introduced for the first time in Hyde Park.

Each class had two lessons a week for six weeks, one class coming in the morning and one in the afternoon. The chemical laboratory in the High School was transformed for the time being into a kitchen, small gas stoves being substituted for Bunsen burners, and bowls, saucepans and jars of groceries for test-tubes and chemicals. A gas range and a two-burner gas stove were kindly loaned and set up by the Dedham & Hyde Park Gas Co., and a boiler for heating water was contributed by Mrs. E. F. Boyd. The other utensils and supplies were furnished by the town, with the exception of two dozen small fancy cake tins, given by Mrs. Griggs.

The lessons began with a talk on food in general and water in particular, illustrated by the preparation of tea, cocoa, lemonade, lemon and prune jellies.

In the second lesson was taught the composition and nutritive value of eggs and milk, and the pupils, nearly all High School girls, learned to boil and poach eggs, and make omelets, custard, white sauce and junket.

In the third lesson vegetables were prepared in different ways, including potatoes boiled, baked and mashed, pea soup, cabbage au gratin and salad.

The fourth lesson was devoted to cereals and starches, when germ-meal mush, corn meal gruel, macaroni and cheese, rice pudding and chocolate blanc mange were carefully prepared.

The composition of baking powder and its use in making mixtures light and palatable was shown in the fifth lesson, with the preparation of biscuit, muffins and steamed puddings.

To the sixth lesson, the bread lesson, was given special attention, and judging from specimens of bread made at home after the lesson, it was appreciated by the girls.

In the seventh and eighth lessons meat and fish were studied and cooked in palatable and economical style.

The ninth lesson was devoted to cake making and baking; the tenth, to pastry and pies. In these lessons gingerbread, cookies and cheese fondu were also prepared.

The eleventh lesson was the preparation and serving of a breakfast consisting of oatmeal with apples, fried halibut and butterfish, shredded potatoes, popovers, griddle cakes and coffee.

For the twelfth and last lesson the girls brought table furnishings and flowers, and in the presence of many interested visitors cooked and served a four-course dinner. The menu included tomato soup with imperial sticks, roast beef, Franconia potatoes and shell beans, bouquet salad and strawberry ice cream.

In each lesson all the cooking and cleaning up was done by the pupils, who were requested to and in many cases did practice at home the dishes learned at school, reporting at each lesson the amount of work done.

In trying to cover as much ground as possible in the limited number of lessons the work was considerably hurried, but we trust each pupil has acquired knowledge and experience and methods which she will find of much practical benefit, not only now but later in life when more responsibility in household matters will doubtless devolve upon her.

In closing this report we would thank the Committee for their interest and frequent visits to the school kitchen, and the parents and friends for their words of appreciation.

We hope another summer will see opportunities for more pupils to be instructed in this art and science, and that at no late date cooking will be introduced as a part of the regular school curriculum.

Respectfully submitted,

ALICE BRADLEY.

Hyde Park, August 22, 1900.

---

## TRUANT OFFICER'S REPORT.

MR. FRANK O. DRAPER, Supt. of Schools:

DEAR SIR — Please find below an account of my services as Truant Officer for the year ending December 31, 1900.

| | | |
|---|---|---|
| Total number of cases investigated, | | 198 |
| " | truants, | 47 |
| " | prosecuted, | 3 |
| " | committed, | 2 |
| " | placed on probation, | 1 |
| " | absent with parent's permission, | 53 |
| " | absent on account of sickness, | 70 |
| " | " lack of clothing, | 8 |
| " | removed from town, | 3 |
| " | attending private schools, | 3 |
| " | absent from other causes, | 8 |

February 20, I arrested and took to the Dedham Police Court George Crawford for habitual truancy. After hearing the case Judge Grover placed him on probation.

May 8, I arrested Ed. F. Lowell, 13 years of age, for truancy. May 9, at Dedham, Judge Grover sentenced him to the Truant School at Walpole for two years.

June 4, George Crawford, 13 years of age, was sentenced by Judge Grover, to the House of the Angel Guardian, Boston, for two years for habitual truancy.

Number of "no sessions" for schools in 1900:

| | | | | |
|---|---|---|---|---|
| February | 3, | A. M. | | snow storm. |
| " | 13, | " | and P. M. | " |
| March | 1, | | " | rain. |
| " | 16, | " | " | " |
| May | 3, | | " | " |
| Sept. | 18, | " | | " |
| Nov. | 15, | | " | " |
| " | 26, | " | " (high) | " |

Total: Grammar, 11; High, 1.

Respectfully submitted,

HENRY V. HARWOOD,

*Truant Officer.*

---

ELEMENTARY SCHOOLS.

The general average of the work in the grammar and primary schools of the town is excellent and is steadily improving in quality. There is constantly a more conscious and well directed effort to influence character and to achieve moral ends in all lines of school work. There is an improvement in method and in matter in the common subjects of study.

Geography was strengthened last year by the introduction of a modern series of text-books and the work is constantly improving as pupils and teachers become accustomed to the new point of view. It is important that there should be much study of nature at first hand in connection with this

subject, particularly as we have no separate course in nature study. The third, fourth and fifth grades have been supplied with an excellent text-book in language. The style of copies in penmanship has been slightly changed to accord with a position of paper and hand in writing which allows a free movement across the lines instead of the drawing position and movement associated with the old forms. Each grade has been provided with an additional set of supplementary reading. An elementary history, devoted chiefly to the periods of exploration and discovery, has been provided for the sixth grade. This places the history work upon a much better basis and I hope that we may be able soon to give in the eighth grade some instruction in English history and in civics in connection with the history of our country.

Such are some of the lines of progress in which a good beginning has been made. Our schools are capable of doing more work and more thorough work than has ever been accomplished. As a whole our corps of teachers is competent to carry on successfully school work of the highest character. Teachers and school officers alike are fully alive to the importance of our trust and to the ever broadening responsibilities of the schools. We are improving the quality of the results of our labors as rapidly as conditions admit and we are heartily grateful for every public and private influence exerted in behalf of the schools and of our young people.

Respectfully submitted,

FRANK O. DRAPER,
*Superintendent.*

# APPENDIX.

"Labor Omnia Vincit."

# GRADUATING EXERCISES

## THE HIGH SCHOOL

## Hyde Park, - Massachusetts

### WEDNESDAY, JUNE 20, 1900

### WAVERLY OPERA HOUSE

---

### ORDER OF EXERCISES:

1. "Mill in the Forest," Descriptive, . . . . *Ilenberg*

(At the brook, the birds, and closing down of the mill.)

2. INVOCATION, . . . . . Rev. Charles C. Tilley

3. CHORUS, "The Village Blacksmith," . . . . . *Noyes*

A Musical Poem.

Under a spreading chestnut tree
The village smithy stands;
The smith, a mighty man is he,
With large and sinewy hands;
And the muscles of his brawny arms
Are strong as iron bands.

His hair is crisp, and black, and long,
His face is like the tan;
His brow is wet with honest sweat,
He earns whate'er he can,
And he looks the whole world in the face,
For he owes not any man.

Week in, week out, from morn till night,
You can hear his bellows blow;
You can hear him swing his heavy sledge,
With measured beat and slow,
Like a sexton ringing the village bell,
When the evening sun is low.

And children coming home from school
Look in at the open door;
They love to see the flaming forge,
And hear the bellows roar,
And catch the burning sparks that fly
Like chaff from a threshing floor.

He goes on Sunday to the Church
And sits among the boys;
He hears the parson pray and preach,
He hears his daughter's voice
Singing in the village choir,
And it makes his heart rejoice.

It sounds to him like his mother's voice,
Singing in Paradise!
He needs must think of her once more,
How in the grave she lies;
And with his hard, rough hand he wipes
A tear out of his eyes.

Toiling, — rejoicing, — sorrowing,
Onward through life he goes;
Each morning sees some task begun,
Each evening sees it closed;
Something attempted, something done,
Has earned a night's repose.

Thanks, thanks to thee, my worthy friend
For the lesson thou hast taught!
Thus at the flaming forge of life
Our fortune must be wrought;
Thus on its sounding anvil shaped
Each burning deed and thought.

— *Longfellow*

4. ADDRESS TO GRADUATES, . . Pres. Benaiah L. Whitman

Columbian University, Washington, D. C.

5. TRIO, "Daffodils," . . . . . *King Hall*

I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host of golden daffodils;
Beside the lake, beneath the trees,
Fluttering and dancing in the breeze.

Continuous as the stars that shine
And twinkle on the milky way,
They stretched in never-ending line,
Along the margin of a bay:
Ten thousand saw I at a glance,
Tossing their heads in sprightly dance.

The waves beside them danced; but they
Out-did the sparkling waves in glee;
A poet could not but be gay
In such a Jocund company;
I gazed — and gazed — but little thought
What wealth the show to me had brought.

For oft, when on my couch I lie,
In vacant or in pensive mood,
They flash upon that inward eye
Which is the bliss of solitude;
And then my heart with pleasure fills,
And dances with the daffodils.

— *Wordsworth.*

6. PRESENTATION OF DIPLOMAS, . . Edward I. Humphrey
Chairman of School Board.

7. CLASS ODE, . . { *Words by Emma Desire King*
*Music by Charles Rogerson Haynes*

Classmates, ye of Nineteen Hundred,
Now our High School course is o'er;
Seldom shall we meet together
As we oft have done of yore.
Bright before us lies the future,
Varied are the paths we choose,
But, though far apart we're scattered,
Ne'er our fellowship we'll lose.

For we're all of Nineteen Hundred,
Loyal members of one class;
And this thought will bind us closer
As the years so swiftly pass.
Bright have been the days together,
Gay and happy, — busy too;
But our old life here is ended,
We must enter now the new.

Lo! before us lie life's broad fields,
Where we all may conquerors be;
Let us enter, then, the contest
Bravely and courageously.
Though we oft may seem defeated,
We should ne'er discouraged be;
Rather, let our failures urge us
On to greater victory.

As we separate, oh! classmates,
Let us give a kindly thought
To those who were of our number,
But whom other duties sought.
Farewells should not cause us sorrow,
Though from many we must part,
For we know that Nineteen Hundred
Links us firmly, heart to heart.

8. CHORUS, "Be Thou Faithful unto Death," . *Mendelssohn*

9 MARCH, "The Ameer," . . . . *Victor Herbert*

Grew School Orchestra.

# CLASS ODE.

Music by Charles Rogerson Haynes.

* Half year.

## SPECIAL DIRECTIONS.

These directions should be carefully read, as no change of courses or studies will be allowed during the year, except for urgent reasons, and then only by permission of Superintendent and Master.

The figures at the right of subjects in the course of study indicate the number of recitation periods each week.

At least eight pupils must select an elective, or a class in that subject will not be formed.

A pupil expecting to receive a diploma is required to take studies representing at least sixteen periods of prepared recitations each week, as indicated in the course of study.

Music and Military Drill are not prepared studies. Drawing counts as one period, Typewriting as two in reckoning the total number of hours.

Drawing in the Second Year is open only to those who have taken it one year.

Regular courses for pupils preparing for College, or for Scientific and Normal Schools, and for the Third and Fourth Years of the Commercial Course, will be designated by the Master.

The Commercial Course, hereafter, will be a four years' course, but a certificate will be given at the end of two years to those who do not intend to complete the course and have done satisfactory work.

Only one foreign language should be begun the same year, and it should be continued for at least two years.

The Master will be in his office between the hours of 4 and 5 in the afternoon, on school days, May 22 to May 31, for conference with pupils of the High School, and those of the Eighth Grade, and parents who may wish to consult him.

The elective blank accompanying this sheet should be returned on or before June 1, properly filled out, and signed.

# HYDE PARK GRAMMAR SCHOOLS.

# GRADUATING EXERCISES

OF THE

## CLASSES OF 1900,

## Waverly Hall, Thursday, June 2, 1900,

AT 7.30 P.M.

**Instrumental Music by the Grew School Orchestra.**

Geo. E. M. Dickinson, Director.

First Violins—Misses Simmons, Paine, Chase and E. and A. Rollins.
Second Violins—Misses McKenna. Burgess, Martin, and Master Drecfisler.
Cornet—Master Post.
Clarionets—Masters Stackpole, Orcutt aud Bass.
Flute—Master Hazard.
'Cellos—Messrs. Stockbridge and Hibbard.
Bass—Miss B. Simmons.
Piano—Miss Wright.
Trombone—Miss Wallace.
Drums and Traps—Master Carberry.

## PROGRAMME.

Selection—First Movement, Symphony XII., . . . *Haydn*
Orchestra.

Recitation—"The Ride of Jennie McNeil," . . *Will Carleton*
Viola Pearl Hodgkins.

Chorus—The Twilight Star, . . . . . *Barnby*
Classes.

Recitation—Ramon, . . . . . *Bret Harte*
Mary Woodward Partridge.

Solo—New America, . . . . . *Johnson*
Norman Augustus Arnold.

Recitation—Elder Lamb's Donation, . . . *Will Carleton*
Mary Della Hart.

Chorus { (*a*) Lullaby, . . . . . *Marshall*
(*b*) The Departure of the Regiment, . . *Papin*
Classes.

Recitation—Birds' Christmas Carol, . . *Kate Douglas Wiggin*

(*a*) Preparation for the Dinner Party,

(*b*) The Dinner Party.

Carrie Aloha Stevens Louise Cornelia Melzard.

Solo—I Will Extol Thee, O Lord, . . . . . *Costa*

Carl Wales Stockbridge.

Composition—Our New Possessions,

Albert Cannon McIntyre.

Violin Solo—Mazurka, . . . . . *Bohm*

Edna Frances Simmons.

Declamation—The Two Spies—Andre and Hale, . . *Depew*

J. King Knight, Jr.

Trio—The Lonely Rose, . . . . . *Hermes*

Masters Arnold, Stockbridge, Strout, Savage, Knight, Dimmick, French, Lawrence, Burns and Webster.

Composition—Our Flags.

Alfred B. Clark.

Chorus—Come Flit Around, . . . . . *Wekerlin*

Classes.

Recitation—The Boy Engineer, . . *George Lansing Taylor*

Margaret Gertrude Dunn.

Selection—The Administration March, . . *Howard Bros.*

Orchestra.

Presentation of Diplomas,

Mr. Edward I. Humphrey, Chairman of the School Committee.

Chorus—America, . . . . *Rev. Samuel F. Smith*

Classes and Audience.

# DISTRICT LINES.

## DAMON DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to Neponset River; thence by the river to the Milton line; thence by town boundaries to the point of beginning.

## HEMENWAY PRIMARY DISTRICT.

The territory on the south side of the New York and New England R. R., leaving Sprague street optional.

## GREW DISTRICT.

Beginning at the northwesterly corner of the town; thence by the former line between Dedham and Dorchester to Mother Brook; thence by the brook to the iron bridge on Hyde Park avenue; thence by the centre of Hyde Park avenue to Pine street; thence by Pine street and Maple street, including both sides of said streets, to Fairmount avenue; thence by the centre of Fairmount avenue to Davison street; thence by the centre of Davison street to Walter street; thence by the centre of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the said railroad tracks to West street; thence by the centre of West street to the Boston line; thence by city or town lines to the point of beginning.

## GREENWOOD DISTRICT.

Beginning at the Neponset river on Walter street; thence by the centre of Walter and Webster streets to the tracks of the Boston and Providence R. R.; thence by the railroad track to West street; thence by the centre of West street

to Boston line; thence by the city and town lines to the Neponset river; thence by the river to the point of beginning.

### AMOS WEBSTER PRIMARY DISTRICT

The territory from the New York and New England R. R. to the Boston and Providence R. R.; and from River street on the south to the Greenwood district lines on the north.

### BUTLER PRIMARY DISTRICT.

Beginning on Walter street at the Neponset river; thence on said street, both sides, to River street; thence on River street, both sides, to Metropolitan avenue; thence on Metropolitan avenue, both sides, to Westminster street; thence on Westminster street, both sides, and by an extension thereof, to town line, thence by said line to said river; thence by said river to the point of beginning.

### FAIRMOUNT DISTRICT.

Beginning at the iron bridge on Hyde Park avenue; thence by the centre of Hyde Park avenue to Walnut street; thence along Walnut street, on both sides, to Fairmount avenue; thence by the centre of Fairmount avenue to Davison street; thence by the centre of Davison street to Walter street; thence by the centre of Walter street to the Neponset river thence; so running as to include all that portion of Hyde Park easterly by said river.

### WELD PRIMARY DISTRICT.

The territory lying southeast of the New York and New England R. R. and northeast of Fairmount avenue, leaving the said avenue optional.

# REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

The period covered by the twenty-seventh annual report of the Library has been one of satisfactory progress.

About the middle of the year we joined the Library Art Club, an association of libraries which has a very large collection of photographs and engravings of celebrated works of art, of noted examples of architecture, and of beautiful scenery. This collection is divided into a number of sets which are sent from one library to another, being allowed to remain on exhibition in each for several weeks. In this way the patrons of every library belonging to the association have the privilege of seeing a much larger collection of excellent pictures than any single library could afford to possess.

Facilities for hanging these pictures were provided in the Young People's room, and those exhibitions which have already been held have been attended by a large number of visitors, with apparent interest and profit.

The following is a partial list of the sets of pictures already in the possession of the club:

1. Venice. — 209 photographs.
2. Florence. — No. 1, 159 photographs.
3. Florence. — No. 2, 157 photographs.
4. Rome.
5. Oxford.
6. Japan.
7. Holland.
8. { American Amateur Photographer, New York.
   { Astronomical Observatory, Harvard University.
9. Boston & Maine Railroad. — Views of New England Scenery. Photographed by Henry G. Peabody.

10. Prang Education Company Reproduction of Famous Works of Art.
11. } Appalachian Mountain Club.
12. } The Sella Collection of Alpine and Caucasian Views.
13. } — Divided into three sets.
14. Views of Green Mountain and Lake Champlain Scenery. Photographed by Henry G. Peabody.
15. Views of Western and Southwestern Scenery.
16. Original Drawings made for the "Youths' Companion," Boston.
17. Original Drawings made for "Scribner's Magazine."
18. Platinum Prints from E. E. Soderholts, 15 India Street, Boston.
19. Photographs of Mountain Scenery in Colorado.
20. Newfoundland Scenery.
21. } Southern Pacific Railroad. — 3 sets.
22. }
23. }
24. } Original Drawings made for "Truth." — 2 sets.
25. }
26. Helman-Taylor Prints.
27. Engravings from John A. Lowell, Boston.

During the year the bookcases in the main reading room have been adorned with busts of eminent authors, and the walls of the delivery room and juvenile room have been hung with large and attractive pictures. The bust of Sir Walter Scott and the picture of the Minute Man at Concord were the gift of Mr. Gridley, one of the trustees.

We regret to be obliged to record one remarkable case of vandalism in the use of the reference books in the adult reading room. A large number of beautifully illustrated works on natural history have been placed on the shelves to which all readers have free access. In the main, this privilege has not been abused, but a recent inspection of these illustrated books shows that a large number of colored plates have been cut out and carried off. Thus far it has not been possible to fix the guilt with entire certainty, but it is hoped that our investigations may prove successful, and that such punishment may be inflicted by the court as shall prevent any future offence of the kind.

The trees and shrubs which were set out in the spring have done well in spite of the extreme drought in the summer, and next year they will add still greater beauty to the grounds.

There has been nothing in the work of the year that has afforded us greater pleasure than the increasing use of the juvenile room. It has been a source of great satisfaction to observe the large number of children who have frequented it, evidently for quiet, earnest work. When the room was first opened quite a proportion of the children came out of curiosity, and with little desire to read. The number of such visitors has steadily decreased, and no one can have observed the eager attendance of the young readers without feeling that they are gaining great benefit as well as enjoyment. Lists of books suitable to their use are posted up, and the attendant gives them such advice and directions as is possible in the selection of books. We feel sure that many of them are thus forming a taste for instructive reading, which will prove of great use to them in future years. At the Christmas season, Miss Adams, who has charge of this room, placed on exhibition there a very creditable collection of Madonnas which she had selected. The children seemed thoroughly to appreciate and enjoy this exhibition.

The librarian's report shows that over 54,000 books have been taken out during the year, while only about 35,000 were used during the last year that the old building was occupied. This large increase in circulation is a subject for congratulation, especially as the statistics show that the proportion of fiction read is slowly decreasing, which indicates that the Library is coming to serve a higher purpose than that of mere amusement.

For the Trustees,

HENRY B. MINER,

Chairman.

# LIBRARIAN'S REPORT.

To the Board of Trustees:

I herewith submit the report of the library for the year ending Dec. 31, 1900. The library has been open 304 days.

| | | |
|---|---|---|
| Books and magazines, home circulation, | 54,073 | |
| Largest daily delivery, | 392 | |
| Smallest daily delivery, | 67 | |
| Average daily delivery, | 177 | |
| Amount received in fines and paid to Town Treasurer, | | $39 06 |

Class per cent. of circulation: Fiction, 84.47; biography, 2.1; history, 2.27; travels. 1.49; miscellaneous, 9.67.

BOOKS ADDED.

| | | |
|---|---|---|
| By purchase, | 865 | |
| By donation. | 25 | |
| By periodicals bound, | 62 | |
| By Massachusetts and U. S. documents, | 49 | |
| | | 1,001 |
| To replace books lost or worn out, | | 56 |
| Total increase, | | 945 |
| Books rebound, | 581 | |

The number of periodicals for use in the reading room has been increased, as has also the number in the young people's room.

The leading articles in the current magazines in the library for 1901 will be indexed, and cards for the same may be found in a separate tray in the card case marked "Index to Magazines."

"Lamb's Biographical Dictionary of the United States," "The Annual Literary Index to Periodicals and Literature," 1897—1899, and Warner's "Library of the World's Best Literature," have been purchased for the reading room.

Respectfully submitted,

ELIZABETH AINSWORTH,

Librarian.

# PUBLIC LIBRARY FUND.

## TREASURER'S STATEMENT.

# FIFTH ANNUAL REPORT

OF THE

# Board of Sewer Commissioners

OF THE

# TOWN OF HYDE PARK

FOR THE

YEAR ENDING JANUARY. 31, 1901.

HYDE PARK:
PRESS OF THE HYDE PARK GAZETTE,
1901.

# ORGANIZATION.

DAVID PERKINS, Chairman.

WILLIAM U. FAIRBAIRN. CHARLES HALEY.

RICHARD M. JOHNSON, Clerk.

A. D. NICKERSON, Engineer.

GEORGE A. KIMBALL, Consulting Engineer.

# BOARD OF SEWER COMMISSIONERS' REPORT.

---

To the Citizens of Hyde Park:

Your Board of Sewer Commissioners is pleased to report that they have had the services of the same engineers as in the previous year,—Mr. A. D. Nickerson as engineer to the Board and Mr. George A. Kimball, member of the Metropolitan Sewer Commission, as consulting Engineer.

By vote of the Town in Town Meeting of June 22, 1898, a loan of $100,000 for the construction of sewers was authorized in pursuance with Chapter 287, Acts of 1896. Your Board have to report that they have not yet taken steps to issue the bonds provided for under that Act, and that the necessity of a vote therefor did not arise during the year past; but that such issue will duly be made when needed.

Under the supervision of your Board there has been expended for the year ending January 31st, 1901, $19,138.29 as per vouchers on file and exhibited in table No. 1, annexed to this report. Sewer assessments have been computed, and bills amounting to $9,912.02 have been duly rendered as each street sewered was available for use. The value of stock on hand is $3,202.45 as shown in table No. 2, annexed to this report.

Your Board reports in its fourth annual report the construction of 8,394 feet of sewers. The average depth has been 9 feet 5 inches; the average size has been 8 inches.

The details of that construction are exhibited in the following table:

SEWERS CONSTRUCTED IN 1900.

| SEC. | STREET. | FROM. | TO. | SIZE. | L'gth ft. | Av. d'pth ft. |
|---|---|---|---|---|---|---|
| 4 | Neponset Ave. | Summit St. | Sta. 18–20. | 8 in. | 275 | 9.0 |
| 5 | Huntington Ave. | Sta. 3–90. | Low level sewer. | 12 in. | 42 | 16.0 |
| 5 | Low level sewer. | Huntington Ave. | Park St. | 12 in. / 10 in. | 1730 | 8.5 |
| 5 | Park St. | Low level. | Westminster St. | 6 in. | 124 | 8.5 |
| 5 | " | " | Arlington St. | 10 in. | 373 | 12.5 |
| 5 | Arlington St. | Park St. | Hyde Park Ave. | 10 in. | 233 | 12.0 |
| 5 | " | " | Central Ave. | 8 in. | 523 | 10.0 |
| 5 | Hyde Park Ave. | Arlington St. | West to sec. 2. | 10 in. / 8 in. | 1117 | 11.0 |
| 5 | " | " | To summit east. | 6 in. / 8 in. | 322 | 9.0 |
| 5 | West St. | Hyde Park Ave. | To summit south. | 8 in. | 238 | 8.5 |
| 5 | Dell Ave. | " | " " | 6 in. / 8 in. | 464 | 8.0 |
| 5 | Metropolitan Ave. | Safford St. | To summit sec. 3 | 8 in. | 1600 | 9.3 |
| 5 | Westminster St. | Metropolitan Ave. | To Park St. | 8 in. | 700 | 9.0 |
| 5 | Central Ave. | Page St. | Arlington St. | 8 in. | 493 | 8.0 |
| 1 | Station St. | Fairmount Ave. | East. | 10 in. | 160 | 9.8 |
| | | Total length, | | | 8394 feet. | |
| | | | | | 1.59 miles. | |
| | | Previously reported, | | | 13.56 " | |
| | | | Total construction to date, | | 15.15 miles. | |

The unfinished construction at the time of the last annual report was in the Page street area, section 5. It was deemed wise after due consideration, to include in this contract portions of Metropolitan avenue, Central avenue, and Arlington street, in order that the section might be more economically completed. The trunk line of this area is constructed with a sub-drain from the corner of Park and Arlington streets to the Neponset river, into which the sub-drain discharges, at a point opposite the Butler school. For the greater part of the distance the size of the sub-drain is 8 inches. It has completely drained the brook and low lands lying between Huntington avenue and Central avenue, preventing any infiltration of ground water into the sewer, and incidentally rendering the low land healthier for dwelling houses and otherwise improving the sanitary condition of this troublesome district.

Complete settlements have been made and deeds in fee executed to the Town of Hyde Park for the entire taking

referred to in the last report. These and all other deeds were delivered to the Town Treasurer as the proper custodian. The surplus sewer excavation from this entire section has been placed within the limits of the taking to be utilized in future street construction. Twenty three house connections have been made in this area and a number of others are expected in the Spring. A well belonging to F. E. Caller on Huntington avenue was drained and claim for damage was made by him. Following the precedent already established, the Board made a settlement by paying cost of introducing town water into the house.

In February the Board was petitioned to have the sewer in Neponset avenue extended. Upon investigation this appeared to be urgently necessary. A satisfactory bid was submitted by Patrick Rooney and he was awarded the contract. The sewer was completed in March and two connections have been made. A similar proceeding was enacted in reference to a sewer in Station street. After a hearing on the matter a sewer was ordered for that part of Station street north of Fairmount avenue. Construction was finished December 10, and three buildings have been connected.

Early in the year a request was made for a sewer in Beacon street, between the Town line and Metropolitan avenue. Plans and estimates were therefore made. This portion of Beacon street must necessarily be drained through Metropolitan avenue and Erie street to the river crossing at the foot of Milton avenue, requiring the construction of a long outlet in front of vacant land for a short section of street served. It was deemed inexpedient to lay this sewer this year. A sewer in this part of the Town is, however, very much needed and should be constructed in the near future.

In June advantage was taken of the low stage of the river

for another and successful attempt to remove the coffer-dam left in at the time of the construction of the river crossing. The water was so shallow that the cost of removal was small. No apparent obstruction now remains at this point.

In August the Board authorized the Engineer to prepare a set of permanent record plans, to replace the worn out working drawings in temporary use as record plans. Time not needed on other work has been spent on these plans. They are drawn with a great deal of care and will constitute complete records of construction, assessments and house connections.

The large wall map prepared by Percy M. Blake for the Committee on Sewerage in 1896 has been revised and brought up to date, by showing thereon, in a different color, all sewers and manholes constructed; also new streets, park lands and the location of the High Level Gravity Sewer, now under construction.

As stated in the last annual report, the High Level Sewer affords more economical drainage for the Clarendon Hills area, and the district known as Holmfield. The Bradlee street sewer referred to in the Committee's report of 1896 as "The most expensive sewer which the Town will be called upon to construct" and which would have been necessary to convey the Clarendon Hills sewerage to the Metropolitan Sewer in East River street, will not need to be built. The Clarendon Hills main will discharge directly into the High Level, near where Bradlee street crosses Stony Brook.

In the Holmfield district an intercepting sewer can now be constructed along the Park lands near the river, into which the sewers of Holmfield will drain. The slopes of the sewers and of the streets will be in the same, instead of opposite directions; a more economical arrangement. It will be unnecessary to build a deep sewer in River street,

which is largely ledge. The economy here has not been estimated, but is believed to be considerable. The Commissioners appointed by the Supreme Judicial Court, to apportion the costs of the South Metropolitan System upon each city and town in the system, fixed upon 2.52 per cent as Hyde Park's proportion of the cost of said system, and 5.75 per cent of the cost of maintenance.

Below are given the comparative costs to the town, both with and without the High Level Sewer: —

| | | | |
|---|---|---|---|
| Cost of Neponset Valley Sewer to June 1, 1900, | | $852,873 | |
| Of which Hyde Park was to pay 18.13 per cent. or | | 154,625 | |
| Cost of South Metropolitan system, i. e.: | | | |
| Neponset Valley Sewer, . . . | $852,873 | | |
| Charles River Valley Sewer, . . | 789,134 | | |
| High Level Sewer (estimated), . . | 4,600,000 | | |
| Total, . . . . . | $6,242,007 | | |
| Of which Hyde Park is to pay 2.52 per cent. or . | | | $157,298 |
| Deduct, . . . . . | | | 154,625 |
| Extra assessment for High Level Sewer, . . . | | | $2,673 |
| Estimated cost of Bradlee Street Sewer saved to the town, about . . . . . | | | 60,000 |
| Difference in favor of Hyde Park, about . . | | | $57,327 |

In other words the construction of the High Level Sewer means an ultimate saving to the Town of $57,327 in the Clarendon Hills area, and a future saving in Holmfield.

With the High Level Sewer in operation, discharging by gravity, the large rentals now paid the city of Boston for the use of its sewers, will no longer be necessary. Consequently the cost of maintenance of the South Metropolitan System will be reduced. These facts have been brought to light by this department and are herewith presented for the edification of those interested.

## HOUSE CONNECTIONS.

One hundred and two house connections, aggregating 4757 feet in length have been made the past year. The

total number made is 420, total length 21,400 feet. This work is done under the strict supervision of the Board, as heretofore, upon application by the owners, and gives general satisfaction. The average cost is 60 cents per lineal foot.

Statistics relating to this work are presented again this year, duly revised :—

| | |
|---|---|
| Population of Hyde Park, . . . . . | 13,250 |
| Population of the sewered area, about . . . . . | 9,000 |
| Total number of dwellings, stores and public buildings, | 2,475 |
| Number of dwellings, stores and public buildings within the sewered area, . . . . . | 1,380 |
| Total number of house connections, . . . . . | 420 |
| Number of dwellings, stores, etc., sewered, . . . | 642 |
| Number of people contributing to the sewers, about . | 3,200 |

The number of people making use of the sewer system is far less than it should be if the most sanitary condition of the comunity is desired. The cost of a sewer connection is less than it is commonly supposed to be. It is urged that the citizens give this matter the serious attention it merits.

The work done at Readville in 1898, under contract with the Boston Construction Company, was finished by this department. The Construction Company unnecessarily and unreasonably delayed the progress of the work, and an order from them was secured for the Town to finish the contract, at the expense of the Construction Company. A l payments due on this contract have now been adjusted, and it is found that the Company is in debt to the Town. A demand has recently been made upon their sureties, The American Surety Compauy of New York, to reimburse the Town to the extent of the indebtedness.

In the construction of this sewer under the grade crossing improvements considerable extra expense was entailed, on account of these improvements. A demand was made upon the Auditor to have this extra expense charged to the

account of the improvements, as being incidental thereto. Objection was made, however, by the Commonwealth, and the Auditor has not allowed the bill.

For the relief of the railroad repair shops, now being built at Readville, the railroad company proposes to construct a private sewer, under supervision by this department, and enter the Town sewer at the depot square in Readville. If there is a prospect of many buildings being erected in the Readville Pinehurst district, the coming year, it may be good policy to construct the sewers there before the completion of the houses, thus avoiding the necessity and expense of any more filthy cess-pools. It also seems advisable to extend the Hyde Park avenue sewer from the Readville station to the trotting park, with a lateral in Wolcott street to the Hemenway school; also the main sewer in Damon and Readville streets to afford possible connection for the Damon school. Sewers are yet needed in other streets in various sections of the town. None will be available in the Clarendon Hills or Austin street districts until after the High Level Sewer is completed. While no direct communication has been received by this Board from the Metropolitan Park Commissioners, it is known that they desire a sewer in Easton avenue, and other streets, in order that they may take steps to reduce the pollution of the Neponset river in Hyde Park.

Respectfully submitted,

DAVID PERKINS,
WM. U. FAIRBAIRN,
CHARLES HALEY,

Board of Sewer Commissioners of The Town of Hyde Park.

Feb. 1, 1901.

## TABLE NO. 1.

## LIST OF BILLS AND AMOUNTS PAID.

| 1900. | | Vouch. No. | | | |
|---|---|---|---|---|---|

# AUDITOR'S REPORT.

In compliance with the by-laws of the town the undersigned Auditors of the town of Hyde Park have examined the books of the Selectmen, School Committee, Cemetery Commissioners, Board of Health, Sewer Commissioners, Town Treasurer, and Collector of Taxes, and found them correct,—all payments showing duly approved vouchers.

It will be noticed that the small amount of uncollected 1897 taxes, as shown in last year's report, have only been half cancelled during the past year, thus showing uncollected accounts covering a period of four years, or one more than formerly.

We believe that such a large sum of uncollected taxes at the end of the year is against public interests and should be obviated. Current financial conditions cannot be so definitely ascertained with such an outstanding sum of uncollected *assets*, and each year the town is deprived of the revenue which rightfully belongs to it. To be sure, real estate is good for the taxes assessed; but we still hold to our original opinion in the matter, and hope that in the future we may look for marked improvement.

We wish to call your attention to a matter as it exists between the departments of Sewer Commissioners and the Collector of Taxes. We will not venture to say which department is negligent in its duty, but will leave it with higher officials to determine.

Bills for sewerage connections are rendered from the department of Sewer Commissioners *direct* to the abutters. By law this department renders monthly to the Collector of Taxes an account of the sewer assessments made by them during the month, levying a warrant on the Tax Collector for the collection of the amount of said sewer assessments.

On account of apportionments, and several other items, it would necessitate that some one should keep a separate account with every abutter, showing at a glance how a person's sewer assessment stood. The question arises who should keep this book of accounts. Neither of said departments will assume its liability, and thus the matter stands; and we are compelled to bring to your notice the fact that not since the system of sewerage was inaugurated into this town has a *single abutter's account been tabulated.* A book has been prepared for that purpose, but each department refuses to keep it, and thus all the monthly warrants remain shelved. It is a matter which some one should see rectified, *and that at once.*

On account of the greater part of work having been performed for which the Board of Sewer Commissioners was created, it would seem that there was an unnecessary expense incurred to the town, and that such Board could be abolished, and consolidated with the Board of Selectmen and Superintendent of streets. By virtue of the Superintendent of *this* department being a civil engineer, and his previous experience as assistant engineer in the Sewer Department, we believe would qualify him to be a proper person, who could serve the town *in its best interests*, and at a great saving of expense. This plan is now in vogue in the Town of Brookline, and has proven very satisfactory.

The fund in charge of the Sewer Commissioners, made mention of in last year's report, has increased to the sum of $1,646.36. We recommend that $1,000 be turned over to

the Town Treasurer, *or*, if it would seem *more wise*, to refund to the abutters who paid charges for superintendance and inspection, the several amounts paid by them.

In retiring from office we do so in full knowledge that we have endeavored to do our duty and serve the town in its best interests.

Respectfully submitted,

HOWARD S. THOMPSON,
PAUL R. RADFORD,
CALVIN P. FELLOWS,
Auditors.

Any person not assessed a Poll Tax who is entitled to be so assessed may apply to the Board of Assessors to be assessed in accordance with the following ACTS OF 1895. [Chap. 61.]

## AN ACT RELATIVE TO THE REGISTRATION OF VOTERS.

*Be it enacted, etc., as follows:*

SECTION 1. Every male applicant for registration shall present a certificate from the assessors, or a tax bill or notice from the collector of taxes, showing that he has been assessed as a resident of the city or town on the preceding first day of May, and the same shall be accepted by the registrars as prima facie evidence of such residence, or he shall present a certificate from the assessors that he has been a resident for the six months next preceding the election at which he claims the right to vote, and the same shall be accepted by the registrars as prima facie evidence of such residence. If a male person was a resident of the city or town on the first day of May, and was not assessed a poll tax by the assessors of said city or town on the first day of May, such person, in order to establish his right to be assessed, shall appear before the board of assessors, accompanied by two witnesses, who shall testify under oath that they are registered voters of the ward or town in which he desires to be assessed, and who shall also testify under oath to the truth of the statement of the applicant in regard to his right to be assessed at the place claimed by him as a legal residence on the first day of May.

SECTION 2. Every male person moving into a city or town subsequently to the first day of May, and claiming the right to vote at an election and desiring to be registered by the registrars of voters, shall appear before the board of assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be registered, and who shall also testify under oath to the truth of the statement of the applicant in regard to his being a resident of the city or town for the six months next preceding the election at which he claims the right to vote. The assessors shall give the applicant a certificate stating that he has complied with the provisions of this section.

The Assessors will be in session at their office Monday Evenings during the months of September and October from 7.30 to 9 P. M., also on such days as may be appointed by the Registrars of Voters.

CHARLES F. MORRISON,
